The Issuer is subject to the Grand Duchy of Luxembourg ("**Luxembourg**") act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**"). Under the Securitisation Act 2004, the Issuer, as a regulated entity within the meaning of the Securitisation Act 2004, is entitled to issue Securities or shares to the public on an ongoing basis. Shares will not be issued under this Base Prospectus. The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €20,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement, as defined below) or such greater amount as is agreed between the parties in the dealer agreement dated 6 February 2009 as most recently amended and restated on 27 November 2013 (the "**Dealer Agreement**"), which expression includes the same as it may be modified and/or supplemented and/or restated from time to time).

The Securities may be issued to BNP Paribas Arbitrage S.N.C. (in its capacity as Dealer) and may be issued to any additional dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**"). The terms and conditions of the Notes (the "**Terms and Conditions of the Notes**") are set out in "*Terms and Conditions of the Notes*". Notes may be issued in bearer form ("**Bearer Notes**") or registered form ("**Registered Notes**"). The terms and conditions of the Warrants (the "**Terms and Conditions of the Warrants**") are set out in "*Terms and Conditions of the Warrants*" and the terms and conditions of the Certificates (the "**Terms and Conditions of the Certificates**") and together with the Terms and Conditions of the Notes and the Terms and Conditions of the Warrants, the "**Conditions**") are set out in "*Terms and Conditions of the Certificates*".

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") to approve this document as a base prospectus in its capacity as competent authority under the Luxembourg act dated 10 July 2005 on prospectuses for securities (the "**Prospectus Act 2005**") which implemented Directive 2003/71/EC of the European Parliament and of the Council of the European Union, as amended, (the "**Prospectus Directive**") in Luxembourg. In addition, application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market, which is a regulated market for the purposes of European Directive 2004/39/EC, and to be listed on the Official List of the Luxembourg Stock Exchange. In accordance with Article 7(7) of the Prospectus Act 2005, the CSSF gives no undertakings as to the economic and financial soundness of the operation or the quality or solvency of the Issuer.

The Securities will be issued in Series (as defined in the Conditions). Notice of the aggregate nominal amount of a Series of Notes, the interest (if any) payable in respect of such Notes, the issue price of the Notes and any other terms and conditions not contained herein which are applicable to that Series (and/or Tranche, as the case may be) (as defined in the Conditions) of Notes will be completed in respect of those Notes in a final terms document (the "**Notes Final Terms**") which (except in the case of Private Placement Notes (as defined below)) will be filed with the CSSF. Notice of the aggregate number and type of a Series of Warrants, the exercise period or exercise date of the Warrants, the issue price of the Warrants and any other terms and conditions not contained herein which are applicable to each Series (and/or Tranche, as the case may be) of Warrants will be completed in a final terms document (the "**Warrant Final Terms**") which (except in the case of Private Placement Warrants (as defined below)) will be filed with the CSSF. Notice of the aggregate notional amount of a Series of Certificates, the interest (if any) payable in respect of such Certificates, the issue price of the Certificates and any other terms and conditions not contained herein which are applicable to each Series (and/or Tranche, as the case may be) of Certificates will be completed in a final terms document (the "**Certificates Final Terms**" and, together with the Notes Final Terms and Warrant Final Terms, referred to in this Base Prospectus as the "**Final Terms**") which (except in the case of Private Placement Certificates (as defined below)) will be filed with the CSSF.

The Programme provides that the Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer, any relevant Guarantor (as defined below) and the relevant Dealer. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market. This Base Prospectus will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) in accordance with article 16 of the Prospectus Act 2005. Copies of this Base Prospectus can also be obtained at the specified office of the Issuing and Paying Agent and Principal Warrant and Certificate Agent (each as defined below) at the address given at the end of this Base Prospectus.

In accordance with the Securitisation Act 2004, the Issuer may create one or more compartments. In respect of any Series of Securities, "**Compartment**" means the compartment under which such Securities are issued. Each Compartment will comprise a pool of Charged Assets (as defined below) of the Issuer separate from the pools of Charged Assets relating to other Compartments. Each Series may (if so stated in the applicable Final Terms) be secured by a charge on, or assignment in respect of rights under, certain bonds, notes, warrants, receivables or equity securities of any form, denomination, type or issuer, guarantees, units in funds, loans or any other financial obligations assigned to or assumed by the Issuer or any other specified assets owned by the Issuer (the "**Compartment Assets**") and funds held from time to time by the Custodian and/or the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable and/or the Registrar (each as defined herein) for payments due under the Securities of such Series (the "**Cash Assets**") and/or secured by an assignment of the Issuer's rights under an interest rate and/or currency exchange agreement or credit default swap agreement or total return swap agreement or other derivative transaction (the "**Swap Agreement**") (as defined in the Conditions) and/or a deposit agreement (the "**Deposit Agreement**") and/or a repurchase agreement (the "**Repurchase Agreement**") entered into in respect of the relevant Notes, Warrants or Certificates, together with such additional security as may be described in the applicable Final Terms (together with the Compartment Assets, the Cash Assets, the Swap Agreement, the Deposit Agreement and the Repurchase Agreement, the "**Charged Assets**"). Any securities comprised in the Charged Assets may, subject as provided herein, be substituted by cash and/or other securities (as set out in the Conditions). The obligations of the Issuer under a Swap Agreement to a counterparty to such Swap Agreement may also be secured on certain assets comprised in the Charged Assets. A non-exhaustive list of considerations relating to the Securities is set out in the section herein entitled "*Risk Factors*" and certain important notices relating to the Securities are set out in the section herein entitled "*Important Notices*".

Payments in respect of the Notes or, as applicable, Warrants or Certificates may be unconditionally and irrevocably guaranteed by BNP Paribas S.A. ("**BNPP**" or "**BNP Paribas**") or Banca Nazionale del Lavoro S.p.A. ("**BNL**") (each a "**Guarantor**") (any such Notes, "**Guaranteed Notes**", any such Warrants, "**Guaranteed Warrants**" and any such Certificates, "**Guaranteed Certificates**" and generally "**Guaranteed Securities**").

In respect of any Compartment and any Security (but without prejudice to the rights of holders of Guaranteed Securities, all payments to be made by the Issuer in respect of such Security and the related Swap Agreement, Repurchase Agreement and/or Deposit Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Note Acceleration, Warrant Acceleration or Certificate Acceleration in respect of such Note or such Warrant or such Certificate, as applicable (but without prejudice to the rights of holders of Guaranteed Securities under the relevant Guarantee), the entitlement of the holder of such Note (a "**Noteholder**") or the holder of such Warrant (a "**Warrantholder**") or the holder of such Certificate (a "**Certificateholder**") will be limited to such Noteholder, Warrantholder or Certificateholder's *pro rata*

share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and, in the case of Guaranteed Securities, sums obtained on their behalf by the Trustee, making a claim under the applicable Guarantee, subject to the Conditions and relevant provisions of the applicable Guarantee. If, in respect of any Security, the net proceeds of the enforcement or liquidation of the relevant Charged Assets applied as aforesaid are not sufficient to make all payments due in respect of such Security, no other assets of the Issuer will be available to meet such shortfall, and the claims of the holder of such Security (each, a "**Holder of Securities**") as against the Issuer in respect of any such shortfall shall be extinguished. In all cases, neither the Holder of Securities nor any person on its behalf shall have the right to petition for the winding-up of the Issuer as a consequence of any shortfall. Holders of Securities, by acquiring the Securities, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to compartments, limited recourse, non-petition, subordination and priority of payments.

Securities may be rated or unrated as specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold Securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF SECURITIES

Information relating to the use of this Base Prospectus and offer of Securities generally

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Securities in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Securities. Accordingly, any person making or intending to make an offer in that

Relevant Member State of Securities which are the subject of an offering contemplated in this Base Prospectus as completed by the Final Terms in relation to the offer of those Securities may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State, or where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by the Final Terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent that sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor will they authorise, the making of any offer of Securities in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Restrictions on Non-exempt offers of Securities in Relevant Member States

Without prejudice to the generality of the foregoing paragraph, certain issues of Securities with a denomination (in the case of Notes), notional amount (in the case of Certificates) or issue price (in the case of Warrants), as the case may be, of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "**Non-exempt Offer**". This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Securities. However, any person making or intending to make a Non-exempt Offer of Securities in any Relevant Member State may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)*" (below) and the conditions attached to that consent are complied with by the person making the Non-exempt Offer of such Securities.

Save as provided above, the Issuer has not authorised, nor will it authorise, the making of any Non-exempt Offer of Securities in circumstances in which an obligation arises for the Issuer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive

In the context of a Non-exempt Offer of such Securities, the Issuer, BNP Paribas (in respect of information concerning itself) and BNL (in respect of information concerning itself) accept responsibility, in the jurisdictions to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus under Article 6 of the Prospectus Directive in relation to any person (an "**Investor**") who acquires any Securities in a Non-exempt Offer made by any person to whom the Issuer has given consent to the use of this Base Prospectus (an "**Authorised Offeror**") in that connection.

None of the Issuer, BNP Paribas or BNL makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and has any responsibility or liability for the actions of that Authorised Offeror.

SAVE IN RESPECT OF AN AUTHORISED OFFER BY AN AUTHORISED OFFEROR, NONE OF THE ISSUER, BNP PARIBAS OR BNL HAS AUTHORISED THE MAKING OF ANY NON-EXEMPT OFFER BY ANY OFFEROR AND NONE OF THE ISSUER, BNP PARIBAS OR BNL HAVE CONSENTED TO THE USE OF THIS BASE PROSPECTUS BY ANY OTHER PERSON IN CONNECTION WITH ANY NON-EXEMPT OFFER OF SECURITIES. ANY NON-EXEMPT

OFFER MADE WITHOUT THE CONSENT OF THE RELEVANT ISSUER IS UNAUTHORISED AND NEITHER THE ISSUER, BNP PARIBAS NOR BNL ACCEPTS ANY RESPONSIBILITY OR LIABILITY FOR THE ACTIONS OF THE PERSONS MAKING ANY SUCH UNAUTHORISED OFFER.

If, in the context of a Non-exempt Offer, an Investor is offered Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents, it should take legal advice.

Consent

In connection with each issue of Securities and subject to the conditions set out below, the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with any Non-exempt Offer of such Securities by the relevant Dealer during the relevant Offer Period and in the relevant Public Offer Jurisdiction(s) (being Belgium, France, Germany, Italy, Luxembourg and/or Poland and/or such other jurisdiction which is not a Member State as is specified in the applicable Final Terms) and by any financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the following website (www.securasset.lu) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY SECURITIES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH SECURITIES TO AN INVESTOR BY SUCH OFFEROR WILL BE MADE IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE OFFEROR WILL PROVIDE SUCH INFORMATION TO THE INVESTOR AT THE TIME OF SUCH OFFER AND THE OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NONE OF THE ISSUER, GUARANTOR OR ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

SUMMARY

Summaries are made up of disclosure requirements known as "**Elements**". These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary relating to the type of securities that may be issued by the Issuer (as defined below) pursuant to its EUR20,000,000,000 secured note, warrant and certificate programme (the "**Programme**"). Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of a feature of the securities, it is possible that no relevant information can be given regarding the Element. In this case, a short explanation has been provided to summarise why no relevant information can be given.

D.2	Key risks regarding the Issuer	<p>There are certain factors that may affect the Issuer's ability to fulfil its obligations in respect of the [Notes][Warrants][Certificates]. These include that the Issuer's sole business is to enter into, perform and serve as a vehicle for any transactions permitted under the Securitisation Act 2004. The Issuer is not expected to have any assets that are available to [Noteholders][Warranholders][Certificateholders] other than the Charged Assets and[save for recourse to the Guarantor under the Guarantee,] [Noteholders][Warranholders][Certificateholders] will have no recourse to any other assets in respect of the Issuer's obligations in respect of the [Notes][Warrants][Certificates]. The ability of the Issuer to meet its obligations under the [Notes][Warrants][Certificates] will depend on the receipt by it of payments under the Swap Agreement and the [Deposit Agreement][Reference Securities][Repurchase Agreement]. Consequently, the Issuer will be exposed to the ability of [BNP Paribas][BNP Paribas Fortis SA/NV] in respect of the Swap Agreement [and] [[specify] in respect of the Deposit Agreement][[specify] in respect of the Reference Securities] [specify dependency on any Related Agreements, if applicable] to perform its obligations thereunder and to its general creditworthiness. These factors include risks relating to the limited recourse of the [Noteholders][Warranholders][Certificateholders] to the assets of the Issuer relating to Compartment [<i>specify</i>]; insolvency of the Issuer and the consequences thereof; and The Dodd-Frank Wall Street Reform and Consumer Protection Act [H.R. 4173] of 2010.</p>

RISK FACTORS

Prospective purchasers of the Securities offered hereby should consider carefully, among other things and in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below and the risk factors incorporated by reference (including the risk factors relating to the Issuer and to BNP Paribas and BNL as Guarantors, certain of which are incorporated by reference) (which the Issuer, in its reasonable opinion, believes represents or may represent the risk factors known to it which may affect the Issuer's ability to fulfil its obligations under the Securities) in making an investment decision. Investors may lose the value of their entire investment in certain circumstances.

A. Risks relating to the Issuer

Factors that may affect the Issuer's ability to fulfil its obligations under the Securities issued under the Programme

Risks relating to the Issuer

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Securities issued under the Programme. The Issuer's sole business is to enter into, perform and serve as a vehicle for, any transactions permitted under the Securitisation Act 2004. The Issuer finances the purchase of the Compartment Assets with the proceeds of the issue of Series of Securities. Each Series of Securities will be issued through a separate Compartment. The Issuer has, and will have, no assets that are available to Holders of Securities other than Compartment Assets or other Charged Assets acquired by it, in each case in connection with the issue of the Securities or the entry into of other obligations relating to the Programme or otherwise from time to time. Recourse of the Holders of Securities against the Issuer is limited to, and conditional upon, the funds available to the Issuer from time to time in respect of the assets designated as Compartment Assets and other Charged Assets in the Final Terms and the Issuer shall have no liability to make any payments under the Securities where such funds are not available to it. Therefore, the Holders of Securities are exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under the Securities and will not have any further recourse against the Issuer or any other party (other than, in the case of Guaranteed Notes, Guaranteed Warrants, or Guaranteed Certificates, as applicable, the relevant Guarantor, in accordance with the Conditions and the applicable Guarantee) in such circumstances, but will suffer a corresponding loss on their investment.

Issuer's dependency upon counterparty to swap agreements, deposit agreements and repurchase agreements

The ability of the Issuer to meet its obligations under Securities issued by it may depend on the receipt by it of payments under relevant swap agreements, which will be entered into with BNP Paribas or BNP Paribas Fortis SA/NV, deposit agreements or repurchase agreements. Consequently, the Issuer is exposed to the ability of counterparties in respect of such swap agreements, deposit agreements and/or repurchase agreements to perform their obligations under such agreements and to the creditworthiness of such counterparties. In particular, in respect of certain Series of Securities, the Issuer may pay the issue proceeds of the Securities to the Swap Counterparty in return for the Swap Counterparty agreeing to pay all amounts due on the Securities. In such circumstances, the Swap Counterparty may or may not provide credit support for its obligations under the relevant Swap Agreement. Where the Swap Counterparty does provide credit support for its obligations, such credit support may only be in amounts which are equal to the market value (or a percentage thereof) of the Securities at that time and which, in the case of Notes, may be less than the principal amount outstanding of the Notes. The Issuer will be

dependent in whole or in part on receipt of payments from the Swap Counterparty in order to meet its obligations under the Securities. Certain Notes or Certificates, as the case may be, may be subject to early redemption, and certain Warrants may be subject to cancellation, in the event that the Swap Counterparty or any affiliate incurs or would incur a materially increased cost in relation to the Swap Counterparty performing its obligations with respect to the Swap Agreement. Upon such redemption or cancellation (as the case may be), Holders of Securities may receive less than the original amount invested in the relevant Securities. Following such redemption or cancellation, as applicable, an investor may not be able to reinvest the proceeds of such redemption or cancellation (as the case may be) on equivalent terms. Potential investors should consider reinvestment risk in light of other investments available at that time.

Issuer's dependency upon Compartment Assets

The ability of the Issuer to meet its obligations under Securities issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Securities. Such Compartment Assets securing the Securities may not be realisable for their full nominal value and the Noteholders, the Warrantholders and the Certificateholders (together, the "**Holders of Securities**") are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under the Securities.

Compartments

The board of directors of the Issuer (the "**Board**") may establish one or more compartments (together the "**Compartments**" and each a "**Compartment**"), each of which is a separate and distinct part of the Issuer's estate (*patrimoine*) and which may be distinguished by the nature of acquired risks or assets and the Conditions as completed by the applicable Final Terms, the reference currency or other distinguishing characteristics. The Conditions of the Securities issued in respect of, and the specific objects of, each Compartment shall be determined by the Board. Each Secured Party shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the Securities and the Articles of Incorporation of the Issuer (the "**Articles**").

The Issuer is established as a *société de titrisation* within the meaning of the Securitisation Act 2004 which provides that claims against the Issuer by the Secured Parties will, in principle, be limited to the net assets of the relevant series of Securities allocated to the relevant Compartment. In respect of any Compartment and any Security (save for any Security which is a Guaranteed Note, Guaranteed Warrant or Guaranteed Certificate, as applicable), and following a Note Acceleration in respect of such Note, Warrant Acceleration in respect of such Warrant, or Certificate Acceleration in respect of such Certificate, as applicable, the entitlement of the holder of such Security will be limited to such Holder of Securities' *pro rata* share of the net proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms. If, in respect of any Security, the net proceeds of the enforcement or liquidation of the relevant Charged Assets are not sufficient to make all payments due in respect of such Security, no other assets of the Issuer will be available to meet such shortfall, and the claims of the holder of such Security as against the Issuer in respect of any such shortfall shall be extinguished. Where amounts are due to be paid in priority to a Security in accordance with the Order of Priority, the net proceeds of the enforcement or liquidation of the relevant Charged Assets may not be sufficient to pay such amounts or may only be sufficient to make all such payments due in priority to such Security, in which case no amounts will be available to make payments in respect of such Security. In all cases, neither the holder of a Security nor any person on its behalf (including the Trustee) shall have the right to petition for the winding-up of the Issuer as a consequence of any shortfall. Holders of Securities, by acquiring the Securities, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in

particular, the provisions with respect to compartments, limited recourse, non-petition, subordination and priority of payments.

Each Compartment may be separately liquidated without such liquidation resulting in the liquidation of another Compartment or of the Issuer itself. As far as each Compartment is concerned and subject to any particular rights or limitations attaching to any Securities, as may be specified in the Articles or upon which such Securities may be issued including, without limitation, the relevant Conditions and the applicable Final Terms, if the net assets of a Compartment are liquidated the proceeds thereof shall be applied in the order set out in the Conditions.

As between the Secured Parties, each Compartment is deemed to comprise assets of a separate entity.

Fees, expenses and other liabilities incurred on behalf of the Issuer but which do not relate specifically to any Compartment shall be general liabilities of the Issuer and shall not be payable out of the assets of any Compartment. The Board shall ensure that creditors of such liabilities waive recourse to the assets of any Compartment. If such creditors do not waive recourse and such general liabilities cannot be otherwise funded, they shall be apportioned *pro rata* among the Compartments of the Issuer upon a decision of the Board.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Issuer. The assets of each Compartment may include the proceeds of the issue of the Securities of the relevant Series, any Related Agreements, any collateral relating to such Series, any proceeds from the Related Agreements and any such collateral. The fees, costs and expenses in relation to the Securities of each Series may be allocated to the respective Compartment in accordance with the relevant Conditions.

To give effect to the provisions of the Securitisation Act 2004 and the Articles under which the Charged Assets of a Compartment are available only for the Secured Parties for the relevant Series relating to that Compartment, the Issuer will contract with parties for the account of the relevant Compartment and on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the Charged Assets of the Compartment for the relevant Series.

Issuer acting in respect of the relevant Compartment as the sole party liable under the Securities

The Securities will be contractual obligations of the Issuer solely in respect of the relevant Compartment of the Issuer. The fulfilment of the Issuer's obligations under the Securities are not guaranteed by any third party save for any Note which is a Guaranteed Note, any Warrant which is a Guaranteed Warrant, or any Certificate which is a Guaranteed Certificate, as applicable. Consequently, Holders of Securities have no right of recourse against any such third parties. In connection with the above it should also be noted that, pursuant to the Securitisation Act 2004, where individual Compartment Assets are insufficient for the purpose of meeting the Issuer's obligations under the relevant issue of Securities, it will not be possible for the Noteholders of that issue to obtain satisfaction of the debt owed to them by the Issuer from assets belonging to another Compartment or, in the case of Warranholders and Certificateholders, to obtain payment of the amount owed to them by the Issuer from assets belonging to another Compartment. Accordingly, to the extent Compartment Assets are insufficient, the Holders of Securities risk not being able to receive any amounts in respect of their investment or losing the entire value of their initial investment.

The Investors may be exposed to competing claims of other creditors of the Issuer, the claims of which have not arisen in connection with the creation, the operation or the liquidation of a Compartment if foreign courts, which have jurisdiction over the assets of the Issuer allocated to a

Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the satisfaction of claims of the Investors. If as a result of such claims, a shortfall arises, such shortfall will be borne by the Investors.

Insolvency of the Issuer

Although the Issuer will contract on a "limited recourse" and non-petition basis as noted above, it cannot be excluded as a risk that the Issuer's assets (that is, its aggregate Compartment Assets plus any other assets it may possess) will become subject to insolvency proceedings. The Issuer is a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg and managed by its Board. Accordingly, insolvency proceedings with respect to the Issuer would likely proceed under, and be governed by, the insolvency laws of Luxembourg.

Under Luxembourg law, a company is insolvent (*en faillite*) when it is unable to meet its current liabilities and when its creditworthiness is impaired. The Issuer can be declared bankrupt upon petition by a creditor of the Issuer or at the initiative of the court or at the request of the Issuer in accordance with the relevant provisions of Luxembourg insolvency law. If granted, the Luxembourg court will appoint a bankruptcy trustee (*curateur*) who shall be obliged to take such action as he deems to be in the best interests of the Issuer and of all creditors of the Issuer. Certain preferred creditors of the Issuer (including the Luxembourg tax authorities) may have a priority that ranks senior to the rights of the Secured Parties (including Holders of Securities) in such circumstances. Other insolvency proceedings under Luxembourg law include controlled management and moratorium of payments (*gestion contrôlée et sursis de paiement*) of the Issuer, composition proceedings (*concordat*) and judicial liquidation proceedings (*liquidation judiciaire*).

In the event of such insolvency proceedings taking place, Holders of Securities bear the risk of a delay in the settlement of any claims they might have against the Issuer or receiving, in respect of their claims, the residual amount following realisation of the Issuer's assets after preferred creditors have been paid, with the result that they may lose their initial investment.

Consequences of insolvency proceedings

If the Issuer fails for any reason to meet its obligations or liabilities (that is, if the Issuer is unable to pay its debts and may obtain no further credit), a creditor, who has not (and cannot be deemed to have) accepted non petition and limited recourse provisions in respect of the Issuer, will be entitled to make an application for the commencement of insolvency proceedings against the Issuer. In that case, such creditor would, however, not have recourse to the assets of any Compartment (in the case that the Issuer has created one or more Compartments) but would have to exercise its rights on the general assets of the Issuer unless its rights would arise in connection with the "creation, operation or liquidation" of a Compartment, in which case, the creditor would have recourse to the assets allocated to that Compartment but he would not have recourse to the assets of any other Compartment. Furthermore, the commencement of such proceedings may in certain conditions, entitle creditors (including the relevant counterparties) to terminate contracts with the Issuer (including Related Agreements) and claim damages for any loss created by such early termination. The Issuer will seek to contract only with parties who agree not to make application for the commencement of winding-up, liquidation and bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

Custody Arrangements

Compartment Assets (together with any related Compartment Security) will be held by the Custodian on behalf of the Issuer pursuant to the Agency Agreement (as defined in Condition

8(b)(i) of the *"Terms and Conditions of the Notes"*, Condition 9(b)(i) of *"Terms and Conditions of the Warrants"* and Condition 9(b)(i) of the *"Terms and Conditions of the Certificates"*). Assets held by the Custodian may not be immediately available to investors upon the bankruptcy of the Custodian and certain classes of creditors having general rights of preference stipulated by Luxembourg law, such as preference rights for judicial fees (including the fees and costs of a receiver/liquidator), unpaid salaries and various tax, excise and social security contributions, may take preference over secured creditors in bankruptcy proceedings. In circumstances where a charge under English law is expressed to be taken over the Compartment Assets and the Compartment Assets are held by or through the Custodian through a clearing system or where the Compartment Assets are held outside England and Wales, any security over the Compartment Assets will take the form of an assignment by way of security of the Issuer's rights against the Custodian under the Agency Agreement to the extent that such rights relate to the Compartment Assets, rather than a charge over the Compartment Assets themselves.

In addition, in respect of certain Series of Securities, the collateral provided by the Swap Counterparty as credit support for its obligations may be held not by the Custodian but by another bank or institution as specified in the applicable Final Terms. Investors in such Securities are exposed to the credit risk of such entity, such collateral may not be immediately available to investors upon the bankruptcy of such entity and other creditors of such entity may take preference as secured creditors in bankruptcy proceedings.

FATCA

The Foreign Account Tax Compliance provisions of the Hiring Incentives to Restore Employment Act ("**FATCA**") impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-United States financial institution (a foreign financial institution or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the United States ("**U.S.**") Internal Revenue Service ("**IRS**") to provide certain information on its account holders. The new withholding regime will be phased in beginning in 2014. No assurance can be provided that the Issuer will enter into a FATCA compliance agreement with the IRS. If the Issuer does not enter into such an agreement, the Issuer may be subject to a 30 per cent. withholding tax on all, or a portion of, payments received from U.S. sources and Participating FFIs.

In the alternative, if the Issuer does become a Participating FFI, Holders of Securities may be required to provide certain information or otherwise comply with FATCA to avoid withholding on amounts paid by the Issuer to such Holders. The Issuer or other Participating FFIs or U.S. intermediaries through which payments on the Securities are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 (or, if later, the date of publication in the Federal Register of final regulations defining the term "**foreign passthru payment**") in respect of: (i) Securities which were issued or materially modified on or after the later of (a) 1 July 2014 or (b) the date that is six months after the date on which the final regulations defining the term "**foreign passthru payments**" are filed in the Federal Register pursuant to FATCA; or (ii) Securities which are treated as equity for U.S. federal tax purposes, whenever issued. Such withholding would apply if the Issuer is required to withhold on "**foreign passthru payments**" and either (i) a Holder of Securities does not provide information sufficient to determine whether such Holder is subject to FATCA withholding, or (ii) any FFI through which payment on the Securities is made is not a Participating FFI. Such withholding could apply to all Holders of Securities regardless of whether or not a particular Holder has failed to comply with FATCA requirements.

If an amount in respect of FATCA withholding tax would be required to be deducted or withheld from payments on the Securities, the terms of the Securities will not require any person to pay additional amounts as a result of the deduction or withholding of such tax.

European Market Infrastructure Regulation and Markets in Financial Instruments Directive

European Regulation 648/2012, known as the European Market Infrastructure Regulation ("**EMIR**") entered into force on 16 August 2012 and is expected to take direct effect in the member states of the European Union during 2013. Under EMIR certain over-the-counter ("**OTC**") derivatives that are traded in the European Union by financial counterparties ("**FCs**"), such as investment firms, credit institutions and insurance companies, and certain non-financial counterparties ("**NFCs**") have to be cleared (the "**clearing obligation**") via an authorised central clearing counterparty (a "**CCP**"). In addition, EMIR requires the reporting of OTC derivative contracts to a trade repository (the "**reporting obligation**") and introduces certain risk mitigation requirements in relation to OTC derivative contracts that are not cleared by a CCP.

Under EMIR, a CCP will be used to meet the clearing obligation by interposing itself between the counterparties to the eligible derivative contracts. CCPs will connect with derivative counterparties through their clearing members. Each derivative counterparty will be required to post both initial and variation margin to the clearing member, which will in turn be required to post margin to the CCP. EMIR requires CCPs to only accept highly liquid collateral with minimal credit and market risk. A NFC may also be subject to the clearing obligation and the reporting obligation, subject to its positions in OTC derivatives contracts exceeding certain thresholds. Whilst it appears that entities like the Issuer would be considered a NFC under EMIR, the position remains to be fully clarified. Thus, it cannot be excluded that the Issuer will be subject to the clearing obligation in the future. NFCs which enter into an OTC derivative contract which are not "eligible" for clearing would have to ensure that appropriate procedures and arrangements are in place to monitor and minimise operational and credit risk.

The Issuer may have to apply certain risk mitigation techniques in relation to timely confirmation, portfolio reconciliation and compression, and dispute resolution that are applicable to OTC derivatives contracts that are not cleared by a CCP. Further, the Issuer will be required to deliver certain information about any Swap Agreement to a registered or recognised trade repository. The European Securities and Markets Authority ("**ESMA**") has developed certain regulatory and implementing technical regulation standards in connection with EMIR that have been adopted by the European Commission. According to these standards the starting date for such reporting obligation depends on the point in time when the responsible trade repositories in the various jurisdictions become registered. ESMA has announced that it has approved the regulation of four trade repositories and that the trade reporting will commence on 12 February 2014. According to the regulatory technical standards adopted as Commission Delegated Regulation (EU) No 149/2013 of 19 December 2012 that entered into force on 15 March 2013, the obligations in relation to certain risk mitigation techniques (portfolio reconciliation, portfolio compression and dispute resolution) apply as of 15 September 2013. EMIR also imposes a record-keeping requirement pursuant to which counterparties must keep records of any derivative contract they have concluded and any modification for at least five years following the termination of the contract.

The EU regulatory framework relating to derivatives is set not only by EMIR but also by the proposal to update the existing Markets in Financial Instruments Directive ("**MiFID II**") which have not been finalised. In particular, MiFID II is expected to require all transactions in OTC derivatives to be executed on a trading venue. In this respect, it is difficult to predict the full impact of these regulatory requirements on the Issuer.

Investors in the Securities should be aware that the regulatory changes arising from EMIR and MiFID II may in due course significantly raise the costs of entering into derivative contracts and may adversely affect the Issuer's ability to engage in transactions in OTC derivatives. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. Investors should be aware that such risks are material and that the Issuer could be materially and adversely affected thereby. The full impact of EMIR and of MiFID II remains to be clarified and the scope of their possible implications of for investors in the Securities cannot currently be predicted. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR and MiFID II and technical implementation in making any investment decision in respect of the Securities.

The Dodd-Frank Wall Street Reform and Consumer Protection Act

The Dodd-Frank Wall Street Reform and Consumer Protection Act ("**Dodd-Frank**"), which provides for substantial changes to the regulation of the futures and over-the-counter ("**OTC**") derivative markets, was enacted in July 2010. Dodd-Frank requires regulators, including the U.S. Commodity Futures Trading Commission ("**CFTC**") and the U.S. Securities and Exchange Commission ("**SEC**"), to adopt regulations in order to implement many of the requirements of the legislation. While many of the financial regulations have been issued, other key regulations and guidance, such as that relating to position limits and margin for uncleared swaps have not been finalised, and even with respect to certain rules that have been finalised, there remain issues requiring further clarification. Based on the regulations issued and guidance provided to date, it is not clear whether the Warrants or Certificates would be deemed to be "swaps" or "security-based swaps" under Dodd-Frank and regulated as such by the CFTC or the SEC. If the Warrants or Certificates were deemed to be "swaps" under Dodd-Frank and issued by a non-US person to other non-US persons (with none of such non-US persons guaranteed by or affiliate conduits of US persons or foreign branches of "swap dealers" or "major swap participants" that are US persons), the Warrants or Certificates may not be subject to Dodd-Frank. While the CFTC has finalised guidance on the definition of "US person" for purposes of the extraterritorial application of swap regulations, the SEC has not yet provided final guidance on cross-border security-based swap activities.

Instruments that are considered "swaps" or "security-based swaps" under Dodd-Frank are subject to regulation thereunder, including, but not limited to, requirements with respect to reporting, recordkeeping, due diligence of potential investors and clearing. While the CFTC has adopted many of the final regulations, the ultimate nature and scope of the regulations cannot yet be determined. These regulations may have the effect of reducing liquidity and increasing costs in these markets as well as affecting the structure of the markets in other ways. In addition, these legislative and regulatory changes will likely increase the level of regulation of markets and market participants, and therefore the costs of participating in the commodities, futures and OTC derivative markets. Without limitation, these changes will require many OTC derivative transactions to be executed on regulated exchanges or trading platforms and cleared through regulated clearing houses. Swap dealers are required to be registered and will be subject to various regulatory requirements, including capital and margin requirements. The various legislative and regulatory changes, and the resulting increased costs and regulatory oversight requirements, could result in market participants being required to, or deciding to, limit their trading activities, which could cause reductions in market liquidity and increases in market volatility. These consequences could adversely affect the return on and value of the Securities.

Given that the full scope and consequences of the enactment of Dodd-Frank and the rules still to be enacted thereunder are not yet known, investors are urged to consult their own advisers regarding the suitability of an investment in any Securities under the Programme.

Further, the Issuer could be required to register as a commodity pool operator and to register one or more Series as commodity pools with the CFTC through the National Futures Association. Such additional registrations may result in increased reporting obligations and also in extraordinary, non-recurring expenses of the Issuer thereby materially and adversely impacting a Security's value.

In addition, other regulatory bodies have proposed or may propose in the future legislation similar to that proposed by Dodd-Frank or other legislation containing other restrictions that could adversely impact the liquidity of and increase costs of entering into derivatives transaction. For example, the European Commission has published a proposal to update the Markets in Financial Instruments Directive and Markets in Financial Instruments Regulation, which proposes regulations to establish position limits (or an alternative equivalent) on trading derivatives, although the scope of any final rules and the degree to which Member States will be required or permitted to adopt these regulations or additional regulations remains unclear. If these regulations are adopted or other regulations are adopted in the future, they could have an adverse impact on the return on and value of the Securities.

B. Risks relating to Guaranteed Securities

In the event the General Guarantee is specified as applicable in the applicable Final Terms, prospective purchasers of Guaranteed Securities should note that the Guarantee is a guarantee of the Issuer's obligations which are themselves limited by a number of factors including, but not limited to, the provisions of the Securitisation Act 2004 and the Conditions of the Notes, the Conditions of the Warrants or the Conditions of the Certificates (as the case may be), including, without limitation, those relating to (i) the applicable redemption amount (which may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Note, Warrant or Certificate, as the case may be), (ii) Compartments, (iii) limited recourse, (iv) non-petition, (v) subordination and (vi) priority of payments, as described in the Base Prospectus. Holders of Guaranteed Securities would therefore retain the risk that these factors may result in payments under the Guaranteed Securities being less than amounts which would otherwise have been due, as described in "*Risk Factors – Risks relating to the Issuer*".

In the event the Shortfall Guarantee is specified as applicable in the applicable Final Terms, prospective purchasers of Guaranteed Securities should note that the Guarantee is not a full guarantee of the Issuer's obligations but only relates to the payment of any Shortfall Amount (as defined in the Guarantee) and is conditional on (i) the Holders of the Securities receiving less than the amount which would otherwise have been payable in respect of the Securities on the Maturity Date (in the case of Notes), Redemption Date (in the case of Certificates), Settlement Date (in the case of Warrants), Early Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Notes and Certificates) or Early Termination Date (in the case of Warrants), as the case may be, in accordance with the Conditions of the Notes, the Conditions of the Warrants or the Conditions of the Certificates (as the case may be) and (ii) the liquidation of the Charged Assets (either following the enforcement of the security for the Securities or following the occurrence of an Early Redemption Event or Early Termination Event). The Shortfall Amount represents the amount by which any Available Enforcement Proceeds are insufficient to meet (1) the Final Redemption Amount or Automatic Early Redemption Amount (as applicable and in the case of Notes or Certificates) or Cash Settlement Amount (in the case of Warrants) on the Maturity Date or Automatic Early Redemption Date (as applicable and in the case of Notes), Settlement Date (in the case of Warrants) or Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Certificates), (2) the fair market value of the relevant Security following an Event of Default (other than an Event of Default resulting from a failure to pay the Final Redemption Amount or Automatic Early Redemption Amount (in the case of Notes

or Certificates) or the Cash Settlement Amount (in the case of Guaranteed Warrants)), an Early Redemption Event or an Early Termination Event or (3) such other amount as specified in the Final Terms.

In the event the BNL Guarantee is specified in the Final Terms, prospective purchasers of Guaranteed Securities should be aware that the Guarantee in respect of the Issuer's obligations is limited to those payment obligations which the Issuer fails to fulfil as a consequence of a failure by the Swap Counterparty to satisfy its payment obligation under the Swap Agreement as and when the same become due, and does not extend to any failure by the Issuer to fulfil its payment obligations for any other reasons. Accordingly, where the BNL Guarantee is specified in the Final Terms, if the Issuer is unable to meet some or all of its payment obligations under any Guaranteed Securities for reasons other than a failure by the Swap Counterparty to satisfy its payment obligations under the Swap Agreement, the Guarantor will not be obliged to guarantee such payment obligations of the Issuer. In circumstances where the Issuer is unable to meet some or all of its payment obligations under any Guaranteed Securities because of both a failure by the Swap Counterparty to pay amounts when due from the Swap Counterparty under the Swap Agreement and for other reasons, the Guarantor's obligations under the Guarantee will be limited to the extent of the failure of the Swap Counterparty to satisfy its payment obligations under the Swap Agreement as and when the same become due. Accordingly, holders of Guaranteed Securities will, in the circumstances described above, retain the risk that payments under the Guarantee may be less than amounts which would otherwise have been due under the Guaranteed Securities.

C. Risks relating to the Guarantor where the Guarantor is BNPP

See the section entitled "*Risk Factors*" contained on pages 4 to 9 of the Information Statement which is incorporated by reference into the Base Prospectus (see "*Documents Incorporated by Reference*").

D. Risks relating to the Guarantor where the Guarantor is BNL

General warning about the economic-financial crisis

The current economic situation, the recent dynamic connected to financial markets, the perspectives concerning the stability and the economic growth of the country in which BNL operates, impact the earning capacity and the solvency of BNL and its creditworthiness. Factors such as investors' expectations and trust, the levels and the implied volatility of short and long term interest rates, exchange rates, the liquidity of the financial markets, the availability and the cost of capital, sovereign debt sustainability, family incomes and consumers' expenditure, the unemployment level, inflation and housing costs are of paramount importance to the crisis. Accordingly, during periods of economic and financial distress, such elements may have a detrimental impact by amplifying the risk factors, which are described hereunder, and may trigger financial losses, an increase in financing costs, a decrease in value of assets of BNL, causing a potential negative impact on BNL's liquidity and on its financial stability.

Credit risk

BNL is exposed to essentially the same credit risks which arise in the context of traditional lending activities. Accordingly – even though, with respect to the principles and methodologies set forth in Basel II and regulated by Italian supervisory authorities, pursuant to the implementation of EU Directive on the Capital Adequacy of Investment Firms and Credit Institutions, BNL's credit policies are designed to efficiently select customers in order to reduce the risk of insolvency, to diversify portfolios and to monitor market developments and trends, by carefully conducting a monitoring and supervisory activity on risk – the breach of contracts by customers or their

inability to honour their obligations, or the lack of information or the improper information customers are provided with in connection with the respective financial and credit position, may trigger negative effects on economic, capital and/or financial conditions of BNL. Generally speaking, counterparties may not fulfil their obligations towards BNL due to a default event, lack of liquidity, operational malfunctioning or other reasons. The default of a relevant market operator or a perception as to the non-fulfilment of its obligations could raise concerns about liquidity, losses or defaults of other institutions, that may in turn adversely affect BNL. Moreover, in certain circumstances, BNL could face the risk that credits in favour of third parties will not be payable. Furthermore, a decrease of the credit ratings related to third parties, whose securities and debt securities are held by BNL, may result in a loss and/or negatively affect BNL's ability to use again or differently such securities and debt securities for the purpose of increasing the level of liquidity. Hence, a significant decrease of the credit ratings of BNL's counterparties could cause BNL's results to adversely differ from those anticipated. In several cases BNL may call upon further guarantees from counterparties that are facing financial distress, whereas complaints may be filed as to the amount of guarantees BNL has the right to obtain and to the value pertaining the assets involved in such guarantees. The default rates, decreases and complaints in relation to counterparties about the assessment of the guarantee significantly increase during periods of economic stress and market illiquidity. In particular, considering the current economic situation and the pressures arising in the context of sovereign debt, it should be noted that BNL is exposed only to risk relating to Italian sovereign debt. Therefore, BNL is not materially exposed to sovereign debts pertaining to other countries.

Risks relating to pending legal proceedings

In the ordinary course of business, BNL and its subsidiaries are involved in various legal civil proceedings (including proceedings concerning the capitalisation of interest, derivatives and bonds) and administrative proceedings which could result in judgements and awards adverse to the financial interests of the BNL group. The BNL group establishes in its balance sheet an accrued liability for litigation matters when these matters present loss contingencies that may arise from pending proceedings, also taking into account the evaluation of any outside counsel handling the matter. As of 31 December 2011, the accrued liability amounted to Euro 279,765,000.

Liquidity risk relating to BNL

Liquidity risk is the potential inability of BNL to meet its contractual obligations as they become due. BNL's liquidity – since BNL conducts its business operations within an international group of primary standing and is endowed with policies and procedures to manage the liquidity risk – could be adversely affected due to the inability to enter into the capital markets through the issue of debt securities (secured or not), and to sell specific assets or to redeem its own investments, and due to unexpected negative cash flows or the duty to grant further guarantees.

Risk relating to the potential deterioration of BNL's credit worthiness (rating)

Credit ratings are an assessment of BNL's ability to pay its obligations. A potential deterioration of BNL's creditworthiness may indicate a reduced ability for BNL to fulfil its obligations, compared to previous years. BNL's credit rating is affected by the fact that BNL belongs to the BNP Paribas Group. Thus, as a result, the potential deterioration – whether actual or expected – of credit ratings relating to the BNP Paribas Group could cause a deterioration of BNL's rating. The potential deterioration of the Republic of Italy sovereign rating may adversely impact on BNL's rating as well.

Operational risk

BNL is exposed to operational risk in the same way as other banking institutions. Operational risk is a risk of losses a company undertakes when it attempts to conduct its business, resulting from breakdowns in internal procedures or external deliberate, unintentional or natural events. To this end, the purpose of the Compliance Function of BNL, as part of its ongoing mission, is to assist the bank in managing operational risks, by closely cooperating with business functions, in order to identify the mitigation actions to be taken, by monitoring the business-level of implementation and ensuring a coordination of the permanent control activities. At the end of the process, which was started in April 2008, and considering BNL's affiliation to a European banking group, in June 2011, the A.C.P. - Autorité de Contrôle Prudentiel et de Résolution - (the former Commission Bancaire) – authorised BNP Paribas to allow BNL, from July 1, 2011, to calculate the required capital for operational risk on the basis of its empirical model – the so called "Advanced measurement approach" (AMA) under Basel II. Under AMA BNL is allowed to quantify the required capital for operational risk with its empirical method, plus an "add-on" factor in the amount of 50% of the capital absorption capacity, to be calculated pursuant to the internal model and to be applied until the end of each intervention required by Borsa Italiana regarding the assessment of expertise.

Market risk

Market risk is the risk that the value of financial instruments held by BNL will be adversely affected by changes in market factors (including, without limitation, interest rates, the price of securities and exchange rates) which may determine a deterioration of the capital stability of BNL. BNL – whose businesses are rather limited and which set up specific policies and procedures aimed at reducing the market risk, applying the same measuring and controlling model using a "value at risk" approach adopted by BNP Paribas, pursuant to the regulatory framework of Basel II and authorised by the competent supervisory authorities – is thus exposed to potential changes in the value of the financial instruments, due to the volatility of interest rates, exchange and currency rates, price of shares and of commodities and of credit spreads, and/or other risk factors. Such fluctuations may arise from factors such as changes in the general economic situation, the investors' appetite for investing, monetary and fiscal policies, market liquidity on a global scale, availability and cost of capital, interventions targeted by rating agencies, political occurrences, both on a local and international scale, armed conflicts and terrorist attacks. Considering the current economic situation and pressures relating to sovereign debt, it should be noted that BNL is exposed, in a limited way, to the risks relating to the Italian sovereign debt."

E. Potential conflicts of interest in respect of Securities guaranteed by BNPP

The Calculation Agent may be an affiliate of the Guarantor (where BNPP is Guarantor) and consequently, potential conflicts of interest may exist between the Calculation Agent and Holders of Securities, including with respect to certain determinations and judgments that the Calculation Agent must make, including whether a Market Disruption Event, a Settlement Disruption Event or Credit Event (each as defined in this Base Prospectus) has occurred. The Calculation Agent is generally obliged to carry out its duties and functions as Calculation Agent in good faith and using its reasonable judgment, subject to the Conditions of the Securities,

F. Risks relating to Securities

General

Limitations on recourse and rights with respect to underlyings

The Securities involve a high degree of risk, including price risk associated with the Underlying Reference (as defined below) and among other things, interest rate, foreign exchange, inflation, correlation, time value and political risks. Holders of Securities should recognise that their Securities may expire worthless or be redeemed for no value. Holders of Securities should be prepared to sustain a total loss of the purchase price of their Securities. Prospective Holders of Securities should be experienced with respect to options and swaps and option and swap transactions, should understand the risks of transactions involving the relevant Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Securities, in particular where, in relation to Notes ("**Underlying Reference Linked Notes**"), or Certificates ("**Underlying Reference Linked Certificates**") the interest and/or redemption amount of which or, in relation to Warrants ("**Underlying Reference Linked Warrants**" and, together with Underlying Reference Linked Notes and Underlying Reference Linked Certificates, "**Underlying Reference Linked Securities**"), the settlement amount of which is linked to the value of one or more index, share, inflation index, commodity, unit, interest or share in a fund, the credit of one or more reference entity, interests in exchange traded funds, exchange traded notes, exchange traded commodities or other exchange traded products (each, an "**exchange traded instrument**") or the combination of any of the foregoing or such other underlying or basis of reference (each an "**Underlying Reference**").

The exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into swap agreements (with BNP Paribas or BNP Paribas Fortis SA/NV) and/or deposit agreements and/or repurchase agreements. Holders of Securities should be aware that, under the terms of Underlying Reference Linked Securities, they are exposed to the performance of these agreements and that certain events may affect these agreements and consequently the value of the Securities.

In addition to the factors set out in this section "*B. Risks Relating to Securities*", Holders of Securities should be aware that the ability of the Issuer to meet its obligations under the relevant Securities issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Securities and/or on the receipt by it of payments under relevant swap agreements, which will be with BNP Paribas or BNP Paribas Fortis SA/NV, deposit agreements or repurchase agreements notwithstanding the performance of any relevant Underlying Reference. The Holders of Securities are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under, or due in respect of, the Securities. See section "*A. Risks relating to the Issuer*" above for further details of such risks.

The risk of the loss of some or all of the purchase price of a Security upon expiration or redemption means that, in order to recover and realise a return upon his or her investment, a purchaser of a Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of any relevant Underlying Reference. Assuming all other factors are held constant, the lower the value of a Security, the shorter the remaining term of a Warrant to expiration or a Certificate or Note to redemption, the greater the risk that purchasers of such Securities will lose all or part of their investment. With respect to Notes, Certificates and or European-style Warrants, the only means through which a Holder of Security can realise value from the Note, Warrant or Certificate, as the case may be, prior to its Maturity Date, Settlement Date or Redemption Date in relation to such Note, Warrant or Certificate, as the case may be, is to sell it at its then market price in an available secondary market. See "*Possible Illiquidity of the Securities in the Secondary Market*" below.

The Issuer may issue several issues of Securities relating to various Underlying References. However, no assurance can be given that the Issuer will issue any Securities other than the Securities to which a particular Final Terms relates. At any given time, the number of Securities outstanding may be substantial. Securities provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the underlying investment. In general, certain of the risks associated with Securities are similar to those generally applicable to other debt instruments, options or warrants as applicable of private corporate issuers. Securities on shares, interests in exchange traded instruments, debt instruments or fund shares or units are priced primarily on the basis of the value of underlying securities, whilst Securities on currencies and commodities are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies) or commodity (or basket of commodities) specified in the applicable Final Terms.

Claims against the Underlying Reference

The Securities do not represent a claim against any Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Holders of Securities will not have any right of recourse under the Securities to any such Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference). The Securities are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of any Underlying Reference and such entities have no obligation to take into account the consequences of their actions on any Holders of Securities.

Risks associated with product structure

Once the proceeds of the issue of the Securities have been invested in the Charged Assets with respect to a particular Compartment, such Charged Assets (including, without limitation, assets such as hedging agreements, deposits, repurchase agreements and debt securities) will constitute the only source of funds available to the Issuer for the satisfaction of its pre-enforcement obligations under the relevant Securities and the relevant Related Agreements (if any). Accordingly, if such Charged Assets do not generate sufficient cashflows, either (dependent on the terms applicable to the relevant Securities):

an Early Redemption Event under the relevant Notes or Certificates or an Early Termination Event under the relevant Warrants may occur, which, in turn, may lead to the realisation of the Charged Assets by the Disposal Agent; or

an Event of Default may occur under the relevant Securities, which, in turn, may lead to the enforcement and liquidation of the relevant Charged Assets by the Trustee (or its appointee under the Trust Deed).

The Trustee is not obliged to take any action unless it has been indemnified and/or secured to its satisfaction against any liability it may incur. The proceeds of any such enforcement and liquidation, or realisation, as the case may be, (net of any costs, including the costs of enforcement and liquidation) may not be sufficient to meet the claims of the Secured Parties (including the relevant Holders of Securities) with respect to the relevant Compartment. As more fully described below, save in the case of Guaranteed Securities, claims against the Issuer by the Holders of Securities of a particular Series and each other Secured Party in respect of any Compartment will be limited to the relevant Charged Assets.

In addition, the Issuer may issue Securities the redemption amount or settlement amount (as the case may be) of which is limited to the liquidation proceeds of the Charged Assets of the

Compartment relating to such Securities. The proceeds of any such liquidation (net of any costs, including the costs of liquidation) may not be sufficient to meet the claims of the Secured Parties (including the relevant Holders of Securities) with respect to the relevant Compartment.

Accrued but unpaid amounts

Investors should be aware that they may lose the value of their entire investment (together with, in addition to such investment, any amounts which may have accrued on such investment but which have not been paid, if applicable) or part of it, as the case may be, and/or, if the investor's liability is not limited to the value of his investment (such as where the investor may lose, in addition to such investment, any amounts which may have accrued on such investment but which have not been paid, if applicable). The circumstances in which such liability may arise (and the likely financial effects thereof) will depend on the specific terms of a particular issue of Securities, as set out in the Conditions and applicable Final Terms.

Securities subject to optional redemption, cancellation or early exercise by the Issuer

An optional redemption, cancellation or early exercise feature of Securities, as applicable, is likely to limit their market value. During any period when the Issuer may elect to redeem Notes or Certificates, cancel Warrants or in which Warrants are subject to early exercise, the market value of those Securities generally will not rise substantially above the price at which they can be redeemed, settled or exercised early (as the case may be). This also may be true prior to any redemption, cancellation or early exercise period.

When Notes are redeemed, prior to their stated Maturity Date, Warrants are cancelled prior to their stated Expiration Date or subject to early exercise or Certificates are redeemed prior to their stated Redemption Date, as the case may be, an investor may not be able to reinvest the proceeds from such redemption, cancellation or early exercise, as the case may be, on equivalent terms. Potential investors should consider reinvestment risk in light of other investments available at that time.

Potential Conflicts of Interest

Certain entities within the BNPP Group (including, if applicable, any Dealer) may also engage in trading activities (including hedging activities) relating to the Underlying Reference and other instruments or derivative products based on or relating to the Underlying Reference of any Securities for their proprietary accounts or for other accounts under their management. BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may also issue other derivative instruments in respect of the Underlying Reference. BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may also act as underwriter in connection with future offerings of shares or other securities relating to an issue of Securities or may act as financial adviser to certain companies or companies whose shares or other securities are included in a basket or in a commercial banking capacity for such companies. In addition BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may act in a number of different capacities in relation to an underlying index, including, but not limited to, issuer of the constituents of the index, index sponsor and/or calculation agent. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Securities.

In respect of ETI Linked Securities and Fund Linked Securities, BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may from time to time engage in business with the relevant ETI or Fund, as the case may be, or companies in which an ETI or Fund, as the case may be, invests, including among other things, extending loans to, or making investments in, or providing advisory services to them, including merger and acquisition advisory services, engaging

in activities that may include prime brokerage business, financing transactions or entry into derivative transactions. The ETI or Fund (each as defined below), as applicable, may pay a portion of its fees to BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) for the provision of such services. In the course of this business, BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may acquire non-public information about an ETI or a Fund, as applicable, or any companies, funds or reference assets in which an ETI or a Fund invests and BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may publish research reports about them. This research may be modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding ETI Linked Securities or Fund Linked Securities, as applicable.

The Calculation Agent may be the Swap Counterparty or an affiliate of the Swap Counterparty and consequently, potential conflicts of interest may exist between the Calculation Agent and the relevant Holders of Securities, including with respect to certain determinations and judgments that the Calculation Agent must make, including whether a Market Disruption Event, a Settlement Disruption Event, an Index Adjustment Event or Credit Event (each as defined in the Conditions) has occurred. Generally, the Calculation Agent is obliged to carry out its duties and functions as Calculation Agent in good faith and using its reasonable judgment, subject to the applicable Conditions. Furthermore, the Calculation Agent will not act as a fiduciary or as an advisor to the relevant Holders of Securities in respect of its duties as Calculation Agent.

Swap Counterparty as Instructing Party

Where "Swap Counterparty Priority" is stated as being applicable in the applicable Final Terms, the Swap Counterparty will (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) be the Instructing Party, and will have certain rights to direct the Trustee on certain matters, including the ability to instruct the Trustee to enforce the Security in certain circumstances, notwithstanding that the relevant Holders of Securities have not voted in respect of such matters. In these circumstances, there can be no assurance that the Swap Counterparty will act in the interests of such Holders of Securities. The Swap Counterparty has no obligation or liability to, and shall not be obliged to have regard to the interests of, the Holders of Securities in relation to any such directions.

Modification

The conditions of the Securities contain provisions for calling meetings of the relevant Holders of Securities to consider matters affecting their interests generally. These provisions permit defined majorities to bind all such Holders of Securities including those who did not attend and vote at the relevant meeting and those who voted in a manner contrary to the majority.

Trustee and enforcement

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties (including Holders of Securities). The Trustee is not obliged to take any such action without first being indemnified and/or secured to its satisfaction. The Trustee is not responsible for ensuring that the Issuer's obligations (or the security interest created by the Issuer) are valid and enforceable.

Change in law

The conditions of the Securities are based on relevant laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to such laws or administrative practices after the date of this Base Prospectus and any such change could materially adversely impact the value of any Securities affected by it.

Transfer restrictions

The Securities may be subject to certain transfer restrictions. Such restrictions on transfer may limit the liquidity of such Securities. Consequently, a purchaser must be prepared to hold such Securities for an indefinite period of time and potentially until their maturity or expiration, as applicable.

Securities issued linked to certain events

The interest rate or redemption amount of certain Notes or Certificates, as the case may be, or the settlement amount or Entitlement of certain Warrants may be linked to the occurrence or non-occurrence of certain events which are not connected with the Issuer or any Guarantor (if applicable) such as credit, price levels or index levels. The occurrence of such events is beyond the control of the Issuer and the Guarantor (if applicable), and Holders of Securities are exposed to the risk of such event occurring or not, as the case may be.

Risks relating to deposits

In respect of certain Series of Securities, the Issuer may deposit some or all of the proceeds of the issue of the Securities in a bank account pursuant to a deposit agreement entered into between the Issuer and a European bank or other financial institution with securities admitted to trading on a regulated market (as specified in the applicable Final Terms) (the "**Deposit Counterparty**"). In such circumstances, the Issuer will be dependent in whole or in part on receipt of payments from the Deposit Counterparty in order to meet its obligations under such Securities. Consequently, the Issuer will rely on the full and timely performance by the Deposit Counterparty of its obligations under the relevant deposit agreement, and will be exposed to the creditworthiness of such Deposit Counterparty.

Ranking and Guarantee of Securities

The Securities are unsubordinated obligations of the Issuer and will rank *pari passu* with themselves. Each issue of Securities issued by the Issuer may or may not be guaranteed.

Possible Illiquidity of the Securities in the Secondary Market

It is very difficult to predict the price at which Securities will trade in the secondary market or whether such market will be liquid or illiquid. The Issuer may, but is not obliged to, list Securities on a stock exchange. Also, to the extent the relevant Securities of a particular issue are exercised, redeemed or cancelled (as the case may be), the number of Securities of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Securities of such issue. A decrease in the liquidity of an issue of Securities may cause, in turn, an increase in the volatility associated with the price of such issue of Securities. A lack of liquidity for the Securities may mean that investors are not able to sell their Securities or may not be able to sell their Securities at a price which they paid for them and consequently investors may suffer a partial or total loss of the amount of their investment.

The Issuer and any Dealer may, but is not so obliged, at any time purchase Securities at any price in the open market or by tender or private offer/treaty. Any Securities so purchased may be held or resold or surrendered for cancellation as further described herein. A Dealer may, but is not obliged to, be a market-maker for an issue of Securities and may cease to do so at any time. Even if a Dealer is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. In addition, affiliates of any Guarantor (if applicable) (including the relevant Dealer as referred to above) may purchase Securities at the time of their initial distribution and from time to time thereafter. There may be no secondary market for the Securities and to the extent that an issue

of Securities is or becomes illiquid, an investor may have to hold such Securities until maturity (in the case of Notes or Certificates, as the case may be) or exercise such Securities (in the case of Warrants), as applicable, to realise greater value than their then trading value.

Before selling Securities, Holders of Securities should carefully consider, among other things, (a) the trading price of the Securities, (b) the value and volatility of the Underlying Reference as specified in the applicable Final Terms, (c) the time remaining to expiration or redemption, as the case may be, (d) the probable range of Cash Settlement Amounts or Final Redemption Amounts (as applicable), (e) any change(s) in interim interest rates and dividend yields, if applicable, (f) any change(s) in currency exchange rates, (g) the depth of the market or liquidity of the Underlying Reference as specified in the applicable Final Terms and (h) any related transaction costs.

Minimum Trading Amount

Investors should note that the Securities may have a minimum trading amount. The minimum trading amount (if any) will be specified in the applicable Final Terms. In such cases, if, following the transfer of any Securities, the relevant Holder of Securities holds fewer Warrants or Certificates or a lesser principal amount of Notes (as applicable) than the specified minimum trading amount, such Holder of Securities will not be permitted to transfer their remaining Securities prior to expiration or maturity (as the case may be), without first purchasing enough additional Securities in order to hold the minimum trading amount.

Redemption or Cancellation of Securities (as applicable) in the Event of Illegality or Impracticability

If the Issuer determines that the performance of its obligations under the relevant Securities has become illegal or impracticable in whole or in part for any reason, the Issuer may redeem Notes or Certificates or cancel Warrants (as applicable) by paying to each Holder of Securities the aggregate fair market value of such Securities less the cost to the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements. Such cancellation may result in an investor not realising a return on an investment in such Securities.

Post-issuance Information

Applicable Final Terms may specify that the Issuer will not provide post-issuance information in relation to the Underlying Reference. In such an event, investors will not be entitled to obtain such information from the Issuer.

The rate of interest or premium amount rate payable on the Securities or the amount payable or deliverable on redemption or exercise of the Securities may in certain circumstances be changed during the life of the Securities

If Coupon Switch Election or Automatic Coupon Switch is specified in the applicable Final Terms, the rate of interest or premium amount payable may be switched from one rate or amount to another in the Issuer's sole and absolute discretion (in the case of Coupon Switch Election) or following the occurrence of an Automatic Coupon Switch Event (in the case of an Automatic Coupon Switch). If Payout Switch Election or Automatic Payout Switch is specified in the applicable Final Terms, the amount payable or deliverable on redemption or exercise may be switched from one amount payable or deliverable to another in the Issuer's sole and absolute discretion (in the case of Payout Switch Election) or following the occurrence of an Automatic Payout Switch Event (in the case of an Automatic Payout Switch). As a consequence of the exercise of a Coupon Switch Election or Payout Switch Election or the occurrence of an Automatic Coupon Switch Event or Automatic Payout Switch Event, the Underlying Reference

may be changed. As the payout on such Securities may be switched during the life of the Securities investors may receive a return which differs from that which they expected to receive.

A Security's purchase price may not reflect its inherent value

Prospective investors in the Securities should be aware that the purchase price of a Security does not necessarily reflect its inherent value. Any difference between a Security's purchase price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or accorded to the various parties involved in structuring and/or distributing the Security. For further information prospective investors should refer to the party from whom they are purchasing the Security. Prospective investors may also wish to seek an independent valuation of a Security prior to its purchase.

The Final Redemption Amount or Cash Settlement Amount, as applicable, or the physical delivery of the Entitlement may be less than the value of an investment in the Security

Each Holder of the Securities may receive a Final Redemption Amount or Cash Settlement Amount, as applicable, and/or physical delivery of the Entitlement the aggregate value of which may be less than the value of the Holder of the Securities' investment in the relevant Securities. In certain circumstances Holders of the Securities may lose the entire value of their investment.

Certain Considerations Regarding Purchasing Securities as Hedges

Prospective purchasers intending to purchase Securities to hedge against the market risk associated with investing in the Underlying Reference which may be specified in the applicable Final Terms should recognise the complexities of utilising Securities in this manner. For example, the value of the Securities may not exactly correlate with the value of the Underlying Reference which may be specified in the applicable Final Terms. Due to fluctuating supply and demand for the Securities, there is no assurance that their value will correlate with movements of the Underlying Reference which may be specified in the applicable Final Terms. For these reasons, among others, it may not be possible to purchase or liquidate securities in a portfolio at the prices used to calculate the value of any relevant Underlying Reference. In addition, in certain cases, the ability of Holder of the Securities to use Securities for hedging may be restricted by the provisions of the U.S. Securities Act of 1933, as amended.

Credit Ratings may not reflect all Risks

One or more independent credit rating agencies may assign credit ratings to the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the applicable Final Terms.

The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Effect of Credit Rating Reduction

The value of the Securities is expected to be affected, in part, by investors' general appraisal of the creditworthiness of any Guarantor. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of such entity (if applicable) by standard statistical rating services, such as Moody's Investors Service Ltd. Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc. and Fitch Ratings Ltd. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer and/or any Guarantor by one of these rating agencies could result in a reduction in the trading value of the Securities.

Risk of Leveraged Exposure

Leverage involves the use of a number of financial techniques to increase the exposure to an Underlying Reference, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Underlying Reference moves in the anticipated direction, it will conversely magnify losses when the Underlying Reference moves against expectations. If the leverage is negative, the maximum loss for investors will be the amount of their initial investment in the Securities. If the relevant Securities include leverage, potential Holder of the Securities should note that these Securities will involve a higher level of risk, and that whenever there are losses such losses may be higher than those of a similar security which is not leveraged. Investors should therefore only invest in leveraged Securities if they fully understand the effects of leverage.

Bull and Bear Certificates

Bull Certificates and Bear Certificates are designed for short-term trading and are not intended for buy-to-hold investing. The percentage change in value (the "**Performance**") of the Certificates over one day will be the Daily Leverage which is a constant factor for each Certificate multiplied by the Performance of the relevant Underlying Reference over that same day adjusted by the applicable Financing Rate (which includes a Fee and may be positive or negative depending on, amongst other things, prevailing interest rates and the income generated or cost incurred from the leverage). Bull Certificates have a positive leveraged performance and aim to produce a positive Performance equal to four times the positive Performance of the relevant Underlying Reference whereas Bear Certificates have an inverse leveraged performance and aim to produce a positive Performance equal to four times the negative Performance of the relevant Underlying Reference. However, because the Performance of the Certificates over any period longer than one day will be derived from the compounded daily Performance of the relevant Underlying Reference during that period, such Certificate's Performance may differ significantly to the overall Performance of the Underlying Reference over that same period. Accordingly, compared to a security that measures change in value of the Underlying Reference between two dates, Bull and Bear Certificates may have significantly different outcomes depending on the number and direction of changes in the daily value of the Underlying Reference over such period and the order in which such changes occur. The potential for divergence between the Performance of the Bull and Bear Certificates and the Performance of the Underlying Reference over the same period of time will increase as such period becomes longer and will be most marked in periods when the value of the Underlying Reference is volatile. Consequently, Bull or Bear Certificates are only suitable for intra-day trading or very short investment periods.

Market and Other Risks

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Securities may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Securities. The provision of a secondary market by any market participant may not alleviate these risks.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest, in the case of Notes, or the cash settlement amount (where applicable), in the case of Warrants, or the cash settlement amount, instalment amount and interest (where applicable) in the case of Certificates, in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Securities, (2) the Investor's Currency-equivalent value of the principal or cash settlement amount payable (as applicable) in respect of the Securities and (3) the Investor's Currency-equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive, in the case of Notes, less interest or principal than expected, or no interest or principal or, in the case of Warrants, a lower cash settlement amount than expected, or no cash settlement amount at all or, in the case of Certificates, less interest, a lower instalment amount or a lower cash settlement amount than expected, or no interest, instalment amount or cash settlement amount at all.

Investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal, tax, accountancy and other advisers to determine whether and to what extent (i) it is permitted by law and regulation to invest in Securities, (ii) Securities may be used as collateral for various types of borrowing, and (iii) other restrictions, including but not limited to accountancy, solvency and liquidity, apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Risks related to the structure of a particular issue of Securities

Risks relating to Underlying Reference Linked Securities

Investments in Underlying Reference Linked Securities entail significant risks and may not be appropriate for investors lacking financial expertise. Prospective investors should consult their own financial, tax and legal advisors as to the risks entailed by an investment in such Securities and the suitability of such Securities in light of their particular circumstances and ensure that their acquisition is fully consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of their incorporation and/or in which they operate, and is a suitable investment for them to make. The Issuer believes that such Securities should only be purchased by investors that are in a position to understand the special risks that an investment in these instruments involves, in particular relating to options and derivatives and related transactions, and should be prepared to sustain a total loss of the purchase price of their Securities.

Underlying Reference Linked Securities are securities which do not provide for predetermined redemption amounts and/or interest payments (in the case of Notes) or settlement amounts or Entitlement (in the case of Warrants) or settlement amounts or Entitlement and/or instalment amounts or interest payable, as applicable, (in the case of Certificates) but amounts payable (whether in respect of principal, interest, and or instalment amounts, and or settlement, as the case may be) or deliverable will be dependent upon the performance of the Underlying References (subject to the terms of any formula for determining the applicable Final Redemption Amount, interest/premium amounts, Cash Settlement Amount or Entitlement, in accordance with the Conditions) which themselves may contain substantial credit, equity, funds, correlation, volatility, commodity interest rate, foreign exchange, time value, political and/or other risks.

An investment in Underlying Reference Linked Securities therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- (i) the Underlying Reference may be subject to significant changes, whether due to the composition of any such Underlying Reference itself, or because of fluctuations in value of the Underlying Reference;
- (ii) the resulting returns or interest rate (where applicable) will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- (iii) the holder of an Underlying Reference Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest, or any other return on principal, may cease to be payable on such Note;
- (iv) any Underlying Reference Linked Warrants held by the relevant Warrantholder may expire worthless or amounts payable on settlement (whether on the cash settlement date or upon earlier cancellation) may be significantly less than the purchase price paid by such Warrantholder;
- (v) any Underlying Reference Linked Certificates held by the relevant Certificateholder may be worthless upon redemption or amounts payable on redemption (whether on maturity or upon earlier repayment) may be significantly less than the purchase price paid by such Certificateholder and any interest or instalment amounts (as applicable) may cease to be payable on such Certificate;

- (vi) any Security that is linked to more than one type of Underlying Reference, or to formulae that encompass the risks associated with more than one type of Underlying Reference, may carry levels of risk that are greater than Securities that are linked to one type of Underlying Reference only;
- (vii) it may not be possible for investors to hedge their exposure to these various risks relating to Underlying Reference Linked Securities;
- (viii) a significant market disruption could mean that any Underlying Reference ceases to exist;
- (ix) each Holder of Securities may receive an amount on redemption, settlement or cancellation (as the case may be) and/or physical delivery of securities together with cash for rounding in respect of any Underlying Reference Linked Notes or Underlying Reference Linked Certificates, as the case may be, and the amount payable on redemption, settlement or cancellation (as the case may be) and/or the aggregate value of securities physically delivered and cash may be significantly less than the value of the relevant Holder of Securities' investment in such Securities or the amount of such investment; and
- (x) in the case of any Securities exposed to the performance of a basket of Underlying References, the assets so delivered under the terms of such Securities may relate to, or the Final Redemption Amount, Cash Settlement Amount or interest/premium amount (as the case may be) may be calculated by reference to, the worst performing Underlying Reference or any other formula specified as being applicable in the applicable Final Terms.

In addition, the value of Underlying Reference Linked Securities on the secondary market is subject to greater levels of risk than is the value of other Securities and the market price of such Securities may be very volatile or there may even be no (or a very limited) secondary market. The secondary market, if any, for Underlying Reference Linked Securities will be affected by a number of factors, independent of the creditworthiness of the Issuer and/or any Guarantor (if applicable), including (but not limited to) the creditworthiness of any reference entity, the value of the applicable Underlying Reference, the volatility of the Underlying Reference, the time remaining to the maturity, in the case of Notes and Certificates or the expiry, in the case of Warrants, the amount outstanding (in the case of Notes and Certificates) and market interest rates. The value of the applicable Underlying Reference depends on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control.

Additionally, if the formula used in the payout to determine the amount of principal, premium, instalment amounts, interest, settlement amount or Entitlement payable or deliverable, as applicable, with respect to Underlying Reference Linked Notes and Underlying Reference Linked Certificates, or the settlement amount or Entitlement with respect to Underlying Reference Linked Warrants contains a weighting or leverage factor, the effect of any change in the Underlying Reference will be increased. The historical experience of the Underlying Reference should not be taken as an indication of future performance of such Underlying Reference during the term of any such Security.

Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Underlying Reference Linked Securities.

None of the Issuer, BNP Paribas, the Trustee, the Dealer, BNL or their respective affiliates provide any advice with respect to any Underlying Reference nor make any representation as to its

quality, credit or otherwise, and investors in the relevant Securities must rely on their own sources of analysis, including credit analysis with respect to any Underlying Reference.

The risks reflect the nature of such a Security as an asset which may become worthless when redeemed (in the case of Notes and Certificates) or during the exercise period or on the Expiration Date (in the case of Warrants). The risk of the loss of some or all of the purchase price of an Underlying Reference Linked Note upon redemption or the risk of an Underlying Reference Linked Warrant or an Underlying Reference Linked Certificate, as the case may be, becoming or expiring worthless means that, in order to recover and realise a return upon its investment, a purchaser of such Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Underlying Reference.

Risks relating to Index Linked Securities

The Issuer may issue Securities where the amount of principal and/or interest payable or deliverable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon the level of an index or indices ("**Index Linked Notes**", "**Index Linked Warrants**" and "**Index Linked Certificates**" respectively, and together, "**Index Linked Securities**").

Potential investors in any such Securities should be aware that depending on the terms of the Index Linked Securities (a) in the case of Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of the Entitlement may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment; (b) in the case of Index Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment; and (c) in the case of Index Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the level of an index or indices may be subject to significant fluctuations that may or may not correlate with other indices, changes in interest rates or currencies and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified.

The market price of such Securities may be volatile and may depend on the time remaining to the redemption date or expiration date (as applicable) and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded. The index may reference equities, bonds or other securities or it may be a property index referencing certain property price data which will be subject to market price fluctuations. A property index may include valuations

only and not actual transactions and the property data sources used to compile the index may be subject to change, which may adversely affect the return on the Securities.

An investment in Index Linked Notes, Index Linked Warrants or Index Linked Certificates linked to a custom index ("**Custom Index Linked Notes**", "**Custom Index Linked Warrants**" or "**Custom Index Linked Certificates**" respectively, and together "**Custom Index Linked Securities**") will entail significant risks not associated with an investment in a conventional debt security. On an interest payment date or on maturity, as the case may be, of Custom Index Linked Notes, Noteholders will receive an amount (if any) determined by reference to the value of the underlying custom index/custom indices. On the exercise date of Custom Index Linked Warrants, Warrantholders will receive an amount or Entitlement (if any) determined by reference to the value of the underlying custom index/custom indices. On an interest payment date or on the exercise date, as the case may be, of Custom Index Linked Certificates, the Certificateholders will receive an amount or Entitlement, as applicable (if any) determined by reference to the value of the underlying custom index/custom indices. Such custom index may be an index established, sponsored and/or calculated by the Swap Counterparty and/or its affiliates or another entity which may not be widely published or available. The custom index may reference equities, bonds, indices, rates, commodities, funds or other securities, it may be a property index referencing certain property price data which will be subject to market price fluctuations or even a combination of all or some of the foregoing.

Pursuant to the operational rules of the relevant custom index/custom indices, the custom index/custom indices generally are scheduled to be calculated on each weekday. In the event that one of the levels/values/prices of a component included in the custom index/custom indices is not available for any reason on any weekday (i.e., either because it is a non-scheduled trading day in respect of that index component or that index component is subject to a market disruption or otherwise) (a "**Disrupted Day**") then the calculation agent of the custom index/custom indices may, but is not obliged to, calculate the level of the custom index/custom indices on that day by taking a level/value/price for the affected index component from the preceding day on which a level for such affected index component was available.

For the avoidance of doubt, the Swap Counterparty and/or its affiliates may not be able to trade on and hedge its obligations in respect of the custom index/custom indices under the relevant Swap Agreement and or other underlying hedging arrangements notwithstanding the calculation agent of the custom index/custom indices has calculated and published a level in respect of such day. In the event that the strike date or initial calculation date (as the case may be) or any other valuation or observation date is a Disrupted Day for the custom index/custom indices, the strike date, initial calculation date or relevant valuation or observation date, as the case may be, shall be the first succeeding day on which the Swap Counterparty and/or its affiliates is able to trade on and hedge its obligations in respect of the custom index/custom indices subject to a specified maximum days of disruption, as more fully set out in the terms and conditions of the relevant Securities.

Where the Underlying Reference is a custom index and a custom index adjustment event (as described in the terms and conditions of the relevant Securities) occurs, the Calculation Agent may make such adjustments as it determines appropriate to the terms of such Securities (including substituting a custom index with another custom index with a similar strategy as the original custom index) or notify the Issuer that it has not determined any appropriate adjustment, following which the Issuer will redeem (in the case of Notes and Certificates) or cancel (in the case of Warrants) such Securities. In making such adjustment or determination, the Calculation Agent shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar adjustment or other determination made in respect of any applicable Swap Agreement in relation to such custom index adjustment event. Such action may have an adverse effect on the value and liquidity of the affected Custom Index Linked Securities.

Risks relating to Share Linked Securities

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon the price of, or changes in the price of, shares, GDRs and/or ADRs or a basket of shares, GDRs and/or ADRs or where the Issuer's obligation on redemption or settlement (as the case may be) is to deliver a specified number of shares, GDRs and/or ADRs ("**Share Linked Notes**", "**Share Linked Certificates**" and "**Share Linked Warrants**" respectively and together "**Share Linked Securities**"). Accordingly an investment in Share Linked Securities may bear similar market risks to a direct equity investment and potential investors should take advice accordingly.

Potential investors in any such Securities should be aware that, depending on the terms of the Share Linked Securities, (a) in the case of Share Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment and (b) in the case of Share Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Share Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement amount or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the price of a share or basket of shares may be subject to significant fluctuations that may or may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares, GDR or GDRs and/or ADR or ADRs on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified.

The market price of such Securities may be volatile and may be affected by the time remaining to the redemption date or expiration date (as applicable), the volatility of the share or shares, GDR or GDRs and/or ADR or ADRs, the dividend rate (if any) and the financial results and prospects of the issuer or issuers (or the underlying issuer or issuers, as the case may be) of the relevant share or shares, GDR or GDRs and/or ADR or ADRs as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares, GDRs and/or ADRs may be traded.

In the case of Share Linked Securities, no issuer of the underlying shares or, in the case of Share Linked Securities linked to GDRs and/or ADRs, the underlying issuer in respect of such GDRs and/or ADRs, as the case may be, will have participated in the preparation of the applicable Final Terms or in establishing the terms of the relevant Securities, and none of the Issuer, BNP Paribas, the Trustee, the Dealer, BNL or their respective affiliates will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer or underlying issuer, as the case may be, of shares, GDRs and/or ADRs contained in such Final

Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any applicable Final Terms) that would affect the trading price of the share, GDR and/or ADR will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer or underlying issuer, as the case may be, of shares, GDRs and/or ADRs could affect the trading price of the share, GDR and/or ADR and therefore the trading price of the Securities.

Except as provided in the relevant Conditions, Holders of Securities will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares, GDRs and/or ADRs to which such Securities relate.

Risks Relating to Commodity Linked Securities

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the settlement amount (in the case of Warrants) are dependent upon the price of or changes in the price of commodities and/or commodity indices or a basket of commodities and/or commodity indices ("**Commodity Linked Notes**", "**Commodity Linked Certificates**" and "**Commodity Linked Warrants**" respectively and together "**Commodity Linked Securities**"). Accordingly an investment in Commodity Linked Securities may bear similar market risks to a direct commodity investment and potential investors should take advice accordingly.

Potential investors in any such Securities should be aware that, depending on the terms of the Commodity Linked Securities, (a) in the case of Commodity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment, (b) in the case of Commodity Linked Warrants (i) payment of any cash settlement amount may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Commodity Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any final redemption amount or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the price of the commodity and/or commodity index or basket of commodities and/or commodity indices may be subject to significant fluctuations that may or may not correlate with other indices, changes in interest rates or currencies and the timing of changes in the relevant price of a commodity and/or commodity index may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable (in the case of Notes) or the settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of a commodity and/or commodity index on principal or interest or the instalment amount payable or the settlement amount (as the case may be) will be magnified.

Where the Commodity Linked Securities are linked to a commodity index, such commodity index may be a well known and widely available commodity index or a commodity index which may not be well known or widely available and in which case information (including past performance)

may be less readily available. The commodity index may be comprised of futures contracts, mono-indices, or other commodity indices, which may be proprietary. Commodity Linked Securities may be linked to a commodity index which may be sponsored and/or calculated by BNP Paribas or one of its affiliates. Pursuant to the operational rules of the relevant commodity index, the commodity index is scheduled to be calculated on a periodic basis (for example on each weekday). In the event that one of the levels, values or prices of a component included in the commodity index is not available for any reason on a relevant day of calculation including, without limitation, (a) where it is not a business day in respect of that commodity index component or (b) that commodity index component is subject to a market disruption event, then the calculation agent of the commodity index may, but is not obliged to, calculate the level of the commodity index for the relevant day by taking a value for the affected index component on the first day following the end of a specified maximum days of disruption based on the price at which it is able to sell or otherwise realise any hedge position. For further information on the effect of a market disruption event in relation to Commodity Linked Securities, please refer to the paragraph below entitled "*Market Disruption Events relating to Commodity Linked Securities*".

The Swap Counterparty and/or its affiliates may not be able to hedge their obligations in respect of the commodity index under the Swap Agreement and/or other underlying hedge arrangements, notwithstanding the calculation and publication of the level of the commodity index. In the event that a Market Disruption Event is occurring on the Initial Pricing Date or any Pricing Date, the Initial Pricing Date or Pricing Date will be postponed until the first succeeding Pricing Date that is not a Commodity Disrupted Day, subject to a specified maximum days of disruption, as more fully set out in the terms and conditions of the relevant Securities.

Market Disruption Events relating to Commodity Linked Securities

If a Market Disruption Event (as defined in the Conditions relating to Commodity Linked Securities) occurs or is continuing on a date for valuation then:

- (a) the Calculation Agent will determine if such event has a material effect on the Securities and, if so, will calculate the relevant Interest Amount and/or Final Redemption Amount or Cash Settlement Amount and/or make another relevant calculation using, in lieu of a published price or level for the relevant Commodity or Commodity Index, the Commodity Fallback Value;
- (b) the Calculation Agent may substitute the relevant affected Commodity or Index Component with a Commodity or Index Component selected by it in accordance with the criteria set out in the Commodity Linked Conditions and will make such adjustment, if any, to any terms of the Securities as the Calculation Agent in its sole and absolute discretion determines appropriate; or
- (c) the Issuer will cancel or redeem, as applicable, the Securities.

Consequently the occurrence of a Market Disruption Event in relation to a Commodity, Commodity Index or Index Component may have an adverse effect on the value or liquidity of the Securities.

Adjustment Events relating to Commodity Linked Securities

In the case of a Securities linked to a Commodity Index, if a relevant Commodity Index is (i) not calculated and announced by the Index Sponsor in respect of the Commodity Index but is calculated and announced by a successor sponsor or successor entity, as the case may be, acceptable to the Calculation Agent, or (ii) replaced by a successor Commodity Index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method

of calculation as used in the calculation of that Commodity Index, then, in each case, that Commodity Index will be deemed to be the Commodity Index. The occurrence of a Commodity Index Modification, Commodity Index Cancellation or Commodity Index Disruption (each being a "**Commodity Index Adjustment Event**") may lead to:

- (i) the Calculation Agent determining the Relevant Price using, in lieu of a published level, the Commodity Fallback Value (if the Calculation Agent determines such Commodity Index Adjustment Event has a material effect on the Securities); or
- (ii) cancellation or early redemption of the Securities.

Risks relating to Currency Linked Securities

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Securities are denominated ("**Currency Linked Notes**", "**Currency Linked Warrants**" and "**Currency Linked Certificates**" respectively and together "**Currency Linked Securities**"). Accordingly an investment in Currency Linked Securities may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Potential investors in any such securities should be aware that, depending on the terms of the Currency Linked Securities, (a) in the case of Currency Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose all or a substantial portion of their investment, (b) in the case of Currency Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Currency Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement amount or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may or may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macroeconomic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). In recent years, rates of exchange between some currencies have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Security. Fluctuations in exchange rates will affect the value of Currency Linked Securities. Furthermore, Holders of Securities who intend to convert gains or losses from the exercise, redemption or sale of Currency Linked Securities into their home currency may be affected by fluctuations in exchange rates between their home currency and the relevant currency (or basket of currencies).

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified.

The market price of such Securities may be volatile and, if the amount of principal and/or interest payable or the settlement amount or Entitlement (as the case may be) are dependent upon movements in currency exchange rates, may depend upon the time remaining to the redemption date or exercise date (as applicable) and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

In the case of Warrants and Certificates only, if additional warrants, securities or options relating to particular currencies or particular currency indices are subsequently issued, the supply of warrants and options relating to such currencies or currency indices, as applicable, in the market will increase, which could cause the price at which the Warrants and such other warrants, securities and options trade in the secondary market to decline significantly.

Risks relating to Fund Linked Securities

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon the price or changes in the price of units or shares in a fund or funds or, depending on the price or changes in the price of units or shares in such fund or funds, the Issuer's obligation on redemption is to deliver a specified amount of Fund Shares ("**Fund Linked Notes**", "**Fund Linked Warrants**" and "**Fund Linked Certificates**" respectively and together "**Fund Linked Securities**"). Accordingly an investment in Fund Linked Securities may bear similar market risks to a direct fund investment and potential investors should take advice accordingly.

Funds may trade and invest in a broad range of investments and financial instruments such as debt and equity securities, commodities and foreign exchange and may enter into derivative transactions, including, without limitation, futures, swaps and options using sophisticated investment techniques for hedging and non-hedging purposes. Such financial instruments and investment techniques may also include, but are not limited to, the use of leverage, short sales of securities, transactions that involve the lending of securities to financial institutions, the entry into repurchase and reverse repurchase agreements for securities and the investment in foreign securities and foreign currencies. While these investment strategies and financial instruments provide the investment manager and/or adviser of a fund the flexibility to implement a range of strategies in an attempt to generate positive returns for the fund, they also create the risk of significant losses that may adversely affect the value of the fund and therefore the return on the Fund Linked Securities. Potential investors should be aware that none of the Issuer, the Swap Counterparty, the Guarantor (if any) or the Calculation Agent have any control over investments made by a fund and therefore in no way guarantee the performance of a fund or, therefore, any amount due to Holders of Securities which are Fund Linked Securities.

Funds may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of funds are often opaque. Funds, as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities.

The amount payable on Fund Linked Securities will be dependent on the performance of the relevant fund(s) underlying the Fund Linked Securities, which may be linked to the reported net asset value ("NAV") per fund share and/or the actual redemption proceeds the Hedge Provider (as defined in the Conditions) or a hypothetical investor in the relevant fund(s) would receive. The amount payable on the Fund Linked Securities may be less than the amount payable from a direct investment in the relevant fund(s). In certain circumstances, a fund may continue reporting a NAV per fund share, but the Hedge Provider or a hypothetical investor may not be able to realise their investment in the relevant fund(s) at such reported NAV per fund share. In such a case, the return on the Fund Linked Securities may be less and in certain circumstances may be significantly less than the reported performance of the relevant fund(s) and may be zero.

A fund may be established as part of a master-feeder fund structure. Generally, a master-feeder fund structure involves the incorporation of a "master" fund company into which separate and distinct "feeder" funds invest. Active management of any investment strategy is, generally, performed at the master fund level. In instances where the fund(s) underlying the relevant Fund Linked Securities are "feeder" funds, the Extraordinary Fund Events (see below) extend to include the "master" fund and its service providers. In conducting their own due diligence of the relevant fund(s), prospective investors should pay particular attention to whether the relevant fund(s) are established as part of a master-feeder fund structure.

In hedging its obligations under any Swap Agreement relating to Fund Linked Securities, the Hedge Provider is not restricted to any particular hedging practice. Accordingly, the Hedge Provider may hedge its exposure using any method it, in its sole discretion, deems appropriate, including, but not limited to, investing in the relevant fund(s), replicating the performance of the relevant fund(s) or holding any of the assets underlying the relevant fund(s). The Hedge Provider may perform any number of different hedging practices with respect to Fund Linked Securities.

Prospective investors in any such Securities should be aware that, depending on the terms of the Fund Linked Securities, (a) in the case of Fund Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment, (b) in the case of Fund Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Fund Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement amount or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may or may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to investors, even if the average level is consistent with their expectations. Prospective investors should also be aware that in the event of the occurrence of one or more Extraordinary Fund Events then (A) the Issuer may (i) substitute the relevant Fund Shares with fund shares of a fund with similar characteristics or if no such fund is selected with a replacement index or redeem, (ii) cancel the Securities (as applicable) or (iii) take no further action and (B) the Calculation Agent may make such adjustments to the relevant Fund, Fund Shares, Weighting and/or the terms and conditions of the relevant Securities as it determines appropriate in its sole and absolute discretion. In making such substitution, adjustment or other determination, the Issuer and/or the Calculation Agent (as the case may be) shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar substitution, adjustment or

other determination made in respect of any applicable Swap Agreement in relation to such Extraordinary Fund Event.

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified. The market price of such Securities may be volatile and may depend on the time remaining to the redemption date or Expiration Date (as applicable) and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded. In addition, the price of units or shares in a fund may be affected by the performance of the fund service providers, and in particular the investment adviser.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund(s) before purchasing any Securities. None of the Issuer, BNP Paribas and its respective affiliates, the Dealer, BNL or any other Guarantor (if applicable), any affiliate of any Guarantor (if applicable), the Trustee or the Calculation Agent make any representation as to the creditworthiness of any relevant fund or any such fund's administrator, custodian, investment manager or adviser or in respect of any prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund. There can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the fund shares or units will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of fund shares or units could affect the trading price of the fund shares or units and therefore the trading price of the Securities. Fund Linked Securities do not provide Holders with any participation rights in the underlying Fund(s) and except in certain circumstances in the case of Physical Delivery Securities, do not entitle holders of Fund Linked Securities to any ownership interest or rights in such Fund(s).

For all the above reasons, investing directly or indirectly in Funds is generally considered to be risky. If the underlying Fund does not perform sufficiently well, the value of the Securities will fall and may in certain circumstances be zero.

Other Events relating to Fund Linked Securities

In the case of Fund Securities, if certain events ("**Extraordinary Fund Events**") including events relating to Global Events, Litigation/Fraudulent Activity Events, Fund Service Provider/Key Person Events, Modification Events, NAV per Fund Share/AUM Level Events, Reporting Events, Tax/Law/Accounting/Regulatory Events, Hedging/Impracticality/Increased Costs Events, Dealing Events and Miscellaneous Events in the determination of the Calculation Agent occur, the Calculation Agent may, in its sole and absolute discretion, determine that no action will be taken to adjust the terms of the Securities to reflect such event, substitute the relevant Fund Shares or cancel (in the case of Warrants) or redeem (in the case of Notes or Certificates) the Securities.

Consequently the occurrence of an Extraordinary Fund Event may have an adverse effect on the value or liquidity of the Securities.

In addition, in the event that redemption proceeds in respect of the underlying Fund Shares are not received by the Hedge Provider on or prior to the scheduled date for redemption or settlement, as the case may be, such redemption or settlement date may be postponed for a period of up to two calendar years (or such other period as may be specified in the applicable Final Terms) and no additional amount shall be payable as a result of such delay.

The Calculation Agent will exercise its rights under the Fund Linked Conditions, including in particular the action it takes, or directs shall be taken, on the occurrence of an Extraordinary Fund Event, in its sole and absolute discretion. Subject to all regulatory obligations, none of the Issuer, the Guarantor (if any) or the Calculation Agent owes any duty or responsibility to any of the Holders of the Fund Linked Securities. The exercise of such rights in such manner may result in an increased loss in performance of the Fund Linked Securities than if the Calculation Agent had taken different action.

Risks relating to Credit Linked Securities

The Issuer may issue Notes or Certificates where the amount of principal and/or interest payable (in the case of Notes) or the settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) are dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more Reference Entities and, if so, on the value of certain specified assets of such Reference Entity/Entities or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets.

Prospective investors in any such Notes or Certificates ("**Credit Linked Securities**") should be aware that, depending on the terms of the Credit Linked Securities, (i) they may receive no or a limited amount of interest, (ii) payment of principal (in the case of Notes) or any instalment amount or cash settlement amount (in the case of Certificates) or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Credit Linked Securities may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the reference entity which, in turn, may be affected by the economic, financial and political events in one or more jurisdictions.

Where the Credit Linked Securities provide for physical delivery, the Calculation Agent may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the specified settlement date or (b) assets which the Issuer has not received under the terms of any transaction entered into by the Issuer in connection with the Credit Linked Securities. Any such determination may delay settlement in respect of the Credit Linked Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Credit Linked Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes or Certificates and as a result, the amount of principal payable on redemption. Prospective investors should review the Terms and Conditions of the Notes or the Terms and Conditions of the Certificates, as the case may be, and the applicable Final Terms to ascertain whether and how such provisions should apply to the Notes or Certificates.

Interest rate risks

Investment in Fixed Rate Notes or Certificates or any Note or Certificate with a fixed rate component involves the risk that subsequent changes in market interest rates may adversely affect the value of such Notes or Certificates.

Additional risk factors for Credit Linked Securities

Holdings are exposed to credit risk on Reference Entities

The holders of Credit Linked Securities will be exposed to the credit risk of one or more Reference Entities, which exposure shall be, unless otherwise stated in the Conditions and the applicable Final Terms, to the full extent of their investment in such Credit Linked Securities. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Holders of Securities may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Credit Linked Security is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference Entity and/or could arise for reasons unrelated to such Reference Entity. Holders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls.

Where cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result either (in the case of Notes) in a redemption in a reduced principal amount or at zero or (in the case of Certificates) in a redemption in a lower cash settlement amount than anticipated or at zero, and, (if applicable) in a reduction of the amount on which interest is calculated. Where physical settlement applies, the occurrence of a Credit Event may result in the redemption of the Credit Linked Securities based on the valuation (or by delivery) of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount.

Investors in the Securities are accordingly exposed, as to principal and (if applicable) interest, in the case of Notes, and as to the cash settlement amount and/or instalment amount and/or interest (as applicable) in the case of Certificates, to the credit risk of the Reference Entity. The maximum loss to an investor in the Securities is 100 per cent. of their initial investment, together with (if applicable) any interest amounts.

A Credit Event may occur prior to the Trade Date

Noteholders may suffer a loss of some or all of the principal amount of the Notes and Certificateholders may see a reduction in the value of the Certificates, in respect of one or more Credit Events that occur on or after the date falling 60 days prior to the Trade Date (being a date specified in the Final Terms or being, generally, the date on which the initial investor(s) in any Series of Credit Linked Securities commit to purchase such Credit Linked Securities, and accordingly, on which the Swap Counterparty will undertake related hedging activity) or the Issue Date. Accordingly, the Holder of Credit Notes or Certificates will be exposed to the risk of the occurrence of any Credit Event after such date even if it occurs prior to the Issue Date, which may be several weeks after the Trade Date. If the Reference Entity suffers a Credit Event prior to the Issue Date and a Credit Event Notice and a Notice of Publicly Available Information (if applicable) are properly delivered, which may occur on or shortly after the Issue Date of the Notes or Certificates, such Notes or Certificates will be subject to exercise, at or shortly after the Issue Date. No interest will accrue on such Notes or Certificates. Neither the Calculation Agent or the

Issuer or any Guarantor (if applicable) nor any of their respective affiliates has any responsibility to inform any Holder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Increased credit risk is associated with Nth-to-Default Credit Linked Securities

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities, the Securities will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the nth Reference Entity. The credit risk to Holders of Securities may therefore be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Credit risk may be increased where Reference Entities are concentrated in a particular sector or region

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities or Linear Basket Credit Linked Securities, the credit risk to investors in the Credit Linked Securities may be increased, amongst other things, as a result of the concentration of Reference Entities in a particular industry sector or geographic area, or the exposure of the Reference Entities to similar financial or other risks.

Rights of the Swap Counterparty and Calculation Agent

The Swap Counterparty will exercise its rights under the terms of the Securities and the relevant Swap Agreement, including in particular the right to designate a Credit Event and the right to select obligations of the affected Reference Entity for valuation or delivery, in the interests of itself and of its affiliates, and not in the interests of investors in the Securities. The exercise of such rights in such manner, for example by the selection of the eligible obligations of the Reference Entity having the lowest possible market value, may result in an increased credit loss for holders of the Securities.

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent shall (in the absence of manifest error) be final and binding on the Holders of Securities. In performing its duties pursuant to the Securities, the Calculation Agent shall act in its sole and absolute discretion and is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. In making any determinations expressed to be made by it, for example, as to substitute Reference Obligations or Successors, the Calculation Agent is under no obligation to the Holders of Securities, and will not be liable to account for any profit or other benefit which may accrue to it as a result of such determination.

Actions of Reference Entities may affect the value of the Securities

Actions of Reference Entities (for example, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of the Securities. The views of market participants and/or legal counsel may differ as to how the terms of market standard credit default swaps, and corresponding terms of the Securities and the relevant Swap Agreement, should be interpreted in the context of such actions, or such terms may operate in a manner contrary to the expectations of market participants and/or adversely to the interests of Holders of Securities. Holders of Securities should be aware that the Reference Entities to which the value of the Securities is exposed, and the terms of such exposure, may change over the term of the Securities.

Payments in the Securities may be deferred or suspended

In certain circumstances, for example, where a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, where a potential Credit Event exists as at the scheduled maturity of the Securities, or pending a resolution of a Credit Derivatives Determinations Committee, payment of the redemption amount of the Notes or the cash settlement amount of the Certificates, and/or interest on the Securities may be deferred for a material period in whole or part without compensation to the Holders of Securities.

Suspension of Obligations will suspend payment of principal (in the case of Notes) and interest

If the Calculation Agent determines that, under the terms of the Securities, the obligations of the parties would be suspended pending a resolution of a Credit Derivatives Determination Committee all of the obligations of the Issuer under each Security (including any obligation to deliver any notices, pay any interest, pay any principal or Final Redemption Amount (in the case of Notes) or pay any cash settlement amount (in the case of Certificates) or to make any delivery) shall, be and remain suspended until ISDA publicly announces that the relevant Credit Derivatives Determination Committee has resolved the matter in question or not to determine such matters. The Calculation Agent will provide notice of such suspension as soon as reasonably practicable; however, any failure or delay by the Calculation Agent in providing such notice will not affect the validity or effect of such suspension. No interest shall accrue on any payments which are suspended in accordance with the above.

Use of Auction Settlement may adversely affect returns to Holders of Securities

Where the Securities are redeemed following the occurrence of a Credit Event by reference to an auction sponsored by ISDA, the Swap Counterparty and/or its affiliates may act as a participating bidder in any such Auction and, in such capacity, may take certain actions which may influence the Auction Final Price including (without limitation) submitting bids, offers and physical settlement requests with respect to the obligations of the Reference Entity. If the Swap Counterparty and/or its affiliates participate in an Auction, then they will do so without regard to the interests of Holders of Securities, and such participation may have a material adverse effect on the outcome of the relevant Auction and/or on the Securities. Holders of Securities will have no right to submit bids and/or offers in an Auction.

The Auction Final Price determined pursuant to an Auction may be less than the market value that would otherwise have been determined in respect of the specified Reference Entity or its obligations. In particular, the Auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Auctions may be conducted by ISDA or by a relevant third party. Neither the Calculation Agent, the Swap Counterparty, the Issuer nor any of their respective affiliates has any responsibility for verifying that any auction price is reflective of current market values, for establishing any Auction methodology or for verifying that any Auction has been conducted in accordance with its rules. Neither the Issuer nor the Swap Counterparty will have any responsibility to dispute any determination of an Auction Final Price or to verify that any Auction has been conducted in accordance with its rules.

Following a Restructuring Credit Event in relation to which ISDA sponsors multiple concurrent Auctions, but where there is no Auction relating to credit derivative transactions with a maturity of the Credit Linked Securities, if the Calculation Agent exercises the right of the buyer of credit risk protection under the Credit Linked Securities to elect that the Auction Final Price is determined by reference to an alternative Auction, the Auction Final Price so determined may be lower than the amount which would have been determined based on quotations sought from third party dealers

Use of Cash Settlement may adversely affect returns to Holders of Securities

If the Securities are cash settled, then, following the occurrence of a Credit Event, the Calculation Agent will be required to seek quotations in respect of selected obligations of the affected Reference Entity. Quotations obtained will be "bid-side" - that is, they will be reduced to take account of a bid-offer spread charged by the relevant dealer. Such quotations may not be available, or the level of such quotations may be substantially reduced as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the affected Reference Entity (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cashflows. Quotations will be deemed to be zero in the event that no such quotations are available.

Where credit losses are determined on the basis of a market auction, such losses may be greater than the losses which would have been determined in the absence of such auction. If the Swap Counterparty or any affiliate thereof participates in any auction for the purposes of such an auction, then it will do so without regard to the interests of the Holders of Securities. Such participation may have a material effect on the outcome of the relevant auction.

"Cheapest-to-Deliver" risk

Since the Swap Counterparty, as buyer of protection, has discretion to choose the portfolio of obligations to be valued or delivered following a Credit Event in respect of a Reference Entity, it is likely that the portfolio of obligations selected will be obligations of the Reference Entity with the lowest market value that are permitted to be selected pursuant to the Securities and the Swap Agreement. This could result in a lower recovery value and hence greater losses for investors in the Securities.

No information

Neither the Swap Counterparty nor the Issuer is obliged to disclose to Holders of Securities any information which it may have at the Issue Date of the Securities or receive thereafter in relation any Reference Entity.

Compounding of risks

Risks relating to the Securities may be correlated or compounded and such correlation and/or compounding may result in increased volatility in the value of the Securities and/or in increased losses for Holders of Securities.

No need for loss

Where the Securities are Single Reference Entity Credit Linked Securities, Nth-to-Default Credit Linked Securities or Linear Basket Credit Linked Securities, credit losses will be calculated for the purposes of the Securities and the relevant Swap Agreement irrespective of whether the Swap Counterparty or its affiliates or the Issuer has suffered an actual loss in relation to the Reference Entity or any obligations thereof. Neither the Swap Counterparty nor the Issuer is obliged to account for any recovery which it may subsequently make in relation to such Reference Entity or its obligations.

No interest in obligations of Reference Entities

The Securities and the relevant Swap Agreement do not constitute an acquisition by the Holders of Securities of any interest in any obligation of a Reference Entity and the Holders of Securities will

not have any voting or other rights in relation to such obligation. Neither the Swap Counterparty nor the Issuer grants any security interest over any such obligation.

Absence of benchmarks for valuation

In determining the value of the Securities, dealers may take into account the level of a related credit index in addition to or as an alternative to other sources of pricing data. If any relevant index ceases to be liquid, or ceases to be published in its entirety, then the value of the Securities may be adversely affected.

Historical performance may not predict future performance

Individual credits may not perform as indicated by the historical performance of similar credits. Even if future performance is similar to that of historic performance for the entire market, each prospective purchaser of Securities must make its own determination as to whether the performance of the Securities will reflect such experience. Historical default statistics may not capture events that would constitute Credit Events for the purposes of the Securities and the relevant Swap Agreement.

Limited provision of information about the Reference Entities

This Base Prospectus does not provide any information with respect to the Reference Entities. Investors should conduct their own investigation and analysis with respect to the creditworthiness of Reference Entities and the likelihood of the occurrence of a Succession Event or Credit Event.

Reference Entities may not be subject to regular reporting requirements under United Kingdom securities laws. The Reference Entities may report information in accordance with different disclosure and accounting standards. Consequently, the information available for such Reference Entities may be different from, and in some cases less than, the information available for entities that are subject to the reporting requirements under United Kingdom securities laws. None of the Issuer, the Swap Counterparty, the Calculation Agent, any Guarantor (if applicable) or any of their respective affiliates makes any representation as to the accuracy or completeness of any information available with respect to the Reference Entities.

None of the Issuer, the Swap Counterparty, or the Calculation Agent, any Guarantor (if applicable) or any of their respective affiliates will have any obligation to keep investors informed as to any matters with respect to the Reference Entities or any of their obligations, including whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event or a Succession Event with respect to the Reference Entities.

Prospective investors should note that in certain circumstances, there may be no requirement for the Issuer to give information which is generally publicly available in relation to the occurrence of a Credit Event. If a Credit Event occurs in respect of an obligation of a Reference Entity which is not public, Holders of the Securities may not be able to verify the occurrence of such Credit Event.

Cash Settlement (whether by reference to an Auction or a dealer poll) may be less advantageous than physical delivery of assets

Payments on the Securities following the occurrence of an Event Determination Date may be in cash and will reflect the value of relevant obligations of the affected Reference Entity at a given date. Such payments may be less than the recovery which would ultimately be realised by a holder of debt obligations of the affected Reference Entity, whether by means of enforcement of rights following a default or receipt of distributions following an insolvency or otherwise.

Conflicts of Interest – Credit Derivatives Determinations Committees

The Swap Counterparty or any of its affiliates may act as a member of a Credit Derivatives Determinations Committee. In such case, the interests of the Swap Counterparty or its affiliates may be opposed to the interests of Holders of Securities and they will be entitled to and will act without regard to the interests of Holders of Securities.

Rights associated with Credit Derivatives Determinations Committees

The institutions which are members of each Credit Derivatives Determinations Committee owe no duty to the Holders of Securities and have the ability to make determinations that may materially affect the Holders of Securities, such as the occurrence of a Credit Event or a Succession Event. A Credit Derivatives Determinations Committee will be able to make determinations without action or knowledge of the Holders of Securities.

Holders of Securities will have no role in the composition of any Credit Derivatives Determinations Committee. Separate criteria apply with respect to the selection of dealer and non-dealer institutions to serve on a Credit Derivatives Determinations Committee and the Holders of Securities will have no role in establishing such criteria. In addition, the composition of a Credit Derivatives Determinations Committee will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. The Holders of Securities will have no control over the process of selecting institutions to participate on the Credit Derivatives Determinations Committee and, to the extent provided for in the Securities will be subject to the determinations made by such selected institutions in accordance with the Rules.

Holders of Securities will have no recourse against either the institutions serving on a Credit Derivatives Determinations Committee or the external reviewers. Institutions serving on a Credit Derivatives Determinations Committee and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on a Credit Derivatives Determinations Committee do not owe any duty to the Holders of Securities and the Holders of Securities will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Holders of Securities should also be aware that institutions serving on a Credit Derivatives Determinations Committee have no duty to research or verify the veracity of information on which a specific determination is based. In addition, a Credit Derivatives Determinations Committee is not obliged to follow previous determinations and, therefore, could reach a conflicting determination on a similar set of facts. If the Swap Counterparty or the Calculation Agent or any of their respective affiliates serve as a member of a Credit Derivatives Determinations Committee at any time, then they will act without regard to the interests of the Holders of Securities.

Holders of Securities are responsible for obtaining information relating to deliberations of a Credit Derivatives Determinations Committee. Notices of questions referred to the Credit Derivatives Determinations Committee, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer nor the Calculation Agent or any of its affiliates shall be obliged to inform the Holders of Securities of such information (other than as expressly provided in respect of the Securities). Failure by the Holders of Securities to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under the Securities and Holders of Securities are solely responsible for obtaining any such information.

Investors should read the Credit Derivatives Determinations Committees Rules as amended from time to time as set out on the ISDA website, <http://www.isda.org/credit/revisedcrules.html> and reach their own views prior to making any investment decisions. Investors should however note that the Rules may subsequently be amended from time to time without the consent or input of the Noteholders and the powers of the Credit Derivatives Determinations Committee may be expanded or modified as a result.

Multiple Auctions Following Restructuring Credit Event

Where multiple concurrent Auctions are held following a Restructuring Credit Event, the Issuer may be entitled to select a particular Auction for the purposes of settlement of the Securities. The Issuer will make such election acting in its own interests and not in the interests of the Holders of Securities.

Non-delivery of Deliverable Obligations and Hedge Disruption Event – will not constitute an Event of Default

Where Physical Settlement is the applicable Settlement Method, if as a result of a Hedge Disruption Event, the Issuer or the Swap Counterparty and/or any of their affiliates have not received the Deliverable Obligations and/or cash under the terms of a Hedge Transaction, such event will not constitute an Event of Default for the purposes of the Securities. In such circumstances settlement of the Securities may be substantially delayed and/or may be in cash (in whole or in part).

The Calculation Agent may modify the terms of the Securities

The Calculation Agent may, following its determination that there has been a change in the prevailing market standard terms or market trading conventions that affects any hedging transaction (such as, for example, but without limitation, if ISDA publishes changes to the standard terms on which credit default swap contracts affecting a Reference Entity are traded in the over-the-counter market or if the Credit Derivatives Determinations Committee amends the terms of the Credit Derivatives Determinations Committees Rules) modify the terms of the Securities to the extent necessary to preserve any consistency between the Securities, such market standard terms or market trading conventions, and the hedging transaction. If the Calculation Agent modifies the terms of the Securities, it will do so without regard to the interests of the Holders of Securities and any such modification may be prejudicial to the interests of the Holder of Securities.

The Calculation Agent may make such modifications as may be necessary to ensure consistency with any successor provisions which are published by ISDA for the purposes of credit derivatives transactions generally (including with respect to transactions which are entered into prior to the relevant date of publication and which are outstanding as of that date) and/or may apply and rely on determinations of the Credit Derivatives Determinations Committee made in respect of a relevant Reference Entity under any such Successor Provisions notwithstanding any discrepancy between the terms of such provisions and Annex 9 (*Additional Terms and Conditions for Credit Linked Securities*).

Risks relating to ETI Linked Securities

An exchange traded instrument may invest in and trade in a variety of investments and financial instruments using sophisticated investment techniques for hedging and non-hedging purposes. Such financial instruments and investment techniques may include, but are not limited to, the use of leverage, short sales of securities, derivative transactions, such as swaps, stock options, index options, futures contracts and options on futures, lending of securities to certain financial

institutions, entry into repurchase and reverse repurchase agreements for securities and the investment in foreign securities and foreign currencies.

An investment in ETI Linked Securities will entail significant risks not associated with an investment in a conventional debt security. The amount payable on ETI Linked Securities will be dependent on the performance of the relevant exchange traded instruments underlying the ETI Linked Securities, which may be linked to the reported NAV per ETI Interest, the trading price available on an exchange for the relevant ETI Interest and/or the actual redemption proceeds the Hedge Provider or a hypothetical investor in the relevant exchange traded instruments would receive. The amount payable on the ETI Linked Securities may be less and in certain circumstances may be significantly less than the return from a direct investment in the relevant exchange traded instruments and may be zero. Accordingly, an investment in ETI Linked Securities may bear similar market risks to a direct exchange traded instrument investment, and investors should take advice accordingly.

Whilst interests in exchange traded instruments are traded on an exchange and are therefore valued in a similar manner as a share traded on an exchange, certain provisions related to ETI Linked Securities are similar to the provisions related to funds and Fund Linked Securities. However, unlike funds, exchange traded instruments are not actively managed. The value of an interest in an exchange traded instrument will decline, more or less, in line with the decline of any securities or the value of any index underlying or linked to the relevant exchange traded instrument. Exchange traded instruments involve risks similar to those of investing in any equity securities traded on an exchange, such as market fluctuations caused by, amongst other things, economic and political developments, changes in interest rates and perceived trends in prices of securities. Where the relevant exchange traded instrument is linked to a particular index, the return on such exchange traded instrument may not match the return of the particular index.

In the case of ETI Linked Securities, no issuer of the relevant exchange traded instrument will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Securities, and none of the Issuer, the Guarantor (if any), the Swap Counterparty, the Trustee or the Calculation Agent will make any investigation or enquiry in connection with such offering with respect to any information concerning any such exchange traded instrument contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the interests in the exchange traded instrument will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an exchange traded instrument could affect the trading price of interests in the exchange traded instruments and therefore the trading price of the Securities. ETI Linked Securities do not provide Holders of Securities with any participation rights in the underlying exchange traded instruments and, except in certain circumstances in the case of Physical Delivery Securities, do not entitle holders of ETI Linked Securities to any ownership interest or rights in such exchange traded instruments.

In hedging its obligations under any Swap Agreement relating to ETI Linked Securities, the Hedge Provider is not restricted to any particular hedging practice. Accordingly, the Hedge Provider may hedge its exposure using any method it, in its sole discretion, deems appropriate, including, but not limited to, investing in the relevant exchange traded instrument(s), replicating the performance of the relevant exchange traded instrument(s) or holding any of the assets underlying the relevant exchange traded instrument(s). The Hedge Provider may perform any number of different hedging practices with respect to ETI Linked Securities.

Investing directly or indirectly in interests in exchange traded instruments is generally considered to be risky. If the exchange traded instrument does not perform sufficiently well, the value of the Securities will fall, and may in certain circumstances be zero.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by any relevant exchange traded instrument before purchasing any ETI Linked Securities. None of the Issuer, the Guarantor (if any), the Calculation Agent or any of their respective affiliates make any representation as to the creditworthiness of any relevant exchange traded instrument or any such exchange traded instrument's administrative, custodian, investment manager or adviser.

Before selling ETI Linked Securities, Holders of Securities should carefully consider, among other things, (a) the trading price of the ETI Linked Securities, (b) the value and volatility of the Underlying Reference as specified in the applicable Final Terms, (c) the time remaining to expiration or redemption, as the case may be, (d) the probable range of Cash Settlement Amounts, (e) any change(s) in interim interest rates and dividend yields, if applicable, (f) any change(s) in currency exchange rates, (g) the depth of the market or liquidity of the Underlying Reference as specified in the applicable Final Terms and (h) any related transaction costs.

Except as provided in the Conditions, Holders of Securities will not have voting rights to receive dividends or distributions or any other rights with respect to the relevant exchange traded instruments to which such Securities relate.

Potential Adjustment Events relating to ETI Securities

In the case of ETI Linked Securities following the declaration by the relevant exchange traded instruments or any person appointed to provide services directly or indirectly in respect of such exchange traded instrument, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the ETI Interests and, if so, will make the corresponding adjustment, if any, to the terms of the Securities and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant ETI Interest).

Any such adjustment may have an adverse effect on the value and liquidity of such Securities.

Additional Disruption Events and Optional Additional Disruption Events

If an Additional Disruption Event or any Optional Additional Disruption Event specified in the applicable Final Terms occurs (other than in respect of a Failure to Deliver due to Illiquidity), the Securities may be subject to adjustment (including, in the case of Share Linked Securities linked to a Basket of Shares, adjustments to the Basket of Shares), cancellation (in the case of Warrants) or early redemption (in the case of Notes and Certificates) or the amount payable on scheduled redemption (in the case of Notes and Certificates) may be different from the amount expected to be paid at scheduled redemption. In the case if Index Linked Securities linked to a Custom Index, the occurrence of an Additional Disruption Event or Optional Redemption Event specified in the applicable Final Terms may lead to the selection of a successor Index. The Additional Disruption Events relate to changes in law (including changes in tax or regulatory capital requirements) and hedging disruptions in respect of any hedging transactions relating to the Securities (both as more fully set out in the Conditions).

If a Failure to Deliver due to Illiquidity Optional Additional Disruption Event occurs:

- (A) subject as provided in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Expiration Date or Exercise Date (in the case of Warrants), Maturity Date (in the case of Notes) or Redemption Date (in the case of Certificates); and
- (B) in respect of any Affected Relevant Assets, in lieu of physical settlement, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment to the relevant Holder of the Failure to Deliver Settlement Price on the fifth Business Day following the date that notice of such election is given to the Holders in accordance with the relevant Conditions. Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Holders.
- (C) Notwithstanding any other provision of these Conditions, in exercising its discretion in the manner set out above, the Calculation Agent shall, to the extent applicable to the relevant Notes, take into account any corresponding or similar determination or selection or any other adjustment or calculation made in respect of the relevant Swap Agreement in relation to such Additional Disruption Event or Optional Additional Disruption Event.
- (D) Upon the occurrence of an Additional Disruption Event and/or Optional Additional Disruption Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable and the Issuer shall give notice as soon as practicable to the Holders in accordance with the relevant Conditions stating the occurrence of the Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.
- (E) In determining to take a particular action as a result of an Additional Disruption Event or Optional Additional Disruption Event, the Calculation Agent is under no duty to consider the interests of Holders or any other person. In making any determination as to which action to take following the occurrence of an Additional Disruption Event or Optional Additional Disruption Event, none of the Calculation Agent, the Issuer or the Swap Counterparty shall be responsible for any loss (including liability in respect of interest), underperformance or opportunity cost suffered or incurred by Holders or any other person in connection with the Securities as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Securities.

Consequently, the occurrence of an Additional Disruption Event and/or an Optional Additional Disruption Event may have an adverse effect on the value or liquidity of the Securities.

Market Disruption Events or failure to open of an Exchange

If an issue of Underlying Reference Linked Securities includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on the Strike Date or Initial Calculation Date (as applicable), a Valuation Date or Calculation Date (as applicable), Observation Date or Averaging Date and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such date, any consequential postponement of the Strike Date or Initial Calculation Date (as applicable), a Valuation Date or Calculation Date (as applicable), Observation Date or Averaging Date (as the case may be) or any alternative provisions for valuation provided in any such Securities may have an adverse effect on the value and liquidity of such Securities. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Securities such that the relevant Holder of Securities may receive, in the case of Notes and Certificates, a lower cash

redemption or settlement amount and/or interest amount or other payment under the relevant Notes or Certificates, or, in the case of Warrants, a lower settlement amount or Entitlement or other payment under the relevant Warrants, than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an exchange in relation to any Underlying Reference comprising a basket may also have such an adverse effect on Securities related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Securities.

Index Adjustment Events

If (i) on or prior to the last Valuation Date, last Observation Date, last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on a Valuation Date, an Observation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then,

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Securities and, if so, shall calculate the relevant Settlement Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date, Observation Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event;
- (ii) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent may require the Issuer to redeem the Notes or Certificates, as applicable, in which case it will so notify the Issuer and the Issuer will give notice to Noteholders in accordance with the Conditions of the Notes or to the Certificateholders in accordance with the Conditions of the Certificates, as applicable. If the Notes or Certificates are so redeemed the Issuer will pay an amount to each Noteholder or Certificateholder, as the case may be, in respect of each redeemed Note or Certificate being redeemed at an amount equal to the fair market value of each Note or Certificate, taking into account the Index Adjustment Event, less the cost to the Swap Counterparty and/or its Affiliates of unwinding the relevant Swap Agreement (if any) and any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders or to the Certificateholders, as applicable;
- (iii) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note or Certificate, as applicable, taking into account the Index Adjustment Event less the cost to the Swap Counterparty and/or its Affiliates of unwinding any relevant

Swap Agreement or underlying related hedging arrangements (the "**Calculated Amount**") as soon as practicable following the occurrence of the Index Adjustment Event (the "**Calculated Amount Determination Date**") and on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to (x) the Calculated Amount plus interest accrued from and including the Calculated Amount Determination Date to but excluding the Maturity Date (in the case of Notes) or the Redemption Date (in the case of Certificates) at a rate equal to zero per cent. unless otherwise specified in the applicable Final Terms or (y) if Principal Protected Termination Amount is specified as being applicable in the applicable Final Terms and if greater, its nominal amount (in the case of Notes) or its notional amount (in the case of Certificates); or

- (iv) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with the Conditions of the Warrants. If the Warrants are so cancelled the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be the fair market value of a Warrant or a Unit, as the case may be, taking into account the Index Adjustment Event, less the cost to the Swap Counterparty and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders.

Potential Adjustment Events relating to Share Linked Securities

In the case of Share Linked Securities following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will make the corresponding adjustment, if any, to the terms of the Conditions of the Securities as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share). Such adjustment may have an adverse effect on the value and liquidity of the affected Share Linked Securities. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Share Interest traded on that exchange.

Extraordinary Events relating to Share Linked Securities

In the case of Share Linked Securities the occurrence of an Extraordinary Event (as defined in the Share Linked Conditions) in relation to a Share, may lead to:

- (i) adjustments to any of the terms of the Securities (including, in the case of Share Linked Securities linked to a Basket of Shares, adjustments to and/or substitution of constituent shares to the Basket of Shares);
- (ii) in the case of Warrants, early cancellation in whole or, in the case of Share Linked Securities relating to a Basket of Sharers, in part;

- (iii) in the case of Notes and Certificates, early redemption in whole or, in the case of Share Linked Securities relating to a Basket of Shares, in part or the amount payable on scheduled redemption being different from the amount expected to be paid at scheduled redemption;
- (iv) the Calculation Agent making an adjustment to any terms of the Securities which corresponds to any adjustment to the settlement terms of options on the Shares traded on such exchanges(s) or quotation system(s) as the Calculation Agent in its sole discretion shall select (the "**Option Exchange**") or, if options on the Shares are not traded on the Options Exchange, the Calculation Agent making such adjustment, if any, to any terms of the Securities as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary Event that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.

Maturity Date Extension and Settlement Date Extension

If "Maturity Date Extension" (in the case of Notes) or "Settlement Date Extension" (in the case of Warrants) or "Redemption Date Extension" (in the case of Certificates) is specified as applicable, where the Issuer has not received in full the amount it is scheduled to receive in respect of any of the Charged Assets relating to the relevant Securities (such assets the "**Non-Performing Assets**") on or prior to the Early Redemption Date or the Maturity Date (in the case of Notes) or the Early Termination Date or the Settlement Date (in the case of Warrants), or the Early Redemption Date or the Cash Settlement Date or Delivery Date, as the case may be, in the case of Certificates, as the case may be, redemption in full of the Notes or Certificates, or settlement in full of the Warrants, as the case may be, will be postponed until the date specified in the applicable Final Terms as the "Extended Maturity Date" (in the case of Notes) or "Extended Settlement Date" (in the case of Warrants) or "Extended Redemption Date" in the case of Certificates. Such Extended Maturity Date, Extended Settlement Date, or Extended Redemption Date, as the case may be, may, depending on the terms of the relevant Securities, be a considerable period of time after the date on which the Issuer was due to redeem the Notes or Certificates, or settle the Warrants, as the case may be. The Issuer will in the period to, and including, the Extended Maturity Date or Extended Settlement Date or Extended Redemption Date, as the case may be, pay over any amounts it receives in such period in respect of the relevant Charged Assets to the Holders of Securities (to the extent amounts are due to the Holders of Securities) and shall appoint an agent to assist it in recovering amounts due in respect of the relevant Charged Asset or, where applicable and when requested to do so by the Calculation Agent, the Issuer may sell the Charged Assets (or its rights in connection therewith). There is no guarantee, notwithstanding the postponement of the redemption of the Notes or Certificates or settlement of the Warrants, as the case may be, in full, that any further sums will be recovered in respect of the Charged Assets and that the Holders of Securities would receive any greater amount than if the Notes had been redeemed in full on the Early Redemption Date or the Maturity Date or the Warrants had been settled in full on the Early Termination Date or the Settlement Date or the Certificates had been redeemed in full on the Early Redemption Date or the Redemption Date, as the case may be.

Additional Factors relating to certain Underlying References

Certain considerations associated with Securities linked to Emerging Markets Underlying References

The Issuer may issue Securities where the amount payable on redemption or settlement (as the case may be) or the interest payable (in the case of Notes and Certificates) and/or the instalment amount payable (in the case of Certificates) is linked to Underlying References which consist of (i) securities, funds or indices comprising securities of issuers that are located in, or subject to

regulation in, emerging or developing countries, or (ii) securities which are denominated in the currency of, or are traded in, emerging or developing countries or (iii) currencies of emerging or developing countries. Prospective investors should note that additional risks may be associated with investment in such Securities, including risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Securities traded in emerging or developing countries tend to be less liquid and the prices of such securities more volatile. In addition, settlement of trades in some such markets may be slower and more subject to failure than in markets in developed countries.

Increased custodian costs as well as administrative difficulties (such as the applicability of the laws of the jurisdictions of emerging or developing countries to custodians in such jurisdictions in various circumstances, including bankruptcy, ability to recover lost assets, expropriation, nationalisation and record access) may also arise from the maintenance of assets in such emerging or developing countries.

Prospective purchasers of such Securities should also be aware that the probability of the occurrence of a disruption event and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets. Prospective purchasers are expected to conduct their own enquiries and be satisfied that there are additional risks associated with investments linked to the performance of underlying assets located in these markets.

Certain considerations associated with Dynamic Securities

The Issuer may issue dynamic Securities ("**Dynamic Securities**"). Dynamic Securities may be linked to a portfolio or strategy often comprising assets with a greater potential for return and consequently greater risk (for example, a hedge fund) and assets with a lower return and consequently lesser risk (for example, a zero coupon debt security issued by an issuer with a high credit rating). The portfolio or strategy of the Underlying Reference may include leverage or the taking of short positions on certain specified terms. The portfolio or strategy of the Underlying Reference is dynamic and may rebalance between the relevant assets based upon a specified allocation methodology. The value of Dynamic Securities is determined by reference to the underlying portfolio or strategy of the Underlying Reference at different times. This portfolio or strategy of the Underlying Reference may change during the term of the Securities; such changes or the timing thereof may affect the value of, and any return on, the Securities.

Considering the above aspects, Dynamic Securities are by their nature intrinsically complex, which makes their evaluation difficult, in terms of risk at the time of the purchase as well as thereafter. Investors should therefore purchase Dynamic Securities only after having completely understood and evaluated either themselves or with a financial adviser the nature and the risk inherent in the Dynamic Securities.

Limited exposure to Underlying Reference

If the applicable Final Terms provide that the exposure of any Underlying Reference Linked Securities to one or more Underlying References is limited or capped to a certain level or amount, such Securities will not benefit from any upside in the value of any such Underlying References beyond such limit or cap.

Physical Delivery Securities

In the case of Securities which are redeemable or settled (as the case may be) by delivery of assets (other than Credit Linked Securities), if a Settlement Disruption Event occurs or exists on the due date for redemption or settlement of the Securities (as the case may be), settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount (in the case of Notes and Certificates) or the Disruption Cash Settlement Price (in the case of Warrants) in lieu of delivering the Entitlement.

If a Failure to Deliver due to Illiquidity occurs the Issuer has the right in lieu of delivery of the assets affected by such event to pay the Failure to Deliver Redemption Amount or Failure to Deliver Cash Settlement Price (as applicable). The Disruption Cash Redemption Amount and/or the Failure to Deliver Redemption Amount and/or Disruption Cash Settlement Price (as the case may be) may be less than the fair market value of the Entitlement.

Commodity Linked Notes and Commodity Linked Certificates may not be redeemed by delivery of assets.

Certain Additional Risk Factors relating to market access products

Prospective purchasers of the Securities should note that where the Securities are market access products, the Issuer's obligations in respect thereof may be hedged by means of the Share(s), the Index, the Shares comprised in the Index, the Underlying Shares of GDRs or ADRs, the Debt Linked Securities and/or any instrument used for the purposes of hedging obligations under the Securities being held by a qualified investor which is a company within the Group. Although the prospective purchaser of the Securities will have no proprietary interest in such Share(s), the Index, the Shares comprised in the Index, the Underlying Shares of GDRs or ADRs, the Debt Linked Securities and/or any instrument used for the purposes of hedging obligations under the Securities, the economic and other risks associated with such Shares, the Index, the Shares comprised in the Index, the Underlying Shares of GDRs or ADRs, the Debt Linked Securities and/or instrument shall be assumed by the prospective purchasers of Securities as set out further in the relevant Conditions.

No assurance can be given as to the liquidity of any trading market for the relevant Securities. Prospective purchasers of the Securities should note that the liquidity of any trading market for the Securities is directly linked to the liquidity of any trading market for the Shares, the depositary receipts, the Debt Linked Securities or the Index or contracts or instruments which reference the Index.

Prospective purchasers of the Securities should also be aware that the probability of the occurrence of a Hedging Disruption Event (or other Adjustment Event under the relevant legal terms as set out further in the relevant Conditions) may be higher for certain developing or emerging markets as further described in "*Certain Considerations Associated with Securities Linked to Emerging Markets*" above.

G. Specific Risks relating to Notes

Taxation

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any asset(s) are delivered.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories have adopted similar measures.

The European Commission has proposed certain amendments to the Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax, were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

Notes where denominations involve integral multiples: Definitive Bearer Notes

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time (i) may not be able to transfer such Securities and (ii) may not receive a Definitive Bearer Note in respect of such holding (should Definitive Bearer Notes be printed) and would need to purchase a principal amount of Bearer Notes such that its holding amounts to the Specified Denomination or an integral multiple thereof.

If Definitive Bearer Notes are issued, holders should be aware that Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

No gross-up upon the application of withholding tax

The Notes will not have the benefit of a gross-up provision in respect of withholding taxes. Noteholders will bear the risk of the imposition of any deduction or withholding with respect to payments made under the Notes.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer or the Swap Counterparty may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than the then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than the then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

H. Specific Risks relating to Warrants

General

Prospective purchasers of Warrants should recognise that their Warrants may expire worthless. Prospective purchasers should be prepared to sustain a total loss of the purchase price of their Warrants.

The risk of the loss of some or all of the purchase price of a Warrant upon expiration means that, in order to recover and realise a return upon its investment, a purchaser of a Warrant must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the Underlying Reference which may be specified in the applicable Final Terms. Assuming all other factors are held constant, the lower the value of a Warrant and the shorter the remaining term of a Warrant to expiration, the greater the risk that purchasers of such Warrants will lose all or part of their investment. The only means through which a holder of a Warrant can realise value from the Warrant prior to its Exercise Date in relation to such Warrant is to sell it at its then market price in an available secondary market. See "*Possible Illiquidity of the Securities in the Secondary Market*" above.

In addition to the factors set out in this section "*D. Risks Relating to Warrants*", Warrantholders should be aware that the ability of the Issuer to meet its obligations under Warrants issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Warrants and/or on the receipt by it of payments

under relevant swap agreements, which will be with BNP Paribas or BNP Paribas Fortis SA/NV, deposit agreements or repurchase agreements notwithstanding the performance of any relevant Underlying Reference. The Warranholders are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments due under the Warrants. See "A. Risks relating to the Issuer" above for further details of such risks.

Limitations on exercise of Warrants

If so indicated in the Final Terms, the Issuer will have the option to limit the number of Warrants exercisable on any date (other than the final exercise date) to the maximum number specified in the Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer elects to limit the number of Warrants exercisable on such date, a Warranholder may not be able to exercise on such date all the Warrants that such Warranholder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected at the discretion of the Calculation Agent or in any other manner specified in the applicable Final Terms. Unless otherwise specified in the Final Terms, the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Minimum Exercise Amount of Warrants

If so indicated in the Final Terms, a Warranholder must tender or, in the case of automatic exercise, hold, a specified number of Warrants at any one time in order to exercise. Thus, Warranholders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, Warranholders incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount, (in the case of Cash Settled Warrants) or the value of the assets delivered (in the case of Physical Delivery Warrants) of such Warrants.

Time lag after exercise of Warrants

In the case of any exercise of Warrants, there will be a time lag between the time a Warranholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the applicable Final Terms or the Conditions of the Warrants. However, such delay could be significantly longer, particularly in the case of a delay in the exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a Market Disruption Event or the failure to open of an exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Linked Warrants. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the relevant Warrants, and may result in such Cash Settlement Amount being zero.

In general, certain of the risks associated with Warrants are similar to those generally applicable to other options or warrants of private corporate issuers. Warrants on shares, debt instruments or fund shares or units are priced primarily on the basis of the value of underlying securities, whilst

Currency Linked and Commodity Linked Warrants are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies) or commodity (or basket of commodities) specified in the applicable Final Terms.

I. Specific Risks Relating to Certificates

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories have adopted similar measures.

The European Commission has proposed certain amendments to the Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax, were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Certificate as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

No gross-up upon the application of withholding tax

The Certificates will not have the benefit of a gross-up provision in respect of withholding taxes. Certificateholders will bear the risk of the imposition of any deduction or withholding with respect to payments made under the Certificates.

Variable rate Certificates with a multiplier or other leverage factor

Certificates with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Certificates

Inverse Floating Rate Certificates have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Certificates is typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Certificates are more volatile because an increase in the reference rate not only decreases the interest rate of the Certificates but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Certificates.

Fixed/Floating Rate Certificates

Fixed/Floating Rate Certificates may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where the Issuer or the Swap Counterparty has the right to effect such a conversion, this will affect the secondary market and the market value of

the Certificates since the Issuer or the Swap Counterparty may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Certificates may be less favourable than the then prevailing spreads on comparable Floating Rate Certificates tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Certificates. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than the then prevailing rates on its Certificates.

The applicable Final Terms will state whether or not the relevant Securities are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

DESCRIPTION OF THE CHARGED ASSETS - PART I - GENERAL

The Issuer will meet its obligations to pay the relevant amounts it is due to pay in respect of the Securities using the payments it receives from the obligors under the Charged Assets (including the Compartment Assets) specified in the Final Terms for the relevant Series. The Issuer will also grant security over the Charged Assets in the manner set out in the Conditions specified as applicable in the applicable Final Terms.

The specific obligors under the Charged Assets will be specified in the applicable Final Terms however such obligors will be one or more corporate, bank or other financial institution, government, governmental agency, trust, fund, municipal entity, sovereign or supranational entity provided that such obligors have securities already admitted to trading on a regulated or equivalent market or the obligations are guaranteed by an entity admitted to trading on a regulated or equivalent market. Where the Charged Assets are equity securities or debt securities and specified as "Reference Securities" in the applicable Final Terms, such securities shall be traded on a regulated or equivalent market.

DESCRIPTION OF THE CHARGED ASSETS - PART II - DESCRIPTION OF THE SWAP AGREEMENT

The following description of the Swap Agreement which the Issuer may enter into for each Series should be read in conjunction with the Final Terms for each Series and the applicable Charged Asset Description and together this description, and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of such Swap Agreement which is qualified in its entirety by reference to the detailed provisions of such Swap Agreement for each specific Series. The following summary does not purport to be complete, and prospective investors must refer to the applicable Final Terms and the relevant Swap Agreement for detailed information regarding the relevant Swap Agreement.

Payments under the Swap Agreement

If so specified in the applicable Final Terms, one or both of BNP Paribas and BNP Paribas Fortis SA/NV may enter into one or more swap agreements with the Issuer in its capacity as swap counterparty (the "**Swap Counterparty**") pursuant to the terms of a 2002 ISDA Master Agreement (the "**Master Agreement**") and a Schedule and confirmation thereto) (each such agreement, a "**Swap Agreement**").

Each Swap Agreement will be entered into in order to allow the Issuer to exchange certain cashflows received by, or to the order of, the Issuer in respect of the issue of the relevant Securities, the Compartment Assets (if any), any Deposit Agreement, any Repurchase Agreement and/or the proceeds of the issue of the relevant Series of Securities or from any other assets of the Issuer relating to that Series of Securities for amounts needed by the Issuer to meet its obligations under the Securities for that Series and any related transactions or will be a credit derivative transaction.

The payments due to be made by the Issuer and the Swap Counterparty in respect of a Swap Agreement are described in Description of Charged Assets - Part V - Charged Asset Structures and the applicable Charged Asset Structure will be set out in the Final Terms for a particular Series, together with any information which is unknown relating thereto as at the date of this Base Prospectus.

Termination of Swap Agreement

The Swap Agreement will terminate on the final date on which a payment may be due thereunder (the "**Scheduled Swap Termination Date**") unless terminated earlier in accordance with the terms thereof.

Early Termination

Termination of any Swap Agreement prior to the Scheduled Swap Termination Date will occur in limited circumstances, including, without limitation:

- (a) payment defaults by the Issuer or the Swap Counterparty under such Swap Agreement;
- (b) breach by the Issuer of any of its obligations under the Trust Deed or Agency Agreement;
- (c) bankruptcy events relating to the Issuer or the Swap Counterparty;
- (d) payment defaults by the Issuer or the Deposit Counterparty under the Deposit Agreement (where applicable);
- (e) the early redemption or an event of default of the Series in respect of which the Swap Agreement has been entered into, including as a result of Increased Cost Hedging or Hedging Disruption (each as defined in "*Terms and Conditions of the Notes*", "*Terms and Conditions of the Warrants*" or "*Terms and Conditions of the Certificates*", as applicable and the relevant Annexes thereto); and

- (f) tax events relating to the Issuer or the relevant Swap Counterparty.

On an early termination of any Swap Agreement, an amount may be payable either to or by the Issuer in accordance with the terms of the relevant Swap Agreement. Such termination payment, unless otherwise set out in the relevant Swap Agreement, will be an amount payable equal to (a) the sum of (i) the amount of losses or costs (expressed as a positive number) or the gains (expressed as a negative number) incurred by the non-defaulting (or non-affected) party as being the amount that such party would have to pay or would receive for entering into a transaction economically replicating the terminated one, ignoring for this purpose any unpaid amounts, as determined by the non-defaulting (or non-affected) party in good faith, in accordance with the relevant provisions of the Master Agreement) and (ii) the Unpaid Amounts (as defined in the Master Agreement) owing to the non-defaulting (or non-affected) party less (b) the Unpaid Amounts owing to the Defaulting (or affected) party. If the amount is positive, the Defaulting (or affected) Party will pay it to the non-defaulting (or non-affected) party; if it is negative, the non-defaulting (or non-affected) Party will pay the absolute value of that amount to the Defaulting (or affected) party. In circumstances where both parties are affected parties, both parties will determine their close out amounts and the amount referred to in (a) will be one half of the sum of the close out amounts calculated. Upon an early termination of a Swap Agreement, there is no assurance that any termination payment payable by the Swap Counterparty to the Issuer will be sufficient to repay the principal amount due to be paid in respect of the Notes and/or to pay any amounts that are due in respect of the Securities.

If the Issuer fails to perform any of its obligations under the Swap Agreement, this could lead to an Event of Default as defined in (a) Condition 11(a)(ii) where the Securities are Notes, whereupon the provisions of Conditions 11 and 12 of the Notes will apply, (b) Condition 12(a)(ii) where the Securities are Certificates, whereupon Conditions 12 and 14 of the Certificates will apply or (c) Condition 11(a)(ii) where the Securities are Warrants, whereupon the provisions of Conditions 11 and 13 of the Warrants will apply.

Collateralisation

The Swap Counterparty may be required to provide collateralisation in respect of its obligations under the relevant Swap Agreement. Collateralisation may be provided: (a) under a 1995 ISDA Credit Support Annex (Transfer – English law) (a "**Credit Support Annex**"); (b) a 1995 ISDA Credit Support Deed (Security Interest – English law) (a "**Credit Support Deed**") or (c) by the deposit of Swap Counterparty Collateral (as defined below) in an account (the "**Pledged Account**") in the name of the Swap Counterparty secured in favour of the Issuer by a pledge or such other security interest governed by the law of such jurisdiction as specified in the applicable Final Terms (a "**Pledge**"). The amount of any collateralisation and the circumstances in which it is payable or deliverable will be set out in the Credit Support Structure specified as being applicable in the applicable Final Terms. The custodian of Swap Counterparty Collateral posted under a Credit Support Annex or Credit Support Deed may be the Custodian or such other bank or institution as specified in the applicable Final Terms. Any Swap Counterparty Collateral posted pursuant to a Credit Support Annex and/or any rights of the Issuer under any Credit Support Deed will be secured by a charge on such Swap Counterparty Collateral or an assignment of such rights in favour of the Trustee for the benefit of the relevant Holders of Securities. It will be a term of the Credit Support Annex that the Swap Counterparty will be entitled to substitute Swap Counterparty Collateral (as defined below) held under the relevant Credit Support Annex without the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Credit Support Annex) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Credit Support Annex. Under the Credit Support Deed, the Swap Counterparty is entitled to substitute Swap Counterparty Collateral with the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Credit Support Deed) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Credit Support Deed. The Trustee is not responsible for monitoring the market value of the Swap Counterparty Collateral or any replacement Swap Counterparty Collateral, and is entitled to rely

on certificates of the valuation agent or Swap Counterparty without further investigation or enquiry. Under the Pledge, the Swap Counterparty is entitled to substitute Swap Counterparty Collateral with the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Pledge) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Pledge.

The collateral provided by the Swap Counterparty under the Credit Support Annex, Credit Support Deed or Pledge (the "**Swap Counterparty Collateral**"), will consist of one or more of: (a) bonds or notes issued or guaranteed by the government of (i) Canada, France, Germany, Italy, Japan, the United Kingdom or the United States of America; or (ii) a country within the Euro-zone; (b) shares, units or other interests in a UCITS Fund; (c) any securities rated AAA/AAA/Aaa by one or more of Standard & Poor's Credit Market Services Europe Limited ("**S&P**") or Fitch Ratings Limited ("**Fitch**") or Moody's Investors Service Ltd. ("**Moody's**") (including, without limitation, government bonds, corporate bonds, asset backed securities, Pfandbriefe and covered bonds); (d) cash denominated either in euro or sterling or, if not denominated in either euro or sterling, then denominated in the currency specified in the applicable Final Terms and/or (e) such other assets specified in the applicable Final Terms.

Each of S&P, Fitch and Moody's is a credit rating agency established and operating in the European Community prior to 7 June 2010 and is registered in accordance with the CRA Regulation pursuant to the list of registered and certified credit rating agencies published on the website of the European Securities and Markets Authority (www.esma.europa.eu).

Substitution of Swap Counterparty Collateral by the Swap Counterparty under a Credit Support Annex or in respect of the pledged account will be permitted as set out in Condition 8(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Notes*", Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Warrants*" and Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Certificates*". Substitution of Swap Counterparty Collateral by the Swap Counterparty under a Credit Support Deed will be permitted as set out in Condition 8(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "*Terms and Conditions of the Notes*", Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex or Credit Support Deed*) of "*Terms and Conditions of the Warrants*" and Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex or Credit Support Deed*) of "*Terms and Conditions of the Certificates*" and in the following paragraph.

If a Credit Support Deed is entered into, under such Credit Support Deed the Swap Counterparty will post Swap Counterparty Collateral for its obligations under the Swap Agreement and grant English law governed security over such Swap Counterparty Collateral in favour of the Issuer. The amount of credit support to be provided by the Swap Counterparty under a Credit Support Annex or Credit Support Deed will be adjusted on the Swap Agreement Valuation Dates (as defined below) specified in the applicable Final Terms in the manner set out in the applicable Credit Support Structure. Subject to the provisions of the Credit Support Annex or Credit Support Deed, the Issuer will pay all cash, securities or other property it receives in respect of the Swap Counterparty Collateral to the Swap Counterparty. On any Business Day, the Swap Counterparty, pursuant to the terms of the Credit Support Deed, may give notice to the Issuer that it wishes to transfer new Swap Counterparty Collateral to the Issuer in exchange for some or all of the Swap Counterparty Collateral held by, or previously transferred to, the Issuer. On the Business Day immediately following such request (provided that where consent is required from the Issuer, such consent is given), the Issuer will be obliged to transfer collateral (the "**Exchanged Securities**") of the same type, nominal value and amount as those requested by the Swap Counterparty against receipt from the Swap Counterparty of new Swap Counterparty Collateral with a market value (as of the date of such transfer) as close as practicable to, but in any event not less than, as determined by the Credit Support Valuation

Agent, the market value (on the previous valuation date under the Swap Agreement) of the Exchanged Securities.

If a Pledge is entered into which is governed by Luxembourg law (as specified in the applicable Final Terms), under such Pledge the Swap Counterparty will hold Swap Counterparty Collateral for its obligations under the Swap Agreement in an account in the name of the Swap Counterparty and will grant security governed by Luxembourg law (particularly the law of 5 August 2005 on financial collateral arrangements as amended (*loi du 5 août 2005 sur les contrats de garantie financière comme modifiée*)) over such Swap Counterparty Collateral (including all amounts received by or payable to the Swap Counterparty in respect of any present and future assets whatsoever standing now and/or in the future to the credit of the Pledged Account and any claim to the credit balance thereof) in favour of the Issuer as pledgee.

"Euro-zone" means the region comprised of Member States of the European Union that adopt the euro in accordance with the Treaty on the Functioning of the European Community (signed in Rome on 25 March 1957), as amended by the Treaty on European Union (signed in Maastricht on 7 February 1992), the Treaty of Amsterdam (2 October 1997) and the Treaty of Nice (26 February 2001).

"UCITS Fund" means an investment fund that qualifies as an undertaking for collective investment in transferable securities within the scope of Council Directive 85/611/EEC of 20 December 1985 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS), as such directive is amended, superseded and replaced from time to time.

"MtM Value" means, with respect to a Swap Agreement Valuation Date under the Credit Support Deed or Credit Support Annex, an amount determined by the Credit Support Valuation Agent in its sole discretion as the amount which would be payable by the Swap Counterparty in respect of the early termination of the Swap Agreement on such Swap Agreement Valuation Date or, as the case may be, where Credit Support Structure 3 is applicable and Issuer may be obliged to provide Issuer Posted Collateral, the amount which would be payable to the Swap Counterparty in respect of the early termination of the Swap Agreement on such Swap Agreement Valuation Date.

For the avoidance of doubt, if Credit Support Structure 3 is applicable, the Issuer may also be required to provide collateralisation in respect of its obligations under the relevant Swap Agreement under any Credit Support Annex or Credit Support Deed entered into with the Swap Counterparty so that either the Issuer or the Swap Counterparty or both of such parties may be required to provide collateralisation for their respective obligations under the relevant Swap Agreement.

Where Credit Support Structure 3 is applicable the amount of any collateralisation by the Issuer will be set out in the applicable Final Terms provided that the collateral to be posted by the Issuer will be the Reference Securities or cash in respect of the relevant Securities to which the Swap Agreement relates (the **"Issuer Posted Collateral"**) and provided further that the Issuer shall not be required to post a principal amount of collateral greater than the principal amount of Reference Securities or cash acquired by the Issuer in respect of the relevant Series to which the Swap Agreement relates or, at the relevant time, then held by the Issuer.

Where the Issuer is required to deliver Issuer Posted Collateral to the Swap Counterparty under a Credit Support Annex or Credit Support Deed, the security granted over the relevant Charged Assets in favour of the Trustee will automatically be released without requiring the consent of the Trustee. Where the Swap Counterparty is obliged under the terms of the Credit Support Annex or Credit Support Deed to pay or deliver cash or securities (which will be equivalent to those securities originally posted by the Issuer) by way of a return amount, such cash or securities will become subject to the security granted in favour of the Trustee by the Issuer in respect of the relevant Series.

If a Credit Support Deed is entered into, under such Credit Support Deed the Issuer will post Issuer Posted Collateral for its obligations under the Swap Agreement and grant English law governed security over such Issuer Posted Collateral in favour of the Swap Counterparty. If a Credit Support Annex is entered into, under such Credit Support Annex the Issuer will post Issuer Posted Collateral for its obligations under the Swap Agreement and will do so by transferring title to such Issuer Posted Collateral under the terms of the Credit Support Annex.

The amount of credit support to be provided by the Issuer under a Credit Support Annex or Credit Support Deed will be adjusted on the Swap Agreement Valuation Dates (as defined below) specified in the applicable Final Terms in the manner set out in the applicable Credit Support Structure. Subject to the provisions of the Credit Support Deed or the Credit Support Annex, as the case may be, the Swap Counterparty will pay all cash, securities or other property it receives in respect of the Issuer Posted Collateral to the Issuer.

Transactions where a Swap Agreement is the only Charged Asset

In relation to a Series of Securities where a Swap Agreement is the only Charged Asset and credit support is required to be provided by the Swap Counterparty, such Swap Agreement may be modified to replicate the economic effect of the a total return swap agreement so that the fair market value of the Swap Counterparty Collateral is always equal to the market value (or a proportion of such market value) of Securities held by Holders of Securities other than the Swap Counterparty.

In such circumstances, where the Swap Counterparty (or its affiliates) purchase Securities and wish to reduce the amount of Swap Counterparty Collateral posted, they are required to notify the Issuer and the Trustee of their holding of such Securities, and the Swap Counterparty Collateral posted under the Credit Support Annex, Credit Support Deed or Pledge would be reduced so that the fair market value of the Swap Counterparty Collateral would be equal to the fair market value (or the applicable proportion of such market value) of the Securities held by Holders of Securities other than the Swap Counterparty. Where the Swap Counterparty (or its affiliates) purchases Securities, it may deliver such Securities to the Issuer for cancellation.

Upon the occurrence of an Event of Default under the Securities or early termination of the Swap Agreement, the Swap Counterparty (or its affiliates) is obliged to deliver the Securities of such Series held by it to the Issuer. Upon downgrade of the rating of the Swap Counterparty (or, BNP Paribas, if the Swap Counterparty is BNP Paribas Fortis SA/NV) below the level specified in the relevant Swap Agreement, any Securities held by the Swap Counterparty (or its affiliates) will be transferred to an account over which security is granted in favour of the Issuer.

Upon the occurrence of an Automatic Exercise Event in respect of the relevant Series of Warrants, to the extent that Warrants held by the Swap Counterparty (or its affiliates) have not been delivered to the Issuer for cancellation, the Swap Counterparty is obliged to pay the Cash Settlement Amount in respect of all the unexercised Warrants of such Series (including those held by the Swap Counterparty or its affiliates).

Taxation

Neither the Issuer nor the Swap Counterparty is obliged under the Swap Agreement to gross up any payment to be made under the Swap Agreement if withholding taxes are imposed. However, imposition of such withholding taxes may lead to the early termination of the relevant Swap Agreement.

Exclusivity

The Issuer has agreed that it shall only enter into a Swap Agreement where BNP Paribas, BNP Paribas Arbitrage S.N.C. or any member of the Group is the counterparty, unless otherwise agreed by BNP Paribas Arbitrage S.N.C. or BNP Paribas.

DESCRIPTION OF THE CHARGED ASSETS - PART IV - DESCRIPTION OF THE REPURCHASE AGREEMENT

The following description of the Repurchase Agreement should be read in conjunction with the Final Terms for each Series of Securities and the applicable Charged Asset Description, together this description and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of the Repurchase Agreement which is qualified by reference to the detailed provisions of the Repurchase Agreement for each specific Series of Securities. If specified in the Final Terms, a European bank or other financial institution with securities admitted to trading on a regulated or equivalent market (as specified in the applicable Final Terms) (in such capacity, the "**Repo Counterparty**") and the Issuer will enter into one or more master repurchase agreements, in each case substantially in the form of (i) a 2000 TBMA/ISMA Global Master Repurchase Agreement, (ii) an FBF Master Agreement for Purchase Transactions (*Convention Cadre FBF relative aux opérations de pensions livrées*) or (iii) a similar master agreement for repurchase transactions (each as amended, supplemented or otherwise modified from time to time and each a "**Master Repurchase Agreement**"). Pursuant to the Master Repurchase Agreement the Issuer may enter into a series of repurchase transactions (each a "**Repo Transaction**") for each Series of Securities (together, for each Series, a "**Repurchase Agreement**") with the Repo Counterparty in respect of the securities or other assets specified in the applicable Final Terms (the "**Repo Collateral Securities**"). Under each such Repo Transaction, the Repo Counterparty will be the seller of Repo Collateral Securities which will constitute the Compartment Assets for the relevant Series and the Issuer will be the buyer. The Issuer will grant security over its rights under the Repurchase Agreement and over the Compartment Assets purchased thereunder in favour of the Trustee for itself and as trustee for the Secured Parties in the manner set out in the applicable Final Terms for the relevant Series of Securities.

Under the Repurchase Agreement, on the Initial Repo Purchase Date specified in the applicable Final Terms for the relevant Series of Securities, the Issuer will purchase from the Repo Counterparty the Repo Collateral Securities specified in the applicable Final Terms for a consideration and with a market value equal to the amount set out in the applicable Final Terms.

The first Repo Transaction will commence on the Initial Repo Purchase Date and end on the first Repo Date immediately following the Initial Repo Purchase Date. Each subsequent Repo Transaction will commence on a Repo Date (in each case, together with the Initial Repo Purchase Date, a "**Purchase Date**") and end on the next following Repo Date (in each case, together with the first Repo Date, a "**Repurchase Date**") with the last such Repo Transaction terminating on the Final Repo Date. On each Repurchase Date for each Series of Securities, the Repo Counterparty will repurchase securities equivalent to the Repo Collateral Securities sold by it in relation to such Series of Notes, Warrants or Certificates on the previous Purchase Date for a consideration equal to the purchase price for that Repo Transaction as specified in the applicable Final Terms together with a price differential or accrued interest amount (the "**Price Differential**" or the "**Accrued Interest**") determined in accordance with the terms of the Repurchase Agreement (together, in each case for each Series of Securities, the "**Repurchase Price**"). Subsequent Transactions need not relate to the same portfolio of Compartment Assets, but will have the same purchase price (in each case, the "**Purchase Price**"), subject to adjustment if the Securities are purchased by the Issuer or further Tranches of Securities are issued by the Issuer.

Purchase of Securities

Where further Tranches of Securities are issued and the Issuer purchases additional Repo Collateral Securities from the Repo Counterparty under the Repurchase Agreement (which for avoidance of doubt will be repurchased by the Repo Counterparty on the same Repo Date as the Repo Collateral Securities purchased by the Issuer on the immediately preceding Repo Date) or where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions. Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Nominal Amount of Notes, the Notional Amount of Certificates or the number of Warrants, as the case may be, being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion.

Capitalised terms used in this "Description of the Repurchase Agreement" and not defined herein shall have the meanings given to them in the Final Terms for the relevant Series of Securities or the applicable Charged Asset Structure.

Early termination and cancellation

Any Repurchase Agreement for a Series of Securities will be subject to early termination only in limited circumstances, including without limitation:

- (a) payment defaults and/or failure to deliver securities by the Issuer or the Repurchase Counterparty under such Repurchase Agreement;
- (b) bankruptcy events relating to the Issuer or the relevant Repo Counterparty;
- (c) in the case of Notes and Certificates, the early redemption or, in the case of Warrants, the cancellation, as applicable, or an event of default of the Series of Securities in respect of which the Repurchase Agreement has been entered into; and
- (d) tax events relating to the Issuer or the relevant Repo Counterparty.

Upon early termination of the Repurchase Agreement, a termination payment may be due between the parties in accordance with the terms of the relevant Repurchase Agreement.

Further notes, warrants or certificates

If the Issuer issues further notes pursuant to Condition 16 (*Further Notes*) of "*Terms and Conditions of the Notes*", further Warrants pursuant to Condition 15 (*Further Warrants*) of "*Terms and Conditions of the Warrants*", or further Certificates pursuant to Condition 17 (*Further Certificates*) of "*Terms and Conditions of the Certificates*" as applicable, the Issuer may purchase from the Repo Counterparty Compartment Assets for a consideration of, and with a market value equal to, the principal amount of such further notes (or such proportion as is specified where an amount less than the full proceeds of the issue of such further notes is used to purchase Compartment Assets) or the aggregate issue price of such further Warrants (or such proportion as is specified where an amount less than the full proceeds of the issue of such further Warrants, is used to purchase Compartment Assets), or the aggregate issue proceeds such further Certificates (or such proportion as is specified where an amount less than the full proceeds of the issue of such further Certificates is used to purchase Compartment Assets) each as set out in the applicable Final Terms. Following such issue, the Repurchase Price for the then current Repo Transaction shall be increased by such principal amount (or such proportion of such principal amount) or the aggregate issue

price (or such proportion of such market aggregate issue price) and the Purchase Price for all subsequent Transactions shall then be increased by an amount equal to such principal amount (or such proportion of such principal amount) or such aggregate issue price (or such proportion of such aggregate issue price).

Substitution of Compartment Assets

For each Series of Securities, the Repurchase Agreement will permit the Repo Counterparty to deliver to the Issuer new Repo Collateral Securities in substitution or exchange for existing Repo Collateral Securities relating to a Series of Securities, subject to the relevant Repurchase Agreement, provided that such substitution or exchange does not result in the Issuer becoming subject to a Net Exposure under the current Transaction for that Series of Securities. Such substitution or exchange in respect of Repo Collateral Securities relating to any Series shall take place without the need for the Repo Counterparty to obtain any prior consents.

Downgrade

The Repo Counterparty may be required to provide collateralisation in respect of its obligations under the Repurchase Agreement upon the occurrence of certain events linked to the rating of the Repo Counterparty. The amount of collateralisation and the circumstances in which it is due to be paid will be set out in the Final Terms.

The Issuer will assign its rights under the Credit Support Deed by way of security in favour of the Trustee. However the Collateral does not constitute Charged Assets and is not owned by the Issuer. If on any Repo Transaction Valuation Date the Issuer has a Net Exposure to the Repo Counterparty exceeding the Minimum Transfer Amount, the Repo Counterparty will transfer further Repo Collateral Securities with a Value at least equal to such Net Exposure with the Issuer as margin on or prior to the Margin Delivery Date; if on any Repo Transaction Valuation Date, the Value of the Repo Collateral Securities is greater than the Repurchase Price by an amount equal to or greater than the Minimum Transfer Amount, then the Issuer will transfer an amount of Repo Collateral Securities with a Value equal to such excess to the Repo Counterparty upon request by the Repo Counterparty.

For this purpose, the Issuer has a "**Net Exposure**" to the Repo Counterparty if the Repurchase Price exceeds the Margin Calculation Value of the Repo Collateral Securities which are the subject of the then current Transaction already transferred to the Issuer by the Repo Counterparty.

Bearer Notes

Each Series (and/or Tranche, as the case may be) of Bearer Notes will be initially issued in the form of a temporary global Note or, if so specified in the applicable Final Terms, a permanent global Note which, in either case, will be delivered on or prior to the original issue date of the Series (and/or Tranche, as the case may be) to a common depositary (the "**Common Depositary**") for Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") or Euroclear Bank S.A./N.V. ("**Euroclear**").

Bearer Global Notes (as defined in "*Terms and Conditions of the Notes*") will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The Registered Notes of each Series (and/or Tranche, as the case may be) offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note (as defined in "*Terms and Conditions of the Notes*"). Beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Registered Global Notes in the form of Regulation S Global Notes will be deposited with a Common Depositary for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Registered Notes (as defined in "*Terms and Conditions of the Notes*").

Payments principal, interest or any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the register kept by the Registrar as the registered holder of the Registered Global Notes. None of the Issuer, BNP Paribas or its affiliates, the Trustee, the Dealer, the Guarantor (if applicable), or any Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of Definitive Registered Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Notes Condition 6 (*Payments*)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg.

Certification as to non-U.S. beneficial ownership

Whilst any Bearer Note is represented by a temporary global Note, any amounts payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made outside of the United States against presentation of the temporary global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person ("**Certification**"), as required by U.S. Treasury regulations, (i) has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Paying Agent or, (ii) in the case of a temporary global Note held otherwise than on behalf of Euroclear and/or Clearstream, Luxembourg, from the holder thereof.

On and after the date (the "**Exchange Date**") which is 40 days after the temporary global Note is issued, interests in such temporary global Note will be exchangeable (free of charge) upon a request as described therein either for, as applicable, (i) interests in a permanent global Note or (ii) Definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of Definitive Bearer Notes, to such notice period as is specified in the permanent global Note), in accordance with the terms of the temporary global Note against Certification as to beneficial ownership as described above and as required by U.S. Treasury regulations unless such Certification has already been given pursuant to the provisions set forth above. Exchange of a temporary global Note for interests in a permanent global Note will only be made if Definitive Bearer Notes have not already been issued. If Definitive Bearer Notes have already been issued, the temporary global Note may only thereafter be exchanged for Definitive Bearer Notes pursuant to the terms thereof. The holder of a temporary global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due Certification, exchange of the temporary global Note for an interest in a permanent global Note or, in the case of Bearer Notes, for Definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg, as applicable, to or to the order of the holder thereof against presentation or surrender (as the case may be) of the permanent global Note without any requirement for Certification.

All payments, including in respect of interest and principal and whether at maturity or otherwise, will be payable only outside of the United States.

Subject to requirements existing at the time of issue, the following legend will appear on all temporary global Notes and permanent global Notes which have an original maturity of more than 365 days and on all receipts, interest coupons and talons relating to such Notes:

"Any United States person (as defined in the Internal Revenue Code of the United States) who holds this obligation will be subject to limitations under the United States income tax laws including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code".

Notes represented by temporary global Notes and permanent global Notes are expected to be issued in compliance with requirements then existing, which are generally expected to be identical to those contained in the TEFRA D Rules (as defined herein), with the intention that such Notes will constitute "foreign targeted obligations" and will thus be exempt from Section 4701 of the Code under the Hiring Incentives to Restore Employment Act of 2010 (the "**HIRE Act**"). Temporary global Notes and permanent global Notes issued after such date will include the legend described above, subject to requirements existing at the time of such issue.

Exchange upon the occurrence of an Exchange Event or otherwise

The applicable Final Terms with respect to any Notes issued in global form will specify whether the relevant permanent global Note or Registered Global Note (as applicable) will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached, or, as the case may be, Definitive Registered Notes, upon not less than 60 days' written notice to the Issuing and Paying Agent from or on behalf of, as the case may be, Euroclear and/or Clearstream, Luxembourg acting on the instructions of any holder of an interest in the permanent global Note or Registered Global Note, as described therein (unless otherwise specified in the applicable Final Terms) (a "**Holder Exchange Event**") or, in the case of a permanent global Note, if such Note is held otherwise than on behalf of Euroclear or Clearstream, Luxembourg, the bearer thereof, in the event of the occurrence of any of the circumstances described in (i), (ii), (iii) or (iv) below (each, an "**Exchange Event**") or by the Issuer in the event of the occurrence of the circumstances described in (iii) below: (i), if applicable, an Event of Default (as defined in Condition 11 of the "*Terms and Conditions of the Notes*") has occurred and is continuing; (ii) in the case of a permanent global Note or a Registered Global Note registered in the name of a common depository for Euroclear and/or Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or have in fact done so and no successor clearing system is available; (iii) on the occasion of the next payment in respect of any Bearer Notes, the Issuer would be required, as a result of any change in, or amendment to the laws of a relevant jurisdiction, to withhold or account for tax or would suffer tax in respect of its income so that it would be unable to make payment of the full amount due and such payment would not be required were the Notes in definitive form; or (iv) in the case of Registered Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were such Registered Notes represented by a Registered Definitive Note. The Issuer will promptly give notice to Noteholders in accordance with Condition 18 (see "*Terms and Conditions of the Notes*") if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such global Note or Registered Global Note) may give notice to the Issuing and Paying Agent or, as the case may be, the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

In respect of any Series of Notes, the Holder Exchange Event shall not apply unless the applicable Final Terms provide that such Notes are issued and tradeable only in amounts equal to the minimum Denomination or integral multiples of the minimum denomination (or if more than one, the lowest Denomination).

In this paragraph, "**Private Placement Note**" means any Note that is not (i) offered to the public in the EEA for the purposes of article 3.1 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (the "**Prospectus Directive**") (except as specified under article 3.2 of the Prospectus Directive) or (ii) admitted to trading in the EEA for the purposes of article 3.3 of the Prospectus Directive.

By subscribing to, or otherwise acquiring, the Notes, each Noteholder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Notes has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Notes will be allocated;
- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;
- (c) all payments to be made by the Issuer in respect of the Notes and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Note Acceleration in respect of the Note, the entitlement of the Noteholder will be limited to such Noteholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Notes, sums obtained on its behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in these Final Terms and the relevant provisions of the Guarantee;
- (d) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (e) no Noteholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. Form, denomination and title

The Notes, except for Notes in registered form ("**Registered Notes**") are in bearer form ("**Bearer Notes**"), and, in the case of Definitive Bearer Notes, serially numbered, in the Specified Currency and the Specified Denomination(s) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

The Notes are, to the extent specified in the applicable Final Terms, Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes or Notes with interest linked to one or more underlying reference assets or bases ("**Underlying Reference(s)**") specified in the applicable Final Terms such as Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Interest Linked Notes, Fund Linked Interest Notes, Credit Linked Interest Notes, ETI Linked Interest Notes or any combination thereof. The Notes may be Index Linked Redemption Notes, Share Linked Redemption Notes, Debt Linked Redemption Notes, Commodity Linked Redemption Notes, Inflation Linked Redemption Notes, Currency Linked Redemption Notes, Fund Linked Redemption Notes, Credit Linked Redemption Notes, ETI Linked Redemption Notes, Instalment Notes or any combination thereof.

Any reference herein to "**Physical Delivery Notes**" shall mean any Series of Notes to which Physical Settlement is specified as applying in the applicable Final Terms; otherwise settlement in respect of a Series of Notes will be by way of cash payment ("**Cash Settled Notes**").

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to "Coupons" and "Couponholders" in these Terms and Conditions are not applicable.

Subject as set out below, title to Bearer Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor, the Trustee and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Bearer Notes or the Registered Notes is represented by a global Note held on behalf of, or in the case of Registered Notes by a common depositary on behalf of, Euroclear Bank S.A./N.V., as operator of the Euroclear system ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor (if any), the Trustee and any Paying Agent as the holder of such nominal amount of the Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant global Note or, as applicable, the registered holder (as shown in the Register, provided that, for these and for all other purposes hereunder and notwithstanding any provision to the contrary, in the event of any differences between the information contained in the Register and that contained in the Issuer Register (as defined in the Agency Agreement), the Issuer Register shall prevail) of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor (if any), the Trustee and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly). Without limitation to the foregoing, in determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a global Note held on behalf of Euroclear and Clearstream, Luxembourg will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be. References to Euroclear or

Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

2. Transfers of Registered Notes

(a) *Transfers of interests in Registered Global Notes*

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear or Clearstream, Luxembourg and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Definitive Registered Notes or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

(b) *Transfers of Definitive Registered Notes*

Subject as provided in paragraph (e) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Definitive Registered Note may be transferred in whole or in part (in the Specified Denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Definitive Registered Note for registration of the transfer of the Definitive Registered Note (or the relevant part of the Definitive Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial regulations being set out in Schedule 2 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Registered Note of a like aggregate nominal amount to the Definitive Registered Note (or the relevant part of the Definitive Registered Note) transferred. In the case of the transfer of part only of a Definitive Registered Note, a new Definitive Registered Note in respect of the balance of the Definitive Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor. The Registrar will promptly notify the Issuer of any change made to the Register and the Issuer will, upon receipt of any such notice, update the Issuer Register accordingly.

(c) *Registration of transfer upon partial redemption*

In the event of a partial redemption of Notes under Condition 7 (*Redemption and Purchase*), the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) *Costs of registration*

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular

uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) *Exchanges and transfers of Registered Notes generally*

Holders of Definitive Registered Notes may exchange such Notes for interests in a Registered Global Note of the same type at any time. Prior of the expiry of the applicable Distribution Compliance Period (as defined below) transfers by the holder of, or of a beneficial interest in a Registered Global Note may be made to a transferee in the United States or who is a U.S. person under Regulation S (or for the account or benefit of such person) only pursuant to an exemption from the registration requirements of the Securities Act (as defined below).

(f) *Definitions*

In this Condition, the following expressions shall have the following meanings:

"Distribution Compliance Period" means the period that ends 40 days after the completion of the distribution of the relevant Notes as determined by the relevant lead manager;

"Regulation S" means Regulation S under the Securities Act;

"Regulation S Global Note" means a Registered Global Note representing Notes sold outside the United States in reliance on Regulation S; and

(b) *Guaranteed Notes*

If the Notes are "**Guaranteed Notes**" as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Supplemental Trust Deed applicable to such Notes, certain payment obligations of the Issuer in respect of such Guaranteed Notes will have the benefit of a guarantee (the "**Guarantee**") in favour of the Trustee (for itself, and as trustee for holders of such Guaranteed Notes) made by BNP Paribas or BNL (in such capacity, each a "**Guarantor**").

The Guarantee (if applicable) constitutes an unsecured, unsubordinated and general obligation of the Guarantor and ranks and will rank (i) *pari passu* with all other existing and future unsecured, unsubordinated and general obligations of the Guarantor, but excluding any debts for the time being preferred by law, and (ii) senior to any subordinated obligations.

(c) *Subrogation of the Guarantor*

Under the Guarantee, the Guarantor will be subrogated to any rights of the holders of the Guaranteed Notes and the Trustee against the Issuer to the fullest extent permitted by applicable law and to the extent of such payment in respect of amounts due in respect of the Notes which have been paid by the Guarantor under the Guarantee.

4. **Restrictions**

- (a) The Issuer has covenanted in the Trust Deed that, *inter alia*, so long as any of the Notes remains outstanding, it will not, without the prior written consent of the Trustee:

 - (ix) consolidate or merge with any other person.
- (b) The Issuer has covenanted in the Trust Deed that, *inter alia*, save with the prior written consent of the Trustee, the Issuer shall, so long as any of the Notes remains outstanding:
- (i) maintain proper books and records, accounts and financial statements for each Compartment and for the Issuer;

 - (viii) not commingle its assets with those of any other entity; and
 - (ix) observe all formalities required by its memorandum and articles of association (including maintaining adequate capital for its operations).

5. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date. If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

If no Business Day Convention is specified as applicable to an Interest Period End Date in the applicable Final Terms and the Notes are in definitive form:

- (A) the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Coupon Amount; and
- (B) the amount of interest payable on any other Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Interest shall be calculated by applying the Rate of Interest to: (1) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or (2) in the case of Fixed Rate Notes in definitive form, the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of Interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Linked Interest Notes, Fund Linked Interest Notes, Credit Linked Interest Notes, ETI Linked Interest Notes and Hybrid Notes*

(i) *Interest Period End Dates and Interest Payment Dates*

Each Floating Rate Note and, subject to the provisions of Condition 5(d) below, each Index Linked Interest Note, Share Linked Interest Note, Debt Linked Interest Note, Commodity Linked Interest Note, Inflation Linked Interest Note, Currency Linked Interest Note, Fund Linked Interest Note, Credit Linked Interest Note, ETI Linked Interest Note and Hybrid Note bears interest on its nominal amount in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). For the purposes of this Condition 5(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(A) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or

- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (any such centre, an "**Additional Business Centre**" and which, if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (ii) in relation to any sum payable in euro, a day (a "**TARGET Settlement Day**") on which the Trans-European Automated Real-Time Gross Settlement Express Transfer ("**TARGET2**") payment system which utilises a single platform and which was launched on 19 November 2007 (or, if such system ceases to be operative, such system (if any) determined by the Calculation Agent to be a suitable replacement) (the "**TARGET System**") is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Linked Interest Notes, Fund Linked Interest Notes, Credit Linked Interest Notes and ETI Linked Interest Notes will be specified in the applicable Final Terms.

(iii) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (iii), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone interbank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (iii), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(iv) *AFB Determination*

Where so specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the "**AFB Rate**") and in such amounts, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to foreign exchange and derivatives transactions (an "**AFB Agreement**"), as in effect on the date of issue of the Notes, published by the Association Française des Banques/Fédération Bancaire Française and evidenced by a Confirmation (as defined in the AFB Agreement) with the holder of the relevant Note under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Issuing and Paying Agent (as defined herein) was the Agent (as defined in the AFB Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the Interest Commencement Date was the Transaction Date;
- (D) the lowest Specified Denomination was the Notional Amount;
- (E) the Interest Payment Dates were the Floating Amount Payment Dates; and
- (F) all other terms were as specified in the applicable Final Terms.

When the preceding sentence applies, in respect of each relevant Interest Payment Date:

- (1) the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Terms and Conditions as though determined under sub-paragraph (vi) below;
- (2) the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the AFB Agreement) determined by the Issuing and Paying Agent in accordance with the preceding sentence; and
- (3) the Issuing and Paying Agent will be deemed to have discharged its obligations under subparagraph (vi) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(v) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or 11.00 a.m., Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Issuing and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issuing and Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Issuing and Paying Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Issuing and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issuing and Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Issuing and Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Issuing and Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Issuing and Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issuing and Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Issuing and Paying Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, anyone or more banks (which bank or banks is or are in the opinion of the Issuer and the Issuing and Paying Agent suitable for such purpose) informs the Issuing and Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Issuing and Paying Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin

is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

"**Reference Banks**" means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Issuing and Paying Agent and approved in writing by the Trustee, or as specified in the applicable Final Terms.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or, as the case may be, EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(vi) *Determination of Rate of Interest and Calculation of Interest Amount*

The Issuing and Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Linked Interest Notes, Fund Linked Interest Notes, Credit Linked Interest Notes and ETI Linked Interest Notes will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period. In the case of Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Linked Interest Notes, Fund Linked Interest Notes, Credit Linked Interest Notes and ETI Linked Interest Notes the Calculation Agent will notify the Issuing and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Issuing and Paying Agent or Calculation Agent, as applicable, will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Linked Interest Notes, Fund Linked Interest Notes, Credit Linked Interest Notes and ETI Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes, Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Linked Interest Notes, Fund Linked Interest Notes, Credit Linked Interest Notes and ETI Linked Interest Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention. Where the Specified Denomination of a Floating Rate Note, Index Linked Interest Note, Share Linked Interest Note, Debt Linked Note, Commodity Linked Interest Note, Inflation Linked Interest Note, Currency Linked Interest Note, Fund Linked Interest Note, Credit Linked Interest Note, ETI Linked Interest Note or a Note with interest linked to another

Underlying Reference in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**Calculation Period**" means each Interest Period, AER Calculation Period, FR Calculation Period, Call Calculation Period or Put Calculation Period, as applicable.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:
- (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (x) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (y) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

"**Determination Date(s)**" means the date(s) specified in the applicable Final Terms;

"**Determination Period**" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

- (B) if "**Actual/Actual (ISDA)**" or "**Actual/Actual**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (C) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;

- (D) if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a Calculation Period ending in a leap year, 366;
- (E) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (F) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y1**" is the year expressed as a number, in which the first day of the Calculation Period falls;

where:

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (H) if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Day Count Fraction is "**unadjusted**", the Interest Period and the Interest Amount payable on any date shall not, unless otherwise provided in the application Final Terms, be affected by the application of any Business Day Convention.

- (vii) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

(viii) *Notification of Rate of Interest and Interest Amount*

The Issuing and Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), (in the case of Notes which are listed on the Luxembourg Stock Exchange and where the rules of such stock exchange so require) the Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Notes are for the time being listed. In addition, the Issuing and Paying Agent (except where the relevant Notes are unlisted and are in global form and held in their entirety on behalf of Euroclear and Clearstream, Luxembourg in which event there may be substituted for such publication the delivery of such notice to Euroclear and Clearstream, Luxembourg for communication to the Noteholders) shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with Condition 18 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 18. For the purposes of these Conditions, the expression "**Luxembourg Business Day**" means a day (other than a Saturday or a Sunday) on which commercial banks are open for business in Luxembourg.

(ix) *Certificates to be Final*

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this paragraph (b) by the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent, the other Paying Agents, or, if applicable, the Calculation Agent and all Noteholders, and (in the absence as aforesaid) no liability to the Noteholders shall attach to the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Zero Coupon Notes*

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 7(e)(iv) (*Early Redemption Amount*) at its Amortised Face Amount. As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield (or such other rate) specified in the applicable Final Terms. Such interest shall continue to accrue (as well after as before any judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note. Such interest will be calculated on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the actual number of days elapsed in such incomplete month or on such other basis as may be specified in the applicable Final Terms.

(d) *Coupon Switch*

If Coupon Switch is specified as applicable in the applicable Final Terms, (i) if Coupon Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Notes) elect that, or (ii) if Automatic Coupon Switch is specified as applicable in the applicable Final Terms and an Automatic Coupon Switch Event occurs, the Interest Basis for the Notes will be amended (a "**Coupon Switch**") from the Rate of Interest specified in the Final Terms to the Switched Coupon specified in the applicable Final Terms on and after the Coupon Switch Date specified in the applicable Final Terms. Notice of any Coupon Switch will be given to Noteholders in accordance with Condition 18.

"**SPS ACS Valuation Period**" means each period specific as such in the applicable Final Terms.

(e) *Condition to Interest Payment*

Where "Condition to Interest Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay an Interest Amount will be subject to the receipt of an aggregate amount equal to the aggregate Interest Amounts payable in respect of each Note then outstanding on or prior to the relevant Interest Payment Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or the Swap Agreement terminates for any reason other than as scheduled on its scheduled termination date or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay interest in respect of the Notes and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

(f) *Interest Payments*

Interest will be paid subject to and in accordance with the provisions of Condition 6 (*Payments*). Interest will cease to accrue on each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement (if applicable), is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest or as otherwise provided in the applicable Final Terms until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note and (ii) the day on which the Issuing and Paying Agent has notified the holder thereof (either in accordance with Condition 18 (*Notices*) or individually) of receipt of all sums due in respect thereof up to that date.

(g) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Issuing and Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Issuing and Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with Conditions 5(b)(ii)-(v) (inclusive), and in each case in accordance with Condition 5(b)(vi), the Trustee shall, (or shall appoint an agent on its behalf to do so), determine the Rate of Interest at such rate as, in its sole and absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 5, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall (or shall appoint an agent on its behalf to do so) calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Issuing and Paying Agent or the Calculation Agent, as applicable.

"Determination Period" means each period from and including a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

"Interest Period" means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next Interest Period End Date.

"Interest Rate_(i-1)" means in respect of an Interest Period, the Rate of Interest determined by the Calculation Agent in respect of the immediately preceding Interest Period. For the avoidance of doubt, Interest Rate_(i-1) is expressed as a rate per annum, unless otherwise specified in the Final Terms.

"Issue Date" means the date specified as such on the applicable Final Terms.

(h) *Rounding generally*

In connection with the calculation of any amount payable in respect of the Notes (including, without limitation, interest) and unless otherwise provided in these Terms and Conditions or in the applicable Final Terms, such amounts will, if necessary, be rounded to the nearest sub-unit (as defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms.

6. Payments

For the purposes of this Condition 6, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to physical delivery of any Entitlement.

(a) *Method of Payment*

(i) *Bearer Notes*

Payments of principal and interest (if any) in respect of the Definitive Bearer Notes will (subject as provided below) be made against presentation or surrender of such Bearer Notes or Coupons, as the case may be, at any specified office of any Paying Agent. Payments of principal in respect of instalments (if any), other than the last instalment, will (subject as provided below) be made against surrender of the relevant Receipt. Payment of the last instalment will be made against surrender of the relevant Bearer Note. Each Receipt must be presented for payment of such instalment together with the relevant

Definitive Bearer Note against which the amount will be payable in respect of that instalment. If any Definitive Bearer Notes are redeemed or become repayable prior to the Maturity Date in respect thereof, principal will be payable on surrender of each such Note together with all unmatured Receipts appertaining thereto. Unmatured Receipts and Receipts presented without the Definitive Bearer Notes to which they appertain do not constitute obligations of the Issuer. All payments of interest and principal with respect to Bearer Notes will be made only against presentation and surrender of the relevant Bearer Notes, Coupons or Receipts outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Subject as provided below, payments in respect of definitive Notes denominated in a Specified Currency (other than euro) will (subject as provided below) be made by a cheque in the Specified Currency drawn on, or, at the option of the holder and upon 15 days' prior notice to the Issuing and Paying Agent, by transfer to an account in the Specified Currency maintained by the payee with, a bank in the principal financial centre of the country of the Specified Currency. Payments in euro will be made by credit or transfer to a euro account or any other account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by euro-cheque. Notwithstanding the foregoing, the Issuer shall be entitled to vary settlement where, for reasons beyond its control (including, without limitation, unlawfulness, illegality, impossibility, force majeure, non-transferability or the like, each a "**Payment Disruption Event**"), the Issuer is not able to make, or any Noteholder is not able to receive, as the case may be, payment on the due date and in the Specified Currency of any amount of principal or interest due under the Notes.

Fixed Rate Bearer Notes in definitive form should be presented for payment with all unmatured Coupons appertaining thereto (which expression shall include Coupons to be issued on exchange of Talons which will have matured on or before the relevant redemption date), failing which the full amount of any missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of such missing unmatured Coupon which the sum so paid bears to the total amount due) will be deducted from the sum due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 9 (*Taxation*)) for the payment of such sum due for payment, whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*) or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Note, Index Linked Note, Share Linked Note, Debt Linked Note, Commodity Linked Note, Inflation Linked Note, Currency Linked Note, Fund Linked Note, Credit Linked Note or ETI Linked Note in definitive bearer form all unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them. Where any Floating Rate Note, Index Linked Note, Share Linked Note, Debt Linked Note, Commodity Linked Note, Inflation Linked Note, Currency Linked Note, Fund Linked Note, Credit Linked Note or ETI Linked Note is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only upon indemnification of the Issuer and the Guarantor (if applicable).

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be

surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 14 (*Replacement of Notes, Receipts, Coupons and Talons*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

(ii) *Registered Notes*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (in each case, the "**Record Date**"). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or integral multiples of U.S.\$1,000 in excess thereof) (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Neither the Issuer, the Guarantor (if applicable), the Trustee nor any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(iii) *Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will be made in the manner specified above and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside of the United States. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which such Global Note is presented for the purpose of making such payment, and such record shall be prima facie evidence that the payment in question has been made.

The holder of the relevant Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the payment obligations of the Issuer or the Guarantor (if applicable) will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear and/or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Note. No person other than the holder of the relevant Global Note shall have any claim against the Issuer or the Guarantor (if applicable) in respect of any payments due on that Global Note.

If any date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to Condition 10 (*Prescription*)) is:

a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- (A) the relevant place of presentation (in the case of Notes that are Definitive Bearer Notes);
- (B) each Financial Centre specified in the applicable Final Terms; and
- (C) in relation to any sum payable in euro, a day on which the TARGET System is open. The names of the initial Issuing and Paying Agent and the other initial Paying Agents and their initial specified offices are set out below. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents and/or to approve any change in the specified office of any Paying Agent, provided that:

- (1) so long as any Notes are listed on any stock exchange, there will at all times be a Paying Agent, which may be the Issuing and Paying Agent (in the case of Bearer Notes) and a Transfer Agent, which may be the Registrar (in the case of Registered Notes) with a specified office in the place required by the rules and regulations of the relevant stock exchange; and
- (2) there will at all times be a Issuing and Paying Agent and a Registrar; and

- (3) the Issuer undertakes that it will ensure that it maintains a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusion of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive.

Payments in respect of the Notes will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9.

(b) *Physical Delivery*

(i) *Physical Delivery*

(A) *Asset Transfer Notices*

In relation to Notes to be redeemed by delivery or (in the case of Credit Linked Notes) Delivery of the Entitlement(s) ("**Entitlement**") shall be the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in its Final Terms, in order to obtain delivery or Delivery of the Entitlement in respect of any Note, the relevant Noteholder must:

- (1) if such Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Issuing and Paying Agent and any entity appointed by the Issuer to deliver or Deliver, as the case may be, the Entitlement on its behalf (the "**Delivery Agent**"), not later than the close of business in each place of reception on the Cut-Off Date, a duly completed asset transfer notice (an "**Asset Transfer Notice**") in the form set out in the Agency Agreement; and
- (2) if such Note is in definitive form, the relevant Noteholder must deliver (I) if this Note is a Bearer Note, to any Paying Agent or (II) if this Note is a Registered Note, to the Registrar or any Paying Agent, in each case, with a copy to the Issuing and Paying Agent and the Delivery Agent (as defined above) not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the Agency Agreement.

For the purposes hereof, "**Cut-off Date**" means the date specified as such in the applicable Final Terms or if not so specified (a) in respect of a Note that is not a Credit Linked Note, the fifth Business Day immediately preceding the Maturity Date or (b) in respect of a Credit Linked Note, the first Business Day immediately preceding the Settlement Date.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (I) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be, or (II) if such Note is in definitive form, in writing.

If this Note is in definitive form, this Note must be delivered together with the duly completed Asset Transfer Notice.

The Asset Transfer Notice shall:

- (ff) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof; and
- (gg) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

If Condition 6(b)(ii) (*Variation of Settlement*) applies, the form of Asset Transfer Notice required to be delivered will be different from that set out above. Copies of such Asset Transfer Notice may be obtained from the Registrar or any Paying Agent.

(B) *Verification of the Noteholder*

In the case of Notes represented by a Global Note, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person

delivering the Asset Transfer Notice is the holder of the Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Issuing and Paying Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Note. Upon receipt of such confirmation, the Issuing and Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the Delivery Date or Settlement Date, as the case may be, debit the securities account of the relevant Noteholder with the relevant Notes.

(C) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Notes represented by a Global Note, by the relevant Clearing System or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Issuing and Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent(s), any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Issuing and Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Notes represented by a Global Note, the relevant Clearing System, or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Issuing and Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Noteholder, in the manner provided below on the date fixed for redemption (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**") or in the case of Credit Linked Notes Delivered at the risk of the relevant Noteholder, in the manner provided below on the Settlement Date, provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuing and Paying Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) or (in the case of Credit Linked Notes) the Settlement Date at the risk of such Noteholder in the manner provided below. For the avoidance of doubt, in such circumstances such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption or the originally designated Settlement Date, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor (if applicable), if any.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, deliver or procure the delivery of the Entitlement for each Note or (in the case of Credit Linked Notes) Deliver the Deliverable Obligations comprising the Entitlement, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising from the delivery of the Entitlement or the Delivery of the Deliverable Obligations comprising the Entitlement, as the case may be, in respect of such Notes shall be for the account of the relevant Noteholder and no delivery of the Entitlement or the Delivery of the Deliverable Obligations comprising the Entitlement, as the case may be, shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(D) *General*

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Notes, provided that, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Noteholder.

Following the Delivery Date of a Share all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 6(b)(i)(A) (*Asset Transfer Notices*).

For such period of time after delivery or Delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities or Deliverable Obligations comprising the Entitlement (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations or Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations or Deliverable Obligations.

(E) *Settlement Disruption*

The provisions of this Condition 6(b)(i)(E) apply to Notes other than Credit Linked Notes.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 18 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 18 (*Notices*) that a Settlement Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

"Disruption Cash Redemption Amount", in respect of any relevant Note, shall be the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion;

"Settlement Business Day" has the meaning specified in the applicable Final Terms;

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor (if applicable), as the case may be, as a result of which the Issuer or the Guarantor (if applicable), as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms; and

"Relevant Asset" means the Relevant Asset specified in the applicable Final Terms.

(F) *Additional Provisions for Credit Linked Notes*

In the case of Credit Linked Notes, the provisions contained in Annex 10 - "Additional Terms and Conditions for Credit Linked Securities" will apply.

(ii) *Variation of Settlement*

- (A) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may, at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Noteholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Noteholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders, as the case may be. Notification of such election will be given to Noteholders in accordance with Condition 18 (*Notices*).
- (B) If specified in the applicable Final Terms, the Issuer shall, in respect of each Note, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Noteholders, make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders.

(iii) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

Notwithstanding any provision of these Conditions to the contrary, the Issuer may, in its sole and absolute discretion in respect of such Notes, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises shares which are not freely tradeable, elect either (A) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other shares which the Calculation Agent determines, in its sole and absolute discretion, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (B) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Noteholders, but in lieu thereof to make payment to the relevant Noteholder on the Settlement Date of an amount equal to the fair market value as determined by the Calculation Agent (unless otherwise specified) (the "**fair market value**") of the Entitlement on the Valuation Date as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Noteholders in accordance with Condition 18 (*Notices*) and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(iv) *Rights of Noteholders and Calculations*

None of the Issuer, the Guarantor (if applicable), the Trustee, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(c) *Currency unavailability*

This Condition shall apply when payment is due to be made in respect of any Note, Receipt or Coupon in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) ("**Currency Unavailability**"). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Note, Receipt or Coupon by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

7. Redemption and Purchase

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below and provided that no Early Redemption Event or Event of Default has occurred on or prior to the Maturity Date, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case only of Physical Delivery Notes to which Physical Settlement is applicable, where the applicable Final Terms specifies that such Notes will be redeemed by payment and/or delivery of a physical delivery of the Entitlement by the payment and the delivery of the Entitlement) in the relevant Specified Currency on the Maturity Date.

The "**Final Redemption Amount**", in respect of each nominal amount of Notes equal to the Calculation Amount, shall be an amount calculated by the Calculation Agent equal to:

(i) Calculation Amount x the percentage or (ii) the Final Payout, in each case as specified in the applicable Final Terms,

provided that if the product of the Final Payout is zero, no amount shall be payable on final redemption of the Note.

The "**Entitlement**" shall be the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in the applicable Final Terms.

(b) *Final Terms*

The Final Terms applicable to the Notes will indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraphs (f), (l), (m) and (q) below and in Condition 11 (*Events of Default*)); or
- (ii) that such Notes will be redeemable at the option of the Issuer and/or the Noteholders prior to such Maturity Date in accordance with the provisions of paragraphs (c) and/or (d) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(c) *Redemption at the Option of the Issuer*

If the Issuer is specified in the applicable Final Terms as having an option to redeem, the Issuer may, having given notice (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) in accordance with Condition 18 (*Notices*), to the Noteholders (with a copy to the Trustee) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date(s) specified in the applicable Final Terms and at the Optional Redemption Amount(s) together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms. The "**Optional Redemption Amount**" in respect of each nominal amount of Notes equal to the Calculation Amount shall be an amount calculated by the Calculation Agent equal to:

((i) Calculation Amount x the percentage or (ii) the Call Payout, in each case specified in the applicable Final Terms,

provided that if the product of the Call Payout is zero, no amount shall be payable on redemption of such Note.

In the case of a partial redemption of Notes, the Notes to be redeemed will be selected individually by lot (in the case of Notes represented by Notes in definitive form) and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg in the case of Notes represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and in accordance with the rules of the relevant securities depositary (in the case of Registered Notes), in each case not more than 30 days prior to the date fixed for redemption (the "**Selection Date**"). In the case of Notes represented by Notes in definitive form, a list of the serial numbers of such Notes will be published in accordance with Condition 18 (*Notices*) not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 18 (*Notices*) at least ten days prior to the Selection Date.

In respect of any Note, any notice given by the Issuer pursuant to this Condition 7(c) shall be void and of no effect in relation to that Note in the event that, prior to the giving of such notice by the Issuer, the holder of such Note had already delivered a Put Notice (as defined in Condition 7(d) (*Redemption at the Option of the Noteholders*) below) in relation to that Note in accordance with Condition 7(d) (*Redemption at the Option of the Noteholders*).

(d) *Redemption at the Option of the Noteholders*

If the Noteholders are specified in the applicable Final Terms as having an option to require the Issuer to redeem any Note, upon the holder of any Note giving notice to the Issuer in accordance with Condition 18 (*Notices*) (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) the Issuer will, upon the expiry of such notice, redeem in whole (but not in part), such Note on the Optional Redemption Date as specified in the applicable Final Terms and at the Optional Redemption Amount together, if appropriate, with interest accrued to but excluding the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Note can be exercised, certain conditions and/or circumstances will need to be satisfied. The "**Optional Redemption Amount**" shall be an amount calculated by the Calculation Agent equal to:

(i) Calculation Amount x the percentage or (ii) the Put Payout, specified in the applicable Final Terms,

provided that if the product of the Put Payout is zero, no amount shall be payable on redemption of such Note.

To exercise the right to require redemption of a Note, the holder of such Note must, if the Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 7(d) and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2 (*Transfers of Registered Notes*). If the Note is in definitive form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to the order or under its control. If the Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Issuing and Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository for them to the Issuing and Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Issuing and Paying Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this paragraph (d) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 11 (*Events of Default*), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (d); and
- (ii) void and of no effect in relation to such Note in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Note constituted a Redeemed Note, or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Notes then outstanding, in each case pursuant to Condition 7(c) (*Redemption at the Option of the Issuer*).

(e) *Early Redemption Amounts*

For the purposes of paragraphs (f), (l) and (m) below and Condition 11 (*Events of Default*), the Final Terms may specify that the Notes will be redeemed at the Early Redemption Amount calculated by the Calculation Agent in accordance with the following:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in

the applicable Final Terms or, if no such amount is so specified in the Final Terms, at their nominal amount; or

- (iii) in the case of Notes to which Physical Settlement is applicable by delivery of the Entitlement multiplied by a percentage specified in the applicable Final Terms; or
- (iv) in the case of Zero Coupon Notes, at an amount (the "**Amortised Face Amount**") equal to the sum of:
 - (A) the Reference Price specified in the applicable Final Terms; and
 - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from and including the Issue Date to but excluding the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
- (v) if Liquidation Proceeds is specified in the applicable Final Terms as the Early Redemption Amount, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the Disposal Agent may not be the Issuer) and the Early Redemption Amount in respect of each Note shall be the *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by the Disposal Agent (for itself and on behalf of the Issuer), in respect of the sale or realisation of the Charged Assets and the early redemption of the Notes, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. "**Liquidation Proceeds Cap**" means (A) in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event; or (B) following a Note Acceleration, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the date on which notice of the Note Acceleration was given by the Trustee in accordance with Condition 11 (*Events of Default*)) that would have been payable but for the occurrence of the Event of Default. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(v) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption. Unless otherwise specified in the applicable Final Terms, the Early Redemption Amount will be "Liquidation Proceeds" as defined above; or
- (vi) if Liquidation Proceeds/Fair Market Value is specified in the applicable Final Terms as the Early Redemption Amount, the Calculation Agent will determine the fair market value of a Note (taking into account the occurrence of the relevant Early Redemption Event but otherwise equal to a *pro rata* share of the amounts payable to the Issuer in respect of the Charged Assets following their early termination or realisation on or prior to the Early

Redemption Date) which such amount will be the Early Redemption Amount in respect of each Note unless such amount would be less than the *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap) realised by a Disposal Agent appointed by the Issuer in respect of a Note, in which case a *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap) will be the Early Redemption Amount in respect of each Note.

(f) *Redemption following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms:

- (i) within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement in whole or in part on the next following Interest Payment Date, the Issuer shall notify the relevant Noteholders in accordance with Condition 18 (*Notices*) of the early redemption of the Notes in whole or in part on such Interest Payment Date and, subject to the relevant provisions of Condition 7(l) (*Early Redemption Events*), shall redeem the relevant Notes at their principal amount outstanding plus interest accrued thereon to such Interest Payment Date on such Interest Payment Date; or

The Trustee will accept as evidence of the satisfaction of the criteria to such purchase a certificate (which it may rely on without further enquiry) of the Issuer confirming such arrangements and confirming that the remaining Charged Assets are sufficient to secure the Issuer's remaining obligations in respect of the remaining Notes. If five or more of such offered quotations are available on the AER Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the AER Rate shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the AER Margin (if any), all as determined by the Calculation Agent.

The Compartment Security constituted or created pursuant to the Trust Deed and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 8(e) (*Application of Proceeds*)) as continuing security for (i) the payment of all sums due to the Trustee or any appointee or any receiver under the Trust Deed and/or any Additional Security Document or due under the Notes, Coupons or Receipts, (ii) the performance of the Issuer's obligations under any Related Agreement (including any Swap Agreement) and (iii) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) to the Issuing and Paying Agent or the Registrar for any amount paid out by the Issuing and Paying Agent or the Registrar, as the case may be, to the holders of Notes, Coupons or Receipts before receipt of the corresponding amount due from the Issuer).

(e) *Application of Proceeds*

- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed and any Additional Security Document in connection with the realisation or enforcement as described in Condition 12 (*Enforcement and Realisation*) of the Compartment Security constituted by or pursuant to the Trust Deed and any Additional Security Document in accordance with the Order of Priority specified in the applicable Final Terms (such amounts being the "**Available Enforcement Proceeds**").
- (ii) By subscribing to or otherwise acquiring the Notes, each Noteholder expressly consents to the provisions of this Condition 8(e), the order of priority specified in the applicable Final Terms (the "**Order of Priority**") and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof. If no Order of Priority is specified in the applicable Final Terms, the Order of Priority shall be Swap Counterparty Priority as set out below.
- (iii) If:
 - (A) "**Swap Counterparty Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
 - (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination

payment due to the Repo Counterparty under the Repurchase Agreement (if any);

- (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Notes. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
 - (5) fifthly, rateably in meeting the claims (if any) of the holders of Notes, Coupons and Receipts. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (6) sixthly, in payment of the balance (if any) to the Issuer;
- (B) **"Pari Passu Ranking"** is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
 - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement and the holders of Notes, Coupons and Receipts. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (5) fifthly, in payment of the balance (if any) to the Issuer; and

- (C) "**Noteholder Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
 - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the holders of Notes, Coupons and Receipts. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
 - (5) fifthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (6) sixthly, in payment of the balance (if any) to the Issuer.

"**Secured Parties**" means each of the Trustee, any receiver, the Noteholders, the Swap Counterparty and the Agents (each, a "**Secured Party**").

(f) *Compartment Assets substitution by Swap Counterparty*

Where this Condition 8(f) is specified as being applicable in the Final Terms then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty.

The Swap Counterparty may substitute the Compartment Assets for:

- (i) either securities denominated in the currency specified in the Final Terms issued by the entity specified as the eligible collateral issuer (each, an "**Eligible Compartment Assets Issuer**") in the Final Terms ("**Eligible Compartment Assets Issuer Obligations**"); or
- (ii) such other securities, obligations or an amount of cash in the currency in which the principal amount of the existing Compartment Assets is expressed to be payable where "**Alternative Substitution**" is specified in the Final Terms.

The new securities, obligations or cash to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Compartment Assets are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in its sole discretion) to the then fair market valuation of the Notes as determined by the Swap Counterparty (or, in the case of a substitution or redemption of part only of the Compartment Assets, of the relevant proportion thereof as at the date of such substitution).

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian or such other relevant Counterparty.

By making any substitution pursuant to this Condition 8(f) the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 8(f) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 8(f).

References in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any substituted Compartment Assets and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Noteholders under this Condition 8(f) in accordance with Condition 18 (*Notices*) and, in relation to any Notes listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 8(f) is applicable, the Trustee and any Noteholders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 8(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the principal amount of the Notes.

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Compartment Assets in the applicable Final Terms, to such entity) or such other relevant Counterparty.

By making any substitution pursuant to this Condition 8(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 8(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 8(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Noteholders under this Condition 8(g).

If this Condition 8(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets that are the subject of the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 8(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the principal amount of the Notes.

(h) *Swap Counterparty optional termination*

Where this Condition 8(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Call option:*

The Swap Counterparty may opt to terminate a Swap Agreement:

in whole or in part on either:

(A) any Interest Payment Date; or

(B) if so specified in the Final Terms, on any other date,

upon the number of Business Days' notice specified as being applicable in the Final Terms to the Issuer.

Such optional termination will lead to early redemption in whole or in part, as the case may be, of the Notes on the relevant Interest Payment Date (or, if applicable, on such other

date) in the manner set out in Condition 7(f) (*Redemption Following Swap Counterparty Optional Termination*).

(ii) *Repurchase:*

The Swap Counterparty may opt to terminate a Swap Agreement upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Notes to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Notes**"). Where such option is exercised, such Swap Agreement will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate principal amount of the Purchased Notes bears to the aggregate principal amount of the Notes outstanding immediately prior to the purchase of the Purchased Notes by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Issuing and Paying Agent the Purchased Notes for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement in the manner described in this Condition 8(h);
- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Supplemental Trust Deed.

(i) *Residual Shortfall*

In the case of Notes (but without prejudice to the rights of a holder of Guaranteed Notes under the Guarantee), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Notes, then:

- (i) the obligations of the Issuer in respect of such Notes will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Noteholder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy

(*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 11 (*Events of Default*).

In this Condition, "Residual Shortfall" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Notes but for the operation of this Condition 8(i).

(j) *Issuer's rights as holder of Compartment Assets*

The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. in principal amount of the Notes then outstanding or as directed by an Extraordinary Resolution of the Noteholders) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. in principal amount of Notes then outstanding or as directed by an Extraordinary Resolution of each of the Noteholders) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Noteholders) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

(k) *Swap termination*

Notwithstanding the terms of Condition 8(j) (*Issuer's rights as holder of Compartment Assets*), where "**Swap Termination Without Redemption**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) and Related Agreement Termination Event is stated as not applicable in the applicable Final Terms, following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any, equal to the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement less the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with such termination shall be paid by the Issuer to the Noteholders on a *pro rata* and *pari passu* basis on either the next following Interest Payment Date after the Issuer has recovered the relevant Early Termination Amount or, if there are no scheduled

subsequent Interest Payment Dates, the Maturity Date. If the Issuer does not receive the Early Termination Amount on or prior to the Maturity Date, Condition 8(n) will apply.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Noteholders) and if either "Noteholder Priority" or "Pari-Passu Ranking" applies, the Noteholders.

9. **Taxation**

All payments in respect of the Notes, Receipts and Coupons or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any tax authority unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 11.

In these Conditions:

"**Relevant Date**" in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

10. **Prescription**

Bearer Notes (and any relative Receipts and Coupons) and Registered Notes will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9 (*Taxation*)).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 (*Prescription*) or Condition 6 (*Payments*) above.

11. **Events of Default**

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Notes of any Series then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at an amount equal to (unless otherwise specified in the Final Terms) the Liquidation Proceeds (such occurrence, a "**Note Acceleration**") upon the occurrence of any of the following events (each an "**Event of Default**"):
- (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Notes; or

- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
 - (iii) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders; or
 - (iv) in the case of Guaranteed Notes, the Guarantee ceases to be in full force and effect in respect of the Notes, the Receipts or the Coupons, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Notes, the Receipts or the Coupons, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes, the Receipts or the Coupons, or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Noteholders, the Receiptholders or the Couponholders, or the Guarantor is unable to perform its obligations thereunder for any reason.
- (b) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

12. Enforcement and Realisation

Upon the occurrence of a Note Acceleration under Condition 11 (*Events of Default*), the Compartment Security constituted by or created pursuant to the Supplemental Trust Deed and any Additional Security Document relating to a Series of Notes and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (i) (where the Instructing Party is the Noteholders) either a direction in writing by holders of at least 25 per cent. in principal amount outstanding of the relevant Series of Notes or by an Extraordinary Resolution of the holders of the Notes; or (ii) (where the Instructing Party is the Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (a) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (b) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to

the consequences of any such action and without having regard to the effect of any such action on individual Noteholders or Couponholders,

provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties.

13. Meetings of Noteholders; Modifications; Waiver; Trustee Determination; Substitution

(a) *Meetings of Noteholders*

The Trust Deed contains provisions for convening meetings of Noteholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Notes (including these Conditions or the provisions of the Trust Deed insofar as the same may apply to such Notes). The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding or, at any adjourned such meeting, two or more persons being or representing Noteholders, whatever the principal amount of the Notes so held or represented, and an Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not and on all relevant Couponholders and holders of Receipts, except that any Extraordinary Resolution proposed to address a Reserved Matter (as defined in the Trust Deed), including (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereof, (ii) to change the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to change the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Final or Early Redemption Amount is shown in the applicable Final Terms, to change any such Minimum and/or Maximum Interest Rate, Instalment Amount, Final Redemption Amount or Early Redemption Amount, (v) to change any method of calculating the Final or Early Redemption Amount or, in the case of Zero Coupon Notes, to vary the method of calculating the Amortised Face Amount, (vi) to change the currency or currencies of payment or denomination of the Notes, (vii) to direct the Trustee to take any steps as specified in the Trust Deed and/or Condition 11 (*Events of Default*), (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution or (ix) to modify the definition of Reserved Matter in the Trust Deed, will only be binding if passed at a meeting of the Noteholders, the quorum at which shall be two or more persons holding or representing not less than 75 per cent. or, at any adjourned meeting, not less than 25 per cent., in principal amount of the Notes for the time being outstanding. The holder of a global Note representing all (or part) of the Notes for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. (including in the case of a resolution proposed to address a Reserved Matter) in principal amount of the Notes of such Series for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Noteholders.

The provisions of articles 86 to 97 of the Luxembourg Act dated 10th August, 1915 on commercial companies, as amended, shall not apply to the Notes, Receipts and Coupons (if any).

(b) *Modification*

The Trustee may, in respect of each Series, without the consent of the Noteholders or Couponholders, agree to (i) any modification to any Transaction Document or any other agreement to which the Issuer is a party which is of a formal, minor or technical nature or is made to correct a

manifest error; (ii) any modification of any of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which in the opinion of the Trustee is not materially prejudicial to the interests of the Noteholders or (iii) any modification of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which is made to satisfy any requirement of any stock exchange on which the Notes are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Noteholders.

Notice of such modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 18 (*Notices*) unless the Trustee agrees otherwise.

(c) *Waiver*

The Trustee may, in respect of any Series, without the consent of the Noteholders or Couponholders and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Noteholders shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 13(c) in respect of any Reserved Matter or in contravention of any express direction given by an Extraordinary Resolution of the Noteholders, but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Noteholders or Couponholders of such Series.

Notice of any such waiver, authorisation or determination shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 18 (*Notices*) unless the Trustee agrees otherwise.

(d) *Trustee determination*

If, in the opinion of the Trustee, any modification, waiver, authorisation or determination referred to in paragraphs (b)(ii) or (iii) and (c) of this Condition 13 affects the interests of the holders of any Series of Notes, the Trustee shall agree to such modification, waiver, authorisation or determination only if either (i) it is satisfied that, in its opinion, the interests of the holders of the relevant Series of Notes will not be materially prejudiced thereby or (ii) the holders of the relevant Series of Notes sanction such modification, waiver, authorisation or determination by way of Extraordinary Resolution, each of (i) and (ii) in accordance with the Conditions of the relevant Series of Notes.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may require, but without the consent of the holders of the relevant Series of Notes, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Notes, in place of the Issuer (or of the previous substitute), as the principal debtor under the Notes of such Series, or, when applicable, the Guarantor, as guarantor of the payment obligations of the Issuer under the relevant Series of Notes, of any other company (such substituted company being hereinafter called the "**Substitute Company**").

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Noteholders in the manner provided in Condition 18 (*Notices*).

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall assume that each holder of a Bearer Note is the holder of all Receipts, Coupons and Talons relating to such Bearer Note and shall have regard to the interests of the holders of such Notes or the Coupons, Receipts or Talons relating thereto as a class and shall not have regard to the consequences of such exercise for any particular Noteholder or Couponholder or holder of any Receipt or Talon and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder or holder of any Receipt or Talon be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Notes, Coupons, Receipts or Talons.

14. Replacement of Notes, Receipts, Coupons and Talons

Should any Note or (in the case of any Bearer Note) Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or (if applicable) the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

15. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 10 (*Prescription*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

16. Further Notes

The Issuer may from time to time without the consent of the Noteholders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 16 will be complied with, create and issue further securities ("**Further Notes**") having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest and issue price) and so that the same shall be consolidated and form a single series with such Notes provided that (unless otherwise approved by an Extraordinary Resolution of the Noteholders):

- (i) The Issuer provides additional security for such Further Notes that comprises assets that are fungible with, and have the same proportionate composition as, the Charged Assets in respect of the relevant existing Notes and that has an aggregate principal amount at least equal to the product of (A) the principal amount of such existing security and (B) a fraction, the numerator of which is the aggregate principal amount of the Further Notes and the denominator is the aggregate principal amount of the existing Notes; and
- (ii) The Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Notes on terms no less favourable than those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

Any Further Notes shall be constituted and secured by a further supplemental trust deed and the Notes and the Further Notes shall be secured by the same Charged Assets. References in these Conditions to "Notes" and "Charged Assets" shall be construed accordingly.

17. Removal, Indemnification and Obligations of the Trustee

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Noteholders of such appointment in accordance with Condition 18 (Notices).

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Notes or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Noteholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Condition 17, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

18. Notices

All notices regarding the Notes shall be valid if: (a) in the case of Notes represented by a Global Note, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes; (b) so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Notes if sent by first class mail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register. If and for so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, www.bourse.lu. Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Issuing and Paying Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Issuing and Paying Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

19. Redenomination

(a) *Redenomination*

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Trustee, the Receiptholders and the Couponholders, on giving prior notice to the Issuing and Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 18 (Notices), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Issuing and Paying Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Issuing and Paying Agent of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant Noteholder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Issuing and Paying Agent may approve) euro 0.01 and such other denominations as the Issuing and Paying Agent shall determine and notify to the Noteholders;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Issuing and Paying Agent may specify and as shall be

notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;

- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (vii) if the Notes are Floating Rate Notes, the Calculation Agent will determine (acting in good faith and a commercially reasonable manner) any relevant changes to the provisions relating to interest and the Issuer will notify Noteholders thereof in accordance with Condition 18; and
- (viii) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Issuing and Paying Agent and the Trustee, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Issuing and Paying Agent and the Trustee shall be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) *Definitions*

In these Conditions, the following expressions have the following meanings:

"Established Rate" means the rate for the conversion of the Specified Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

"euro" means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

"Redenomination Date" means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

"Treaty" means the Treaty on the Functioning of the European Union, as amended.

20. Contracts (Rights of Third Parties) Act 1999

The Notes shall not confer any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

21. Governing Law and Submission to Jurisdiction

The Trust Deed (save to the extent that the Trust Deed relates to security interests created over assets located or deemed to be located in Luxembourg), the Agency Agreement, the Notes, the Receipts and the Coupons (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes, the Receipts and/or the Coupons (including a dispute relating to non-contractual obligations arising out of such Notes, Receipts and/or Coupons) and accordingly any suit, action or proceedings arising out of or in connection with the Notes, the Receipts and the Coupons may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders, the Receiptholders and the Couponholders may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Notes, the Receipts and the Coupons (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Notes, Receipts and/or Coupons) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has in the Trust Deed submitted to the jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.

The following are the Terms and Conditions of the Warrants, which will include the additional terms and conditions for payouts for Securities contained in Annex 1, Annex 2 in the case of Index Linked Warrants, Annex 3 in the case of Share Linked Warrants, Annex 4 in the case of Debt Linked Warrants, Annex 5 in the case of Commodity Linked Warrants, Annex 6 in the case of Inflation Index Linked Warrants, Annex 7 in the case of Currency Linked Warrants, Annex 8 in the case of Fund Linked Warrants, Annex 9 in the case of Market Access Warrants and Annex 11 in the case of ETI Linked Warrants or any other Annex (each an "Annex" and together the "Annexes" which may be added from time to time) which will be incorporated by reference into each Global Warrant.

Where the Terms and Conditions of any Warrants are completed by Issue Specific Terms, references herein and in the Annexes to the "Final Terms" shall be deemed to be references to the "Issue Specific Terms" relating to such Warrants.

The applicable Final Terms or Issue Specific Terms (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each permanent global Warrant. Reference should be made to the section headed "Applicable Warrant Final Terms" above for a description of the content of Final Terms or Issue Specific Terms, as the case may be, which will specify which of such terms is to apply in relation to the relevant Warrants.

This Warrant is one of a Series (as defined below) of Warrants issued by SecurAsset S.A. (the "**Issuer**"), a regulated securitisation undertaking within the meaning of the Luxembourg Act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**", which term shall include such act as modified, amended or re-enacted from time to time), constituted and secured by a supplemental trust deed (the "**Supplemental Trust Deed**") dated the date of issue of the Warrants (the "**Issue Date**") between, *inter alia*, the Issuer, BNP Paribas Trust Corporation UK Limited (the "**Trustee**", which expression shall include all persons for the time being the trustee or trustees under the Trust Deed (as defined below)) as trustee for the Warrantholder and, if applicable, the persons specified therein as the guarantor (the "**Guarantor**") and, if applicable, the persons specified therein as a Swap Counterparty and/or Deposit Counterparty and/or Repo Counterparty (each as defined in Condition 9 (*Compartment Assets*)). The Supplemental Trust Deed is supplemental to a trust deed (the "**Trust Deed**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) dated 6 February 2009, as most recently amended and restated on 27 November 2013 and made between the Issuer and the Trustee. References herein to the "Issuer" shall include the Substitute Company as defined in Condition 14(e) (*Substitution*), in the case of any substitution of the Issuer in accordance with that Condition.

References herein to the Warrants shall be references to the Warrants of this Series and shall mean:

- (a) Warrants held by a Common Depository on behalf of Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and/or Euroclear Bank S.A./N.V. ("**Euroclear**"), and/or any other relevant clearing system ("**Clearing System Warrants**") constituted by a clearing system global warrant (a "**Clearing System Global Warrant**"); and
- (b) any global Warrant in registered form ("**Registered Global Warrant(s)**" and, together with a Clearing System Global Warrant, each a "**Global Warrant**").

The Warrants have the benefit of an agency agreement dated 6 February 2009, as most recently amended and restated on 27 November 2013 (the "**Agency Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alia*, the Issuer, the Trustee, BNP Paribas Arbitrage S.N.C. as calculation agent (the "**Calculation Agent**"), which expression shall include any additional or successor calculation agents specified in the applicable Final Terms), BNP Paribas Securities Services, Luxembourg Branch as account bank (where specified in the

applicable Final Terms) (the "**Account Bank**"), BNP Paribas Securities Services, Luxembourg Branch as principal warrant and certificate agent, registrar and, where specified in the Final Terms, custodian and cash manager (the "**Principal Warrant and Certificate Agent**", the "**Registrar**", the "**Custodian**" and the "**Cash Manager**" respectively, which expressions shall include, in each case, any additional, alternative or successor agents specified in the applicable Final Terms) and the other warrant and certificate agents named therein (together with the Principal Warrant and Certificate Agent and the Registrar, the "**Warrant and Certificate Agents**", which expression shall include any additional or successor warrant and certificate agents). The Warrant and Certificate Agents, the Calculation Agent, the Cash Manager and the Custodian shall be referred to collectively herein as the "**Agents**". The Warrants, the Trust Deed (together with any Supplemental Trust Deed), the Agency Agreement (together with any supplements thereto), the Dealer Agreement and any other Related Agreements are together referred to as the "**Transaction Documents**".

The Trustee acts for the benefit of the holders for the time being of the Warrants which expression shall mean, in the case of Clearing System Global Warrants, the Warrantheolders and, in the case of Registered Global Warrants, the persons in whose name the Warrants are registered, and shall, in relation to any Warrants represented by a Global Warrant, be construed as provided in Condition 1 below. The Trustee also holds the Compartment Security granted by the Issuer for itself and the other Secured Parties (as defined below).

Any reference herein to "**Euroclear**" and/or "**Clearstream, Luxembourg**" (each term as defined above) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, approved by the Issuer, the Guarantor (if applicable), the Trustee, the Principal Warrant and Certificate Agent, the Registrar (in the case of warrants in registered form ("**Registered Warrants**") only) and, in the case of Warrants listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

The Final Terms for this Warrant (or other relevant provisions thereof) are set out in the Final Terms that are endorsed on, attached to or incorporated by reference in this Warrant and which complete these terms and conditions (the "**Terms and Conditions**" or the "**Conditions**").

As used herein, "**Tranche**" means Warrants which are identical in all respects and "**Series**" means a Tranche of Warrants together with any further Tranche or Tranches of Warrants which are (a) expressed to be consolidated and form a single series and (b) identical in all respects except for their respective Issue Date and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for inspection by Warrantheolders during normal business hours from the specified offices of the Warrant and Certificate Agents. Copies of the applicable Final Terms are available for viewing by Warrantheolders at www.bourse.lu and copies may be obtained from the specified office of the Principal Warrant and Certificate Agent save that, if this Warrant is a Private Placement Warrant (as defined below) which has not been offered to the public in Luxembourg, the applicable Final Terms will only be obtainable by a Warrantheolder holding one or more such Warrants and such Warrantheolder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Warrant and Certificate Agent as to its holding of such Warrants and identity. The Warrantheolders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed (as such term is defined in the Trust Deed).

By subscribing to, or otherwise acquiring, the Warrants, each Warrantheolder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Warrants has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Warrants will be allocated;

- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;
- (c) all payments to be made by the Issuer in respect of the Warrants and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Warrant Acceleration in respect of the Warrant, the entitlement of the Warrantholder will be limited to such Warrantholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Warrants, sums obtained on its behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in these Final Terms and the relevant provisions of the Guarantee;
- (d) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (e) no Warrantholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

Warrants may not be exercised within the United States, and the securities may not be delivered within the United States upon exercise, other than in offerings deemed to meet the definition of "offshore transaction" pursuant to Regulation S, unless registered under the Securities Act or an exemption from such registration is available.

1. Type, title and transfer

- (a) Type

The Warrants relate to a specified Index or Basket of Indices ("**Index Linked Warrants**"), a specified Share (including a specified depositary receipt (a "**GDR/ADR**")) or Basket of Shares or a basket of GDRs and/or ADRs ("**Share Linked Warrants**"), a specified debt instrument ("**Debt Security**") or basket of Debt Securities ("**Debt Linked Warrants**"), a specified commodity or commodity index or basket of commodities and/or commodity indices ("**Commodity Linked Warrants**"), a specified inflation index or basket of inflation Indices ("**Inflation Index Linked Warrants**"), a specified currency or basket of currencies ("**Currency Linked Warrants**"), a specified fund share or unit or basket of fund shares or units ("**Fund Linked Warrants**"), market access warrants ("**Market Access Warrants**"), a specified interest in an exchange traded fund, an exchange traded note, an exchange traded commodity or any other exchange traded product (each an "**exchange traded instrument**") or benefit of interests in exchange traded instruments ("**ETI Linked Warrants**") or any other or further type of warrants as is specified in the applicable Final Terms including Warrants which relate to any combination of such indices, shares, debt securities, commodities, inflation indices, currencies, fund shares or units, market access and other asset classes or types ("**Hybrid Warrants**"). Warrants related to a specified commodity or commodity index or basket of commodities or commodity indices, a specified inflation index or basket of inflation indices, specified currency or basket of currencies, a specified fund share or unit or basket of fund shares or units, the credit of a specified reference entity or reference entities, a specified interest rate or basket of interest rates, specified exchange traded instruments or Hybrid Warrants related to any of these asset classes, may not at any time be offered, sold, resold, held, traded,

pledged, exercised, settled, transferred or delivered, directly or indirectly, in the United States or to, by or for the account or benefit of, persons that are U.S. persons as defined in Regulation S under the Securities Act or that are not non-United States Persons as defined in Rule 4.7 under the United States Commodity Exchange Act, as amended.

The applicable Final Terms will indicate whether the Warrants are American style Warrants ("**American Style Warrants**"), European style Warrants ("**European Style Warrants**") or Registered Warrants and, in the case of Cash Settled Warrants whether automatic exercise ("**Automatic Exercise**") applies to the Warrants, whether settlement shall be by way of cash payment ("**Cash Settled Warrants**") or physical delivery ("**Physical Delivery Warrants**"), whether the Warrants are call Warrants ("**Call Warrants**") or put Warrants ("**Put Warrants**") whether the Warrants may only be exercised in units ("**Units**") and whether Averaging ("**Averaging**") will apply to the Warrants. If Units are specified in the applicable Final Terms, Warrants must be exercised in Units and any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect. If Averaging is specified as applying in the applicable Final Terms, the applicable Final Terms will state, amongst other details, the relevant Averaging Dates.

References in these Terms and Conditions, unless the context otherwise requires, to Cash Settled Warrants shall be deemed to include references to (i) Physical Delivery Warrants, which include an option (as set out in the applicable Final Terms) at the Issuer's election to request cash settlement of such Warrant pursuant to Condition 4(e)(i) and where settlement is to be by way of cash payment, and (ii) Physical Delivery Warrants where settlement is to be automatically varied to be by way of a cash payment pursuant to Condition 4(e)(i). References in these Terms and Conditions, unless the context otherwise requires, to Physical Delivery Warrants shall be deemed to include references to Cash Settled Warrants which include an option (as set out in the applicable Final Terms) at the Issuer's election to request physical delivery of the relevant underlying asset in settlement of such Warrant pursuant to Condition 4(e)(i) and where settlement is to be by way of physical delivery.

Warrants may, if specified in the applicable Final Terms, allow Warrantholders to elect for settlement by way of cash payment or by way of physical delivery or by way of a combination of cash payment and physical delivery. Those Warrants where the relevant Warrantholder has elected for cash payment will be Cash Settled Warrants and those Warrants where the relevant Warrantholder has elected for physical delivery will be Physical Delivery Warrants. The rights of a Warrantholder as described in this paragraph may be subject to the Issuer's right to vary settlement (as indicated in the applicable Final Terms) and will be subject to the Issuer's right to substitute assets or pay the Alternate Cash Amount (as defined below) in lieu of physical delivery in accordance with Condition 4(f).

(b) *Title to Warrants*

In the case of Warrants represented by a Clearing System Global Warrant held by a Common Depository on behalf of a relevant Clearing System, each person who is for the time being shown in the records of the relevant Clearing System as the holder of a particular amount of such Warrants (in which regard any certificate or other document issued by the relevant Clearing System as to the amount of Warrants standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee, the Guarantor, if any, and the relevant Warrant and Certificate Agent as the Warrantholder of such amount of Warrants for all purposes (and the expressions "**Warrantholder**" and "**Holder of Warrants**" and related expressions shall be construed accordingly).

(c) *Title to Registered Warrants*

In the case of Registered Warrants, the Issuer shall cause to be kept at the principal office of the Registrar, a register (the "**Register**") on which shall be entered the names and addresses of all

Warrantholders, the amount and type of the Warrants held by each Warrantholder and details of all transfers of the Warrants. Each person who is for the time being shown in the Register as the holder of a particular amount of Warrants (each a "**Warrantholder**") shall (except as otherwise required by law) be treated as the absolute owner of such amount of Warrants for all purposes (regardless of any notice of ownership, trust, or any interest in it, any writing on it, or its theft or loss) and no person will be liable for so treating such person.

(d) *Transfers of Interests in Global Warrants*

Transfers of Warrants may not be effected after the exercise of such Warrants pursuant to Condition 5.

Subject as set forth in this Condition, all transactions (including permitted transfers of Warrants) in the open market or otherwise must be effected, in the case of Clearing System Warrants, subject to and in accordance with the rules and procedures for the time being of the relevant Clearing System(s). Title will pass upon registration of the transfer in the books of the relevant Clearing System.

Any reference herein to Clearstream, Luxembourg and/or Euroclear and/or any other relevant Clearing System shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Trustee, the Registrar, the Issuing and Paying Agent, the Principal Warrant and Certificate Agent and Warrant and Certificate Agent from time to time and notified to the relevant Warrantholders in accordance with Condition 17.

(I) *Transfers of Clearing System Warrants*

Transfers of Warrants to a person who takes delivery in the form of Warrants represented by a Global Warrant may be made only in accordance with the following provisions:

- (i) (A) in the case of transfers to a person who takes delivery in the form of Warrants represented by a Global Warrant, from a Holder of Warrants represented by a Global Warrant, to a non-U.S. person in an offshore transaction pursuant to Regulation S; and
- (B) in each case, in accordance with any applicable rules and regulations of the Principal Warrant and Certificate Agent and the relevant Clearing System.
- (ii) The Warrantholder must send a free of payment instruction to Clearstream, Luxembourg or Euroclear and/or any other relevant Clearing System, as the case may be, not later than 10.00 a.m. local time in the city of the relevant Clearing System, one Business Day in the city of the relevant Clearing System prior to the date on which the transfer is to take effect.

Separate payment arrangements are required to be made between the transferor and the transferee.
- (iii) On the transfer date:
 - (A) the relevant Clearing System will debit the account of its participant; and
 - (B) the relevant Clearing System or the Warrantholder, as the case may be, will instruct the Principal Warrant and Certificate Agent to instruct Clearstream, Luxembourg and Euroclear and/or any other relevant Clearing System, as the case may be, to credit the relevant account of the relevant Clearing System participant.

Upon any such transfers, on the transfer date the Principal Warrant and Certificate Agent, will increase or decrease, if appropriate, the number of Warrants represented by the relevant Global Warrant, whereupon the number of Warrants represented by such Global Warrant shall be increased or decreased, if appropriate, for all purposes by the number so transferred and endorsed.

(II) *Transfer of Registered Warrants*

Title to the Registered Warrants will pass upon the registration of transfers in accordance with the provisions of the Agency Agreement. A Registered Warrant may be transferred by the transferor or a person duly authorised on behalf of the transferor depositing at the specified office of the Registrar a duly completed transfer certificate (a "**Transfer Certificate**") in the form set out in the Agency Agreement (copies of which are available from the Registrar) signed by or on behalf of the transferor and upon the Registrar after due and careful enquiry being satisfied with the documents of title and the identity of the person making the request and subject to the regulations set out in Schedule 3 to the Agency Agreement, the Registrar should enter the name of the transferee in the Register for the Registered Warrants as the Warrantholder of the Registered Warrant specified in the form of transfer.

Warrantholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except that the Issuer may require the payment of a sum determined by the Calculation Agent sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration or exchange in the jurisdiction of the Issuer or in any other jurisdiction where the Registrar's specified office is located.

Registered Warrants and interests therein may not be transferred at any time, directly or indirectly, in the United States or to or for the benefit of a U.S. person, and any such transfer shall not be recognised.

(b) *Guaranteed Warrants*

If the Warrants are "**Guaranteed Warrants**" as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Supplemental Trust Deed applicable to such Warrants, the payment obligations of the Issuer in respect of such Guaranteed Warrants will have the benefit of a guarantee (the "**Guarantee**") in favour of the Trustee (for itself, and as trustee for holders of such Guaranteed Warrants) made by BNP Paribas or BNL (in such capacity, each the "**Guarantor**").

The Guarantee (if applicable) constitutes an unsecured, unsubordinated and general obligation of the Guarantor and ranks and will rank (i) *pari passu* with all other existing and future unsecured, unsubordinated and general obligations of the Guarantor, but excluding any debts for the time being preferred by law, and (ii) senior to any subordinated obligations.

(a) *European Style Warrants*

European Style Warrants are only exercisable on the Exercise Date.

Clearing System Warrants

The following provisions apply to Clearing System Warrants held by a Common Depository on behalf of Clearstream, Luxembourg and Euroclear and/or any other relevant Clearing System:

If (i) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (ii) the Warrants are Physical Delivery Warrants, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m. (Local Time) on the Actual Exercise Date, shall become void.

Registered Warrants

If (i) the Warrants are Cash Settled Warrants and Automatic Exercise is not specified as applying in the applicable Final Terms or (ii) the Warrants are Physical Delivery Warrants, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Actual Exercise Date, shall become void. If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, any such European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5, at or prior to 10.00 a.m., Luxembourg time, on the Actual Exercise Date, shall be automatically exercised on the Actual Exercise Date and the provisions of Condition 5(g) shall apply.

(b) *Cash Settlement*

If the Warrants are Cash Settled Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit entitles its holder, upon due exercise and subject, in the case of Warrants represented by a Global Warrant, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Cash Settlement Amount.

The "**Cash Settlement Amount**" shall be an amount (which may never be less than zero) to which the Holder is entitled in the Settlement Currency in relation to each such Warrant, or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, equal to the Final Payout specified in the applicable Final Terms.

The Cash Settlement Amount (if any) shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention, provided that:

- (a) if Rounding Convention 1 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall be calculated using a maximum of four decimal places (with 0.00005 being rounded upwards) and shall be rounded to the second decimal place (with 0.005 being rounded upwards); or
- (b) if Rounding Convention 2 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall not be subject to rounding but Securities of the same Series held by the same Holder will be aggregated for the purpose of determining the aggregate Cash Settlement Amount in respect of such Warrants and the aggregate of such Cash Settlement Amounts will be rounded down to the nearest whole sub-unit of the Settlement Currency in such manner as the Calculation Agent shall determine,

provided that if the product of the Final Payout is zero, no amount shall be payable in respect of the relevant Warrant (and such Warrant shall expire worthless);

(c) *Physical Settlement*

- (i) Exercise Rights in relation to Physical Delivery Warrants

If the Warrants are Physical Delivery Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, entitles its holder, upon due exercise and subject, in the case of Warrants represented by a Global Warrant, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Price and any other sums payable. The method of delivery of the Entitlement is set out in the applicable Final Terms.

Warrants or Units, as the case may be, exercised at the same time by the same Warrantholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants or Units, as the case may be, provided that the aggregate Entitlements in respect of the same Warrantholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following exercise of a Share Linked Warrant which is a Physical Delivery Warrant, all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant

Shares. Any such dividends to be paid to a Warrantholder will be paid to the account specified by the Warrantholder in the relevant Exercise Notice as referred to in Condition 5.

(ii) Settlement Disruption

If, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date, then such Settlement Date for such Warrants shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Calculation Agent may require in its sole discretion that the Issuer will satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Calculation Agent deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Warrantholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Calculation Agent may elect in its sole discretion that the Issuer will satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by payment to the relevant Warrantholder of the Disruption Cash Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 17. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Warrantholder in accordance with Condition 17. The Calculation Agent shall give notice as soon as practicable to the Warrantholder in accordance with Condition 17 that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant or Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or the Guarantor (if any).

For the purposes hereof:

"Disruption Cash Settlement Price" in respect of any relevant Warrant or Unit, as the case may be, shall be the fair market value of such Warrant or Unit, as the case may be (disregarding, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Swap Counterparty and/or its Affiliates of unwinding the Swap Agreement and any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion, plus, if applicable and if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion);

"Settlement Business Day" in respect of each Warrant, has the meaning specified in the applicable Final Terms relating to such Warrant; and

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(d) *Variation of Settlement*

- (i) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of Warrants in accordance with these Terms and Conditions, the Issuer may (if it has received a notification from the Swap Counterparty that the Swap Counterparty intends to vary settlement under the related Swap Agreement or the Calculation Agent determines that the Issuer should so vary settlement) in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, elect not to pay the relevant Warrantheolders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantheolders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantheolders, as the case may be. Notification of such election will be given to Warrantheolders in accordance with Condition 17.
- (ii) If specified in the applicable Final Terms, following a valid exercise of Warrants in accordance with these Conditions, the Issuer shall (if it has received a notification from the Swap Counterparty that the Swap Counterparty intends to vary settlement under the related Swap Agreement or the Calculation Agent determines that the Issuer should so vary settlement), in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Warrantheolders, make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantheolders.

(e) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Amount*

Following a valid exercise of Warrants in accordance with these Conditions, the Issuer shall, in its sole and absolute discretion in respect of such Warrants, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprise(s) shares which are not freely tradeable, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other shares which the Calculation Agent determines, in its sole and absolute discretion, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Warrantheolders, but in lieu thereof to make payment to the relevant Warrantheolders on the Settlement Date of an amount equal to the fair market value of the Entitlement on the Valuation Date as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "**Alternate Cash Amount**"). Notification of any such election will be given to Warrantheolders in accordance with Condition 17.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(f) *General*

In relation to any Cash Settled Warrants where Automatic Exercise is specified as applying in the applicable Final Terms, the expressions "**exercise**", "**due exercise**" and related expressions shall be construed to apply to any such Cash Settled Warrants which are automatically exercised in accordance with the above provisions.

None of the Issuer, the Guarantor (if applicable), the Calculation Agent, the Trustee, the Swap Counterparty and any Warrant and Certificate Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount or of any Entitlement.

The purchase of Warrants does not confer on any Warrantholder of such Warrants any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

- (vii) where an Annex to these Conditions is applicable, and in any event with respect to Condition 8(e)(B) below, the Calculation Agent notifies the Issuer that an event has occurred in respect of which the Calculation Agent in its sole and absolute discretion determines it is not possible to make an adjustment in respect of such event and that the Warrants should be cancelled early as contemplated in either (A) such Annex or (B) Condition 8(e)(B), as the case may be (an "**Annex Early Termination Event**"); or

- (viii) on or after the Trade Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing or financial authority) or the combined effect thereof if occurring more than once, the Issuer or the Calculation Agent determines in its sole and absolute discretion that it has become illegal for (1) the Issuer to perform its obligations in respect of any Warrants or the Swap Counterparty to perform its obligations in respect of any Swap Agreement, (2) for the Issuer to hold, acquire or dispose of relevant hedge positions relating to any Warrants or for the Swap Counterparty to hold, acquire or dispose of relevant hedge positions relating to any Swap Agreement save where such an event in (A) or (B) would constitute an Additional Disruption Event or Optional Additional Disruption Event (in the case of Index Linked Warrants, Share Linked Warrants, Commodity Linked Warrants, Currency Linked Warrants, Fund Linked Warrants or ETI Linked Warrants) or an Extraordinary Fund Event (in the case of Fund Linked Warrants) or an Extraordinary ETI Event (in the case of ETI Linked Warrants) or the Warrants are Inflation Index Linked Warrants, or (3) for the Issuer to hold, acquire or dispose of any Compartment Assets (a "**Compartment Change in Law Event**").

Where Swap Termination Without Cancellation is specified as applicable in the applicable Final Terms, the Swap Agreement shall be deemed not to be included in the terms "Charged Assets" or "Related Agreement" as used in Conditions 8(l)(i) to (vi) (inclusive).

Where the Final Terms specify that the Warrantholders are entitled to Liquidation Proceeds, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the Disposal Agent may not be the Issuer) and each Warrant shall be entitled to a *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by any Disposal Agent (for itself and on behalf of the Issuer), in respect of the sale or realisation of the Charged Assets and the early termination of the Warrants, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. such Warrants were exercised in accordance with Automatic Exercise on the date on which notice of Warrant Acceleration was given by the Trustee in accordance with Conditions 11 (*Events of Default*)) but for the occurrence of the Event of Default.

Where the Final Terms specify that the Warrantholders are entitled to Liquidation Proceeds/Fair Market Value, the Calculation Agent will determine the fair market value of a Warrant (taking into account the occurrence of the relevant Early Termination Event but otherwise equal to a *pro rata* share of the amounts payable to the Issuer in respect of the Charged Assets following their early termination or realisation on or prior to the Early Termination Date) which such amount will be the Early Termination Amount in respect of each Warrant unless such amount would be less than the *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap) realised by a Disposal Agent appointed by the Issuer in respect of a Warrant, in which case a *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap) will be the Early Termination Amount in respect of each Warrant.

- (b) *Custodian; Custody Account; Account Bank; Compartment Account*
- (i) Each Custody Account (as defined below), together with such Compartment Assets as are capable of being so held, will be held by the Custodian on behalf of the Issuer, and each Compartment Account (as defined below) will be held by the Account Bank, in each case on and subject to (A) the terms and conditions of the Agency Agreement, (B) the Securitisation Act 2004 and (C) in the cases of the Compartment Assets, the Custody Account and the Compartment Account, the terms and conditions of the Compartment Security created pursuant to the Trust Deed and/or any Additional Security Document. The Issuer reserves the right to replace the Custodian at any time, but only with the prior written consent of the Trustee and in accordance with (x) the provisions of the Securitisation Act 2004 and (y) the relevant CSSF instructions and/or guidelines. Notice of such change shall be given to the Warrantholders in accordance with Condition 17 (*Notices*). If it is specified in the applicable Final Terms that there is a Sub-Custodian in relation to the Compartment Assets, such Sub-Custodian (which expression shall include any additional or successor sub-custodians from time to time appointed) shall hold such Compartment Assets as are capable of being so held on behalf of the Custodian, on and subject to the terms of an agreement between the Sub-Custodian and the Custodian. References herein to the "**Custodian**" shall, as the context requires, be construed as references to the Custodian, the Sub-Custodian and/or any additional or successor custodians appointed from time to time.

- (ii) If the Charged Assets of the Issuer in respect of a Compartment include Compartment Assets, in respect of such Compartment the Custodian (on behalf of the Issuer) shall establish and maintain an account in the name of the Issuer (the "**Custody Account**") with a bank or other financial institution (which shall be the Custodian unless an alternative financial institution is specified in the applicable Final Terms). The Custody Account for the Compartment shall be entirely separate from any other accounts of the Issuer and the Custodian, including, without limitation, the accounts established in connection with any other Compartment(s). Such Compartment Assets shall only be removed from the Custody Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Warrants and pursuant to the Trust Deed.
 - (iii) Where Compartment Account is specified as applicable in the applicable Final Terms, in respect of the relevant Compartment the Issuer shall establish and maintain an account in the name of the Issuer (the "**Compartment Account**") with a bank or other financial institution (which shall be the financial institution specified in the applicable Final Terms, unless no such financial institution is specified in which case it shall be the Account Bank). The Compartment Account for the Compartment shall be entirely separate from any other accounts of the Issuer and the Account Bank, including, without limitation, the accounts established in connection with any other Compartment(s). Amounts standing to the credit of the Compartment Account shall only be removed from the Compartment Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Warrants and pursuant to the Trust Deed.
- (c) *Compartment Security*
- (i) The Issuer has (as specified in the Supplemental Trust Deed relating to the Warrants or in another relevant security document relating to the Warrants), assigned or created a first fixed charge, and/or other security interest, in each case in favour of the Trustee for itself and as trustee for the Secured Parties, over or in respect of:
 - (A) the present and future Compartment Assets relating to the relevant Compartment and all of the Issuer's rights, title, interest and benefit, present and future, in respect of sums derived from the present and future Compartment Assets relating to the relevant Compartment (including, without limitation, any proceeds of the sale thereof);
 - (B) (x) the Issuer's rights, title, interest and benefit, present and future, in, to and under all sums held by the Agents, the Account Bank (including sums standing to the credit of the Compartment Account) and the Custodian to meet payments due in respect of the Warrants relating to the relevant Compartment (the "**Cash Assets**"); (y) any sums of money, securities or other property received or receivable by the Issuer under any Related Agreement (including, without limitation, any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) relating to the relevant Compartment; and (z) all of the Issuer's rights, title, interest and benefit, present and future, as against the Custodian in respect of any sum standing to the credit of the Custody Account (as defined in Condition 9(b) relating to the relevant Compartment); and
 - (C) the Issuer's rights, title, interest and benefit, present and future, in, to and under any Transaction Document (including without limitation any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) and any agreement for the sale, transfer and/or delivery of assets relating to the relevant Compartment

(as contemplated under Condition 9(a) and any sums received or receivable by the Issuer under any such agreement.

- (ii) If it is stated in the applicable Final Terms that the security for the Warrants is "Charged Assets charged to Trustee; additional foreign law security", the Issuer has in the Supplemental Trust Deed created the security specified in sub-paragraph (i) above and has, in addition and without prejudice to the security specified as aforesaid, executed in favour of the Trustee the pledge or security or other agreement or document specified in the applicable Final Terms (each an "**Additional Security Document**").
- (iii) The security described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Compartment Security**" and the assets described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Charged Assets**".

(d) *General provisions relating to security*

The Compartment Security constituted or created pursuant to the Trust Deed and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 9(e) as continuing security for (i) the payment of all sums due to the Trustee or any appointee or any receiver under the Trust Deed and/or any Additional Security Document or due under the Warrants, (ii) the performance of the Issuer's obligations under any Related Agreement (including any Swap Agreement) and (iii) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) to the Principal Warrant and Certificate Agent or the Registrar for any amount paid out by the Principal Warrant and Certificate Agent or the Registrar, as the case may be, to the Warrantholders before receipt of the corresponding amount due from the Issuer).

(e) *Application of Proceeds*

- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed and any Additional Security Document in connection with the realisation or enforcement as described in Condition 13 of the Compartment Security constituted by or pursuant to the Trust Deed and any Additional Security Document in accordance with the Order of Priority specified in the applicable Final Terms (such amounts being the "**Available Enforcement Proceeds**").
- (ii) By subscribing to or otherwise acquiring the Warrants, each Warrantholder expressly consents to the provisions of this Condition 9(e), the order of priority specified in the applicable Final Terms (the "**Order of Priority**") and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof. If no Order of Priority is specified in the applicable Final Terms, the Order of Priority shall be Swap Counterparty Priority as set out below.
- (iii) If:
 - (A) "**Swap Counterparty Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
 - (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);

- (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Warrants (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Warrants. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
 - (5) fifthly, rateably in meeting the claims (if any) of the Warranholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (6) sixthly, in payment of the balance (if any) to the Issuer;
- (B) **"Pari Passu Ranking"** is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
 - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Warrants (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement and the Warranholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (5) fifthly, in payment of the balance (if any) to the Issuer; and
- (C) **"Warranholder Priority"** is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination

payment due to the Repo Counterparty under the Repurchase Agreement (if any);

- (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Warrants (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
- (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
- (4) fourthly, rateably in meeting the claims (if any) of the Warrantholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
- (5) fifthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
- (6) sixthly, in payment of the balance (if any) to the Issuer.

"**Secured Parties**" means each of the Trustee, any receiver, the Warrantholders, the Swap Counterparty and the Agents (each, a "**Secured Party**").

(f) *Compartment Assets substitution by Swap Counterparty*

Where this Condition 9(f) is specified as being applicable in the Final Terms then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty.

The Swap Counterparty may substitute the Compartment Assets for:

- (i) either securities denominated in the currency specified in the Final Terms issued by the entity specified as the eligible collateral issuer (each, an "**Eligible Compartment Assets Issuer**") in the Final Terms ("**Eligible Compartment Assets Issuer Obligations**"); or
- (ii) such other securities, obligations or an amount of cash in the currency in which the principal amount of the existing Compartment Assets is expressed to be payable where "**Alternative Substitution**" is specified in the Final Terms.

The new securities, obligations or cash to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Compartment Assets are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in its sole discretion) to the then fair market value of the Warrants as determined by the Swap Counterparty (or, in the case of a substitution or redemption of part only of the Compartment Assets, of the relevant proportion thereof as at the date of such substitution).

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian or such other relevant Counterparty.

By making any substitution pursuant to this Condition 9(f) the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(f) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(f).

References in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any substituted Compartment Assets and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Warranholders under this Condition 9(f) in accordance with Condition 17 (*Notices*) and, in relation to any Warrants listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 9(f) is applicable, the Trustee and any Warranholders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Warrant or Unit, as the case may be.

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Compartment Assets in the applicable Final Terms, to such entity).

By making any substitution pursuant to this Condition 9(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust

Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Warrantholders under this Condition 9(g).

If this Condition 9(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets secured under the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Warrant or Unit, as the case may be.

(h) *Swap Counterparty optional termination*

Where this Condition 9(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Cancellation following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms, the following will apply:

The Swap Counterparty may opt to terminate a Swap Agreement in whole or in part on either on any date specified as being applicable in the Final Terms upon the number of Business Days' notice specified as being applicable in the Final Terms.

Such optional termination will lead to early termination in whole or in part, as the case may be, of the Warrants in the manner set out in this Condition 9(h).

Within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement in whole or in part on any date (where it has such right as so specified in the Final Terms) nominated by the Swap Counterparty (the "**Nominated Termination Date**"), the Issuer shall notify the relevant Warrantholders in accordance with Condition 17 (Notices) of the early termination of the Warrants in whole

or in part on such Nominated Termination Date and subject to Condition 8(c) (*Early Termination Events*) shall terminate the relevant Warrants at their fair market value on such Nominated Termination Date.

If any such termination becomes due to be made by the Issuer in accordance with this Condition 9 and payment to the Warrantholders pursuant hereto is not made, the security constituted by the Trust Deed shall become enforceable and the Trustee may take such action as is provided in Condition 11 (*Events of Default*) or the Trust Deed.

(ii) *Repurchase:*

Where this Condition 9(h)(ii) is specified as being applicable in the Final Terms, the Swap Counterparty may opt to terminate a Swap Agreement upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Warrants to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Warrants**"). Where such option is exercised, such Swap Agreement will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate number of the Purchased Warrants bears to the number of the Warrants remaining unexercised immediately prior to the purchase of the Purchased Warrants by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Principal Warrant and Certificate Agent the Purchased Warrants for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement in the manner described in this Condition 9(h);
- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Supplemental Trust Deed.

(i) *Residual Shortfall*

In the case of Warrants (but without prejudice to the rights of a holder of Guaranteed Warrants under the Guarantee (if applicable)), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Warrants, then:

- (i) the obligations of the Issuer in respect of such Warrants will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and

- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Warrantholder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 11.

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Warrants but for the operation of this Condition 9(i).

- (j) *Issuer's rights as holder of Compartment Assets*

The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of the Warrants then unexercised or as directed by an Extraordinary Resolution of the Warrantholders) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of Warrants then unexercised or as directed by an Extraordinary Resolution of each of the Warrantholders) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Warrantholders) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

- (k) *Swap termination*

Notwithstanding the terms of Condition 9(j) (*Issuer's rights as holder of Compartment Assets*), where "**Swap Termination Without Cancellation**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) and Related Agreement Termination Event is stated as not applicable in the applicable Final Terms, following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such

circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any, equal to the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement less the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with such termination shall be paid by the Issuer to the Warranholders on a *pro rata* and *pari passu* basis on the Settlement Date. If the Issuer does not receive the Early Termination Amount on or prior to the Settlement Date, Condition 8(f) will apply.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Warranholders) and if either "Warranholder Priority" or "Pari-Passu Ranking" applies, the Warranholders.

10. Expenses and Taxation

All payments in respect of the Warrants or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax authority, unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 11.

All taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the exercise and settlement of such Warrants and/or the delivery or transfer of the Entitlement (as applicable) pursuant to the terms of such Warrants ("**Exercise Expenses**") relating to such Warrants shall be for the account of the Warranholder. The Issuer shall deduct from amounts payable or from assets deliverable to Warranholders all Related Expenses, not previously deducted from amounts paid or assets delivered to Warranholders, as the Calculation Agent shall in its sole and absolute discretion determine are attributable to the Warrants. Such deduction by the Issuer shall not constitute an Event of Default under Condition 11.

For the avoidance of doubt, neither the Issuer, the Trustee nor the Guarantor (if applicable) shall be liable for any Related Expenses and Warranholders shall be liable to pay the Related Expenses attributable to their Warrants.

"**Expenses**" means Exercise Expenses and any Related Expenses.

"**Related Expenses**" means (a) all present, future, prospective, contingent or anticipated Taxes which are (or may be) or were (or may have been) withheld or payable under the laws, regulations or administrative practices of any state (or any political sub-division or authority thereof or therein) and (b) any other present, future, or contingent expenses (including without limitation, any applicable depository charges, transaction charges, issue registration, securities transfer or other expenses) which are (or may be) or were (or may have been) payable, in each case in respect of or in connection with:

- (i) the issue, transfer or enforcement of the Warrants;

- (ii) any payment (or delivery of assets) to Warrantheolders;
- (iii) a person or its agent's assets or any rights, distributions of dividends appertaining to such assets (has such an investor (or agent) purchased, owned, held, realised, sold or otherwise disposed of assets) in such a number as the Calculation Agent, in its sole and absolute discretion, may determine to be appropriate as a hedge or related trading position in connection with the Warrants; or
- (iv) any of the Swap Counterparty's or any Affiliate's other hedging arrangements in connection with the Warrants.

"**Relevant Date**" in respect of any Warrant means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Warrants (if earlier) the date seven days after that on which notice is duly given to the Warrantheolders that, upon further presentation of the Warrant, being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

"**Taxes**" means taxes, levies, imposts, duties, deductions, withholdings, assessments or other charges (including any stamp, registration or transfer tax, duty or other charge or tax on income, payments (or delivery of assets), profits or capital gains) together with any interest, additions to tax or penalties.

11. Events of Default

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. (by number) of the Warrants of any Series then remaining unexercised, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Warrantheolders are, and they shall accordingly forthwith become, (unless otherwise specified in the Final Terms) entitled to the Liquidation Proceeds (such occurrence, a "**Warrant Acceleration**") upon the occurrence of any of the following events (each an "**Event of Default**"):
 - (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Warrants; or
 - (ii) the Issuer fails to perform or observe any of its other obligations under the Warrants or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
 - (iii) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-*

- (iv) in the case of Guaranteed Warrants, the Guarantee ceases to be in full force and effect in respect of the Warrants or notice is given by the Guarantor (if applicable) which would cause the Guarantee to cease to be in full force and effect in respect of such Warrants or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Warrants or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Warrantholders, or the Guarantor (if applicable) is unable to perform its obligations thereunder for any reason.
- (b) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

13. Enforcement and Realisation

Upon the occurrence of a Warrant Acceleration under Condition 11, the Compartment Security constituted by or created pursuant to the Supplemental Trust Deed and any Additional Security Document relating to a Series of Warrants and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (a) (where the Instructing Party is the Warrantholder) either a direction in writing by Warranholders of at least 25 per cent. (by number) of the relevant Series of Warrants or by an Extraordinary Resolution of the Warranholders; or (b) (where the Instructing Party is the Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (i) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (ii) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Warranholders,

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties.

14. Meetings of the Warranholders; Modifications; Waiver; Trustee Determination; Substitution; Entitlement of the Trustee

(a) Meetings of the Warranholders

The Trust Deed contains provisions for convening meetings of Warranholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Warrants (including these Conditions or the provisions of the Trust Deed insofar as the same may apply to such Warrants). The quorum at a meeting of the Warranholders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 20 per cent. (by number) of the Warrants for the time being remaining unexercised, or at any adjourned meeting two or more persons being or representing Warranholders whatever the number of Warrants so held or represented. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Warranholders, whether present or not, except that any Extraordinary Resolution proposed to address a Reserved Matter will only be binding if passed at a meeting of the Warranholders, the quorum at which shall be persons holding or representing not

less than 75 per cent. (by number) of the Warrants for the time being remaining unexercised or, at any adjourned meeting, not less than 25 per cent. (by number) of the Warrants for the time being remaining unexercised.

The holder of a Global Warrant representing all (or part) of the Warrants for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. (including in the case of a resolution proposed to address a Reserved Matter (as defined in the Trust Deed)) (by number) of the Warrants of such Series for the time being remaining unexercised shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of the Warrantholders.

The provisions of articles 86 to 97 of the Luxembourg Act dated 10th August, 1915 on commercial companies, as amended, shall not apply to the Warrants.

(b) *Modification*

The Trustee may, in respect of each Series, without the consent of the Warrantholders, agree to (i) any modification to any Transaction Document or any other agreement to which the Issuer is a party which is of a formal, minor or technical nature or is made to correct a manifest error; (ii) any modification of any of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Warrant Reserved Matter) which in the opinion of the Trustee is not materially prejudicial to the interests of the Warrantholders; and (iii) any modification of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Warrant Reserved Matter) which is made to satisfy any requirement of any stock exchange on which the Warrants are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Warrantholders.

Notice of such modification shall be notified by the Issuer to the Warrantholders as soon as practicable thereafter in accordance with Condition 17 unless the Trustee agrees otherwise.

(c) *Waiver*

The Trustee may, in respect of any Series, without the consent of the Warrantholders and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Warrantholders shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 14(c) in respect of any Warrant Reserved Matter or in contravention of any express direction given by an Extraordinary Resolution of the Warrantholders, but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Warrantholders of such Series.

Notice of any such waiver, authorisation or determination shall be notified by the Issuer to the Warrantholders as soon as practicable thereafter in accordance with Condition 17 unless the Trustee agrees otherwise.

(d) *Trustee Determination*

If, in the opinion of the Trustee, any modification, waiver, authorisation or determination referred to in paragraphs (b)(ii) or (iii) and (c) of this Condition 14 affects the interests of the holders of any Series of Warrants, the Trustee shall agree to such modification, waiver, authorisation or determination only if either (i) it is satisfied that, in its opinion, the interests of the holders of the relevant Series of Warrants will not be materially prejudiced thereby or (ii) the holders of the

relevant Series of Warrants sanction such modification, waiver, authorisation or determination by way of Extraordinary Resolution, each of (i) and (ii) in accordance with the Conditions of the relevant Series of Warrants.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may require, but without the consent of the holders of the relevant Series of Warrants, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Warrants, in place of the Issuer (or of the previous substitute), as the principal debtor under the Warrants of such Series, or, when applicable, the Guarantor, as guarantor of the payment obligations of the Issuer under the relevant Series of Warrants, of any other company (such substituted company being hereinafter called the "**Substitute Company**").

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Warrantheolders in the manner provided in accordance with Condition 17.

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Warrantheolders as a class and shall not have regard to the consequences of such exercise for any particular Warrantheolder and the Trustee shall not be entitled to require, nor shall any Warrantheolder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Warrants.

15. Further Warrants

The Issuer may from time to time without the consent of the Warrantheolders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 15 will be complied with), create and issue further Warrants ("**Further Warrants**") having the same terms and conditions as the Warrants in all respects (or in all respects except for the Issue Date and issue price) and so that the same shall be consolidated and form a single series with such Warrants provided that (unless otherwise approved by an Extraordinary Resolution of the Warrantheolders):

- (a) The Issuer provides additional security for such Further Warrants that comprises assets that are fungible with, and have the same proportionate composition as, the Charged Assets in respect of the relevant existing Warrants and that has an aggregate principal amount at least equal to the product of (i) the principal amount of such existing security and (ii) a fraction, the numerator of which is the number of the Further Warrants and the denominator is the aggregate number of the existing Warrants; and
- (b) The Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Warrants on terms no less favourable than those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

Any Further Warrants shall be constituted and secured by a further supplemental trust deed and the Warrants and the Further Warrants shall be secured by the same Charged Assets. References in these Conditions to "**Warrants**" and "**Charged Assets**" shall be construed accordingly.

16. Removal, Indemnification and Obligations of the Trustee

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Warrantheolders of such appointment in accordance with Condition 17.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Warrants or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Warrantheolders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Condition 16, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

17. Notices

All notices regarding the Warrants shall be valid if: (a) in the case of Warrants represented by a Global Warrant, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the Warrantheolders; (b) so long as any Warrants are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Warrants if sent by first class mail to the Warrantheolders (or the first named of joint Warrantheolders) at their respective addresses recorded in the Register. If and for so long as the Warrants are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, www.bourse.lu. Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Whilst any of the Warrants are represented by a Global Warrant, such notice may be given by any Warrantheolder to the Principal Warrant and Certificate Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal

Warrant and Certificate Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

18. Adjustments for European Monetary Union

The Issuer may, without the consent of the Warrantholders or the Trustee, on giving notice to the Warrantholders in accordance with Condition 17 (*Notices*):

- (a) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the Warrants shall be redenominated in euro.

The election will have effect as follows:

- (i) where the Settlement Currency of the Warrants is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Calculation Agent may decide, and as may be specified in the notice, and after the Adjustment Date, all payments of the Cash Settlement Amount in respect of the Warrants will be made solely in euro as though references in the Warrants to the Settlement Currency were to euro;
- (ii) where the Exchange Rate and/or any other terms of these Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted from or, as the case may be into, euro at the Established Rate; and
- (iii) such other changes shall be made to these Conditions as the Calculation Agent may decide to conform them to conventions then applicable to instruments expressed in euro; and/or
- (b) require that the Calculation Agent make such adjustments to the Weighting and/or the Settlement Price and/or the Exercise Price and/or any other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent, in its sole discretion, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Weighting and/or the Settlement Price and/or the Exercise Price and/or such other terms of these Conditions.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Principal Warrant and Certificate Agent and the Trustee shall be liable to any Warrantholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

In these Conditions, the following expressions have the following meanings:

"**Adjustment Date**" means a date specified by the Issuer in the notice given to the Warrantholders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

"**Established Rate**" means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

"**euro**" means the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty;

"**National Currency Unit**" means the unit of the currency of a country, as those units are defined on the day before the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union; and

"**Settlement Currency**" shall be the currency specified as such in the applicable Final Terms.

"**Treaty**" means the Treaty on the Functioning of the European Union, as amended.

19. Contracts (Rights of Third Parties) Act 1999

The Warrants shall not confer on a third party any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Warrants, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

20. Governing Law and Submission to Jurisdiction

The Agency Agreement, the Trust Deed (save to the extent that the Trust Deed relates to security interests created over assets located or deemed to be located in Luxembourg) and the Warrants (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Warranholders that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Warrants (including a dispute relating to non-contractual obligations arising out of such Warrants) and accordingly any suit, action or proceedings arising out of or in connection with the Warrants may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Warranholder may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Warrants (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Warrants) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has in the Trust Deed submitted to the jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.

The Trustee acts for the benefit of the holders for the time being of the Certificates which expression shall mean, in the case of Clearing System Global Certificates, the Certificateholders and, in the case of Registered Global Certificates, the persons in whose name the Certificates are registered, and shall, in relation to any Certificates represented by a Global Certificate, be construed as provided in Condition 1 below. The Trustee also holds the Compartment Security granted by the Issuer for itself and the other Secured Parties (as defined below).

Any reference herein to "**Euroclear**" and/or "**Clearstream, Luxembourg**" (each term as defined above) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, approved by the Issuer, the Guarantor (if applicable), the Trustee, the Principal Warrant and Certificate Agent, the Registrar (in the case of Certificates in registered form ("**Registered Certificates**") only) and, in the case of Certificates listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

The Final Terms for the Certificates (or other relevant provisions thereof) are set out in the Final Terms that are endorsed on, attached to or incorporated by reference in this Certificate and which complete these terms and conditions (the "**Terms and Conditions**" or the "**Conditions**").

As used herein, "**Tranche**" means Certificates which are identical in all respects and "**Series**" means a Tranche of Certificates together with any further Tranche or Tranches of Certificates which are (a) expressed to be consolidated and form a single series and (b) identical in all respects except for their respective Issue Dates, Interest Commencement Dates, and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for inspection by Certificateholders during normal business hours from the specified offices of the Warrant and Certificate Agents. Copies of the applicable Final Terms are available for viewing by Certificateholders at www.bourse.lu and copies may be obtained from the specified office of the Principal Warrant and Warrant and Certificate Agent save that, if this Certificate is a Private Placement Certificate (as defined below) which has not been offered to the public in Luxembourg, the applicable Final Terms will only be obtainable by a Certificateholder holding one or more such Certificates and such Certificateholder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Warrant and Certificate Agent as to its holding of such Certificates and

identity. The Certificateholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed (as such term is defined in the Trust Deed). In this paragraph, "**Private Placement Certificate**" means any Certificate that is not (i) offered to the public in the EEA for the purposes of article 3.1 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (the "**Prospectus Directive**") (except as specified under article 3.2 of the Prospectus Directive) or (ii) admitted to trading in the EEA for the purposes of article 3.3 of the Prospectus Directive.

By subscribing to, or otherwise acquiring, the Certificates, each Certificateholder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Certificates has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Certificates will be allocated, subject as provided in the applicable Final Terms;
- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;
- (c) all payments to be made by the Issuer in respect of the Certificates and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Certificate Acceleration in respect of the Certificate, the entitlement of the Certificateholder will be limited to such Certificateholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Certificates, sums obtained on *its* behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in these Final Terms and the relevant provisions of the Guarantee;
- (d) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (e) no Certificateholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

Certificates may not be exercised within the United States, and the securities may not be delivered within the United States upon exercise, other than in offerings deemed to meet the definition of "offshore transaction" pursuant to Regulation S, unless registered under the Securities Act or an exemption from such registration is available.

4. Interest

(a) *Interest on Fixed Rate Certificates*

Each Fixed Rate Certificate bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Redemption Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date. If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

If no Business Day Convention is specified as applicable to an Interest Period End Date in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Interest Amount.

Interest shall be calculated by applying the Rate of Interest to: (1) in the case of Fixed Rate Certificates which are represented by a Global Certificate, the aggregate outstanding Notional Amount of the Fixed Rate Certificates represented by such Global Certificate; or (2) in the case of Fixed Rate Certificates in definitive form, the Calculation Amount, multiplying such sum by the

applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"**sub-unit**" means with respect to any currency other than euro the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

For the purposes of this Condition 4(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Redemption Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or

- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (any such centre, an "**Additional Business Centre**" and which, if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (ii) in relation to any sum payable in euro, a day (a "**TARGET Settlement Day**") on which the Trans-European Automated Real-Time Gross Settlement Express Transfer ("**TARGET2**") payment system which utilises a single platform and which was launched on 19 November 2007 (or, if such system ceases to be operative, such system (if any) determined by the Calculation Agent to be a suitable replacement) (the "**TARGET System**") is open.

The Rate of Interest payable from time to time in respect of Floating Rate Certificates, Index Linked Interest Certificates, Share Linked Interest Certificates, Debt Linked Certificates, Commodity Linked Interest Certificates, Inflation Linked Interest Certificates, Currency Linked Interest Certificates, Fund Linked Interest Certificates, Credit Linked Interest Certificates and ETI Linked Interest Certificates will be specified in the applicable Final Terms.

(iii) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms)

the Margin (if any). For the purposes of this subparagraph (iii), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Certificates (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone interbank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (iii), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(iv) *AFB Determination*

Where so specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the "**AFB Rate**") and in such amounts, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to foreign exchange and derivatives transactions (an "**AFB Agreement**"), as in effect on the date of issue of the Certificates, published by the Association Française des Banques/Fédération Bancaire Française and evidenced by a Confirmation (as defined in the AFB Agreement) with the holder of the relevant Certificate under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Principal Warrant and Certificate Agent (as defined herein) was the Agent (as defined in the AFB Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the Interest Commencement Date was the Transaction Date;
- (D) the Notional Amount in respect of a Certificate was the Notional Amount (as defined in the AFB Agreement);
- (E) the Interest Payment Dates were the Floating Amount Payment Dates; and
- (F) all other terms were as specified in the applicable Final Terms.

When the preceding sentence applies, in respect of each relevant Interest Payment Date:

- (1) the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Terms and Conditions as though determined under sub-paragraph (vi) below;
- (2) the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the AFB Agreement) determined by the Principal Warrant and Certificate Agent in accordance with the preceding sentence; and

- (3) the Principal Warrant and Certificate Agent will be deemed to have discharged its obligations under subparagraph (vi) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(v) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or 11.00 a.m. Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Warrant and Certificate Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Warrant and Certificate Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Principal Warrant and Certificate Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Principal Warrant and Certificate Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Warrant and Certificate Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Warrant and Certificate Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Warrant and Certificate Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Warrant and Certificate Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Warrant and Certificate Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Warrant and Certificate Agent with such offered rates, the offered rate for deposits in the Specified Currency for a

period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, anyone or more banks (which bank or banks is or are in the opinion of the Issuer and the Principal Warrant and Certificate Agent suitable for such purpose) informs the Principal Warrant and Certificate Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Principal Warrant and Certificate Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

"Reference Banks" means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Principal Warrant and Certificate Agent and approved in writing by the Trustee, or as specified in the applicable Final Terms.

If the Reference Rate from time to time in respect of Floating Rate Certificates is specified in the applicable Final Terms as being other than LIBOR or, as the case may be, EURIBOR, the Rate of Interest in respect of such Certificates will be determined as provided in the applicable Final Terms.

(vi) *Determination of Rate of Interest and Calculation of Interest Amount*

The Principal Warrant and Certificate Agent, in the case of Floating Rate Certificates, and the Calculation Agent, in the case of Index Linked Interest Certificates, Share Linked Interest Certificates, Debt Linked Certificates, Commodity Linked Interest Certificate, Inflation Linked Interest Certificates, Currency Linked Interest Certificate, Fund Linked Interest Certificate, Credit Linked Interest Certificates and ETI Linked Interest Certificates will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the **"Interest Determination Date"**), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period. In the case of Index Linked Interest Certificates, Share Linked Interest Certificates, Debt Linked Certificates, Commodity Linked Interest Certificates, Inflation Linked Interest Certificates, Currency Linked Interest Certificates, Fund Linked Interest Certificates, Credit Linked Interest Certificates and ETI Linked Interest Certificates the Calculation Agent will notify the Principal Warrant and Certificate Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Principal Warrant and Certificate Agent or Calculation Agent, as applicable, will calculate the amount of interest (the **"Interest Amount"**) payable on the Certificates for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Certificates, Index Linked Interest Certificates, Share Linked Interest Certificates, Debt Linked Certificates, Commodity Linked Interest Certificates, Inflation Linked Interest Certificates, Currency Linked Interest Certificates, Fund Linked Interest Certificates, Credit Linked Interest Certificates and ETI Linked Interest Certificates which are represented by a

Global Certificate, the aggregate outstanding Notional Amount of the Certificates represented by such Global Certificate; or

- (B) in the case of Floating Rate Certificates, Index Linked Interest Certificates, Share Linked Interest Certificates, Debt Linked Certificates, Commodity Linked Interest Certificates, Inflation Linked Interest Certificates, Currency Linked Interest Certificates, Fund Linked Interest Certificates, Credit Linked Interest Certificates and ETI Linked Interest Certificates in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention.

"Day Count Fraction" means in respect of the calculation of an amount of interest for any Interest Period, Premium Amount Period or AER Calculation Period (each a **"Calculation Period"**):

- (A) if **"Actual/Actual (ICMA)"** is specified in the applicable Final Terms:
- (i) in the case of Certificates where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **"Accrual Period"**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Certificates where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (x) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (y) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

"Determination Date(s)" means the date(s) specified in the applicable Final Terms;

"Determination Period" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

- (B) if **"Actual/Actual (ISDA)"** or **"Actual/Actual"** is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365

(or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);

- (C) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (D) if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a Calculation Period falling in a leap year, 366;
- (E) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (F) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\frac{[360x(Y_2-Y_1)]+[30x(M_2-M_1)]+(D_2-D_1)}{360}$$

Day Count Fraction =

where:

"**Y1**" is the year expressed as a number, in which the first day of the Calculation Period falls;

"**Y2**" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**M1**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M2**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**D1**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31 in which case D1, will be 30; and

"**D2**" is the calendar day expressed as a number immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (G) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\frac{[360x(Y_2-Y_1)]+[30x(M_2-M_1)]+(D_2-D_1)}{360}$$

Day Count Fraction =

where:

"**Y1**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y2**" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**M1**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M2**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**D1**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31 in which case D1, will be 30; and

"**D2**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (H) if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y1**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y2**" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**M1**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M2**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**D1**" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"**D2**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Redemption Date or (ii) such number would be 31 in which case D2 will be 30.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Day Count Fraction is "**unadjusted**", the Calculation Period and the Interest Amount payable on any date shall not, unless otherwise provided in the application Final Terms, be affected by the application of any Business Day Convention.

- (vii) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

(viii) *Notification of Rate of Interest and Interest Amount*

The Principal Warrant and Certificate Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), (in the case of Certificates which are listed on the Luxembourg Stock Exchange and where the rules of such stock exchange so require) the Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Certificates are for the time being listed. In addition, the Principal Warrant and Certificate Agent (except where the relevant Certificates are unlisted and are in global form and held in their entirety on behalf of Euroclear and Clearstream, Luxembourg in which event there may be substituted for such publication the delivery of such notice to Euroclear and Clearstream, Luxembourg for communication to the Certificateholders) shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with Condition 19 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Certificates are for the time being listed and to the Certificateholders in accordance with Condition 19. For the purposes of these Conditions, the expression "**Luxembourg Business Day**" means a day (other than a Saturday or a Sunday) on which commercial banks are open for business in Luxembourg.

(ix) *Certificates to be Final*

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this paragraph (b) by the Principal Warrant and Certificate Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Principal Warrant and Certificate Agent, the other Warrant and Certificate Agents (if any), or, if applicable, the Calculation Agent and all Certificateholders, and (in the absence as aforesaid) no liability to the Certificateholders shall attach to the Principal Warrant and Certificate Agent or, if applicable, the Calculation Agent or the Trustee, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *[Not used]*

(d) *Interest Payments*

Interest will be paid subject to and in accordance with the provisions of Condition 6 (*Payments and Physical Delivery*). Interest will cease to accrue on each Certificate (or, in the case of the redemption of part only of a Certificate, that part only of such Certificate) on the due date for

redemption thereof unless, upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement (if applicable), is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest until whichever is the earlier of (i) the day on which all sums due in respect of such Certificate up to that day are received by or on behalf of the holder of such Certificate and (ii) the day on which the Principal Warrant and Certificate Agent has notified the holder thereof (either in accordance with Condition 19 (*Notices*) or individually) of receipt of all sums due in respect thereof up to that date.

(e) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Principal Warrant and Certificate Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Warrant and Certificate Agent defaults in its obligation to calculate any Interest Amount in accordance with Conditions 4(b)(ii)-(v) (inclusive) as the case may be, and in each case in accordance with Condition 4(b)(vi), the Trustee shall, (or shall appoint an agent on its behalf to do so), determine the Rate of Interest at such rate as, in its sole and absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall (or shall appoint an agent on its behalf to do so) calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Principal Warrant and Certificate Agent or the Calculation Agent, as applicable.

"Determination Period" means each period from and including a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

"Interest Period" means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next Interest Payment Date or such other period as is specified in the applicable Final Terms.

"Interest Rate_(i-1)" means in respect of an Interest Period the Rate of Interest determined by the Calculation Agent in respect of the immediately preceding Interest Period. For the avoidance of doubt, Interest Rate_(i-1) is expressed as a rate per annum, unless otherwise specified in the Final Terms.

"Issue Date" means the date specified as such on the applicable Final Terms.

(f) *Rounding generally*

In connection with the calculation of any amount payable in respect of the Certificates (including, without limitation, interest) and unless otherwise provided in these Terms and Conditions or in the applicable Final Terms, such amounts will, if necessary, be rounded to the nearest sub-unit (as defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms.

(g) *Coupon Switch*

If Coupon Switch is specified as applicable in the applicable Final Terms, (i) if Coupon Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Certificates) elect that, or (ii) if Automatic Coupon Switch is specified as applicable

in the applicable Final Terms and an Automatic Coupon Switch Event occurs, the Interest Basis for the Certificates will be amended (a "**Coupon Switch**") from the Rate of Interest specified in the Final Terms to the Switched Coupon specified in the applicable Final Terms on and after the Coupon Switch Date specified in the applicable Final Terms. Notice of any Coupon Switch will be given to Certificateholders in accordance with Condition 19.

"**Automatic Coupon Switch Event**" means that the SPS ACS Value is (a) "greater than", (b) "equal to or greater than", (c) "less than" or (d) "less than or equal to", as specified in the applicable Final Terms, the Automatic Coupon Switch Level, (x) on a SPS ACS Valuation Date or (y) in respect of a SPS ACS Valuation Period, as specified in the applicable Final Terms;

"**Automatic Coupon Switch Level**" means the number, amount, level or percentage specified as such in the applicable Final Terms;

"**SPS ACS Value**" means the value from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

"SPS ACS Valuation Date" means each Averaging Date, Pricing Date and/or Settlement Price Date specified as such in the applicable Final Terms; and

"SPS ACS Valuation Period" means each period specific as such in the applicable Final Terms.

(h) *Condition to Interest Payment*

Where "Condition to Interest Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay an Interest Amount will be subject to the receipt of an aggregate amount equal to the aggregate Interest Amounts payable in respect of each Certificate outstanding on or prior to the relevant Interest Payment Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or the Swap Agreement terminates for any reason other than as scheduled on its scheduled termination date or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay interest in respect of the Certificates and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

5. Premium Amount

- (a) If so specified in the applicable Final Terms, the Certificates will not bear or pay interest but will pay one or more premium amounts, each such premium amount representing an amount payable by the Issuer as compensation for, and in recognition of, the assumption of the risk that in certain circumstances the Cash Settlement Amount payable on redemption of the Certificates may be less than the Issue Price or even zero.
- (b) A premium amount may be a fixed amount, a variable amount and/or an amount calculated by reference to the performance of one or more index or custom index, share, inflation index, interest in an exchange traded fund, an exchange traded note, an exchange traded commodity or other exchange traded product (each an "**exchange traded instrument**"), commodity and/or commodity index, foreign exchange rate, fund and/or the credit of one or more reference entity or any combination thereof in the manner specified in the applicable Final Terms (such Certificates, "**Linked Premium Amount Certificates**").
- (c) Each Certificate will pay the Premium Amount on each Premium Amount Payment Date provided that no Early Redemption Event or Event of Default has occurred on or prior to the Premium Amount Payment Date, and provided further that, if Automatic Early Redemption is specified as applicable in the applicable Final Terms, no Automatic Early Redemption Event has occurred on

or prior to such Premium Amount Payment Date. If an Automatic Early Redemption Event has occurred, no Premium Amount will be paid on Premium Amount Payment Date.

(d) The Premium Amount shall be rounded to the nearest sub-unit of the relevant Settlement Currency (with half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) provided that if Rounding Convention 2 is specified as applicable in the applicable Final Terms, the Premium Amount shall not be subject to rounding but Certificates of the same Series held by the same Holder will be aggregated for the purpose of determining the aggregate Premium Amount in respect of such Certificates and the aggregate of such Premium Amounts will be rounded down to the nearest whole sub-unit of the Settlement Currency in such manner as the Calculation Agent shall determine. Such Premium Amount will be paid in accordance with Condition 6 (*Payments and Physical Delivery*).

(e) Definitions relating to Premium Amount(s):

"Premium Amount" means, in respect of a Premium Amount Payment Date, an amount specified or calculated by the Calculation Agent on the basis set out, in the applicable Final Terms; and

"Premium Amount Payment Date" means each date specified as such in the applicable Final Terms; and

"Premium Amount Period" means the period from (and including) the Issue Date to (but excluding) the first Premium Amount Payment Date and each following period from (and including) a Premium Amount Payment Date to (but excluding) the next occurring Premium Amount Payment Date.

(f) The Calculation Agent will cause each Premium Amount for each Premium Amount Payment Date to be notified to the Principal Warrant and Certificate Agent, the Issuer and the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), and (in the case of Certificates which are listed on the Luxembourg Stock Exchange and the rules of such stock exchange so require) Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Certificates are for the time being listed. In addition, the Calculation Agent shall publish or cause to be published such Premium Amount in accordance with Condition 19 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter.

6. **Payments and Physical Delivery**

For the purposes of this Condition 6, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to physical delivery of any Entitlement.

(a) *Method of Payment*

(i) *Registered Certificates*

Payments of the Cash Settlement Amount (or, where Certificates are redeemable in instalments, the final instalment) in respect of each Registered Certificate (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Certificate at the specified office of the Registrar or any of the Warrant and Certificate Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Certificate appearing in the Register at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (in each

case, the "**Record Date**"). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the aggregate Issue Price of the Certificates held by a holder is less than U.S.\$250,000 (or integral multiples of U.S.\$1,000 in excess thereof) (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and, where Certificates are redeemable in instalments, each instalment (other than the final instalment) in respect of each Registered Certificate (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Certificate appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Certificate, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Certificates which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Certificate on redemption and the final instalment (if applicable) will be made in the same manner as payment of the Cash Settlement Amount in respect of such Registered Certificate.

Holders of Registered Certificates will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Certificate as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of the Cash Settlement Amount, any instalment (if applicable) or interest in respect of the Registered Certificates.

Neither the Issuer, the Guarantor (if applicable), the Trustee nor any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(ii) *Global Certificates*

Except in the case of Registered Certificates, payments of the Cash Settlement Amount, any instalments (if applicable) and interest (if any) in respect of Certificates represented by any Global Certificate will be made in the manner specified in the relevant Global Certificate against presentation or surrender, as the case may be, of such Global Certificate at the specified office of any Warrant and Certificate Agent outside of the United States. A record of each payment made on such Global Certificate, distinguishing between any payment of principal and any payment of interest, will be made on such Global Certificate by the Warrant and Certificate Agent to which such Global Certificate is presented for the purpose of making such payment, and such record shall be prima facie evidence that the payment in question has been made.

The holder of the relevant Global Certificate shall be the only person entitled to receive payments in respect of Certificates represented by such Global Certificate and the payment obligations of the Issuer or the Guarantor (if applicable) will be discharged by payment to, or to the order of, the

holder of such Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular Notional Amount of Certificates must look solely to Euroclear and/or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Certificate. No person other than the holder of the relevant Global Certificate shall have any claim against the Issuer or the Guarantor (if applicable) in respect of any payments due on that Global Certificate.

Where the Certificates pay Premium Amount(s), subject as provided below, the Issuer, failing which, the Guarantor (if applicable), shall pay or cause to be paid the Premium Amount for each Certificate in respect of each Premium Amount Payment Date by credit or transfer to the Certificateholder's account with the relevant Clearing System for value on the relevant Premium Amount Payment Date, such payment to be made in accordance with the rules of such Clearing System.

If any date for payment of any amount in respect of any Certificate is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to Condition 11 (*Prescription*)) is:

a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- (A) each Financial Centre specified in the applicable Final Terms; and
- (B) in relation to any sum payable in euro, a day on which the TARGET System is open. If the due date for redemption of any interest bearing Certificate in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such Certificate from (and including) the last preceding due date for the payment of interest (or from the Interest Commencement Date) will be paid against surrender of such Certificate.

The names of the initial Principal Warrant and Certificate Agent and the other initial Warrant and Certificate Agents and their initial specified offices are set out below. The Issuer reserves the right at any time to vary or terminate the appointment of any Warrant and Certificate Agent and to appoint additional or other Warrant and Certificate Agents and/or to approve any change in the specified office of any Warrant and Certificate Agent, provided that:

- (1) so long as any Certificates are listed on any stock exchange, there will at all times be a Warrant and Certificate Agent and a Transfer Agent, which may be the Registrar (in the case of Registered Certificates) with a specified office in the place required by the rules and regulations of the relevant stock exchange; and
- (2) there will at all times be a Principal Warrant and Certificate Agent and a Registrar; and
- (3) the Issuer undertakes that it will ensure that it maintains a Warrant and Certificate Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusion of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive.

Payments in respect of the Certificates will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10.

- (gg) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

If Condition 6(b)(ii) (*Variation of Settlement*) applies, the form of Asset Transfer Notice required to be delivered will be different from that set out above. Copies of such Asset Transfer Notice may be obtained from the Registrar or any Warrant and Certificate Agent.

(B) *Verification of the Certificateholder*

In the case of Certificates represented by a Global Certificate, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Certificates described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Principal Warrant and Certificate Agent the series number and number of Certificates the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Certificate. Upon receipt of such confirmation, the Principal Warrant and Certificate Agent will inform the

Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the Delivery Date or Settlement Date, as the case may be, debit the securities account of the relevant Certificateholder with the relevant Certificates.

(C) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Certificates represented by a Global Certificate, by the relevant Clearing System or, in the case of Certificates in definitive form, by the Registrar, or in each case in consultation with the Principal Warrant and Certificate Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Principal Warrant and Certificate Agent(s), any Delivery Agent and the relevant Certificateholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Warrant and Certificate Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Certificates represented by a Global Certificate, the relevant Clearing System, or, in the case of Certificates in definitive form, by the Registrar, or in each case in consultation with the Principal Warrant and Certificate Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or any Warrant and Certificate Agent, as provided above. After delivery of an Asset Transfer Notice, the relevant Certificateholder may not transfer the Certificates which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Certificateholder, in the manner provided below on the date fixed for redemption (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**") or in the case of Credit Linked Certificates Delivered at the risk of the relevant Certificateholder, in the manner provided below on the Settlement Date, provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Certificateholder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Warrant and Certificate Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) or (in the case of Credit Linked Certificates) the Settlement Date at the risk of such Certificateholder in the manner provided below. For the avoidance of doubt, in such circumstances such Certificateholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption or the originally designated Settlement Date, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor (if applicable), if any.

The Issuer (or any Delivery Agent on its behalf) shall at the risk of the relevant Certificateholder, deliver or procure the delivery of the Entitlement for each Certificate or (in the case of Credit Linked Certificates) Deliver the Deliverable Obligations comprising the Entitlement, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the

Calculation Agent shall in its sole discretion determine and notify to the person designated by the Certificateholder in the relevant Asset Transfer Notice. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising from the delivery of the Entitlement or the Delivery of the Deliverable Obligations comprising the Entitlement, as the case may be, in respect of such Certificates shall be for the account of the relevant Certificateholder and no delivery of the Entitlement or the Delivery of the Deliverable Obligations comprising the Entitlement, as the case may be, shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Certificateholder.

(D) *General*

Certificates held by the same Certificateholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Certificates, provided that, the aggregate Entitlements in respect of the same Certificateholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Certificateholder.

Following the Delivery Date of a Share all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Certificateholder will be paid to the account specified by the Certificateholder in the relevant Asset Transfer Notice as referred to in Condition 6(b)(i)(A) (*Asset Transfer Notices*).

For such period of time after delivery or Delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities or Deliverable Obligations comprising the Entitlement (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Warrant and Certificate Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Certificateholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations or Deliverable Obligations or (iii) be under any liability to a Certificateholder in respect of any loss or damage which such Certificateholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations or Deliverable Obligations.

(E) *Settlement Disruption*

The provisions of this Condition 6(b)(i)(E) apply to Certificates other than Credit Linked Certificates.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be

postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 19 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 19 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 19 (*Notices*) that a Settlement Disruption Event has occurred. No Certificateholder shall be entitled to any payment in respect of the relevant Certificate in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

"Disruption Cash Redemption Amount", in respect of any relevant Certificate, shall be the fair market value of such Certificate (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion;

"Settlement Business Day" has the meaning specified in the applicable Final Terms;

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor (if applicable), as the case may be, as a result of which the Issuer or the Guarantor (if applicable), as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms; and

"Relevant Asset" means the Relevant Asset specified in the applicable Final Terms.

(F) *Additional Provisions for Credit Linked Certificates*

In the case of Credit Linked Certificates, the provisions contained in Annex 10 - "Additional Terms and Conditions for Credit Linked Securities" will apply.

(ii) *Variation of Settlement*

- (A) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Certificates, the Issuer may, at its sole and unfettered discretion in respect of each such Certificate, elect not to pay the relevant Certificateholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Certificateholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Redemption Date to the relevant Certificateholders, as the case may be. Notification of such election will be given to Certificateholders in accordance with Condition 19 (*Notices*).
- (B) If specified in the applicable Final Terms, the Issuer shall, in respect of each Certificate, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Certificateholders, make payment of the Cash Settlement Amount on the Redemption Date to the relevant Certificateholders.

(iii) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

Notwithstanding any provision of these Conditions to the contrary, the Issuer may, in its sole and absolute discretion in respect of such Certificates, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises shares which are not freely tradeable, elect either (A) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other shares which the Calculation Agent determines, in its sole and absolute discretion, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (B) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Certificateholders, but in lieu thereof to make payment to the relevant Certificateholder on the Settlement Date of an amount equal to the fair market value as determined by the Calculation Agent (unless otherwise specified) (the "**fair market value**") of the Entitlement on the Valuation Date as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Certificateholders in accordance with Condition 19 (*Notices*) and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(iv) *Rights of Certificateholders and Calculations*

None of the Issuer, the Guarantor (if applicable), the Trustee, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Certificates.

The purchase of Certificates does not confer on any holder of such Certificates any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(c) *Currency unavailability*

This Condition shall apply when payment is due to be made in respect of any Certificate in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) ("**Currency Unavailability**"). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Certificate by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

7. Force Majeure

Save where a Force Majeure constitutes an Optional Additional Disruption Event and is specified as being applicable in the relevant Final Terms, if the Calculation Agent determines that by reason of force majeure or act of state occurring after the Trade Date it becomes impossible or impracticable for the Issuer to perform in whole or in part its obligations under the Certificates and/or any related hedging arrangements, the Issuer may cancel the Certificates by giving notice to Certificateholders in accordance with Condition 19.

If the Issuer cancels the Certificates then the Issuer will, if and to the extent possible or practicable, pay an amount (if any) to each Certificateholder in respect of each Certificate held by such Certificateholder, which amount shall be the fair market value (if any) of a Certificate taking into account such force majeure or act of state less the cost to the Swap Counterparty and/or its Affiliates of unwinding the relevant Swap Agreement any underlying related hedging arrangements all as determined by the Calculation Agent in its sole and absolute discretion. Any payment will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 19.

8. Redemption, Purchases and Cancellation

(a) *General*

Unless previously redeemed or purchased and cancelled as specified below and provided that no Early Redemption Event or Event of Default has occurred on or prior to the Redemption Date, each Certificate will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms (or, in the case only of Physical Delivery Certificates to which Physical Settlement is applicable, where the applicable Final Terms specifies that such Certificates will be redeemed by payment and/or delivery of a physical delivery of the Entitlement by the payment and the delivery of the Entitlement in the relevant Specified Currency on the Redemption Date.

The "**Final Redemption Amount**" shall be an amount calculated by the Calculation Agent equal to the Final Payout specified in the applicable Final Terms provided that if the product of the Final Payout is zero, no amount shall be payable on final redemption of the Certificate.

(b) *Final Terms*

The Final Terms applicable to the Certificates indicate either:

- (i) that the Certificates cannot be redeemed prior to their Redemption Date (except as otherwise provided in paragraphs (f), (k), (l), (m) and (q) below and in Condition 12 (*Events of Default*)); or

- (ii) that such Certificates will be redeemable at the option of the Issuer and/or the Certificateholders prior to such Redemption Date in accordance with the provisions of paragraphs (c) and/or (d) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(c) *Redemption at the Option of the Issuer*

If the Issuer is specified in the applicable Final Terms as having an option to redeem, the Issuer may, having given notice (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) in accordance with Condition 19 (*Notices*), to the Certificateholders (with a copy to the Trustee) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Certificates then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) each as specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a notional amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms.

The "**Optional Redemption Amount**" in respect of each Certificate shall be an amount calculated by the Calculation Agent equal to:

- (i) Calculation Amount x the percentage or (ii) the Call Payout as specified in the applicable Final Terms,

Provided that if the product of the Call Payout is zero, no amount shall be payable on redemption of such Certificate.

In the case of a partial redemption of Certificates, the Certificates to be redeemed will be selected individually by lot (in the case of Certificates represented by Certificates in definitive form) and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg in the case of Certificates represented by a global Certificate held on behalf of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in notional amount, at their discretion) and in accordance with the rules of the relevant securities depository and any relevant provisions in the applicable Final Terms (in the case of Registered Certificates), in each case not more than 30 days prior to the date fixed for redemption (the "**Selection Date**"). In the case of Certificates represented by Certificates in definitive form, a list of the serial numbers of such Certificates will be published in accordance with Condition 19 (*Notices*) not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Certificate will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Certificateholders in accordance with Condition 19 (*Notices*) at least ten days prior to the Selection Date.

In respect of any Certificate, any notice given by the Issuer pursuant to this Condition 8(c) shall be void and of no effect in relation to that Certificate in the event that, prior to the giving of such notice by the Issuer, the holder of such Certificate had already delivered a Put Notice (as defined in Condition 8(d) (*Redemption at the Option of the Certificateholders*) below) in relation to that Certificate in accordance with Condition 8(d) (*Redemption at the Option of the Certificateholders*).

(d) *Redemption at the Option of the Certificateholders*

If the Certificateholders are specified in the applicable Final Terms as having an option to require the Issuer to redeem any Certificate, upon the holder of any Certificate giving notice to the Issuer in accordance with Condition 19 (*Notices*) (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) the Issuer will, upon the expiry of such notice, redeem, in whole (but not in part), such Certificate on the Optional

Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to but excluding the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Certificate can be exercised, certain conditions and/or circumstances will need to be satisfied.

The "**Optional Redemption Amount**" in respect of each Certificate shall be an amount calculated by the Calculation Agent equal to:

(i) Calculation Amount x the percentage or (ii) the Put Payout, as specified in the applicable Final Terms,

Provided That if the product of the Put Payout is zero, no amount shall be payable on redemption of such Certificate.

To exercise the right to require redemption of a Certificate, the holder of such Certificate must, if the Certificate is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of the Registrar at any time during normal business hours of the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 8(d) and, in the case of Registered Certificates, the notional amount thereof to be redeemed and, if less than the full notional amount of the Registered Certificates so surrendered is to be redeemed, an address to which a new Registered Certificate in respect of the balance of such Registered Certificates is to be sent subject to and in accordance with the provisions of Condition 1 (*Type, title and transfer*). If this Certificate is in definitive form, the Put Notice must be accompanied by this Certificate or evidence satisfactory to the Registrar that this Certificate will, following delivery of the Put Notice, be held to the order or under its control. If the Certificate is represented by a global Certificate or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Certificate the holder of the Certificate must, within the notice period, give notice to the Principal Warrant and Certificate Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Principal Warrant and Certificate Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Certificate is represented by a global Certificate, at the same time present or procure the presentation of the relevant global Certificate to the Principal Warrant and Certificate Agent for notation accordingly.

Any Put Notice given by a holder of any Certificate pursuant to this paragraph (d) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and the Trustee has declared the Certificates to be due and payable pursuant to Condition 12 (*Events of Default*), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (d); and
 - (ii) void and of no effect in relation to such Certificate in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Certificate constituted a Redeemed Certificate, or (B) the Issuer had notified the Certificateholders of its intention to redeem all of the Certificates then outstanding, in each case pursuant to Condition 8(c) (*Redemption at the Option of the Issuer*).
- (e) *Early Redemption Amounts*

For the purposes of paragraphs (f), (l) and (m) below and Condition 12 (*Events of Default*), the Final Terms may specify that the Certificates will be redeemed at the Early Redemption Amount

calculated by the Calculation Agent in accordance with the following (or may specify an alternative calculation method):

- (i) in the case of Certificates with a Cash Settlement Amount equal to the Issue Price, at the Cash Settlement Amount thereof; or
- (ii) in the case of Certificates with a Cash Settlement Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Certificates are denominated, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their notional amount; or
- (iii) in the case of Certificates to which Physical Settlement is applicable, as determined in the manner specified in the applicable Final Terms; or
- (iv) if Liquidation Proceeds is specified in the applicable Final Terms as the Early Redemption Amount, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the Disposal Agent may not be the Issuer) and the Early Redemption Amount in respect of each Certificate shall be the *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by the Disposal Agent (for itself and on behalf of the Issuer), in respect of the sale or realisation of the Charged Assets and the early redemption of the Certificates, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. "**Liquidation Proceeds Cap**" means (A) in case of redemption of the Certificates as a result of an Early Redemption Event, the Cash Settlement Amount (calculated on the basis that any reference to the Redemption Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event; or (B) following a Certificate Acceleration, the Cash Settlement Amount (calculated on the basis that any reference to the Redemption Date in relation to the determination thereof shall be deemed to be a reference to the date on which notice of the Certificate Acceleration was given by the Trustee in accordance with Condition 12 (*Events of Default*)) that would have been payable but for the occurrence of the Event of Default. - (iii) The security described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Compartment Security**" and the assets described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Charged Assets**".
- (d) *General provisions relating to security*

Unless otherwise specified in the applicable Final Terms, the Compartment Security constituted or created pursuant to the Trust Deed and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 9(e) as continuing security for (i) the payment of all sums due to the Trustee or any appointee or any receiver under the Trust Deed and/or any Additional Security Document or due under the Certificates, (ii) the performance of the Issuer's obligations under any Related Agreement (including any Swap Agreement) and (iii) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) to the Principal Warrant and Certificate Agent or the Registrar for any amount paid out by the Principal Warrant and Certificate Agent or the Registrar, as the case may be, to the Certificateholders before receipt of the corresponding amount due from the Issuer).

(e) *Application of Proceeds*

- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed and any Additional Security Document in connection with the realisation or enforcement as described in Condition 14 of the Compartment Security constituted by or pursuant to the Trust Deed and any Additional Security Document in accordance with the Order of Priority specified in the applicable Final Terms (such amounts being the "**Available Enforcement Proceeds**").
- (ii) By subscribing to or otherwise acquiring the Certificates, each Certificateholder expressly consents to the provisions of this Condition 9(e), the order of priority specified in the applicable Final Terms (the "**Order of Priority**") and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof. If no Order of Priority is specified in the applicable Final Terms, the Order of Priority shall be Swap Counterparty Priority as set out below.
- (iii) If:
- (A) "**Swap Counterparty Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:

- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
 - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Certificates (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Certificates. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
 - (5) fifthly, rateably in meeting the claims (if any) of the Certificateholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (6) sixthly, in payment of the balance (if any) to the Issuer;
- (B) **"Pari Passu Ranking"** is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
 - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Certificates (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
 - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
 - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement and the Certificateholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
 - (5) fifthly, in payment of the balance (if any) to the Issuer; and

(C) "**Certificateholder Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:

- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
- (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Certificates (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
- (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
- (4) fourthly, rateably in meeting the claims (if any) of the Certificateholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
- (5) fifthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
- (6) sixthly, in payment of the balance (if any) to the Issuer.

"**Secured Parties**" means each of the Trustee, any receiver, the Certificateholders, the Swap Counterparty and the Agents (each, a "**Secured Party**").

(f) *Compartment Assets substitution by Swap Counterparty*

Where this Condition 9(f) is specified as being applicable in the Final Terms then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty.

The Swap Counterparty may substitute the Compartment Assets for:

- (i) either securities denominated in the currency specified in the Final Terms issued by the entity specified as the eligible collateral issuer (each, an "**Eligible Compartment Assets Issuer**") in the Final Terms ("**Eligible Compartment Assets Issuer Obligations**"); or
- (ii) such other securities, obligations or an amount of cash in the currency in which the principal amount of the existing Compartment Assets is expressed to be payable where "**Alternative Substitution**" is specified in the Final Terms.

The new securities, obligations or cash to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Compartment Assets are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in its sole discretion) to the then fair market value of the Certificates as determined by the Swap Counterparty (or, in the case of a substitution or redemption of part only of the Compartment Assets, of the relevant proportion thereof as at the date of such substitution).

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian or such other relevant Counterparty.

By making any substitution pursuant to this Condition 9(f) the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(f) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(f).

References in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any substituted Compartment Assets and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Certificateholders under this Condition 9(f) in accordance with Condition 19 (*Notices*) and, in relation to any Certificates listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 9(f) is applicable, the Trustee and any Certificateholders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Certificate.

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Collateral in the applicable Final Terms, to such entity).

By making any substitution pursuant to this Condition 9(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Certificateholders under this Condition 9(g).

If this Condition 9(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets that are subject to the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Certificate.

(h) *Swap Counterparty optional termination*

Where this Condition 9(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Redemption following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms, the following will apply:

The Swap Counterparty may opt to terminate a Swap Agreement in whole or in part on either on any date specified as being applicable in the Final Terms upon the number of Business Days' notice specified as being applicable in the Final Terms.

Such optional termination will lead to early redemption in whole or in part, as the case may be, of the Certificates in the manner set out in this Condition 9(h).

(ii) *Repurchase:*

Where this Condition 9(h)(ii) is specified as being applicable in the Final Terms, the Swap Counterparty may opt to terminate a Swap Agreement upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Certificates to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Certificates**"). Where such option is exercised, such Swap Agreement will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate notional amount of the Purchased Certificates bears to the aggregate notional amount of the Certificates remaining outstanding (or, where applicable, unexercised) immediately prior to the purchase of the Purchased Certificates by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Principal Warrant and Certificate Agent the Purchased Certificates for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement in the manner described in this Condition 9(h);
- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Supplemental Trust Deed.

(i) *Residual Shortfall*

In the case of Certificates (but without prejudice to the rights of a holder of Guaranteed Certificates under the Guarantee (if applicable)), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Certificates, then:

- (i) the obligations of the Issuer in respect of such Certificates will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Certificateholder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy

(*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 12.

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Certificates but for the operation of this Condition 9(i).

(j) *Issuer's rights as holder of Compartment Assets*

The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of the Certificates then outstanding or as directed by an Extraordinary Resolution of the Certificateholders) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of Certificates then outstanding or as directed by an Extraordinary Resolution of each of the Certificateholders) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Certificateholders) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

(k) *Swap termination*

Notwithstanding the terms of Condition 9(j) (Issuer's rights as holder of Compartment Assets), where "**Swap Termination Without Redemption**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement) and Related Agreement Termination Event is stated as not applicable in the applicable Final Terms, following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any, equal to the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement less the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with such termination shall be paid by the Issuer to the Certificateholder on a *pro rata* and *pari passu* basis on either the next following Interest Payment

Date or Premium Amount Payment Date, as the case may be, after the Issuer has recovered the relevant Early Termination Amount or, if there are no scheduled subsequent Interest Payment Dates or Premium Amount Payment Dates, the Redemption Date. If the Issuer does not receive the Early Termination Amount on or prior to the Redemption Date, Condition 8(n) will apply.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Certificateholders) and if either "Certificateholder Priority" or "Pari-Passu Ranking" applies, the Certificateholders.

10. Expenses and Taxation

All payments in respect of the Certificates or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax authority, unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 12.

In respect of Exercisable Certificates only, all taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the exercise and settlement of such Certificates and/or the delivery or transfer of the Entitlement (as applicable) pursuant to the terms of such Certificates ("**Exercise Expenses**") relating to such Certificates shall be for the account of the Certificateholder. The Issuer shall deduct from amounts payable or from assets deliverable to Certificateholders all Related Expenses, not previously deducted from amounts paid or assets delivered to Certificateholders, as the Calculation Agent shall in its sole and absolute discretion determine are attributable to the Certificates. Such deduction by the Issuer shall not constitute an Event of Default under Condition 12.

For the avoidance of doubt, neither the Issuer, the Trustee nor the Guarantor (if applicable) shall be liable for any Related Expenses and Certificateholders shall be liable to pay the Related Expenses attributable to their Certificates.

"**Expenses**" means Exercise Expenses and any Related Expenses.

"**Related Expenses**" means (a) all present, future, prospective, contingent or anticipated Taxes which are (or may be) or were (or may have been) withheld or payable under the laws, regulations or administrative practices of any state (or any political sub-division or authority thereof or therein) and (b) any other present, future, or contingent expenses (including without limitation, any applicable depository charges, transaction charges, issue registration, securities transfer or other expenses) which are (or may be) or were (or may have been) payable, in each case in respect of or in connection with:

- (iv) the issue, transfer or enforcement of the Certificates;
- (v) any payment (or delivery of assets) to Certificateholders;
- (vi) a person or its agent's assets or any rights, distributions of dividends appertaining to such assets (has such an investor (or agent) purchased, owned, held, realised, sold or otherwise

disposed of assets) in such a number as the Calculation Agent, in its sole and absolute discretion, may determine to be appropriate as a hedge or related trading position in connection with the Certificates; or

- (vii) any of the Swap Counterparty's or any Affiliate of the Swap Counterparty other hedging arrangements in connection with the Certificates.

"**Relevant Date**" in respect of any Certificate means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Certificates (if earlier) the date seven days after that on which notice is duly given to the Certificateholders that, upon further presentation of the Certificate, being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

"**Taxes**" means taxes, levies, imposts, duties, deductions, withholdings, assessments or other charges (including any stamp, registration or transfer tax, duty or other charge or tax on income, payments (or delivery of assets), profits or capital gains) together with any interest, additions to tax or penalties.

11. Prescription

Claims against the Issuer or the Guarantor (if applicable) for payment of Cash Settlement Amounts, interest and/or Premium Amount in respect of the Certificates shall become void unless made within 5 years after the Relevant Date (as defined in Condition 10) and no claims shall be made after such date.

12. Events of Default

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. (by number) of the Certificates of any Series then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Certificateholders are, and they shall accordingly forthwith become, (unless otherwise specified in the Final Terms) entitled to the Liquidation Proceeds (such occurrence, a "**Certificate Acceleration**") upon the occurrence of any of the following events (each an "**Event of Default**"):
 - (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Certificates; or
 - (ii) the Issuer fails to perform or observe any of its other obligations under the Certificates or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
 - (iii) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation

proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Certificateholders; or

- (iv) in the case of Guaranteed Certificates, the Guarantee ceases to be in full force and effect in respect of the Certificates or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Certificates or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Certificates or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Certificateholders, or the Guarantor is unable to perform its obligations thereunder for any reason.
- (b) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

13. Definitions

In these Conditions:

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "control" means ownership of a majority of the voting power of an entity.

"**Business Day**" means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (any such centre, an "**Additional Business Centre**" and which, if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (ii) in relation to any sum payable in euro, a day (a "**TARGET Settlement Day**") on which the Trans-European Automated Real-Time Gross Settlement Express Transfer ("**TARGET2**") payment system which utilises a single platform and which was launched on 19 November 2007 (or, if such system ceases to be operative, such system (if any) determined by the Calculation Agent to be a suitable replacement) (the "**TARGET System**") is open.

"**fair market value**" means the fair market value as determined by the Calculation Agent (unless otherwise specified).

"**Local Time**" means local time in the city of the relevant Clearing System.

"**Relevant Asset**" means the Relevant Asset specified in the applicable Final Terms.

"**Relevant Jurisdiction**" means the country in which (as the case may be) the Shares, the Shares relating to the depositary receipts, the Fund or the Fund Units or the Debt Securities are issued (or

14. Enforcement and Realisation

Upon the occurrence of a Certificate Acceleration under Condition 12, the Compartment Security constituted by or created pursuant to the Supplemental Trust Deed and any Additional Security Document relating to a Series of Certificates and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (a) (where the Instructing Party is the Certificateholder) either a direction in writing by Certificateholders of at least 25 per cent. (by number) of the relevant Series of Certificates then outstanding or by an Extraordinary Resolution of the Certificateholders; or (b) (where the Instructing Party is the Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (i) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (ii) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Certificateholders,

provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties.

15. Meetings of the Certificateholders; Modifications; Waiver; Trustee Determination; Substitution; Entitlement of the Trustee

(a) Meetings of the Certificateholders

The Trust Deed contains provisions for convening meetings of Certificateholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Certificates (including these Conditions or the provisions of the Trust Deed insofar as the same may apply to such Certificates). The quorum at a meeting of the Certificateholders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 20 per cent. (by number) of the Certificates for the time being outstanding, or at any adjourned meeting two or more persons being or representing Certificateholders whatever the number of Certificates so held or represented. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. (by number) of the Certificates for the time being outstanding or, at any adjourned such meeting, two or more person holding or representing not less than 10 per cent. (c) *Waiver*

The Trustee may, in respect of any Series, without the consent of the Certificateholders and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Certificateholders shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 15(c) in respect of any Reserved Matter or in contravention of any express direction given by an Extraordinary Resolution of the Certificateholders, but no such direction shall affect any waiver, authorisation or determination

Notice of any such waiver, authorisation or determination shall be notified by the Issuer to the Certificateholders as soon as practicable thereafter in accordance with Condition 19 unless the Trustee agrees otherwise.

(d) *Trustee determination*

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Certificateholders in the manner provided in accordance with Condition 19.

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Certificateholders as a class and shall not have regard to the consequences of such exercise for any particular Certificateholder and the Trustee shall not be entitled to require, nor shall any Certificateholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Certificates.

16. Replacement of Certificates

Should any Certificate be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Warrant and Certificate Agent (in the case of Clearing System Certificates) or the Registrar (in the case of Registered Certificates), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or (if applicable) the Guarantor may reasonably require. Mutilated or defaced Certificates must be surrendered before replacements will be issued.

17. Further Certificates

The Issuer may from time to time without the consent of the Certificateholders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 17 will be complied with),

create and issue further Certificates ("**Further Certificates**") having the same terms and conditions as the Certificates in all respects (or in all respects except for the Issue Date, first payment of interest (if applicable) and issue price) and so that the same shall be consolidated and form a single series with such Certificates provided that (unless otherwise approved by an Extraordinary Resolution of the Certificateholders):

- (a) The Issuer provides additional security for such Further Certificates that comprises assets that are fungible with, and have the same proportionate composition as, the Charged Assets in respect of the relevant existing Certificates and that has an aggregate principal amount at least equal to the product of (i) the principal amount of such existing security and (ii) a fraction, the numerator of which is the number of the Further Certificates and the denominator is the number of the existing Certificates; and
- (b) The Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Certificates on terms no less favourable than those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

Any Further Certificates shall be constituted and secured by a further supplemental trust deed and the Certificates and the Further Certificates shall be secured by the same Charged Assets. References in these Conditions to "**Certificates**" and "**Charged Assets**" shall be construed accordingly.

18. Removal, Indemnification and Obligations of the Trustee

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Certificateholders of such appointment in accordance with Condition 19.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Certificates or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Certificateholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Condition 18, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee

given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

19. Notices

All notices regarding the Certificates shall be valid if: (a) in the case of Certificates represented by a Global Certificate, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the Certificateholders; (b) so long as any Certificates are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Certificates if sent by first class mail to the Certificateholders (or the first named of joint Certificateholders) at their respective addresses recorded in the Register. If and for so long as the Certificates are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, www.bourse.lu. Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Whilst any of the Certificates are represented by a Global Certificate, such notice may be given by any Certificateholder to the Principal Warrant and Certificate Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Warrant and Certificate Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

20. Adjustments for European Monetary Union

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Certificateholders or the Trustee, on giving notice to the Certificateholders in accordance with Condition 19 (*Notices*):

- (a) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the Certificates shall be redenominated in euro.

The election will have effect as follows:

- (i) where the Settlement Currency of the Certificates is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Calculation Agent may decide, and as may be specified in the notice, and after the Adjustment Date, all payments of the Cash Settlement Amount in respect of the Certificates will be made solely in euro as though references in the Certificates to the Settlement Currency were to euro;
- (ii) where the Exchange Rate and/or any other terms of these Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted from or, as the case may be into, euro at the Established Rate; and
- (iii) such other changes shall be made to these Conditions as the Calculation Agent may decide to conform them to conventions then applicable to instruments expressed in euro; and/or

- (b) require that the Calculation Agent make such adjustments to the Weighting and/or the Settlement Price and/or any other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent, in its sole discretion, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Weighting and/or the Settlement Price and/or such other terms of these Conditions.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Principal Warrant and Certificate Agent and the Trustee shall be liable to any Certificateholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

In these Conditions, the following expressions have the following meanings:

"Adjustment Date" means a date specified by the Issuer in the notice given to the Certificateholders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

"Established Rate" means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

"euro" means the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty;

"National Currency Unit" means the unit of the currency of a country, as those units are defined on the day before the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union;

"Settlement Currency" shall be the currency specified as such in the applicable Final Terms; and

"Treaty" means the Treaty on the Functioning of the European Union, as amended.

21. Contracts (Rights of Third Parties) Act 1999

The Certificates shall not confer on a third party any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Certificates, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

22. Governing Law and Submission to Jurisdiction

The Agency Agreement, the Trust Deed (save to the extent that the Trust Deed relates to security interests created over assets located or deemed to be located in Luxembourg) and the Certificates (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Certificateholders that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Certificates (including a dispute relating to non-contractual obligations arising out of such Certificates) and accordingly any suit, action or proceedings arising out of or in connection with the Certificates may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Certificateholder may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Certificates (including Proceedings relating to any non-contractual obligations arising out of or in

connection with such Certificates) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has in the Trust Deed submitted to the jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.

(a) **FI Digital Coupon**

If FI Digital Coupon is specified as applicable in the applicable Final Terms:

- (i) if the FI Digital Coupon Condition is satisfied in respect of the relevant FI Interest Valuation Date:

$$\text{Min} \left(\text{Global Cap A}, \text{Max} \left(\text{Global Floor A}, \left(\sum_{i=1}^n \text{Gearing A}_{(i)} \times \text{FI Rate A}_{(i)} \right) + \text{Constant A} \right) \right)$$

; or

- (ii) if the FI Digital Coupon Condition is not satisfied in respect of the relevant FI Interest Valuation Date:

$$\text{Min} \left(\text{Global Cap B}, \text{Max} \left(\text{Global Floor B}, \left(\sum_{i=1}^n \text{Gearing B}_{(i)} \times \text{FI Rate B}_{(i)} \right) + \text{Constant B} \right) \right)$$

Description of the Payout

A FI Digital Coupon provides that the Securities bear interest at one of 2 specified rates depending upon whether or not the specified Digital Coupon Condition is satisfied. The specified rate can be (i) a fixed percentage or (ii) a fixed percentage (which may be equal to zero) plus a floating rate, where the floating rate may be the sum of one or more floating interest rates or inflation rates with individual gearings applied. The payout may be subject to a minimum level (equal to the Global Floor) or a maximum level (equal to the Global Cap). The Gearing may be zero, a negative or a positive number and the fixed percentage may be equal to zero.

The Digital Coupon Condition is indexed to the value of the Underlying Reference(s) (which may be one or more Inflation Index/Indices) comparative to a barrier level(s) which can be fixed or step up or down.

(b) Range Accrual Coupon

If Range Accrual Coupon is specified as applicable in the applicable Final Terms:

$$\text{Min} \left\{ \text{Global Cap}, \text{Max} \left(\text{Global Floor}, \text{Min} \left[\text{Local Cap}, \text{Max} \left(\text{Local Floor}, \text{Global Margin} + \sum_{i=1}^n \text{Gearing}_{(i)} \times \text{FI Rate}_{(i)} \right) \right] \times \frac{n}{N} \right) \right\}$$

Where:

"n" is the number of Range Accrual Days in the relevant Range Period on which the Range Accrual Coupon Condition is satisfied; and

"N" is the number of Range Accrual Days in the relevant Range Period.

If Deemed Range Accrual is specified as applicable in the applicable Final Terms, the FI DC Barrier Value for each Range Accrual Day in the period from (and including) the Range Cut-off Date to (and including) the Range Period End Date will be deemed to be the FI DC Barrier Value on the Range Cut-off Date.

Description of the Payout

A Range Accrual Coupon provides that the Securities bear interest on the basis of a rate calculated by reference to the number of Range Accrual Days in the relevant Range Accrual Period where the Range Accrual Coupon Condition is satisfied. The interest payable on each Interest Payment Date is equal to $K * n/N$, where n is the number of Range Accrual Days in the Range Accrual Period on which the Range Accrual Coupon Condition is satisfied and N is the total number of Range Accrual Days in the Range Accrual Period. K can be a fixed percentage or a floating rate plus a margin (which may be zero) and is subject to a minimum level (equal to the Local Floor) or a maximum level (equal to the Local Cap). The floating rate may be the sum of one or more floating interest rates or inflation rates with individual gearings applied.

The overall rate payable is also subject to a minimum level (equal to the Global Floor) or a maximum level (equal to the Global Cap).

The Range Accrual Coupon Condition is indexed to the value of the Underlying Reference(s) (which may be one or more Inflation Index/Indices) comparative to a barrier level(s) which can be fixed or step up or down.

(c) **Combination Floater Coupon**

If Combination Floater is specified as applicable in the applicable Final Terms:

Min (Cap, Max (Floor, (Coupon Percentage 1 x PRDC Performance) - Coupon Percentage 2));

(B) if Knock-in Event is not specified as applicable in the applicable Final Terms:

Min (Cap, Max (Floor, (Coupon Percentage 1 x PRDC Performance) - Coupon Percentage 2));

(C) if Knock-in Event and Knock-out Event are specified as applicable in the applicable Final Terms:

I. if a Knock-in Event has occurred but a Knock-out Event has not occurred:

Min (Cap, Max (Floor, (Coupon Percentage 1 x PRDC Performance) - Coupon Percentage 2));

Where:

"PRDC Performance" means the quotient of the Final Settlement Price (as numerator) and the Initial Settlement Price (as denominator).

Description of the Payout

If a Knock-in Event or a Knock-in Event and Knock-out Event are specified as applicable, the interest payable will vary depending on whether such event(s) have occurred.

If applicable, a Knock-in Event or Knock-out Event will occur if on a Knock-in Determination Day or Knock-out Determination Day (as applicable) or in respect of a Knock-in Determination Period or Knock-out Determination Period (as applicable) the level of the Underlying Reference (which will be a Subject Currency) when observed at the specified time(s) is greater than, greater than or equal to, less than or less than or equal to (as applicable) the level specified in or determined as provided in the applicable Final Terms or within the Knock-in Range Level or Knock-out Range Level specified.

Whether a Knock-in Event and, if applicable, a Knock-out Event has occurred will determine whether the interest rate will be zero or a percentage that is (subject to a specified minimum and/or maximum) equal to a specified percentage multiplied by the performance of the Underlying Reference over a specified period and reduced by a specified percentage.

(e) FI Digital Floor Coupon

If the Securities are specified in the applicable Final Terms as being FI Digital Floor Coupon Securities:

- (A) if Knock-in Event is specified as applicable in the applicable Final Terms:

Digital Floor Percentage 1;

- III. in all other cases:

Digital Floor Percentage 2.

Description of the Payout

If a Knock-in Event or a Knock-in Event and Knock-out Event are specified as applicable, the interest payable will vary depending on (i) whether such event(s) have occurred and (ii) whether the FI Digital Floor Condition is satisfied. If no Knock-in Event or Knock-out Event is specified, the interest payable will vary depending on whether the FI Digital Floor Condition is satisfied.

The FI Digital Floor Condition will be satisfied if the FI Digital Value is less than or equal to the level specified or determined as provided in the applicable Final Terms. If applicable, a Knock-in Event or Knock-out Event will occur if on a Knock-in Determination Day or Knock-out Determination Day (as applicable) or in respect of a Knock-in Determination Period or Knock-out Determination Period (as applicable) the level of the Underlying Reference (which will be a Subject Currency) when observed at the specified time(s) is greater than, greater than or equal to, less than or less than or equal to (as applicable) the level specified in or determined as provided in the applicable Final Terms or within the Knock-in Range Level or Knock-out Range Level specified.

Whether (i) a Knock-in Event and, if applicable, a Knock-out Event has occurred and (ii) the FI Digital Floor Condition is satisfied will determine whether interest is payable and, if so, which specified rate will be used to calculate the interest payable.

(f) FI Digital Cap Coupon

- I. if the FI Digital Cap Condition is satisfied in respect of the relevant FI Interest Valuation Date:

Digital Cap Percentage 1; or

- II. if the FI Digital Cap Condition is not satisfied in respect of the relevant FI Interest Valuation Date:

Digital Cap Percentage 2; or

- (C) if Knock-in Event and Knock-out Event are specified as applicable in the applicable Final Terms:

- I. if no Knock-in Event has occurred, 0 (zero); or

Digital Cap Percentage 1; or

- III. in all other cases:

Digital Cap Percentage 2.

Description of the Payout

If a Knock-in Event or a Knock-in Event and Knock-out Event are specified as applicable, the interest payable will vary depending on (i) whether such event(s) have occurred and (ii) whether the FI Digital Cap Condition is met. If no Knock-in Event or Knock-out Event is specified, the interest payable will vary depending on whether the FI Digital Cap Condition is satisfied.

The FI Digital Cap Condition will be satisfied if the FI Digital Value is greater than or equal to the level specified or determined as provided in the applicable Final Terms. If applicable, a Knock-in Event or Knock-out Event will occur if on a Knock-in Determination Day or Knock-out Determination Day (as applicable) or in respect of a Knock-in Determination Period or Knock-out Determination Period (as applicable) the level of the Underlying Reference (which will be a Subject Currency) when observed at the specified time(s) is greater than, greater than or equal to, less than or less than or equal to (as applicable) the level specified in or determined as specified in the applicable Final Terms or within the Knock-in Range Level or Knock-out Range Level specified.

Whether (i) a Knock-in Event and, if applicable, a Knock-out Event has occurred and (ii) the FI Digital Cap Condition is satisfied will determine whether interest is payable and, if so, which specified rate will be used to calculate the interest payable.

If the Securities are specified in the applicable Final Terms as being FI Target Coupon Securities and an Automatic Early Redemption Event has not occurred, the Interest Rate in respect of the Target Final Interest Period shall be the Final Interest Rate specified in the applicable Final Terms.

Description of the Payout

If Target Automatic Early Redemption applies and an Automatic Early Redemption Event does not occur the rate of interest for the Interest Period ending on the Maturity Date will be the Final Interest Rate.

The Final Interest Rate may be

- 1. Capped only – In this case, the Final Interest Rate is the rate of interest calculated for the final interest period or, if less, the difference between the Automatic Early Redemption Percentage and the interest already paid;*
- 2. Guaranteed only - In this case, the Final Interest Rate is the rate of interest calculated for the final interest period or, if greater, the difference between the Automatic Early Redemption Percentage and the interest already paid. If no Automatic Early Redemption Event occurs, this Interest Rate provides a payment at maturity that means the overall sum of all interest paid will be at least equal to the Automatic Early Redemption Percentage;*
- 3. Capped and guaranteed - In this case, the Final Interest Rate is the Automatic Early Redemption Percentage less previous interest paid which means that the overall interest paid will be equal to the Automatic Early Redemption Percentage;*
- 4. Not capped and not guaranteed – In this case, the Final Interest Rate is the interest calculated for the relevant Interest Period.*

Where:

"Option" means Min (Max (Performance Value, Floor), Cap).

Description of the Payout

If a Knock-in Event or a Knock-in Event and Knock-out Event are specified as applicable, the interest payable will vary depending on whether such event(s) have occurred.

If applicable, a Knock-in Event or Knock-out Event will occur if on a Knock-in Determination Day or Knock-out Determination Day (as applicable) or in respect of a Knock-in Determination Period or Knock-out Determination Period (as applicable) the level of the Underlying Reference (which will be a Subject Currency) when observed at the specified time(s) is greater than, greater than or equal to, less than or less than or equal to (as applicable) the level specified in or determined as provided in the applicable Final Terms or within the Knock-in Range Level or Knock-out Range Level specified.

Whether a Knock-in Event and, if applicable, a Knock-out Event has occurred will determine whether the interest rate will be zero or a percentage reflecting the product of the performance of the Underlying Reference over a specified period (which may be subject to a minimum and/or a maximum) and a gearing percentage.

Max (Digital Plus Percentage 1, (Gearing x FI Digital Value)); or

- III. in all other cases:

Digital Plus Percentage 2.

Description of the Payout

If a Knock-in Event or a Knock-in Event and Knock-out Event are specified as applicable, the interest payable will vary depending on (i) whether such event(s) have occurred and (ii) whether the FI Digital Plus Condition is satisfied. If no Knock-in Event or Knock-out Event is specified, the interest payable will vary depending on whether the FI Digital Plus Condition is satisfied.

The FI Digital Plus Condition will be satisfied if the FI Digital Value is greater than the level specified or determined as provided in the applicable Final Terms. If applicable, a Knock-in Event or Knock-out Event will occur if on a Knock-in Determination Day or Knock-out Determination Day (as applicable) or in respect of a Knock-in Determination Period or Knock-out Determination Period (as applicable) the level of the Underlying Reference (which will be a Subject Currency) when observed at the specified time(s) is greater than, greater than or equal to, less than or less than or equal to (as applicable) the level specified in or determined as provided in the applicable Final Terms or within the Knock-in Range Level or Knock-out Range Level specified.

Whether (i) a Knock-in Event and, if applicable, a Knock-out Event has occurred and (ii) the FI Digital Plus Condition is satisfied will determine whether the interest rate will be zero or a specified percentage or the greater of a specified percentage and the product of the performance of the Underlying Reference over a specified period and a gearing percentage.

(A) if Knock-in Event is specified as applicable in the applicable Final Terms:

if no Knock-in Event has occurred, FI Constant Percentage; or

if a Knock-in Event has occurred:

FI Constant Percentage 1 + (Gearing x Option);

if Knock-in Event is not specified as applicable in the applicable Final Terms:

FI Constant Percentage 1 + (Gearing x Option);

if Knock-in Event and Knock-out Event are specified as applicable in the applicable Final Terms:

if a Knock-in Event has occurred but a Knock-out Event has not occurred:

FI Constant Percentage 1 + (Gearing x Option);

if (a) a Knock-in Event and a Knock-out Event have occurred or (b) a Knock-out Event has occurred, FI Constant Percentage 1.

Where:

"Option" means $\text{Min}(\text{Max}(\text{Performance Value}, \text{Floor}), \text{Cap})$.

Description of the Payout

If a Knock-in Event or a Knock-in Event and Knock-out Event are specified as applicable the final payout will vary depending on whether such event(s) have occurred.

If applicable, a Knock-in Event or Knock-out Event will occur if on a Knock-in Determination Day or Knock-out Determination Day (as applicable) or in respect of a Knock-in Determination Period or Knock-out Determination Period (as applicable) the level of the Underlying Reference (which will be a Subject Currency) when observed at the specified time(s) is greater than, greater than or equal to, less than or less than or equal to (as applicable) the level specified in or determined as provided in the applicable Final Terms or within the Knock-in Range Level or Knock-out Range Level specified.

(ii) **FI Inflation Securities**

If the Securities are specified in the applicable Final Terms as being FI Inflation Securities:

Max [100%, Cumulative Inflation Rate]

Description of the Payout

The payout comprises an amount per Security equal to 100 per cent. of the Calculation Amount or, if greater, the total positive inflation accretion from the Strike Date to the FI Redemption Valuation Date multiplied by the Calculation Amount.

2.4 Fixed Income Automatic Early Redemption Payouts

If Automatic Early Redemption is specified as applicable in the applicable Final Terms and an Automatic Early Redemption Event occurs, the Automatic Early Redemption Payout shall be:

The cumulative coupon is equal to the sum of all previous interest paid plus the interest calculated (but not necessarily paid) for the Interest Period during which the relevant Automatic Early Redemption Valuation Date falls.

The payout per Security, comprises the Calculation Amount multiplied by 100 per cent. plus the Final Interest Rate.

The Final Interest Rate may be

- 1. Capped only – In this case, the Final Interest Rate is the rate of interest calculated for the relevant interest period or, if less, the difference between the Automatic Early Redemption Percentage and the interest already paid;*
- 2. Guaranteed only - In this case, the Final Interest Rate is the rate of interest calculated for the relevant interest period or, if greater, the difference between the Automatic Early Redemption Percentage and the interest already paid. If no Automatic Early Redemption Event occurs, this Interest Rate provides a payment at maturity that means the overall sum of all interest paid will be at least equal to the Automatic Early Redemption Percentage;*
- 3. Capped and guaranteed - In this case, the Final Interest Rate is the Automatic Early Redemption Percentage less previous interest paid which means that the overall interest paid will be equal to the Automatic Early Redemption Percentage;*
- 4. Not capped and not guaranteed – In this case, the Final Interest Rate is the interest calculated for the relevant Interest Period.*

(ii) **FI Underlying Automatic Early Redemption**

If FI Underlying Automatic Early Redemption is specified as applicable in the applicable Final Terms,

CA

Description of the Payout

If FI Underlying Automatic Early Redemption applies, the Securities redeem automatically if the Underlying Reference observed is greater than or equal to the lower barrier (the "Automatic Early Redemption Percentage Down") or less than or equal to the upper barrier (the "Automatic Early Redemption Percentage Up"). In

this case, the Securities will be redeemed on the next Interest Payment Date. The Underlying Reference (which may be one or more Inflation Index/Indices) can be observed on specified dates or continuously during a period.

Each Security will redeem at an amount equal to the Calculation Amount and may pay either (i) the interest accrued up to the Interest Payment Date on which the Securities are redeemed, (ii) no interest or (iii) the interest accrued up to date on which the Automatic Early Redemption Event occurred.

(iii) **FI Coupon Automatic Early Redemption**

If FI Coupon Automatic Early Redemption is specified as applicable in the applicable Final Terms,

CA x (100% + (Min (Coupon Cap, Final Coupon Rate) x Final Day Count Fraction))

Description of the Payout

If FI Coupon Automatic Early Redemption applies, the Securities redeem automatically if the interest to be paid on an Interest Payment Date is greater than or equal to a target barrier, (the "Automatic Early Redemption Percentage").

The amount payable per Security comprises the Calculation Amount multiplied by 100% plus the interest calculated for the relevant Interest Period (which may be capped which means that the maximum interest that an investor may receive following an FI Coupon Automatic Early Redemption is equal to the Coupon Cap.

In the event of any inconsistency between the Conditions and the Index Linked Conditions, the Index Linked Conditions set out below shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Index Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.

1. Market Disruption

"**Market Disruption Event**" means, in relation to Securities relating to a single Index or basket of Indices:-

- (x) in respect of a Composite Index:
 - (i) (a) the occurrence or existence, in respect of any Component Security, of:
 - (1) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
 - (2) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
 - (3) an Early Closure in respect of such Component Security; and
 - (b) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or more of the level of such Index; or
- (ii) the occurrence or existence, in respect of futures or options contracts relating to such Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of the Related Exchange; or (c) an Early Closure, in each case in respect of such futures or options contracts.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component

Security to the level of such Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security to (y) the overall level of such Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data"; and

- (y) in the case of Indices other than Composite Indices, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the same time when the level of such Index triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time, or (iii) an Early Closure. For the purposes of determining whether a Market Disruption Event in respect of such Index exists at any time, if a Market Disruption Event occurs in respect of a security included in such Index at any time, then the relevant percentage contribution of that security to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event. The Calculation Agent shall give notice as soon as practicable to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been the Strike Date, an Averaging Date, an Observation Date or a Valuation Date, as the case may be.

2. Adjustments to an Index

(A) *Successor Index Sponsor Calculates and Reports an Index*

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent (the "**Successor Index Sponsor**"), or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(B) *Modification and Cessation of Calculation of an Index*

If (i) on or prior to the last Valuation Date, last Observation Date, last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on a Valuation Date, an Observation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then,

- (v) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Securities and, if so, shall calculate the relevant Settlement Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date, Observation Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or

cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event;

- (vi) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent may require the Issuer to redeem the Notes or Certificates, as applicable, in which case it will so notify the Issuer and the Issuer will give notice to Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, as applicable. If the Notes or Certificates are so redeemed the Issuer will pay an amount to each Noteholder or Certificateholder, as the case may be, in respect of each redeemed Note or Certificate being redeemed at an amount equal to the fair market value of each Note or Certificate, taking into account the Index Adjustment Event, less the cost to the Swap Counterparty and/or its Affiliates of unwinding the relevant Swap Agreement (if any) and any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, as applicable;
- (vii) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note or Certificate, as applicable, taking into account the Index Adjustment Event less the cost to the Swap Counterparty and/or its Affiliates of unwinding any relevant Swap Agreement or underlying related hedging arrangements (the "**Calculated Amount**") as soon as practicable following the occurrence of the Index Adjustment Event (the "**Calculated Amount Determination Date**") and on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to (x) the Calculated Amount plus interest accrued from and including the Calculated Amount Determination Date to but excluding the Maturity Date (in the case of Notes) or the Redemption Date (in the case of Certificates) at a rate equal to zero per cent. unless otherwise specified in the applicable Final Terms or (y) if Principal Protected Termination Amount is specified as being applicable in the applicable Final Terms and if greater, its nominal amount (in the case of Notes) or its notional amount (in the case of Certificates); or
- (viii) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If such day is a Disrupted Day, then:

- (A) in the case of Index Linked Securities relating to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the relevant value, level or price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the relevant value, level or price by determining the level of the Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula

for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on the last such consecutive Scheduled Trading Day); or

- (B) in the case of Index Linked Securities relating to a Basket of Indices, the Valuation Date for each Index, not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index, affected (each an "**Affected Item**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the relevant value, level or price using, in relation to the Affected Item, the level, value or price as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on the last such consecutive Scheduled Trading Day) and otherwise in accordance with the above provisions.

"Valuation Time" means:

- (A) the Valuation Time specified in the applicable Final Terms; or
- (B) if not specified in the applicable Final Terms:
- (x) in the case of a Composite Index, means in respect of such Index: (i) for the purposes of determining whether a Market Disruption Event has occurred: (a) in respect of any Component Security, the Scheduled Closing Time on the Exchange in respect of such Component Security, and (b) in respect of any options contracts or futures contracts on the Index, the close of trading on the Related Exchange; and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor; or
- (y) in the case of any Index which is not a Composite Index, means the Scheduled Closing Time on the Exchange on the relevant date. If the Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

7. Custom Index

Index Linked Conditions 8 to 12 (inclusive) apply if "Custom Index" is specified as applicable in the applicable Final Terms. In the event of any inconsistency between the provisions of Index Linked Conditions 8 to 12 and the other Index Linked Conditions, the provisions of Index Linked Conditions 8 to 12 shall prevail.

8. Adjustments to a Custom Index and Custom Index Disruption

(A) Successor Index Sponsor Calculates and Reports an Index

If a relevant Custom Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor custom index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Custom Index, then in each case that custom index (the "**Successor Custom Index**") will be deemed to be the Custom Index.

(B) Modification and Cessation of Calculation of a Custom Index and Custom Index Disruption

If (i) on or prior to the last Valuation Date, the last Observation Date or the last Averaging Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Custom Index or in any other way materially modifies that Custom Index (other than a modification prescribed in that formula or method to maintain that Custom Index in the event of changes in constituent components and capitalisation, contracts or commodities and other routine events) (a "**Custom Index Modification**"), or permanently cancels a relevant Custom Index and no Successor Custom Index exists (a "**Custom Index Cancellation**"), or (ii) on a Valuation Date, an Observation Date or an Averaging Date, the Index Sponsor or (if applicable) the Successor Custom Index Sponsor fails to calculate and announce a relevant Custom Index or it is not a Custom Index Business Day (a "**Custom Index Disruption**" and, together with a Custom Index Modification and a Custom Index Cancellation, each a "**Custom Index Adjustment Event**"), then:

(1) in the case of Custom Index Linked Securities relating to a single Custom Index where Scheduled Custom Index Business Days (Single Custom Index Basis) is specified as applicable in the applicable Final Terms, then:

- (i) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring on the last Valuation Date, last Averaging Date or last Observation Date, then such Valuation Date, Averaging Date or Observation Date, as the case may be, shall be the first succeeding Scheduled Custom Index Business Day on which a Custom Index Disruption is not occurring, unless there is a Custom Index Disruption on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Valuation Date, Averaging Date or Observation Date, as the case may be, in which case the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Valuation Date, Averaging Date or Observation Date, as the case may be, notwithstanding the Custom Index Disruption and the Calculation Agent shall determine the relevant value, level or price by using commercially reasonable efforts to determine the level of the Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index;
- (ii) following a Custom Index Modification or Custom Index Cancellation at any time or a Custom Index Disruption (which in the latter case occurs or

is occurring on the Strike Date, an Averaging Date (other than the last Averaging Date), an Observation Date (other than the last Observation Date) or a Valuation Date (other than the last Valuation Date), the Calculation Agent shall determine if such Custom Index Adjustment Event has a material effect on the Securities and, if so shall (x) to the extent that an equivalent or similar adjustment, determination or calculation has been made in respect of the relevant Swap Agreement, take the action described in (i), (ii), (iii) or (vii) below and (y) in the event that such Custom Index Modification, Custom Index Cancellation or Custom Index Disruption results in an Additional Termination Event occurring in respect of the relevant Swap Agreement, take the action described in either (iv), (v) or (vi) below (as applicable):

- (iii) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring on the Strike Date, an Averaging Date or Observation Date, the Calculation Agent may determine that the Strike Date, relevant Averaging Date or Observation Date, as the case may be, shall be the first succeeding Scheduled Custom Index Business Day (in the case of the Strike Date) or Valid Date (in the case of an Averaging Date or Observation Date, as the case may be) unless there is a Custom Index Disruption on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Strike Date, Averaging Date or Observation Date, as the case may be, in which case the Calculation Agent may determine that the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Strike Date, Averaging Date or Observation Date, as the case may be (irrespective, in the case of an Averaging Date or Observation Date, of whether that last consecutive Scheduled Custom Index Business Day is already an Averaging Date or Observation Date, as the case may be) and may determine the relevant value, level or price by using commercially reasonable efforts to determine a level of the Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index; or
- (iv) the Calculation Agent may use commercially reasonable efforts to select a successor index with a substantially similar strategy as the original Custom Index and, upon selection of such index, the Calculation Agent shall promptly notify the Holders of Securities and such index shall become the Successor Custom Index and shall be deemed to be the "Custom Index" for the purpose of the Securities and the Calculation Agent will make such adjustment, if any, to one or more of the terms of the Securities as the Calculation Agent in its sole and absolute discretion determines appropriate; or
- (v) the Calculation Agent may determine in its sole and absolute discretion such other appropriate adjustments, if any, to be made to the terms of the Securities to account for the Custom Index Adjustment Event and determine the effective date of those adjustments; or
- (vi) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified as being

applicable in the applicable Final Terms, the Calculation Agent may require the Issuer to redeem the Notes or Certificates, as applicable, in which case it will so notify the Issuer and the Issuer will give notice to Noteholders in accordance with Condition 18 of the Notes and to the Certificateholders in accordance with Condition 19 of the Certificates. If the Notes or Certificates are so redeemed the Issuer will pay an amount to each Noteholder or Certificateholder, as the case may be, in respect of each redeemed Note or Certificate being redeemed at an amount equal to the fair market value of each Note or Certificate, taking into account the Custom Index Adjustment Event, less the cost to the Swap Counterparty and/or its Affiliates of unwinding the relevant Swap Agreement (if any) and any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes or as to the Certificateholders in accordance with Condition 19 of the Certificates (as applicable); or

- (vii) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note or Certificate, as applicable, taking into account the Custom Index Adjustment Event less the cost to the Swap Counterparty and/or its Affiliates of unwinding any relevant Swap Agreement or underlying related hedging arrangements (the "**Calculated Custom Index Adjustment Event Amount**") as soon as practicable following the occurrence of the Custom Index Adjustment Event (the "**Calculated Custom Index Adjustment Event Amount Determination Date**") and on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to (x) the Calculated Custom Index Adjustment Event Amount plus interest accrued from and including the Calculated Custom Index Adjustment Event Amount Determination Date to but excluding the Maturity Date (in the case of Notes) or the Redemption Date (in the case of Certificates) at a rate equal to zero per cent. (unless otherwise specified in the applicable Final Terms) or (y) if greater, its nominal amount (in the case of Notes) or its notional amount (in the case of Certificates); or
- (viii) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If the Warrants are so cancelled the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be the fair market value of a Warrant or a Unit, as the case may be, taking into account the Index Adjustment Event, less the cost to the Swap Counterparty and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 17 of the Warrants; or
- (ix) in the case of a Custom Index Modification which occurs on the last Valuation Date, last Averaging Date or last Observation Date only, the Calculation Agent may elect to calculate the level of the Custom Index,

using in lieu of the published level for the Custom Index as of the Valuation Date, Averaging Date or Observation Date, as the case may be, the level of the Custom Index as of that date determined by the Calculation Agent in accordance with the formula for and method of calculating the Custom Index last in effect prior to the Custom Index Modification but using only those components that comprised the Custom Index prior to the Custom Index Modification;

- (2) in the case of Custom Index Linked Securities relating to a Basket of Custom Indices where Scheduled Custom Index Business Days (All Custom Indices Basis) is specified as applicable in the applicable Final Terms, then:
 - (i) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring in respect of any Custom Index (each an "**Affected Custom Index**") on the last Valuation Date, last Averaging Date or last Observation Date, then such Valuation Date, Averaging Date or Observation Date, as the case may be, for all Custom Indices in the Basket shall be the first succeeding Scheduled Custom Index Business Day on which a Custom Index Disruption is not occurring in respect of any of the Custom Indices in the Basket, unless there is a Custom Index Disruption in respect of any one of the Custom Indices in the Basket on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Valuation Date, Averaging Date or Observation Date, as the case may be, in which case the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Valuation Date, Averaging Date or Observation Date, as the case may be, for all Custom Indices in the Basket, notwithstanding the Custom Index Disruption in respect of an Affected Custom Index and the Calculation Agent shall determine the relevant value, level or price by using (X) in respect of any Custom Index which is not an Affected Custom Index, the method provided for in part (i) of the definition of "Settlement Price" contained in Index Linked Condition 12 and (Y) in respect of any Custom Index in the Basket which is an Affected Custom Index, commercially reasonable efforts to determine the level of the relevant Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the relevant Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index;
 - (ii) following a Custom Index Modification or Custom Index Cancellation at any time or a Custom Index Disruption (which in the latter case occurs or is occurring on the Strike Date, an Averaging Date (other than the last Averaging Date), an Observation Date (other than the last Observation Date) or a Valuation Date (other than the last Valuation Date) the Calculation Agent shall determine if such Custom Index Adjustment Event has a material effect on the Securities and, if so shall (x) to the extent that an equivalent or similar adjustment, determination or calculation has been made in respect of the relevant Swap Agreement, take the action described in (i), (ii), (iii) or (vii) below and (y) in the event that such Custom Index Modification, Custom Index Cancellation or Custom Index Disruption results in an Additional Termination Event occurring in respect of the relevant Swap Agreement, take the action described in either (iv), (v) or (vi) below (as applicable):
 - (i) if the Custom Index Adjustment Event is a Custom Index Disruption which occurs or is occurring on the Strike Date, an Averaging Date or Observation Date, the Calculation Agent may determine that the Strike Date, relevant Averaging Date or

Observation Date, as the case may be, for all Custom Indices in the Basket shall be the first succeeding Scheduled Custom Index Business Day (in the case of the Strike Date) or Valid Date (in the case of an Averaging Date or Observation Date, as the case may be) on which a Custom Index Disruption is not occurring in respect of any Custom Index (each an "**Affected Custom Index**") comprised in the Basket unless there is a Custom Index Disruption on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Strike Date, Averaging Date or Observation Date, as the case may be, in which case the Calculation Agent may determine that the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Strike Date, Averaging Date or Observation Date, as the case may be (irrespective, in the case of an Averaging Date or Observation Date, of whether that last consecutive Scheduled Custom Index Business Day is already an Averaging Date or Observation Date, as the case may be) for all Custom Indices in the Basket and may determine the relevant value, level or price by using (X) in respect of any Custom Index in the Basket which is not an Affected Custom Index, the method provided for in part (i) of the definition of "Settlement Price" contained in Custom Index Linked Condition 12 below and (Y) in respect of any Custom Index in the Basket which is an Affected Custom Index, commercially reasonable efforts to determine a level of the relevant Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the relevant Custom Index last in effect prior to the occurrence of the Custom Index Disruption and using its good faith estimate of the value for the components of the Custom Index; or

- (ii) the Calculation Agent may use commercially reasonable efforts to select a successor index with a substantially similar strategy as the original Custom Index and, upon selection of such index, the Calculation Agent shall promptly notify the Holders of Securities and such index shall become the Successor Custom Index and shall be deemed to be a "Custom Index" for the purpose of the Securities and the Calculation Agent will make such adjustment, if any, to one or more of the terms of the Securities as the Calculation Agent in its sole and absolute discretion determines appropriate; or
- (iii) the Calculation Agent may determine in its sole and absolute discretion such other appropriate adjustments, if any, to be made to the terms of the Securities to account for the Custom Index Adjustment Event and determine the effective date of those adjustments; or
- (iv) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent may require the Issuer to redeem the Notes or Certificates, as applicable, in which case it will so notify the

Issuer and the Issuer will give notice to Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates. If the Notes or Certificates are so redeemed the Issuer will pay an amount to each Noteholder or Certificateholder, as the case may be, in respect of each redeemed Note or Certificate being redeemed at an amount equal to the fair market value of each Note or Certificate, taking into account the Custom Index Adjustment Event, less the cost to the Swap Counterparty and/or its Affiliates of unwinding the relevant Swap Agreement (if any) and any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates (as applicable); or

- (v) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note or Certificate, as applicable, taking into account the Custom Index Adjustment Event less the cost to the Swap Counterparty and/or its Affiliates of unwinding any relevant Swap Agreement or underlying related hedging arrangements (the "**Calculated Custom Index Adjustment Event Amount**") as soon as practicable following the occurrence of the Custom Index Adjustment Event (the "**Calculated Custom Index Adjustment Event Amount Determination Date**") and on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to (x) the Calculated Custom Index Adjustment Event Amount plus interest accrued from and including the Calculated Custom Index Adjustment Event Amount Determination Date to but excluding the Maturity Date (in the case of Notes) or the Redemption Date (in the case of Certificates) at a rate equal to zero per cent. (unless otherwise specified in the applicable Final Terms) or (y) if greater, its nominal amount (in the case of Notes) or its notional amount (in the case of Certificates); or
- (vi) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. Payments will be made in such manner as shall be notified to the

Warrantholders in accordance with Condition 17 of the Warrants;
or

- (vii) in the case of a Custom Index Modification which occurs in respect of a Custom Index in the Basket which occurs on the last Valuation Date, last Averaging Date or last Observation Date only, the Calculation Agent may elect to calculate the level of such Custom Index, using in lieu of the published level for the Custom Index as of the Valuation Date, Averaging Date or Observation Date, as the case may be, the level of the Custom Index as of that date determined by the Calculation Agent in accordance with the formula for and method of calculating the Custom Index last in effect prior to the Custom Index Modification but using only those components that comprised the Custom Index prior to the Custom Index Modification;

the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be the fair market value of a Warrant or a Unit, as the case may be, taking into account the Index Adjustment Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 17 of the Warrants; or

- (vii) in the case of a Custom Index Modification which occurs in respect of a Custom Index in the Basket on the last Valuation Date, last Averaging Date or last Observation Date only, the Calculation Agent may elect to calculate the level of such Custom Index, using in lieu of the published level for the Custom Index as of the Valuation Date, Averaging Date or Observation Date, as the case may be, the level of the Custom Index as of that date determined by the Calculation Agent in accordance with the formula for and method of calculating the Custom Index last in effect prior to the Custom Index Modification but using only those components that comprised the Custom Index prior to the Custom Index Modification.

(C) *Swap Agreement Determination*

Notwithstanding any other provision of this Index Linked Condition 8, in determining whether such Custom Index Adjustment Event has a material effect on the Securities and in making any calculation, substitution or adjustment in respect of Index Linked Condition 8(B) above, the Calculation Agent shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar determination, adjustment or calculation made in respect of the relevant Swap Agreement in relation to such Custom Index Adjustment Event.

(D) *General*

In determining to take a particular action as a result of a Custom Index Adjustment Event, the Calculation Agent is under no duty to consider the interests of Holders of Securities or any other person. In making any determination as to which action to take following the occurrence of an Index Adjustment Event, none of the Calculation Agent, the Issuer or the Swap Counterparty shall be responsible for any loss (including liability in respect of interest), underperformance or opportunity cost suffered or incurred by Holders of Securities or any other person in connection with the Securities as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Securities.

(E) *Notice*

The Calculation Agent shall, as soon as practicable, notify the relevant Agent of any determination made by it pursuant to Index Linked Condition 8(B) and the action proposed to be taken in relation thereto and the Calculation Agent shall make available for inspection by Holders of Securities copies of any such determinations.

9. Correction of Custom Index

With the exception of any corrections published after the day which is three Scheduled Custom Index Business Days prior to the due date for any payment in respect of the relevant Securities,

calculated by reference to the level of a Custom Index, if the level of the Custom Index published on a given day and used or to be used by the Calculation Agent to make any determination under the Securities, is subsequently corrected and the correction published by the relevant Index Sponsor within the number of days equal to the Custom Index Correction Period of the original publication, the level to be used shall be the level of the Custom Index as so corrected. Corrections published after the day which is three Scheduled Custom Index Business Days prior to a due date for payment under the relevant Securities calculated by reference to the level of the Custom Index will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

10. Knock-in Event and Knock-out Event

If "**Knock-in Event**" is specified as applicable in the Final Terms, then any payment under the relevant Securities which is expressed to be subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If "**Knock-out Event**" is specified as applicable in the Final Terms, then any payment under the relevant Securities which is expressed to be subject to a Knock-out Event shall be conditional upon the non-occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if on any Knock-in Determination Day or Knock-out Determination Day a Custom Index Disruption Event is occurring, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred; provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the level of the Custom Index as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date".

price for that Commodity or Commodity Index, as determined by the Calculation Agent using the Commodity Fallback Value;

- (ii) the Calculation Agent may substitute the relevant Commodity or Index Component with a Commodity or Index Component selected by it in accordance with the criteria set out below (each, a "**Substitute Commodity**" or "**Substitute Index Component**"), as the case may be, for each Commodity or Index Component (each, an "**Affected Commodity**" or "**Affected Index Component**") which is affected by the Market Disruption Event and the Substitute Commodity or Substitute Index Component, as the case may be, will be deemed to be a "Commodity" or "Index Component", as the case may be, for the purposes of the Securities, and the Calculation Agent will make such adjustment, if any, to any one or more of the Weighting and/or any of the other terms of the terms and conditions of the Notes, the terms and conditions of the Warrants or the terms and conditions of the Certificates as applicable, and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, provided that in the event that any amount payable under the Notes or Certificates, or the Cash Settlement Amount in respect of Warrants, as the case may be, was to be determined by reference to the initial price of the Commodity or the Index Component, as the case may be, the initial price of each Substitute Commodity or Substitute Index Component, as the case may be, will be determined by the Calculation Agent in its sole and absolute discretion.

In order to be selected as a Substitute Commodity, the Substitute Commodity shall be valued on the basis of a futures contract on similar terms to, with a delivery date corresponding with and relating to the same Commodity as the Affected Commodity. In order to be selected as a Substitute Index Component, the Substitute Index Component shall be an alternative futures contract or commodity index relating to a futures contract on similar terms to the Affected Index Component.

Such substitution and the relevant adjustment(s) will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") in its sole and absolute discretion which may, but need not, be the relevant date of the Market Disruption Event. Such substitution will be notified to the Holders of Securities by the Calculation Agent as soon as practicable after the Substitution Date in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

- (b) the Calculation Agent may require the Issuer to cancel or redeem the Securities, as applicable, by giving notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable. In the event of any inconsistency between the Conditions and the Inflation Linked Conditions set out below, the Inflation Linked Conditions shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Inflation Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.

1. Delay in Publication

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Index has occurred with respect to any Valuation Date, then the Relevant Level with respect to any Reference Month which is to be utilised in any calculation or determination to be made by the Calculation Agent with respect to such Valuation Date (the "**Substitute Index Level**") shall be determined by the Calculation Agent (subject to Inflation Linked Condition 3(ii) below), as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (ii) if (I) Related Bond is specified as not applicable in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level}),$$

where:

"Base Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

"Latest Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Calculation Agent shall notify the Issuer and the Issuer shall promptly give notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, of any Substitute Index Level.

If the Relevant Level is published or announced at any time on or after the relevant Cut-Off Date specified in the applicable Final Terms, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Inflation Linked Condition 1 will be the definitive level for that Reference Month.

2. **Successor Index**

If the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index (each of which, an "**Inflation Index Adjustment Event**") then the Calculation Agent shall determine a successor index (a "**Successor Index**") (in lieu of any previously applicable Index) for the purposes of the Securities as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine a "Successor Index" by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;
- (ii) if (x) Related Bond is specified as not applicable in the Final Terms or (y) a Related Bond Redemption Event has occurred and Fallback Bond is specified as not applicable in the applicable Final Terms, the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Index, such replacement index shall be designated a "Successor Index";
- (iii) if no Successor Index has been deemed under (i) or (ii) the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be; if between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, such index will be deemed the "Successor Index"; if three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "Successor Index"; if fewer than three responses are received by the Cut-Off Date the Calculation Agent will determine an appropriate alternative index, and such index will be deemed a "Successor Index"; or
- (iv) if the Calculation Agent determines that there is no appropriate alternative index, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Securities. Notwithstanding any other provision of this Inflation Linked Condition 2, in exercising its discretion hereunder, the Calculation Agent shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar determination or selection or any other adjustment or calculation made in respect of the relevant Swap Agreement in relation to such Inflation Index Adjustment Event.

Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to the Issuer by the Calculation Agent and the Issuer will give notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable.

3. Adjustments

(i) Successor Index

If a Successor Index is determined in accordance with Inflation Linked Condition 2, the Calculation Agent may make any adjustment or adjustments (without limitation) to any amount payable under the Securities and/or any other relevant term of the Securities as the Calculation Agent deems necessary. The Issuer shall give notice to the Holders of Securities of any such adjustment in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(ii) Substitute Index Level

If the Calculation Agent determines a Substitute Index Level in accordance with Inflation Linked Condition 1, the Calculation Agent may make any adjustment or adjustments (without limitation) to (x) the Substitute Index Level determined in accordance with Index Linked Condition 1 and/or (y) any amount payable under the Securities and/or any other relevant term of the Securities, in each case, as the Calculation Agent deems necessary. The Issuer shall give notice to the Holders of Securities of any such adjustment in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(iii) Index Level Adjustment Correction

(a) The first publication or announcement of the Relevant Level (disregarding estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to Inflation Linked Condition 3(vi)(II) below, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESP National-Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Relevant Level which are published or announced up to and including the day that is two Business Days prior to any relevant Valuation Date will be valid and the revised Relevant Level for the relevant Reference Month will be deemed to be the final and conclusive Relevant Level for such Reference Month. The Issuer shall give notice to the Holders of Securities of any valid revision in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(b) If, within 30 days of publication or at any time prior to a Valuation Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Valuation Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to any amount payable under the Securities and/or any other relevant term of the Securities as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the Holders of Securities of any such adjustment and/or amount in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(c) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Valuation Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Securities and that the Substitute Index Level shall be deemed to be the definitive Relevant

Level for the relevant Reference Month, or (B) make any adjustment to any amount payable under the Securities and/or any other relevant term of the Securities as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the Holders of Securities of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 18, as applicable of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to any amount payable under the Securities, and/or any other relevant term of the Securities (including the date on which any amount is payable by the Issuer), the Calculation Agent may make such adjustment or adjustments to such amount and/or any other relevant term of the Securities as the Calculation Agent deems necessary. The Calculation Agent shall give notice to the Holders of Securities of any such adjustment in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(v) Rebasing

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the Relevant Level from the date of such rebasing; provided, however, that the Calculation Agent may make (A) if Related Bond is specified as applicable in the applicable Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased and in each case the Calculation Agent may make any adjustment(s) to any amount payable under the Securities and/or any other term of the Securities as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Calculation Agent may notify the Issuer and on such notification the Issuer shall redeem each Note or Certificate, or cancel each Warrant, as applicable, on a date notified by the Issuer to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable, in which event the Issuer will pay to each Holder of Securities in respect of each such Security or, if Units are specified in the applicable Final Terms, each Unit, held by him an amount equal to its fair market value as determined by the Calculation Agent as at the date of redemption (in the case of Notes or Certificates) or cancellation (in the case of Warrants) taking into account the rebasing, less the cost to the Swap Counterparty and/or its Affiliates of unwinding or amending the relevant Swap Agreement (if any) and any related underlying hedging arrangements. Notice of any adjustment, redemption of the Securities or determination pursuant to this paragraph shall be given to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(vi) Index Modification

- (i) If on or prior to the Cut-Off Date in respect of any Valuation Date, the Calculation Agent determines that an Index Modification has occurred the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Relevant Level and/or any other relevant term of the Securities (including, without limitation, any amount payable under the Securities), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred make only those adjustments to the relevant Index, any Relevant Level and/or any other term of the Securities (including, without limitation, any amount payable under the Securities), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.
- (ii) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Valuation Date, the Calculation Agent may determine either (a) to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Valuation Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Valuation Date such that the provisions of sub paragraph (i) above will apply, or, (b) notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with sub-paragraph (i) above.

(vii) Index Cancellation

If the Calculation Agent determines that an Index Cancellation has occurred, it may:

- (a) elect, in the case of Warrants only, to calculate the Settlement Price using in lieu of a published level for that Index, a level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to cancellation; or
- (b) require the Issuer to redeem each Note or Certificate, or cancel each Warrant, as applicable, and if it so requires, the Issuer shall redeem each Note or Certificate and cancel each Warrant on the date notified by the Issuer to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable, in which event the Issuer will pay to each Holder of Securities in respect of such Security held by him an amount equal to its fair market value (as determined by the Calculation Agent) as at the date of redemption or cancellation, as applicable taking into account the Index Cancellation, less the cost to the Swap Counterparty of unwinding or amending the relevant Swap Agreement (if any) and any related underlying hedging arrangements. Notice of any redemption or cancellation, as applicable of the Securities pursuant to this paragraph shall be given to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(viii) Swap Agreement Determination

Notwithstanding any other provision of this Inflation Linked Condition 3, in exercising its discretion hereunder, the Calculation Agent shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar determination or selection or

any other adjustment or calculation made in respect of the relevant Swap Agreement in relation to such Inflation Index Adjustment Event, Delayed Index Level Event, Index Level Adjustment Correction, Rebased Index, Index Modification, Index Cancellation or event affecting the Specified Currency, as the case may be.

(ix) General

In determining to take a particular action as a result of any of the circumstances set out in Inflation Linked Condition 3(i) to 3(vii) (inclusive) above, the Calculation Agent is under no duty to consider the interests of Holders of Securities or any other person. In making any determination as to which action to take following the occurrence of the aforementioned circumstances, none of the Calculation Agent, the Issuer or the Swap Counterparty shall be responsible for any loss (including liability in respect of interest), underperformance or opportunity cost suffered or incurred by Holders of Securities or any other person in connection with the Securities as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Securities.

"**Fallback Bond**" means a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the Index relates and which pays a coupon or redemption amount which is calculated by reference to the Index, with a maturity date which falls on (a) the same day as the Maturity Date, the Settlement Date, or the Redemption Date, as applicable, (b) the next longest maturity after the Maturity Date, the Settlement Date, or the Redemption Date, as applicable, if there is no such bond maturing on the Maturity Date, the Redemption Date, or the Settlement Date or (c) the next shortest maturity before the Maturity Date, the Settlement Date, or the Redemption Date, as applicable, if no bond defined in (a) or (b) is selected by the Calculation Agent. If the Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

If the Related Bond specified in the applicable Final Terms is "Fallback Bond", then for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not applicable" is specified in the applicable Final Terms there will be no Related Bond. If a bond is selected as the Related Bond in the applicable Final Terms and that bond redeems or matures before the relevant Maturity Date, Settlement Date, or Redemption Date, as applicable, unless "Fallback Bond: Not applicable" is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination.

Upon the occurrence of any event that constitutes more than one of an Additional Disruption Event, an Optional Additional Disruption Event that is specified as applicable in the applicable Final Terms or a Market Disruption Event, the Calculation Agent shall have sole discretion to determine which one or more of such events it shall be deemed to constitute, provided that the Calculation Agent shall, to the extent possible, make such determination in accordance with any equivalent or similar determination made pursuant to the relevant Swap Agreement. The Calculation Agent shall act in good faith in making such determination.

If the Calculation Agent elects to give notice to Holders of Securities of the occurrence of an Additional Disruption Event or applicable Optional Additional Disruption Event, it shall, subject to Market Access Condition 4(D) below, state in such notice whether the Notes or Certificates, as applicable, will be redeemed or the Warrants will be cancelled (in whole or in part) pursuant to Market Access Condition 4(B) below or whether the Issuer's obligations under the Securities will be suspended pursuant to Market Access Condition 4(C) below. If the Calculation Agent elects to give notice to Holders of Securities of a suspension of the Issuer's obligations under the Securities pursuant to Market Access Condition 4(C) below, the Calculation Agent shall nevertheless retain the right at all times to require the Issuer to redeem the Notes or Certificates, as applicable, and/or cancel the Warrants pursuant to Market Access Condition 4(B) below by giving notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable.

realising the Shares or the Debt Securities or any options or futures contracts in relation to the Shares or the Debt Securities), all as determined by the Calculation Agent in its discretion acting in good faith and in a commercially reasonable manner. At the election of the Calculation Agent such payment may be made in the Local Currency in the Relevant Jurisdiction, in which case the Holders of Securities will have responsibility for establishing an account in the Relevant Jurisdiction in order to receive such payments; provided that if it is impracticable or unlawful for the Issuer to pay such amount in the Relevant Jurisdiction, or the relevant Holders of Securities do not establish the necessary account in the Relevant Jurisdiction, to receive payment(s) in the currency the Calculation Agent elects, the Issuer shall not be obliged to make payment of any such amounts so affected, as applicable. Payment will be made, as the case may be, in such manner as shall be notified to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable.

(C) Suspension

Upon the Calculation Agent's election to suspend the Securities, the Issuer's obligations in respect of the Securities may be suspended up until the tenth day after such Additional Disruption Event or Optional Additional Disruption Event shall cease to exist. In the event that such date shall not have arisen before the date which falls 30 days after, in the case of Notes, the Maturity Date or any earlier date on which the Notes become due for redemption or, in the case of Warrants, the Expiration Date or, in the case of Certificates, the Redemption Date or any earlier date on which the Certificates become due for redemption, the Securities shall be redeemed or cancelled, as applicable, pursuant to paragraph (B) above.

any) and, if so, gives notice to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable,

- (iv) if Market Access Condition 6(A)(ii) applies in respect of the relevant Securities, the Issuer may elect to pay, in lieu of the Sale Proceeds, the arithmetic average price per Debt Securities Early Redemption Securities Amount and, in the case of

Where the Securities are Nth-to-Default Credit Linked Securities and the Conditions to Settlement are satisfied with respect to more than one Reference Entity on the same day, the Swap Counterparty shall determine in its sole discretion the order in which such Conditions to Settlement were satisfied.

(C) Suspension of obligations

If a Credit Event Resolution Request Date occurs or if a notice is delivered to ISDA as contemplated in the definition of "Credit Event Resolution Request Date" in relation to any Reference Entity, then (unless the Swap Counterparty otherwise elects by written notice to the Issuer, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Calculation Agent and the Trustee) from the date delivery of such notice is effective (and notwithstanding that the relevant Credit Derivatives Determination Committee has yet to determine whether Publicly Available Information is available or that a Credit Event has occurred), any obligation of the Issuer to redeem any Credit Linked Security (including pursuant to Credit Linked Condition 2(B)) or pay any amount of interest which would otherwise be due thereon (and any related obligation of the Swap Counterparty under the Credit Default Swap Agreement) shall, insofar as it relates to the relevant Reference Entity, be and remain suspended until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved with respect to such Reference Entity:

- (i) the matters described in sub-paragraphs (a) and (b) of the definition of "Credit Event Resolution Request Date"; or
- (ii) not to determine such matters.

During such suspension period, neither the Issuer nor the Swap Counterparty shall be obliged to, nor are they entitled to, take any action in connection with the settlement of any credit derivative transaction to which the Credit Default Swap Agreement relates or the Credit Linked Securities, in each case insofar as they relate to the relevant Reference Entity. Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved the matters set out in paragraphs (i) and (ii) above, such suspension shall terminate and any obligations so suspended shall resume on the basis of such Resolution on the Credit Security Business Day following such public announcement by ISDA, with the Swap Counterparty and the Issuer having the benefit of the full day notwithstanding when the suspension began. Any amount of interest so suspended shall, subject always to Credit Linked Condition 3(A), become due on the date determined by the Calculation Agent, in its sole discretion but not later than fifteen Business Days following such public announcement by ISDA.

For the avoidance of doubt, no interest shall accrue on any payment of interest or principal which is deferred in accordance with this Credit Linked Condition 2(C).

(D) Additional Credit Linked Security Disruption Events

If the Calculation Agent determines that an Additional Credit Linked Security Disruption Event has occurred, the Issuer may redeem the Credit Linked Securities by giving notice to the relevant Holders of Securities in accordance with, in the case of Notes, Condition 18 of the Notes or, in the case of Certificates, Condition 19 of the Certificates. If the Credit Linked Securities are so redeemed, the Issuer will pay an amount to each Holder of Securities in respect of each Credit Linked Security equal to the fair market value of such Credit Linked Security taking into account the Additional Credit Linked Security

Disruption Event, less the cost to the Issuer and/or the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders of Securities in accordance with, in the case of Notes, Condition 18 of the Notes or, in the case of Certificates, Condition 19 of the Certificates.

(E) Miscellaneous provisions relating to redemption

If the Credit Linked Securities are partially redeemed, the relevant Credit Linked Securities or, if the Credit Linked Securities are represented by a Global Security, such Global Security, shall be endorsed to reflect such partial redemption. Upon such partial redemption, the outstanding principal amount of each Note or the Notional Amount of each Certificate, as the case may be, shall be reduced for all purposes (including accrual of interest thereon) accordingly.

Redemption of any Credit Linked Security in accordance with Credit Linked Condition 2(B), together with payment of interest, if any, due thereon shall discharge all or the relevant portion of the obligations of the Issuer in relation thereto.

Any amount payable under Credit Linked Condition 2(B) shall be rounded downwards to the nearest sub-unit of the relevant currency.

3. Interest

(A) Cessation of Interest Accrual

Upon the occurrence of an Event Determination Date in respect of any Reference Entity, interest on such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) shall cease to accrue with effect from and including either:

- (i) the Interest Payment Date immediately preceding such Event Determination Date (or, in the case of the first Interest Period, the Interest Commencement Date);
- (ii) if so specified in the applicable Final Terms, such Event Determination Date; or
- (iii) if so specified in the applicable Final Terms, the Interest Period End Date immediately preceding such Event Determination Date (or, in the case of the first Interest Period, the Interest Commencement Date),

provided that where Continued Interest Accrual is specified as applicable in the applicable Final Terms, interest will continue to accrue to, but excluding, the Scheduled Maturity Date (in the case of Notes) or the Scheduled Redemption Date (in the case of Certificates) and Credit Linked Condition 2(B) shall be deemed not to apply with respect to the accrual of interest.

(B) Interest following the Scheduled Maturity Date or Scheduled Redemption Date, as applicable

Subject always to Credit Linked Condition 3(A), if an Extension Notice has been given, (other than pursuant to paragraph (d) of the definition of "Extension Notice") each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) which is outstanding following the Scheduled Maturity Date or Scheduled Redemption Date, as applicable, shall continue to bear interest from (and including) the Scheduled Maturity Date or Scheduled Redemption Date, as applicable, to (but excluding) the related Credit Security Redemption Date at a rate of interest equal to either:

- (i) the rate that the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, would pay to an independent customer in respect of overnight deposits in the currency of the Credit Linked Securities; or
- (ii) such other rate as shall be specified for such purpose in the Final Terms.

For the avoidance of doubt, if an Extension Notice has been given pursuant to paragraph (d) of the definition thereof, no interest shall accrue from (and including) the Scheduled Maturity Date or Scheduled Redemption Date, as applicable, to (but excluding) the related Credit Security Redemption Date. Where No Interest Post Scheduled Redemption is specified as applicable in the applicable Final Terms, subject always to Credit Linked Condition 3(A), no interest will accrue or be payable in respect of each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) which is outstanding following the Scheduled Maturity Date or Scheduled Redemption Date, as applicable, from (and including) the Scheduled Maturity Date or Scheduled Redemption Date, as applicable, to (but excluding) the related Credit Security Redemption Date.

(C) Interest Payment Dates

If the Credit Linked Securities are redeemed pursuant to, in the case of Notes, the "Terms and Conditions of the Notes" or, in the case of Certificates, the "Terms and Conditions of the Certificates", as applicable, or these Credit Linked Conditions, the Scheduled Maturity Date or Scheduled Redemption Date, as applicable, the Credit Security Redemption Date (if not the Scheduled Maturity Date or Scheduled Redemption Date, as applicable), the Auction Settlement Date, the Credit Event Cash Settlement Date or the last Delivery Date, as the case may be, shall be an Interest Payment Date in respect of each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) and the Issuer shall pay any interest that has accrued in respect of each Credit Linked Security (or, as applicable, the relevant portion thereof) on such Interest Payment Date.

4. Physical Settlement

(A) Delivery and payment

If Physical Settlement applies to any Credit Linked Security, then, upon the satisfaction of the related Conditions to Settlement, the Swap Counterparty and Issuer shall, on or prior to the related Physical Settlement Date and subject to Credit Linked Conditions 4(B), 4(C) and 4(F), settle the credit derivative transaction evidenced by the Credit Default Swap Agreement and redeem such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof), respectively, by:

- (i) Delivering (or, in the case of the Issuer, procuring that the Swap Counterparty Delivers) a *pro rata* share of the Deliverable Obligations specified in the related Notice of Physical Settlement; and
- (ii) paying such Security's *pro rata* portion of the related Physical Settlement Adjustment Rounding Amount.

(B) Partial Cash Settlement due to Impossibility or Illegality

If, due to an event beyond the control of the Issuer and/or the Swap Counterparty, it is impossible or illegal for the Issuer or the Swap Counterparty, as applicable, to Deliver or, due to an event beyond the control of the Issuer or any Holder of Securities, it is impossible or illegal for the Issuer or the relevant Holder of Securities to Deliver or accept Delivery of any of the Deliverable Obligations specified in a Notice of Physical Settlement

on the related Physical Settlement Date, then on such date the Issuer shall deliver or procure that the Swap Counterparty Deliver any of the Deliverable Obligations specified in the Notice of Physical Settlement for which it is possible and legal to take Delivery. If any Undeliverable Obligations have not been delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Cash Settlement shall apply with respect to such Undeliverable Obligations and, accordingly, the Swap Counterparty shall pay the Issuer and the Issuer shall pay the relevant Holders of Securities an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the relevant Holders of Securities on the Partial Cash Settlement Date.

(C) Non-Delivery of Deliverable Obligations

If the Issuer and/or the Swap Counterparty does not Deliver any Deliverable Obligation specified in a Notice of Physical Settlement other than as a result of an event or circumstance contemplated in Credit Linked Condition 4(B) above (including following the occurrence of a Hedge Disruption Event), such failure shall not constitute an Event of Default for the purpose of the Securities or the Credit Default Swap Agreement and the Issuer and/or the Swap Counterparty may continue to attempt to Deliver the Deliverable Obligations that are Bonds or Loans until the Extended Physical Settlement Date.

If, as at the relevant Extended Physical Settlement Date, any such Deliverable Obligations have not been Delivered, then Partial Cash Settlement shall apply with respect to such Deliverable Obligations and the Swap Counterparty shall pay to the Issuer and the Issuer shall pay to the Holders of Securities an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the Holders of Securities on the Partial Cash Settlement Date.

(D) Aggregation and rounding

Where (i) a Noteholder holds Credit Linked Notes in an aggregate nominal amount greater than the Specified Denomination or (ii) a Certificateholder holds Credit Linked Certificates in an aggregate notional amount greater than the Notional Amount of a Certificate, as the case may be, the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of the relevant Credit Linked Securities shall be aggregated for the purposes of this Credit Linked Condition 4. If the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of each Credit Linked Security to be redeemed pursuant to this Credit Linked Condition 4(D) on any occasion is not equal to an authorised denomination (or integral multiple thereof) of such Deliverable Obligations then the Outstanding Principal Balance of Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or multiple thereof, or, if none, to zero. In such circumstances, the Deliverable Obligations that were not capable of being Delivered shall, if and to the extent practicable, be sold by the Issuer or such other agent as may be appointed by the Issuer for such purpose and, if they are so sold, the Issuer shall make payment in respect of each Credit Linked Security in an amount equal to its *pro rata* share of the related net sale proceeds as soon as reasonably practicable following receipt thereof.

(E) Delivery and fees

The Delivery of any of the Deliverable Obligations pursuant to the provisions of this Credit Linked Condition 4 shall be made in such commercially reasonable manner as the Swap Counterparty on behalf of the Issuer shall, in its sole discretion, determine to be appropriate for such Delivery. Subject as set out in the definition of "Deliver":

- (i) any recordation, processing or similar fee reasonably incurred by the Issuer and/or the Swap Counterparty and/or any of their Affiliates and payable to the agent

under a Loan in connection with an assignment (where Deliverable Obligations include Assignable Loans or Consent Required Loans) shall be payable by the relevant Holders of Securities, and if any Stamp Tax is payable in connection with the Delivery of any Deliverable Obligations, payment thereof shall be made by the relevant Holders of Securities; and

- (ii) any other expenses arising from the Delivery and/or transfer of the Deliverable Obligations shall be for the account of the Holders of Securities or the Swap Counterparty, as appropriate, determined in accordance with then current market conventions.

Delivery and/or transfer of the Deliverable Obligations shall be delayed until all expenses relating to such Delivery or transfer payable by the Holders of Securities have been paid to the satisfaction of the Issuer and the Swap Counterparty.

(F) Asset Transfer Notice

A Holder of Securities will not be entitled to any of the amounts or assets specified as being due to it in this Credit Linked Condition 4(F) upon the satisfaction of the Conditions to Settlement unless it has presented or surrendered (as is appropriate) the relevant Credit Linked Security and delivered an Asset Transfer Notice in accordance with, in the case of Notes, Condition 6(b)(i)(A) of the "Terms and Conditions of the Notes" or, in the case of Certificates, Condition 6(b)(i)(A) of the "Terms and Conditions of the Certificates", as the case may be. For so long as the Credit Linked Securities are held in any clearing system, any communication from such clearing system on behalf of the Holder of Securities containing the information required in an Asset Transfer Notice will be treated as an Asset Transfer Notice. For as long as Bearer Notes or Clearing System Certificates, as the case may be, are represented by a Global Security, surrender of Credit Linked Securities for such purpose will be effected by presentation of the Global Security and its endorsement to note the principal amount of Credit Linked Notes or the notional amount of Credit Linked Certificates, as applicable, to which the relevant Asset Transfer Notice relates.

5. Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics

(A) Obligation Characteristics

If the Obligation Characteristic "Listed" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms and these Credit Linked Conditions shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category.

(B) Deliverable Obligation Category and Characteristics

If:

- (i) either of the Deliverable Obligation Characteristics "Listed" or "Not Bearer" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Deliverable Obligation Category;
- (ii) the Deliverable Obligation Characteristic "Transferable" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation

Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans (and shall only be relevant to the extent that obligations other than Loans are covered by the selected Deliverable Obligation Category);

- (iii) any of the Deliverable Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans and shall only be relevant if Loans are covered by the selected Deliverable Obligation Category; and
- (iv) any of Payment, Borrowed Money, Loan or Bond or Loan is specified as the Deliverable Obligation Category and more than one of Assignable Loan, Consent Required Loan and Direct Loan Participation are specified in the applicable Final Terms as Deliverable Obligation Characteristics or is applicable in respect of the applicable Transaction Type, the Deliverable Obligations may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.

(C) Qualifying Guarantee

If an Obligation or a Deliverable Obligation is a Qualifying Guarantee, the following will apply:

- (i) For purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Qualifying Guarantee shall be deemed to be described by the same category or categories as those that describe the Underlying Obligation.
- (ii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms as applicable in respect of the relevant Transaction Type from the following list: Specified Currency, Not Sovereign Lender, Not Domestic Currency and Not Domestic Law. For these purposes, unless otherwise specified in the applicable Final Terms, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro shall not be a Domestic Currency and (B) the laws of England and the laws of the State of New York shall not be a Domestic Law.
- (iii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Qualifying Guarantee must satisfy on the relevant date the Obligation Characteristic or the Deliverable Obligation Characteristic of Not Subordinated, if specified in the applicable Final Terms or if applicable in respect of the relevant Transaction Type.
- (iv) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms or applicable in respect of the relevant Transaction Type from the following list: Listed, Not Contingent, Not Domestic Issuance, Assignable Loan,

Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer.

- (v) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (vi) The terms "Outstanding Principal Balance" and "Due and Payable Amount" (as they are used in the Terms and Conditions, including without limitation, the definitions of "Credit Event Cash Settlement Amount" and "Quotation Amount"), when used in connection with Qualifying Guarantees are to be interpreted to be the then "Outstanding Principal Balance" or "Due and Payable Amount", as applicable, of the Underlying Obligation which is supported by a Qualifying Guarantee.
- (vii) For the avoidance of doubt the provisions of this Credit Linked Condition 5 apply in respect of the definitions of "Obligation" and "Deliverable Obligation" as the context admits.

6. Succession Event

(A) Single Reference Entity

Where the Securities are Single Reference Entity Credit Linked Securities and a Succession Event has occurred and more than one Successor has been identified, the credit derivative transaction relating to the Credit Default Swap Agreement will be deemed for all purposes to have been divided into the same number of new credit derivative transactions as there are Successors, with the following terms:

- (i) each Successor will be a Reference Entity for the purposes of one of the deemed new credit derivative transactions;
- (ii) in respect of each deemed new credit derivative transaction, the Reference Entity Notional Amount will be the Reference Entity Notional Amount applicable to the original Reference Entity divided by the number of Successors; and
- (iii) all other terms and conditions of the original credit derivative transaction will be replicated in each deemed new credit derivative transaction, except to the extent that modification is required, as determined by the Calculation Agent in its sole discretion, to preserve the economic effects of the original credit derivative transaction in the deemed new credit derivative transaction and the Credit Linked Securities (considered in the aggregate).

(B) Nth-to-Default Credit Linked Securities

Where the Securities are Nth-to-Default Credit Linked Securities:

- (i) where a Succession Event has occurred in respect of a Reference Entity (other than a Reference Entity in respect of which a Credit Event has occurred) and more than one Successor has been identified, the credit derivative transaction evidenced by the Credit Default Swap Agreement will be deemed for all purposes to have been divided into a number of credit derivative transactions equal to the number of Successors. Each such new transaction shall include a Successor and each and every one of the Reference Entities unaffected by such Succession Event and the provisions of Credit Linked Condition 6(A)(i) to (iii) (inclusive) shall apply thereto;

- (ii) if "Substitution" is specified as not being applicable in the Final Terms, where any Reference Entity (the "Surviving Reference Entity") (other than a Reference Entity that is subject to the Succession Event) would be a Successor to any other Reference Entity (the "Legacy Reference Entity") pursuant to a Succession Event, such Surviving Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity; and
- (iii) if "Substitution" is specified as being applicable in the Final Terms, where the Surviving Reference Entity (other than a Reference Entity that is subject to the Succession Event) would be a Successor to a Legacy Reference Entity pursuant to a Succession Event:
 - (A) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
 - (B) the Replacement Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity.

(C) Linear Basket Credit Linked Securities

Where the Credit Linked Securities are Linear Basket Credit Linked Securities, and one or more Successors have been identified in respect of a Reference Entity that has been the subject of a related Succession Event (the "**Affected Entity**"):

- (i) the Affected Entity will no longer be a Reference Entity (unless it is a Successor as described in (b) below);
- (ii) each Successor will be deemed a Reference Entity (in addition to each Reference Entity which is not an Affected Entity);
- (iii) the Reference Entity Notional Amount for each such Successor will equal the Reference Entity Notional Amount of the Affected Entity divided by the number of Successors;
- (iv) the Calculation Agent may, at its discretion, make any modifications to the terms of the Credit Default Swap Agreement and these Credit Linked Conditions which may be required to preserve the economic effects of the Swap Agreement and the Securities prior to the Succession Event (considered in the aggregate). For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend any of the terms and conditions of the Credit Linked Securities other than these Credit Linked Conditions; and
- (v) for the avoidance of doubt, a Reference Entity may, as a result of a Succession Event, be represented in the basket with respect to multiple Reference Entity Notional Amounts for the Successor(s) of such Reference Entity..

(D) Substitute Reference Obligations

Where:

- (i) a Reference Obligation is specified in the applicable Final Terms;
- (ii) one or more Successors to the Reference Entity have been identified; and
- (iii) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined in accordance with the definition of "Substitute Reference Obligation".

7. Provisions relating to LPN Reference Entities

The following provisions shall apply if the applicable Final Terms provide that "LPN Reference Entity" is applicable:

- (A) Multiple Holder Obligation will not be applicable with respect to any Reference Obligation and any Underlying Loan;
- (B) each Reference Obligation will be an Obligation notwithstanding anything to the contrary in these Credit Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (C) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in these Credit Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (D) for the avoidance of doubt, with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Financial Instrument, the Outstanding Principal Balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation; and
- (E) the "Not Subordinated" Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity.

8. Restructuring Credit Event

- (A) Multiple Credit Event Notices

Upon the occurrence of a Restructuring Credit Event with respect to a Reference Entity for which Restructuring is an applicable Credit Event and either "Restructuring Maturity Limitation and Fully Transferable Obligations Applicable" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the relevant Transaction Type:

- (i) the Swap Counterparty may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event, each such notice setting forth the amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the "**Exercise Amount**") provided that if the Credit Event Notice does not specify an Exercise Amount, the then Outstanding Reference Entity Notional Amount (and not a portion thereof) will be deemed to have been specified as the Exercise Amount;
- (ii) the provisions of these Credit Linked Conditions shall be deemed to apply to an aggregate outstanding principal amount equal to the Exercise Amount only and all the provisions shall be construed accordingly;
- (iii) the Exercise Amount in connection with a Credit Event Notice describing a Credit Event other than a Restructuring must be equal to the relevant Reference Entity Notional Amount (and not a portion thereof); and
- (iv) the Exercise Amount in connection with a Credit Event Notice describing a Restructuring must be an amount that is at least 1,000,000 units of the Specified Currency (or, if Japanese Yen, 100,000,000 units) in which the Reference Entity Notional Amount is denominated or any integral multiple thereof or the entire relevant Reference Entity Notional Amount.

In the case of an Nth-to-Default Credit Linked Security, once the Conditions to Settlement have been satisfied in respect of the Nth Reference Entity where the Credit Event is a Restructuring Credit Event, no further Credit Event Notices may be delivered in respect of any other Reference Entity (save to the extent that the Credit Default Swap Agreement and the Credit Linked Securities are deemed to have been divided into new credit derivative transactions or Credit Linked Securities respectively pursuant to Credit Linked Condition 6).

If any Credit Linked Security is subject to partial redemption in accordance with this Credit Linked Condition 8, the relevant Credit Linked Security or, if the Credit Linked Securities are represented by a Global Security, such Global Security shall be endorsed to reflect such partial redemption.

For the avoidance of doubt, this Credit Linked Condition 8 shall not be applicable in respect of a Reference Entity for which Restructuring is an applicable Credit Event and neither "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" nor "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the relevant Transaction Type.

(B) Restructuring Maturity Limitation and Fully Transferable Obligation Applicable

In respect of any Reference Entity for which Restructuring is an applicable Credit Event, if "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the applicable Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in a Notice of Physical Settlement, any NOPS Amendment Notice or, as applicable, selected by the Swap Counterparty to form part of the related Valuation Obligations Portfolio only if it:

- (i) is a Fully Transferable Obligation; and
- (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.

(C) Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable

In respect of any Reference Entity for which Restructuring is an applicable Credit Event, if "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the applicable Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in the Notice of Physical Settlement, any NOPS Amendment Notice or, as applicable, selected by the Swap Counterparty to form part of the related Valuation Obligations Portfolio, only if it:

- (i) is a Conditionally Transferable Obligation; and
- (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

In the event that the requisite consent in relation to a Deliverable Obligation which is a Conditionally Transferable Obligation is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason) or is not received by the Physical Settlement Date, the Issuer or the Swap Counterparty shall, as

soon as reasonably practicable, notify the relevant Holders of Securities of such refusal (or deemed refusal) and:

- (A) each such Holder of Securities may designate a third party (which may or may not be an Affiliate of such Holder of Securities) to take Delivery of the Deliverable Obligation on its behalf; and
- (B) if a Holder of Securities does not designate a third party that takes Delivery on or prior to the date which is three Credit Security Business Days after the Physical Settlement Date, then the Issuer will redeem the Credit Linked Securities to which Deliverable Obligations have not been Delivered by payment of the relevant Partial Cash Settlement Amount to such Holder of Securities. For the avoidance of doubt, Credit Linked Condition 4(B) will not apply to this sub-paragraph.

(D) Multiple Holder Obligations

Notwithstanding anything to the contrary in the definition of "Restructuring" and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a)(i) to (v) (inclusive) thereof shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation, provided that any obligation that is a Bond shall be deemed to satisfy the requirements of sub-paragraph (b) of the definition of "Multiple Holder Obligation".

9. Miscellaneous Provisions relating to Credit Linked Securities

(A) Determinations of the Calculation Agent

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to the Credit Linked Conditions shall (in the absence of manifest error) be final and binding on the Issuer, the Guarantor (if applicable), the Trustee and the Holders of Securities. In performing its duties pursuant to the Credit Linked Securities, the Calculation Agent shall act in its sole and absolute discretion and, unless otherwise expressly stated, is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. If the Calculation Agent chooses to rely on the determinations of the relevant Credit Derivatives Determinations Committee it may do so without liability. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit Linked Securities including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Swap Counterparty, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Calculation Agent, the Issuer or the Guarantor (if applicable) shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

If, where the Calculation Agent has relied upon a DC Resolution for the purposes of making a calculation or determination with respect to the Credit Linked Securities, ISDA publicly announces that such DC Resolution has been reversed by a subsequent DC Resolution, such reversal will be taken into account for the purposes of any subsequent calculations excepting instances where any Credit Linked Securities which would otherwise have been affected by such a reversal have already been redeemed (where

redeemed in part, to the extent of any such redemption). The Calculation Agent, acting in a commercially reasonable manner, will make any adjustment to any future payments as are required to take account of such reversal, including any payment of additional interest or any reduction in any interest or any other amount payable under the Credit Linked Securities. For the avoidance of doubt, no accruals of interest shall be taken into account when calculating any such adjustment payment.

(B) Changes in Standard Terms and Market Conventions

The Calculation Agent, acting reasonably, may (but shall not be obliged to) modify these Credit Linked Conditions from time-to-time with effect from a date designated by the Calculation Agent to the extent necessary to ensure consistency with prevailing market standards or market trading conventions, which are, pursuant to the agreement of the leading dealers in the credit derivatives market or any relevant committee established by ISDA, a market-wide protocol, any applicable law or regulation or the rules of any applicable exchange or clearing system, applicable to any Notional Credit Derivative Transaction or Hedge Transaction entered into prior to such date or terms thereof. The Calculation Agent shall notify the Issuer, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Swap Counterparty and the Holders of Securities as soon as reasonably practicable upon making any such determination. For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend pursuant to this Credit Linked Condition 9(B) any of the terms and conditions of the Credit Linked Securities other than the applicable Credit Linked Conditions.

In particular, the Calculation Agent may make such modifications as may be necessary to ensure consistency with any successor provisions which are published by ISDA and which supersede the 2003 ISDA Credit Derivatives Definitions ("**Successor Provisions**") for the purposes of credit derivatives transactions generally (including with respect to transactions which are entered into prior to the relevant date of publication and which are outstanding as of that date) and/or may apply and rely on determinations of the Credit Derivatives Determinations Committee made in respect of a relevant Reference Entity under any such Successor Provisions notwithstanding any discrepancy between the terms of such Successor Provisions and these Credit Linked Conditions.

(C) Delivery of Notices

As soon as reasonably practicable after receiving a Credit Event Notice, Notice of Publicly Available Information, Notice of Physical Settlement (or amendment or correction thereto), Auction Settlement Amount Notice or Extension Notice from the Swap Counterparty, the Issuer shall promptly inform, or shall procure that the Swap Counterparty informs, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, and the Holders of Securities in accordance with, in the case of Notes, Condition 18 of the Notes or, in the case of Certificates, Condition 19 of the Certificates. Resolutions of the Credit Derivatives Determinations Committee are, as of the date hereof, available on ISDA's website (www.isda.org/credit).

(D) Effectiveness of Notices

Any notice referred to in Credit Linked Condition 9(C) above which is delivered on or prior to 5:00 p.m. (London time) on a London Business Day is effective on such date and if delivered after such time or on a day that is not a London Business Day, is deemed effective on the next following London Business Day.

(E) Excess Amount

If, on a Business Day, the Calculation Agent reasonably determines that an Excess Amount has been paid to Holders of Securities on or prior to such day, then following notification of the determination of an Excess Amount to the Issuer and Holders of Securities in accordance with, in the case of Notes, Condition 18 of the Notes or, in the case of Certificates, Condition 19 of the Certificates, the Issuer may deduct any such Excess Amount from future payments in relation to the Credit Linked Securities (whether interest, principal or any other amount, as applicable) or may reduce the amount of any assets deliverable under the terms of the Credit Linked Securities to the extent that it determines, acting reasonably, to be necessary to compensate for such Excess Amount.

(F) Disposal of Charged Assets

- (a) In the event that:
 - (i) a Reference Obligation is redeemed in whole; or

- (b) Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that:
 - (i) ranks *pari passu* (or, if no such Obligation exists, then, at the Swap Counterparty's option, an Obligation that ranks senior) in priority of payment with the ranking in priority of payment of each of the Substitute Reference Obligations and such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date on which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such later date);

- (d) If more than one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under (a) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.

The determinations required pursuant to sub-paragraph (a) of the definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor;
- (b) in relation to a Sovereign Reference Entity, any direct or indirect successor(s) to that Reference Entity irrespective of whether such successor(s) assumes any of the obligations of such Reference Entity.

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the relevant Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set out in (a)(i) to (vi) (inclusive) above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the Issuer, the Holders of Securities and the Swap Counterparty of such calculation, provided that the Calculation Agent will not make such determination if, at such time, either:

- (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraph (a) above and sub-paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor); or

ANNEX TO THE ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED SECURITIES

DESCRIPTION OF AUCTION SETTLEMENT TERMS

The following description is applicable to certain Credit Linked Securities to which "Annex 10 Additional Terms and Conditions for Credit Linked Securities" are applicable.

If an Event Determination Date occurs with respect to the Securities and Auction Settlement applies, the redemption amount payable with respect to the Securities may be calculated based on the Auction Final Price for the Reference Entity (if any). This description contains a summary of certain provisions of the Form of Credit Derivatives Auction Settlement Terms set forth at Annex B to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions, published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") on 12 March 2009 (the "**Form of Auction Settlement Terms**") and is qualified by reference to the detailed provisions thereof and is subject to amendment from time to time in accordance with the Rules, including any amendment following the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement dated 14 July 2009, as published by ISDA (the "**July 2009 Supplement**"). The July 2009 Supplement extended the auction hardwiring process to Restructuring credit events. Following a Restructuring credit event, more than one auction may be held and there may be more than one Auction Final Price and credit default swaps are grouped into buckets by maturity and depending on which party triggers the credit default swap. Deliverable obligations will be identified for each bucket (any deliverable obligations included in a shorter bucket will also be deliverable for all longer buckets). If the Credit Derivatives Determinations Committee determines to hold an auction for a particular bucket, then that auction will be held according to the existing auction methodology that has previously been used for Bankruptcy and Failure to Pay credit events as described in the summary below, except that the deliverable obligations will be limited to those falling within the relevant maturity bucket.

The following does not purport to be a complete summary and prospective investors must refer to the Form of Auction Settlement Terms for detailed information regarding the auction methodology set forth therein (the "**Auction Methodology**"). The Auction and the Auction Methodology apply to credit default swaps on the Reference Entity and do not apply specifically to the Securities. A copy of the Form of Auction Settlement Terms may be inspected at the offices of the Issuer and is as at the date of this Base Prospectus available at www.isda.org.

Holder of Securities should also be aware that this summary of the Form of Auction Settlement Terms is accurate only as of the date hereof and the Form of Auction Settlement Terms may be amended from time to time without consultation with Holders of Securities. At any time after the date hereof, the latest Form of Auction Settlement Terms will be available on the ISDA website at www.isda.org (or any successor website thereto). Further, notwithstanding the fact that the Form of Auction Settlement Terms (as may be amended from time to time) appears on the ISDA website, Holders of Securities should note that the Credit Derivatives Determinations Committees have the power to amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and that this summary may therefore not be accurate in all cases.

Capitalized terms used but not defined in this summary have the meaning specified in the Rules and the Form of Auction Settlement Terms. All times of day in this summary refer to such times in London.

Publication of Credit Derivatives Auction Settlement Terms

Pursuant to the Credit Derivatives Determinations Committees Rules set forth in Annex A to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 12 March 2009) (the "**Rules**"), a Credit Derivatives Determinations Committee may determine that a Credit Event has occurred in respect of a Reference Entity (such entity, an "**Affected Reference Entity**") and that one or more auctions will be held in order to settle affected transactions referencing such Affected Reference Entity based upon an Auction Final Price

determined in accordance with an auction procedure as set forth in the Form of Auction Settlement Terms (each, an "**Auction**"). If an Auction is to be held, the Credit Derivatives Determinations Committee will publish Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, based upon the Form of Auction Settlement Terms. In doing so, the Credit Derivatives Determinations Committee will make several related determinations, including the date on which the Auction will be held (the "**Auction Date**"), the institutions that will act as participating bidders in the Auction (the "**Participating Bidders**") and the supplemental terms that are detailed in Schedule 1 to the Form of Auction Settlement Terms. The Credit Derivatives Determinations Committee may also amend the Form of Auction Settlement Terms for a particular auction and may determine that a public comment period is necessary in order to effect such an amendment if such amendment is not contemplated by the Rules.

Auction Methodology

Determining the Auction Currency Rate

On the Auction Currency Fixing Date, the Administrators will determine the rate of conversion (each, an "**Auction Currency Rate**") as between the Relevant Currency and the currency of denomination of each Deliverable Obligation (each, a "**Relevant Pairing**") by reference to a Currency Rate Source or, if such Currency Rate Source is unavailable, by seeking mid-market rates of conversion from Participating Bidders (determined by each such Participating Bidder in a commercially reasonable manner) for each such Relevant Pairing. If rates of conversion are sought from Participating Bidders and more than three such rates are obtained by the Administrators, the Auction Currency Rate will be the arithmetic mean of such rates, without regard to the rates having the highest and lowest values. If exactly three rates are obtained, the Auction Currency Rate will be the rate remaining after disregarding the rates having the highest and lowest values. For this purpose, if more than one rate has the same highest or lowest value, then one of such rates shall be disregarded. If fewer than three rates are obtained, it will be deemed that the Auction Currency Rate cannot be determined for such Relevant Pairing.

Initial Bidding Period

During the Initial Bidding Period, Participating Bidders will submit to the Administrators: (a) Initial Market Bids; (b) Initial Market Offers; (c) Dealer Physical Settlement Requests; and (d) Customer Physical Settlement Requests (to the extent received from customers).

Initial Market Bids and Initial Market Offers are firm quotations, expressed as percentages, to enter into credit derivative transactions in respect of the Affected Reference Entity on terms equivalent to the Representative Auction-Settled Transaction.

The Initial Market Bid and Initial Market Offer submitted by each Participating Bidder must differ by no more than the designated Maximum Initial Market Bid-Offer Spread and must be an integral multiple of the Relevant Pricing Increment (each as determined by the Credit Derivatives Determinations Committees and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity). The Initial Market Bid must be less than the Initial Market Offer.

Dealer Physical Settlement Requests and Customer Physical Settlement Requests are firm commitments, submitted by a Participating Bidder, on its own behalf or on behalf of a customer, as applicable, to enter into a Representative Auction-Settled Transaction, in each case, as buyer of credit protection (in which case, such commitment will be a "**Physical Settlement Buy Request**") or as seller of credit protection (in which case, such commitment will be a "**Physical Settlement Sell Request**"). Each Dealer Physical Settlement Request must be, to the best of such Participating Bidder's knowledge and belief, in the same direction as, and not in excess of, its Market Position. Each Customer Physical Settlement Request must be, to the best of the relevant customer's knowledge and belief (aggregated with all Customer Physical Settlement Requests submitted by such customer), in the same direction as, and not in excess of, its Market Position.

If the Administrators do not receive valid Initial Market Bids and Initial Market Offers from at least a minimum number of Participating Bidders (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity), the timeline will be adjusted and the Initial Bidding Period extended, with the Auction recommencing at such time(s) specified by the Administrators, otherwise it will proceed as follows.

Determination of Open Interest, Initial Market Midpoint and Adjustment Amounts

The Administrators will calculate the Open Interest, the Initial Market Midpoint and any Adjustment Amounts in respect of the Auction.

The Open Interest is the difference between all Physical Settlement Sell Requests and all Physical Settlement Buy Requests.

To determine the Initial Market Midpoint, the Administrators will: (a) sort the Initial Market Bids in descending order and the Initial Market Offers in ascending order, identifying non-tradeable markets for which bids are lower than offers; (b) sort non-tradeable markets in terms of tightness of spread between Initial Market Bid and Initial Market Offer; and (c) identify that half of the non-tradeable markets with the tightest spreads. The Initial Market Midpoint is determined as the arithmetic mean of the Initial Market Bids and Initial Market Offers contained in the half of non-tradeable markets with the tightest spreads.

Any Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of a tradeable market will be required to make a payment to ISDA on the third Business Day after the Auction Final Price Determination Date (an "**Adjustment Amount**"), calculated in accordance with the Auction Methodology. Any payments of Adjustment Amounts shall be used by ISDA to defray any costs related to any auction that ISDA has coordinated, or that ISDA will in the future coordinate, for purposes of settlement of credit derivative transactions.

If for any reason no single Initial Market Midpoint can be determined, the procedure set out above may be repeated.

At or prior to the Initial Bidding Information Publication Time on any day on which the Initial Bidding Period has successfully concluded, the Administrators publish the Open Interest, the Initial Market Midpoint and the details of any Adjustment Amounts in respect of the Auction.

If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

Submission of Limit Order Submissions

In the event that the Open Interest does not equal zero, a subsequent bidding period will be commenced during the Initial Bidding Period which: (a) if the Open Interest is an offer to sell Deliverable Obligations, Participating Bidders submit Limit Bids; or (b) if the Open Interest is a bid to purchase Deliverable Obligations, Limit Offers, in each case, on behalf of customers and for their own account.

Matching bids and offers

If the Open Interest is a bid to purchase Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Offers and Limit Offers, as further described in the Auction Methodology. If the Open Interest is an offer to sell Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Bids and Limit Bids, as further described in the Auction Methodology.

Auction Final Price when the Open Interest is Filled

The Auction Final Price will be the price associated with the matched Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, that is the highest offer or the lowest bid, as applicable, provided that: (a) if the Open Interest is an offer to sell and the price associated with the lowest

matched bid exceeds the Initial Market Midpoint by more than the "**Cap Amount**" (being the percentage that is equal to one half of the Maximum Initial Bid-Offer Spread (rounded to the nearest Relevant Pricing Increment)), then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount; and (b) if the Open Interest is a bid to purchase and the Initial Market Midpoint exceeds the price associated with the highest offer by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint minus the Cap Amount.

Auction Final Price when the Open Interest is Not Filled

If, once all the Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, have been matched to the Open Interest, part of the Open Interest remains, the Auction Final Price will be: (a) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (i) zero, and (ii) the highest Limit Offer or Initial Market Offer received; or (b) if the Open Interest is an offer to sell Deliverable Obligations, zero.

100 per cent. Cap to Auction Final Price

In all cases, if the Auction Final Price determined pursuant to the Auction Methodology is greater than 100 per cent., then the Auction Final Price will be deemed to be 100 per cent.

Publication of Auction Final Price

At or prior to the Subsequent Bidding Information Publication Time on any day on which the subsequent bidding period has successfully concluded, the Administrators will publish on their websites: (a) the Auction Final Price; (b) the names of the Participating Bidders who submitted bids, offers, valid Dealer Physical Settlement Requests and valid Customer Physical Settlement Requests, together with the details of all such bids and offers submitted by each; and (c) the details and size of all matched trades.

Execution of Trades Formed in the Auction

Each Participating Bidder whose Limit Bid or Initial Market Bid (or Limit Offer or Initial Market Offer if applicable) is matched against the Open Interest, and each Participating Bidder that submitted a Customer Physical Settlement Request or Dealer Physical Settlement Request, is deemed to have entered into a Representative Auction-Settled Transaction, and each customer that submitted such a Limit Bid, Limit Offer, or Physical Settlement Request is deemed to have entered into a Representative Auction-Settled Transaction with the dealer through whom the customer submitted such bid or offer. Accordingly, each such Participating Bidder or customer that is a seller of Deliverable Obligations pursuant to a trade formed in the auction must deliver to the buyer to whom such Participating Bidder or customer has been matched a Notice of Physical Settlement indicating the Deliverable Obligations that it will deliver, and such Deliverable Obligations will be sold to the buyer in exchange for payment of the Auction Final Price.

Timing of Auction Settlement Provisions

If an Auction is held in respect of an Affected Reference Entity, it is expected that the relevant Auction Date will occur on the third Business Day immediately prior to the 30th calendar day after which the relevant Credit Derivatives Determinations Committee received the request from an eligible market participant (endorsed by a member of the relevant Credit Derivatives Determinations Committee) to resolve whether a Credit Event has occurred with respect to such Reference Entity.

In respect of an Affected Reference Entity for which an Auction is held, the Auction Settlement Date will occur on a Business Day following the Auction Final Price Determination Date, as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity. By way of example, in recent ISDA CDS Auction Protocols (prior to the publication of the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions) this has been approximately five Business Days following the relevant Auction Final Price Determination Date.

The settlement date of the Securities will occur on the third Business Day following the Auction Settlement Date.

- (a) if "*Omission*" is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Settlement Price provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of "Valuation Date" will apply for purposes of determining the relevant level, price, value or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if "*Postponement*" is specified as applying in the applicable Final Terms, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level, price, value or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

6. Consequences of an Extraordinary ETI Event

The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan

rate or liquidity relevant to the ETI Interests or to the Securities and a change in the Weighting of any remaining ETI Interest(s) not affected by an Extraordinary ETI Event. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary ETI Event made by any options exchange to options on the ETI Interests traded on that options exchange; or

- (ii) following such adjustment to the settlement terms of options on the ETI Interests traded on such exchange(s) or quotation system(s) as is selected in respect of the Swap Agreement, if any (the "**Options Exchange**"), make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Securities are Physical Delivery Securities) and/or Exercise Price (in the case of Warrants) and/or the Weighting and/or any of the other terms of these ETI Linked Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. provided that the Calculation Agent shall, to the extent applicable, determine whether to take the action described in ETI Linked Condition 6.2(b)(i) or (ii) on the basis of any similar or equivalent determination made in respect of the relevant Swap Agreement.

FORM OF GUARANTEE

Terms defined in the Terms and Conditions of the Notes, the Terms and Conditions of the Warrants or the Terms and Conditions of the Certificates (as the case may be), as completed by the applicable Final Terms (the "**Conditions**"), and not otherwise defined in this Guarantee, shall have the same meanings when used in this section.

The relevant Guarantor may agree to guarantee the obligations of the Issuer under a Series of Securities that are specified as being guaranteed notes, guaranteed warrants or guaranteed certificates (as the case may be) in the applicable Final Terms ("**Guaranteed Notes**", "**Guaranteed Warrants**" or "**Guaranteed Certificates**", as the case may be, and together the "**Guaranteed Securities**") pursuant to a guarantee in one of the forms of the guarantee set out below depending on the form and Guarantor specified in the applicable Final Terms.

The Guaranteed Securities may be issued pursuant to a Supplemental Trust Deed between, *inter alia*, the Issuer and BNP Paribas Trust Corporation UK Limited as trustee (the "**Trustee**"). The relevant Supplemental Trust Deed and Guarantee shall each be governed by and construed in accordance with English law.

If the form of Guarantee specified as applicable in the applicable Final Terms is "General Guarantee" then the form of Guarantee will be as follows where BNPP is the Guarantor (the "**General Guarantee**"):

"**THIS GUARANTEE** is made by way of deed on [insert date] by BNP Paribas S.A. (the "**Guarantor**") in favour of the Trustee for itself and for the benefit for the time being of the holders of the Securities (as defined below) (each a "**Holder**").

WHEREAS:

The Guarantor has agreed to guarantee the obligations of the Issuer under the Securities (the "**Guaranteed Securities**") on the terms of this Guarantee.

Terms defined in the Terms and Conditions of [insert name of the Securities] (the "**Securities**"), as completed by the applicable Final Terms (the "**Conditions**"), and not otherwise defined in this Guarantee, shall have the same meanings when used in this Guarantee.

NOW THIS DEED WITNESSES as follows:

1. **GUARANTEE**

Subject as provided below, the Guarantor irrevocably guarantees to the Trustee for itself and for the benefit of the holders for the time being of the Guaranteed Securities (each a "**Holder**") that, if for any reason the Issuer does not pay any sum payable by it or perform any other obligation in respect of any Guaranteed Security on the date specified for such payment or performance (the "**Guaranteed Obligations**"), the Guarantor will, in accordance with the applicable Terms and Conditions of the Guaranteed Securities (the "**Conditions**"), pay that sum in the currency in which such payment is due in immediately available funds or, as the case may be, perform or procure the performance of the relevant obligation. In case of the failure of the Issuer to satisfy such obligations as and when the same become due, the Guarantor hereby undertakes to make or cause to be made such payment or satisfy or cause to be satisfied such obligations as though the Guarantor were the principal obligor in respect of such obligation after a demand has been made on the Guarantor pursuant to clause 8 hereof and provided that the Guarantor shall not be obliged to make any payment under this Guarantee until the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants or Condition 14 of the Guaranteed Certificates, as the case may be.

The Guaranteed Obligations are, for the avoidance of doubt, limited to the same extent as such sum or obligation due by the Issuer is itself limited (i) by the provisions of the Securitisation Act 2004 and (ii) the applicable Conditions, including, without limitation, (1) those Conditions relating to the applicable redemption amount or termination amount (which amount may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Security) and (2) those Conditions relating to Compartments, limited recourse, non-petition, subordination and priority of payments in respect of the relevant Guaranteed Security.

2. SUBROGATION OF THE GUARANTOR

The Guarantor will be fully and automatically subrogated to all rights of the holders of the Guaranteed Securities and the Trustee to payments of the Guaranteed Obligations, and to any rights appurtenant thereto, to the fullest extent permitted by applicable law to the extent of such payment in respect of amounts due in respect of the Securities which have been paid by the Guarantor under this Guarantee; provided that the Guarantor shall not without the consent of the Trustee be entitled to enforce or to receive any payments arising out of or based upon or prove in any insolvency or winding up of the Issuer in respect of such right of subrogation until such time as all Guaranteed Obligations due under this Guarantee have been paid in full.

3. THE GUARANTOR AS PRINCIPAL OBLIGOR

As between the Guarantor and the Trustee but without affecting the Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety provided that (i) the Issuer has failed to satisfy its obligations as and when they become due, (ii) the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants, or Condition 14 of the Guaranteed Certificates, as the case may be, and (iii) a demand has been made on the Guarantor pursuant to clause 8 hereof. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the release of any such security, guarantee or indemnity or (4) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person).

4. THE GUARANTOR'S OBLIGATIONS CONTINUING

The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Guaranteed Security (including if the relevant Security is a Warrant, where such Warrant remains subject to exercise). Furthermore, those obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from the Guarantor or otherwise.

5. DISCHARGE BY THE ISSUER

If any payment received by, or other obligation discharged to or to the order of, the holder of any Guaranteed Security is, on the subsequent bankruptcy or insolvency of the Issuer, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by the Issuer.

6. INDEMNITY

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum or obligation which, although expressed to be payable or deliverable under the Guaranteed Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to the Issuer, the Guarantor or the Trustee) not recoverable from the

Guarantor on the basis of a guarantee will nevertheless be recoverable from the Guarantor as if it were the sole principal obligor and will be paid or performed by it in favour of the Trustee (for itself and as trustee for the Holders) on demand by the Trustee provided that (i) the Issuer has failed to satisfy its obligations as and when they become due, (ii) the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants or Condition 14 of the Guaranteed Certificates, as the case may be, and (iii) a demand has been made on the Guarantor pursuant to clause 8 hereof and that in no circumstances shall the Guarantor be obliged to pay an amount under this Guarantee which is greater than the amount payable by the Issuer in respect of the Guaranteed Obligations, such Guaranteed Obligations being, for the avoidance of doubt, limited to the same extent as such sum or obligation due by the Issuer is itself limited by (1) the provisions of the Securitisation Act 2004 and (2) the applicable Conditions, including, without limitation, (a) those Conditions relating to the applicable redemption amount or termination amount (which amount may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Security) and (b) those Conditions relating to Compartments, limited recourse, non-petition, subordination and priority of payments in respect of the relevant Guaranteed Security. Accordingly, the Guarantor will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the release of any such security, guarantee or indemnity or (4) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person).

7. **INCORPORATION OF TERMS**

The Guarantor agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

8. **DEMAND ON THE GUARANTOR**

Any demand hereunder shall be given in writing addressed to the Guarantor served at its office at Legal CIB, 3 rue Taitbout, 75009 Paris, France. A demand so made shall be deemed to have been duly made five Paris Business Days (as used herein, "**Paris Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Paris) after the day it was served or if it was served on a day that was not a Paris Business Day or after 5.30 p.m. (Paris time) on any day, the demand shall be deemed to be duly made five Paris Business Days after the Paris Business Day immediately following such day.

9. **DEPOSIT OF GUARANTEE**

This Guarantee shall be deposited with and held by the Trustee for the benefit of itself and the Holders.

10. **GOVERNING LAW**

This Guarantee and any non-contractual obligations arising out of or in connection herewith shall be governed by and construed in accordance with English law.

11. **JURISDICTION**

This clause is for the benefit of the Trustee only. Subject as provided below and subject to applicable law, the courts of England shall have exclusive jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith and accordingly, subject to applicable law, the Guarantor submits to the exclusive jurisdiction of the English courts to hear all suits, actions or proceedings (together hereinafter termed the "**Proceedings**") relating to any such dispute. The Guarantor waives any objection to the courts of

England on the grounds that they are an inconvenient or inappropriate forum. Nothing in this clause shall limit the rights of the Trustee to take any Proceedings against the Guarantor in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

12. **SERVICE OF PROCESS**

The Guarantor agrees that service of process in England may be made on it at its London branch. Nothing in this Guarantee shall affect the right to serve process in any other manner permitted by law.

13. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

Furthermore, those obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from the Guarantor or otherwise.

5. DISCHARGE BY THE ISSUER

If any payment received by, or to the order of, the holder of any Guaranteed Security is, on the subsequent bankruptcy or insolvency of the Issuer, avoided under any laws relating

to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply in respect of any relevant Shortfall Amount as if such payment had at all times remained owing due by the Issuer.

6. **INCORPORATION OF TERMS**

Rights of Holders of Securities and any other creditor of the Issuer that (i) have been designated as relating to a Compartment on the creation of a Compartment or (ii) have arisen in connection with the creation, the operation or the liquidation of a Compartment, are strictly limited to the assets of that Compartment which shall be exclusively available to satisfy such Holders of Securities or creditors, unless otherwise provided for in the resolution of the Board which created the relevant Compartment. Holders of Securities and other creditors of the Issuer whose rights are not related to a specific Compartment of the Issuer shall have no rights to the assets of any such Compartment.

Unless otherwise provided for in the resolution of the Board creating such Compartment, no resolution of the Board may amend the resolution creating such Compartment or directly affect the rights of the Holders of Securities or creditors whose rights relate to such Compartment without the prior approval of all of the Holders of Securities and other creditors whose rights relate to such Compartment. Any decision of the Board taken in breach of this provision shall be void.

Without prejudice to the preceding paragraph, each Compartment may be separately liquidated without such liquidation resulting in the liquidation of another Compartment of the Issuer or of the Issuer itself.

The liabilities and obligations of the Issuer incurred or arising in connection with a Compartment and all matters connected therewith will only be satisfied or discharged from the Charged Assets. The Charged Assets will be exclusively available to satisfy the rights of the Holders of Securities and the other creditors of the Issuer in respect of the Securities and all matters connected therewith, as provided therein, and (subject to mandatory law) no other creditors of the Issuer will have any recourse against the Charged Assets of the Issuer.

Recent Developments

The Belgian Government and BNP Paribas released the following joint press release dated 13 November 2013 relating to an agreement they have reached for the transfer to BNP Paribas of the 25% shareholding held by the Belgian State in BNP Paribas Fortis for a price of 3.25 billion euros:

"Brussels/Paris, November 13, 2013

**JOINT PRESS RELEASE
OF THE BELGIAN GOVERNMENT AND BNP PARIBAS**

The Belgian State and BNP Paribas announce that they have reached an agreement for the transfer to BNP Paribas of the 25% shareholding held by the Belgian State in BNP Paribas Fortis for a price of 3.25 billion euros.

This shareholding originated in 2008-2009 transactions in the context of the deteriorated financial condition of Fortis Bank Belgium (now BNP Paribas Fortis), whereby the Belgian State held (through the SFPI) 25% of the shares of Fortis Bank Belgium and the remaining shares were held by BNP Paribas. After the success of the transfer of Royal Park Investment's portfolio of structured credits in May this year, this transaction marks a new phase in the disposal by the Belgian State of its investments in Fortis Bank Belgium.

BNP Paribas Fortis' strategic plan "Bank for the Future" that was announced on March 25, 2013 will continue to be implemented and the governance of BNP Paribas Fortis will continue to reflect the Belgian identity of the institution, amongst others with an appropriate representation of Belgian independent directors on the Board of Directors until 2020 and the presence in Belgium of specialized centers.

The Belgian State will realize a capital gain of approximately 900 million euros at the closing of the transaction.

The negative impact of the transaction on the "Common Equity Tier 1 Basel 3" ratio of the BNP Paribas Group is estimated at around 50 basis points, and the transaction will be accretive to the estimated pro forma net income per share for 2013 by approximately 3%.

At the end of the Council of Ministers, Prime Minister Elio Di Rupo and Minister of Finance Koen Geens declared: "The objectives set by the Government when the Belgian State initially invested were fully achieved. The bank has met its commitments despite a challenging environment. The moment had therefore come for the Belgian State to disengage from BNP Paribas Fortis. We are confident in the ability of the bank to maintain its role in the Belgian economy. The sale proceeds of 3.25 billion euros will help the Belgian State to achieve its public debt objectives. In addition, the Belgian State welcomes BNP Paribas' significant investment in Belgium for the set up of two group-wide data centers."

Jean-Laurent Bonnafé, CEO of BNP Paribas, declared: "The partnership with the Belgian State brought the stability that was needed for the integration to occur in the best conditions for the employees and the clients of the bank and we are grateful to the Belgian State, which also remains one of our major shareholders, for this collaboration. We will continue to develop BNP Paribas Fortis in accordance with the principles that have been ours during the integration phase, both in labor matters and in terms of support to the economy."

Herman Daems, Chairman of the Board of Directors of BNP Paribas Fortis, declared: "The integration with BNP Paribas has been beneficial for all of our stakeholders. Our shareholder BNP Paribas fully supports our strategy to the service of our clients and this transaction does not in any way affect our commitment towards them and towards the Belgian economy. I would like to thank our clients as well as our employees for their respective contributions."

This joint and several obligation exists for each partner of the S.N.C., whatever the amount of the S.N.C.'s capital such partner holds, so that each creditor of a S.N.C. may require from any of the partners of such S.N.C. the payment of the aggregate amount of its debt against the S.N.C. This obligation is attached by law to the qualification of a person as a partner of a S.N.C. Thus, in the event BNP Paribas Arbitrage S.N.C. is in default in the performance of any of its obligations toward a third party, BNP Paribas will be liable towards such third party as if BNP Paribas, itself, had directly underwritten such an obligation.

LEGAL PROCEEDINGS

Legal civil proceedings, administrative proceedings and arbitral proceedings

In the ordinary course of business, the Bank and certain subsidiaries of the Group are involved in various legal civil proceedings (including proceedings concerning the capitalization of interest, derivatives and bonds) and administrative proceedings, which could expose it to the risk of being sanctioned and/or convicted to damages.

The BNL Group establishes in its balance sheet an allowance for risks and costs to cover liabilities that may arise from pending proceedings, also taking into account the indication from external counsel in charge of the matter. As of 31 December 2012, the allowance amounted to Euro 268,378,000.

Proceedings concerning the capitalization of interests

BNL is involved in numerous legal proceedings (about 1262 as at 31 December 2012) concerning the request of recovery of amount paid by depositors of the Bank, due to the capitalization of interest, before 2000 (in 2000, the legislator introduced the capitalization of interest income in favour of depositors, at the same intervals as those of interest expense).

Claw-back proceedings

Claw-back actions are brought before the Courts, with respect to the 6 months or the year before the customer was subject to default procedures, in order to obtain an order obliging the Bank to pay back the amounts credited to the customer's accounts or the declaration of inefficiency of the acquired guaranties.

The average duration of these proceeding is about 12 years (3/4 years for the first instance; 2/3 years for the second instance and 4/5 years for the Supreme Court).

In view of such order being issued by a Court, allowances are set aside in the amount corresponding to the expected expense either upon the occurrence of adverse events that may result in negative forecasts or, in any event, from time to time.

The relevant risk allowance (IAS) is equal to about 28.3% of the nominal value of the pending proceedings and is deemed to be appropriate with respect to the results over the last five years.

The judgments declaring the inefficacy of guarantees adversely affect the credit recovery expectations and, as a result, loans will be depreciated for an amount equal to the corresponding non-recoverable value.

As of 31 December 2012 the claw-back proceedings of the holding company amounted to no. 348 (378 as of 31 December 2011), with a claim (*petitum*) of Euro 523 million (Euro 561 million as of 31 December 2011) and the risk allowances amounts to Euro 148 million (Euro 162 million as of 31 December 2011).

Interventions of the Supervisory Authorities

The Banking Group in the ordinary course of its business is subject to supervisory inspections carried out by the Supervisory Authorities, some of such inspections are currently ongoing. It is not possible to exclude adverse outcomes following such interventions, however, it is deemed that, on the basis of the information available as of 27 November 2013, significant liabilities which may adversely affect the performance of BNL under the BNL Guarantee do not exist.

Inspections of the Bank of Italy in relation to the Banking Group

From December 2012 to March 2013, the Bank of Italy conducted an inspection aimed at "assessing the adequacy of the value adjustments on unpaid, non performing, restructured loans and of the relevant policies and practices" which is part of an inspection programme of the Supervisory Authority in relation to

the Italian banking system, required by the International Monetary Fund. In June 2013, the Bank of Italy presented its report to the board of directors of BNL (the "**Board of Directors**"), which report was mainly favourable. Subsequently, the Board of Directors approved the document containing BNL's reply to the Bank of Italy's observations.

The Bank of Italy also carried out, from September 2012 to October 2012 a pre-validation visit to BNL to assess the minimum requirements to authorise methodologies based on BNL's internal rating system for credit risk capital requirement calculation. In the first months of 2013 specific meetings were held at the Bank of Italy's premises to examine closely the actions undertaken by BNL. The outcome of these meetings was generally positive and as a result, on April 24, 2013, BNL's Board of Directors approved the application to the relevant supervisory bodies for authorisation to adopt the advanced approach ("AIRB") for the calculation of BNL's credit risk capital requirement. From June 10, 2013 to July 3, 2013, the Bank of Italy carried out an official validation visit. On October 2, 2013, l'Autorité de Contrôle Prudentiel et de Résolution together with the Bank of Italy approved the application, subject to a corrective action plan that was approved by the BNL Board of Directors in its October meeting. The final authorisation should be granted soon by the Committee of Supervisors of the BNP Paribas Group.

In the last four months of 2012, the Bank of Italy carried out inspections in relation to Banking Transparency, visiting 20 branches of BNL. At the completion of such inspections, the Bank of Italy made some remarks (no sanctions) which BNL is in the process of implementing.

In the second semester of 2012, the Bank of Italy carried out 3 ordinary inspections at four agencies in relation to anti-money laundering. As of today, the regulator has not issued any communication in relation to such inspections.

On April 15, 2013, Bank of Italy started a task to monitor the effectiveness of the AMA framework under the management profile as well as the benchmarking assessment in order to evaluate the capacity of the internal model to register the historical exposure and prospects of the operational risks of BNL S.p.A.. As of the date of this document, the Bank of Italy has communicated the results of the inspection (which were also sent on August 6, 2013 from the ACP to BNP Paribas). The Bank of Italy has indicated some room for improvement in certain areas. On October 11, 2013, BNP Paribas responded to the ACP communicating an action plan defined vis-à-vis to the improvements requested by the Italian regulator.

Also, an inspection pursuant to article 54 of the Italian Consolidated Banking Act was recently carried out by the Bank of Italy at Artigiancassa, a company belonging to the BNL group. At the completion of such inspections, the Bank of Italy made some remarks (no sanctions) which Artigiancassa is in the process of implementing.

As of August 2013, 2 sanction procedures by the Bank of Italy are pending in relation to prior supervisory activities (started, respectively, in 2009 and 2011). BNL has appealed against these sanction procedures and is awaiting the outcome of the appeals. A third sanction procedure, which was started in 2005, has been completed and sanctions confirmed.

MATERIAL CONTRACTS

BNL has not entered, out of the ordinary course of its business, any contract which is material to BNL's ability to meet its obligation to security holders in respect of Securities which it may guarantee.

SELECTED ANNUAL FINANCIAL INFORMATION

The key capital and economic ratios of BNL, calculated on the basis of the audited consolidated financial statements as of 31 December 2012 and 31 December 2011 are set out below.

Table 1: Regulatory capital and consolidated capital

In million of Euro and %

	31/12/2012	31/12/2011
Total Risk Ratio	11.0	10.5
Tier 1 Capital Ratio	8.5	7.7
Core Tier 1 Ratio (*)	7.7	7.0
Risk weighted assets	69,106	75,348
Regulatory Capital	7,600	7,902
<i>basic</i>	5,890	5,797
<i>supplementary</i>	1,710	2,105

(*) Under Basel III, the *core tier 1 ratio* no longer contains non-innovative capital instruments issued by BNL on June 28, 2010 in the amount of EUR550 million and fully subscribed by the parent company BNP Paribas.

In 2012 the objective of improving the overall level of regulatory capital continued to be pursued. As at 31 December 2012 the level of capitalisation of the BNL Group for supervisory purposes shows a Tier 1 ratio of 8.5%, compared to 7.7% in 2011, a Core Tier 1 ratio of 7.7% against 7.0% in 2011 and finally a total risk ratio of 11.0% (10.5% at the end of December 2011). All solvency ratios improved compared to 31 December 2011, and particularly those that indicate a better quality of capital resources. The ratio increase derives, in addition to the increased Tier 1 capital, from the significant contraction of the Risk Weighted Assets (RWA), mainly due to the subsidiary Ifitalia leaving the scope of consolidation of the Group.

Indeed, as part of the actions implemented by the bank in order to strengthen the capital of the BNL Group, on 21 December 2012 the sale to BNP Paribas Italy branch of the entire investment of the bank in Ifitalia SpA was finalised, equal to 99.65% of the share capital.

The transaction had the following main effects on the results of the BNL Group:

- a reduction in the consolidated shareholders' equity of 980 thousand euro deriving from posting a capital gain of 615 thousand euro and the removal of the minority interests accounted for in 2011, equal to 1,595 thousand euro;
- a reduction in loans to customers of 6,605 million euro due to the company no longer being consolidated.

The methods of quantification of the main risks (credit risk, market, counterparty and operational risk) are defined by specific rules issued by the Supervisory Authority (Basel II - Pillar 1).

In respect of **credit risk**, during 2012 reporting integration activities for the measurement of the credit risk with BNP Paribas continued, through the use of the Credit Risk Global Database and, following the request sent to the Supervisory Authority for enabling the use of the Advanced IRB approach, the processes and procedures were enhanced, which allow the calculation of the asset absorption, in parallel with the rules of the Standard method and those of the Advanced IRB approach.

To manage **market risks**, with effect from 31 December 2011 to the end of the consultation between the Bank of Italy and the French Autorité de Contrôle Prudentiel et de Résolution (ACP), the BNP Paribas Group has been authorised to extend to BNL use of the internal model for market risk.

In June 2011, the French Autorité de Contrôle Prudentiel et de Résolution (ACP) authorised NP Paribas to apply its advanced method (AMA) to calculate capital requirements against **operational risk** within BNL as of July 2011, with the application of an "add-on" to be applied until the completion of the actions required by the Bank of Italy.

Therefore, the BNL Group adopts the following procedure for calculating capital requirements:

TYPE OF RISK	CALCULATION METHOD
Credit risk	Standard approach
Counterparty risk	Current value approach
Market risk	Internal models approach
Operational risk	AMA approach: BNL SpA Standard approach (TSA): Artigiancassa SpA Basic approach (BIA): BNL Finance e BNL Positivity

Table 2: Principal consolidated credit risk ratios

	31/12/2012	31/12/2011	%
Gross doubtful loans / Gross loan to customers	10.1	7.8	
Net doubtful loans / Net loan to customers	4.3	3.3	
Gross impaired loans / Gross loan to customers	15.8	12.4	
Net impaired loans / Net loan to customers	8.6	6.8	

The worsening economic framework, mainly as an effect of the drop in the domestic demand for consumables and investment goods, was reflected in the quality of the assets and the resulting **cost of risk**, which remained at elevated levels in 2012 (949 million euro compared to 819 million euro in 2011). The increase is mainly due to higher credit impairment flows (+19.1%).

Total **impaired loans**, net of value adjustments, equalled 5,941 million euro, up by 522 million euro (+9.6%) compared to 31 December 2011. The aggregate represents 8.6% of the “customer loans” portfolio (6.8% in 2011), while the level of hedging rose by 1.5 percentage points to reach 49.5% compared to 48% at the end of last year.

Within the impaired loans aggregate, **doubtful loans** come out to 7,516 million euro in gross values (+14.1%) and 2,968 million euro in net values (+14.1%). Their level of hedging, equal to 60.5% as at the end of 2011, is among the highest within the *cluster* comprising Italian medium/large banks. The impact of impaired loans on total loans to customers increased by 1% to 4.3%.

Substandard loans, equalling 2,109 million euro net of value adjustments, increased by 24.8% compared to 1,690 million euro as at 31 December 2011. The impact on loans to customers rose by one point to 3.1%, with the level of hedging improving slightly to 32.5%.

Restructured loans net of value adjustments, decreased by 149 million euro during the period, reaching 370 million euro (519 million euro at the end of 2011). Their level of hedging is 31.4%, compared to 20.3% at the end of December 2011.

The value of **past due loans** was 592 million euro before adjustments (712 million euro as at 31 December 2011) and 494 million net (the comparison figure is 608 million euro); their level of hedging is 16.6% (14.6% at the end of 2011).

Finally, the **customer performing loans** portfolio is covered by collective adjustments amounting to a percentage of 0.7% as at 31 December 2012 (as at the end of December 2011).

Income taxes	(131)	(283)	- 53,7
Profit for the year pertaining to minority interests	-	-	-
Profit for the year pertaining to the Parent Company	51	207	- 75,4

After the allocation for direct taxes, the **profit for the year pertaining to the Parent Company** was 51 million euro (207 million euro in 2011).

Notably affecting the drop in profit was the non-positive trend of the **net banking income** (-5.8%) and the significant increase in the **cost of risk** (+15.9%), partially offset by the actions aimed at containing **operating expenses**, which show a limited decrease of 0.4%.

The **interest margin**, slightly down by 0.5%, reflects the substantially persisting profit of the loans to corporate and retail customers, supported by commercial policies, such as the strengthened cross selling and the greater attention paid to the services offered; on the other hand, it was negatively impacted by the higher financial charges due to the composition policy of the treasury funding, in order to improve cash and risk profiles, and the actions aiming to strengthen the deposit base.

The cost for **direct taxes** for the year stands at 131 million euro, compared to the 283 million euro in the previous year and represents 72% of pre-taxation profit (57.8% in 2011). The higher *tax rate* level, at the same time as a decrease in the pre-taxation profit, is explained by the impact of the regional tax on productive activities ("**IRAP**"), whose calculation, among others, considers as non-deductible personnel costs (net of amounts deducted from employees' salaries due to taxes and social security) and the value adjustments on receivables, the latter notably increased compared to the previous year.

Total **customer financial assets**, which include direct customer deposits and assets under administration, amounted to 69,556 million euro at the end of December 2012, recording a 4.2% drop compared to 2011. In the analysis by business segment, **direct customer deposits** show a decrease of 1.8% compared to 31 December 2011. The decrease in this aggregate is due to a change in the composition of *funding*. Funding from debt securities in particular recorded a decrease of 18.5% in the year, while non-securitised deposits rose by 2.6%, also thanks to a more effective commercial relationship with “corporate” and “retail” customers and the moderate increase in demand deposits, despite the rising competitive pressure.

As regards the development of the bonds issued by BNL S.p.A in 2012, new issues amounted to 10,609 million euro (of which 9,500 million euro relate to two covered bond transactions started in the year and repurchased by BNL, to expand the assets eligible for refinancing with the ECB and 697 million euro to the fair value option portfolio), redemptions to 1,480 million euro (of which about 142 million euro refer to the fair value option portfolio).

Assets under administration, despite the attenuated tensions on Government debt securities, show an 8.3% drop to 24,733 million euro.

The **net balance on the interbank position**, which also includes the operations with the parent company BNP Paribas, is negative by 24,488 million euro, against 35,016 million euro in 2011 (-30.1%).

The change in the interbank position reflects the considerable decrease in net debts due to BNL S.p.A, which stood at 6,774 million euro (-19,541 million euro compared to 31 December 2011), partially offset by the increased net debts with third parties for 9,013 million euro. The latter item mainly consists of three-year loans granted by the ECB.

The Group’s equity, gross of the portion belonging to third-party shareholders (4 million euro) (including the profit for the year of 51 million euro) was 5,412 million euro as at 31 December 2012, up (6.2 %) from 5,095 million euro in the previous year.

During 2012, equity increased by 317 million euro due mainly to the changes in revaluation reserves and the profit for the year of the Group.

Increases (266 million euro) in particular were caused by:

- 4 million euro for the effect of the company Ifitalia SpA, sold by BNL SpA in December 2012, and its subsidiary Serfactoring leaving the scope of consolidation;
- 4 million euro from the reporting of costs related to employee incentive bonuses through equity instruments of the parent company BNP Paribas SA as a balancing entry of the income statement (sale of shares at a discount, stock options and stock granting) as set forth in IFRS2 "Share-based payment";
- 258 million euro from the change in fair value of available-for-sale securities, substantially Italian government bonds subject to microhedging for the interest rate risk only.

1. EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

On 3 June 2003, the European Council of Economic and Finance Ministers adopted the Directive 2003/48/EC on the taxation of savings income (the "**Directive**"). Pursuant to the Directive and subject to a number of conditions being met, Member States are required to provide to the tax authorities of another Member State, inter alia, details of payments of interest within the meaning of the Directive (interests, products, premiums or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State or to certain limited types of entities established in that other Member State (the "**Disclosure of Information Method**").

For these purposes, the term "paying agent" is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Directive, for the immediate benefit of individuals and to certain limited types of entities.

However, for a transitional period, the Grand Duchy of Luxembourg and Austria are instead required (unless during that period they elect otherwise) to withhold an amount on interest payments unless the relevant beneficial owner of such payment elects for the Disclosure of Information Method. The rate of such withholding tax is 35 per cent. until the end of the transitional period.

Such transitional period will end at the end of the first full fiscal year following the later of: (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the "**OECD Model Agreement**") with respect to interest payments within the meaning of the Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above; and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Directive. The European Commission has proposed certain amendments to the directive which may, if implemented, amend or broaden the scope of the requirements set out above.

A number of non-EU countries and dependent or associated territories have adopted similar measures (transitional withholding or exchange of information).

2. LUXEMBOURG TAXATION

Withholding Tax

(a) Non-resident Holders of Securities

Under Luxembourg general tax law currently in force and subject to the laws of 21 June 2005, as amended, mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident Holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption, repurchase or exchange of the Securities held by non-resident Holders of Securities.

Under the law of 21 June 2005 implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the law of 21 June 2005, which are resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is levied at a rate of 35 per cent. as of 1 July 2011. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

(b) Resident Holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 mentioned below (as amended), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident Holders of Securities.

Under the law of 23 December 2005, as amended, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the law of 23 December 2005, as amended would be subject to withholding tax of 10 per cent. Individuals beneficial owners resident in Luxembourg may opt for a final withholding of 10% on eligible interest income received from a paying agent established in an EU Member State, EEA State (Iceland, Liechtenstein and Norway) or in a State which has concluded an agreement with Luxembourg introducing measures equivalent to those of the EC Council Directive 2003/48/EC on the taxation of savings income.

Taxes on Income and Capital Gains

A holder of the Securities who derives income from such Securities or who realises a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on such income or capital gains unless:

- (a) such holder is, or is deemed to be, resident in Luxembourg for the purposes of the relevant provisions; or
- (b) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg.

Net Wealth Tax

Luxembourg net wealth tax will not be levied on a holder of the Securities unless:

- (a) such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions; or
- (b) such Securities are attributable to an enterprise or part thereof which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg.

With the law of 23 December 2005, as amended, the net wealth tax has been abolished for resident and non-resident individuals with effect from 1 January 2006.

Inheritance and Gift Tax

Where the Securities are transferred for no consideration, note in particular that:

- (a) no Luxembourg inheritance tax is levied on the transfer of the Securities upon death of a holder of the Securities in cases where the deceased holder was not a resident of Luxembourg for inheritance tax purposes; and
- (b) Luxembourg gift tax will be levied on the transfer of the Securities by way of a gift by the holder of the Securities, as applicable, if this gift is registered in Luxembourg.

Value Added Tax

There is no Luxembourg value-added tax payable in respect of payments in consideration of the issue of the Securities or in respect of payments of interest or principal under the Securities or the transfer of the Securities, provided that Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from value added tax does not apply with respect to such services.

Other Taxes and Duties

There is no Luxembourg registration tax, capital tax, stamp duty or any other similar tax or duty payable in Luxembourg in respect of or in connection with the issue of the Securities or in respect of the payment of principal or interest under the Securities or the transfer of the Securities. If any documents in respect of the Securities are required to be registered in Luxembourg, they will be subject to a fixed registration duty.

Residence

A holder of the Securities will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Securities or the execution, performance, delivery and/or enforcement of that or any other Securities.

3. FRENCH TAXATION

EU Savings Directive (France)

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise, as Belgium did with effect from 1 January 2010) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland adopted similar measures (a withholding system in the case of Switzerland) with effect from the same date.

The Directive was implemented under French law by article 242 ter of the French General Tax Code which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest payments made as from 1 July 2005.

French tax implications for the French resident Noteholders (or holders of Certificates constituting debt instruments for French tax purposes)

Once a French income tax resident has purchased Notes or applicable Certificates (which would not of itself trigger any French income tax consequences), the French income tax consequences of the holding, conversion, and disposal of such Notes or Certificates, as the case may be, by such French tax resident Noteholder or Certificateholder would be as follows:

(i) Tax consequences of the holding of Notes or applicable Certificates by a French resident Noteholder or Certificateholder, as the case may be,

(i) with respect to French individual tax residents

Interest and assimilated income paid by the Issuer of Notes or Certificates to a French individual tax resident Noteholder or Certificateholder, as the case may be,

(1) would normally be subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000). In addition, such interest and assimilated income would also be subject to social charges amounting to 15.5 per cent.; but

(2) could be subject, upon election of the French individual tax resident Noteholder or Certificateholder, as the case may be, to French individual income tax withheld at source at the flat rate of 24 per cent., provided that (i) the amount of interest and assimilated income received by the tax abode ("*foyer fiscal*") of the French individual tax resident Noteholder or Certificateholder does not exceed €2,000 per year and (ii) that such interest and assimilated income would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax. In addition, such interest and assimilated income would also be subject to social charges amounting to 15.5 per cent.;

(ii) with respect to French corporate tax residents

Interest and assimilated income incurred by the Issuer of Notes or Certificates to a French corporate tax resident Noteholder or Certificateholder, as the case may be, would be subject to (i) French corporate income tax at the normal rate of 33.1/3 per cent., (ii) the 3.3 per cent. additional social contribution on French corporate income tax, if applicable, and (iii) an additional contribution of 5 per cent. of the amount of the French corporate income tax applicable for fiscal years ending between 31 December 2011 and 30 December 2015 to companies with turnover exceeding €250 million (raising the maximum effective rate up to 36.1 per cent.).

(ii) Tax consequences of the conversion of Notes or applicable Certificates by a French resident Noteholder or Certificateholder

The conversion of Notes or applicable Certificates by a French individual or corporate tax resident Noteholder or Certificateholder would not have any French individual or corporate income tax consequences.

(iii) **Tax consequences of the disposal of Notes or applicable Certificates by a French resident Noteholder or Certificateholder**

(i) with respect to French individual tax residents

Any capital gain realised upon disposal of Notes or Certificates (or of shares resulting from the conversion of such Notes or Certificates) by a French individual tax resident Noteholder or Certificateholder, as the case may be, (assuming that such capital gain would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax) would be subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000), and to French social charges at the flat rate of 15.5 per cent.

Furthermore, any capital gain realised upon disposal of shares resulting from the conversion of such Notes or Certificates by a French individual tax resident Noteholder or Certificateholder, as the case may be, could benefit for purposes of taxation to French individual income tax, from deferred taxation provided stringent conditions are met. In addition, any capital gain realised upon disposal of shares may benefit from a deduction for holding period of 20% if the Notes have been held between 2 and 4 years, 30% between 4 and 6 years and 40% beyond.

(ii) with respect to French corporate tax residents

Any capital gain realised upon disposal of Notes or Certificates (or of shares resulting from the conversion of such Notes or Certificates) by a French corporate tax resident Noteholder or Certificateholder, as the case may be, would normally be subject to:

- (1) French corporate income tax at the normal rate of 33.1/3 per cent.;
- (2) the 3.3 per cent. additional social contribution on French corporate income tax, if applicable; and
- (3) an additional contribution of 5 per cent. of the amount of the French corporate income tax applicable for fiscal years ending between 31 December 2011 and 30 December 2015 to companies with turnover exceeding €250 million (raising the maximum effective rate up to 36.1 per cent.).

Furthermore, any capital gain realised upon disposal of shares resulting from the conversion of such Notes or Certificates by a French corporate tax resident Noteholder or Certificateholder, as the case may be, could be exempted up to 88 per cent. from French corporate income tax to the extent that the capital gain might qualify as a "long term capital gain realised upon disposal of participation shares", that is to say a capital gain realised upon disposal of shares (i) qualifying as "participation shares" and (ii) held for a two-year period at least by the French corporate tax resident.

Payments made by the Guarantor (if applicable)

There is no direct authority under French law on the withholding tax status of payments by a French Guarantor (if applicable) under the Guarantee. In accordance with one interpretation of French tax law, payments made by a French Guarantor to a Noteholder or Certificateholder which is a non-French tax resident and which is not acting through a French establishment or branch may be treated as a payment in lieu of payments to be made by a French Guarantor with respect to the Notes or Certificates, as the case may be. Accordingly, under this interpretation payments made by a French Guarantor, of any amounts due by the Issuer under the Notes or Certificates, would be exempt from any taxes, duties or other charges of whatever nature by way of deduction or withholding by the Republic of France or any political subdivision

or authority thereof or therein having power to tax, to the extent that interest payments made or to be made by the Issuer would be exempt from withholding tax by reason of it not being resident of, or otherwise established in, France.

In accordance with another interpretation, any such payment may be treated as a payment independent from the payments to be made by the Issuer with respect to the Notes or Certificates. In the absence of any specific provision in the French General Tax Code, such payments would be exempt from any taxes, duties or other charges of whatever nature by way of deduction or withholding by the Republic of France or any political subdivision or authority thereof or therein having power to tax.

French tax implications for the French resident Warrantholders (or holders of Certificates not constituting debt instruments for French tax purposes)

In addition, such net profit would also be subject to social charges amounting to 15.5 per cent.

(2) Net profit realised in France in respect of Warrants or applicable Certificates

Net profit realised in France in respect of Warrants or Certificates (which do not constitute *obligations* under French law or *titres de créances négociables* for French tax purposes, or other debt instruments issued under French or foreign law and fiscally similar thereto within the meaning of administrative guidelines BOI-RPPM-RCM-30-10-30-30-20120912 dated 12 September 2012, n°70) by a French individual tax resident Warrantholder or Certificateholder, as the case may be, (assuming that such payments would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax), would be deemed as non-commercial profit and subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000) if the French individual tax resident Warrantholder or Certificateholder, as applicable, invests on a regular basis or on an occasional basis.

In addition, such net profit would also be subject to social charges amounting to 15.5 per cent.

(ii) With respect to French corporate tax residents

Net profit realised in respect of Warrants or Certificates (which do not constitute *obligations* under French law or *titres de créances négociables* for French tax purposes, or other debt instruments issued under French or foreign law and fiscally assimilated thereto within the meaning of administrative guidelines BOI-RPPM-RCM-30-10-30-30-20120912 dated 12 September 2012, n°70) by a French corporate tax resident Warrantholder or Certificateholder, as applicable, would be subject to (i) French corporate income tax at the normal rate of 33.1/3 per cent., (ii) the 3.3 per cent. additional social contribution on French corporate income tax, if applicable, and (iii) an additional contribution of 5 per cent. of the amount of corporate tax applicable for fiscal years ending between 31 December 2011 and 30 December 2015 to companies with turnover exceeding €250 million (raising the maximum effective rate up to 36.1 per cent.).

4. UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating only to United Kingdom withholding tax treatment and stamp tax aspects of various payments in respect of Securities. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. These comments are not intended to be, nor should they be regarded as, legal or tax advice. The precise tax treatment of a holder of Securities will depend for each issue on the terms of the Securities, as specified in the Terms and Conditions of the Securities as amended and supplemented by the applicable Final Terms under the law and practice at the relevant time. Prospective Holders of Securities should consult their own tax advisers in all relevant jurisdictions to obtain advice about their particular tax treatment in relation to such Securities.

Notes

Payment of interest on the Notes

Payments of interest on the Notes may be made without withholding on account of United Kingdom income tax if the interest on the notes does not have its "source" in the United Kingdom. The concept of "source" is complex but HM Revenue and Customs ("HMRC") published practice indicates that the primary factor is the jurisdiction of residence of the Issuer, in this case Luxembourg, which would indicate that the notes do not have a United Kingdom "source." In any event the Notes will constitute "quoted Eurobonds" within the meaning of section 987 of the Income Tax Act 2007 (the "ITA 2007") provided that they carry a right to interest and as long as they are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the ITA 2007. The Luxembourg Stock Exchange is a recognised stock exchange for this purpose. Accordingly, even if the Notes do have a United Kingdom "source", payments of interest on the Notes may be made without withholding on account of UK income tax provided the Notes remain so listed at the time of payment.

In all other cases (except in the case of payment of interest on Notes which is not "yearly interest" in which case interest can be paid without withholding or deduction for or on account of UK income tax), an amount must be withheld on account of income tax at the basic rate (currently 20 per cent.), subject to any direction to the contrary by HMRC under an applicable double taxation treaty, and except where the withholding obligation is disapplied in respect of payments to any Noteholder which the Issuer reasonably believes is either a UK resident company or a non UK resident company carrying on a trade in the UK through a permanent establishment which is within the charge to corporation tax as regards the interest, or falls within various categories enjoying a special tax status (including charities and pension funds), or are partnerships consisting of such persons (unless HMRC direct otherwise).

The attention of holders is drawn to Condition 9 (Taxation) of the Terms and Conditions of the Notes.

Noteholders may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays interest to or receives interest for the benefit of a Noteholder. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Notes which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2014. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Noteholder is resident for tax purposes.

See also the section entitled "EU Savings Directive" below.

Stamp Duty and SDRT

Bearer Notes

A charge to United Kingdom stamp duty at 1.5 per cent. of the value of Notes will arise on the issue in the United Kingdom of Bearer Notes which are denominated in sterling and which are not loan capital. No United Kingdom stamp duty liability arises on the issue of such a Bearer Note outside the United Kingdom. However, a United Kingdom stamp duty liability at 1.5 per cent. will arise on the first transfer by delivery in the United Kingdom of such a Bearer Note which was originally issued outside the United Kingdom. Otherwise, no United Kingdom stamp duty will be payable in relation to the issue of Bearer Notes.

No United Kingdom stamp duty will be payable on transfers of Bearer Notes on sale provided no instruments of transfer are used to complete such sales.

No United Kingdom stamp duty will be payable on the redemption of Bearer Notes. United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on redemption of a Bearer Note which is a Physical Delivery Note (a "**Physical Delivery Bearer Note**").

No SDRT will be payable in relation to an issue of Bearer Notes into a clearing system. No SDRT will be payable in relation to agreements to transfer Bearer Notes within a clearing system.

SDRT may be payable in respect of the agreement to transfer an asset pursuant to a Physical Delivery Bearer Note. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

Registered Notes

No United Kingdom stamp duty will be payable in relation to the issue of Registered Notes into a clearing system.

No United Kingdom stamp duty will be payable on transfers of Registered Notes on sale provided no instruments of transfer are used to complete such sales.

No SDRT will be payable in relation to an issue of Registered Notes into a clearing system. No SDRT will be payable in relation to the transfer of Registered Notes within a clearing system unless the clearing system makes an election under section 97 A to the Finance Act 1986.

No United Kingdom stamp duty or SDRT will be payable on to the redemption of Registered Notes. United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on redemption of a Registered Note which is a Physical Delivery Note.

SDRT may be payable in respect of the agreement to transfer an asset pursuant to such a Registered Note. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

Warrants and Certificates

Withholding Tax

Payments on the Warrants and on the Certificates may be made without withholding on account of United Kingdom withholding tax if such payments on the Warrants or Certificates do not have their "source" in the

United Kingdom. The concept of "source" is complex but HMRC published practice indicates that the primary factor is the jurisdiction of residence of the Issuer, in this case Luxembourg, which would indicate that the notes do not have a United Kingdom "source." If the payments on the Warrants or Certificates have a United Kingdom "source", there may be withholding on account of United Kingdom income tax.

Stamp Duty and SDRT

A Global Warrant or Global Certificate may be subject to United Kingdom stamp duty if it is executed in the United Kingdom or if it relates to any property situate, or to any matter or thing done or to be done, in the United Kingdom. However, in the context of retail covered warrants listed on the London Stock Exchange, HMRC has indicated that no charge to United Kingdom stamp duty will arise on the grant of such warrants. It is not clear whether or not HMRC would be prepared to take such a view in relation to a Global Warrant or Global Certificate.

If a Global Warrant or Global Certificate is subject to United Kingdom stamp duty, but the stamp duty has not been paid, that Global Warrant or Global Certificate cannot be used for any purpose in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

If a Global Warrant or Global Certificate is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the relevant Global Warrant or Global Certificate to the date of payment of the stamp duty. Penalties may also be payable if a Global Warrant or Global Certificate which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom; or, if the Global Warrant or Global Certificate was executed in the United Kingdom, within 30 days of execution. If any United Kingdom stamp duty is required to be paid, it would be payable at a rate of 0.5 per cent. by reference to the amount of consideration given for the issue of Warrants represented by the relevant Global Warrant, or the amount of consideration given for the issue of Certificates represented by the relevant Global Certificate, as applicable.

No SDRT will be payable on the issue of a Cash Settled Warrant or Cash Settled Certificate into a clearing system. SDRT may be payable in relation to the issue into a clearing system of a Physical Delivery Warrant or Physical Delivery Certificate which gives the holder an interest in, or rights arising out of, or the right to acquire, stocks, shares or loan capital, unless such stocks shares or loan capital would be exempt from all stamp duties.

SDRT may be payable in relation to any agreement to transfer Physical Delivery Warrants or Physical Delivery Certificates which give the holder an interest in, or rights arising out of, or the right to acquire, stocks, shares or loan capital, unless such stocks, shares or loan capital would be exempt from all stamp duties.

SDRT may be payable in respect of the agreement to transfer an asset pursuant to a Physical Delivery Warrant or Physical Delivery Certificate following the exercise or redemption of such Security. However, any such liability to SDRT will be cancelled (or, if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required, to provide to the tax authorities of another Member State details of payments of interest (or similar income) made by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State or to certain limited types of entity established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect

otherwise) to operate a withholding system in relation to such payments (the end of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). The European Commission has proposed certain amendments to the directive which may, if implemented, amend or broaden the scope of the requirements set out above.

A number of non-EU countries and territories have adopted similar measures.

5. POLISH TAXATION

The following information of certain Polish taxation matters is based on the laws and practice in force as of the date of this Final Terms and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following information does not purport to be a comprehensive description of all the tax consequences and considerations that may be relevant to acquisition, holding, disposing and redeeming of or cancelling (as applicable) the Securities, and does not purport to deal with the tax consequences applicable to all categories of investors.

The following information is not intended to be, nor should it be construed to be, legal or tax advice. It is recommended that potential purchasers of the Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding, sale or redemption.

A. Taxation in Poland of Polish resident individuals

5.1 Polish resident individuals

Individuals having their place of residence in Poland ("**Polish Resident Individuals**") are subject to Polish Personal Income Tax ("**PIT**") on their worldwide incomes irrespective of the country from which the incomes were derived.

5.2 Taxation of income from the disposal of Securities

Income earned by Polish Resident Individuals on the disposal of Securities should be classified as capital gains realised on the sale of securities and as such it will not be combined with income from other sources but will be subject to the 19 per cent. flat PIT rate. The income is calculated as the difference between the revenue earned on the disposal of Securities (in principle, the selling price) and the related costs (in principle, the Issue Price). The tax is settled on an annual basis. An annual tax return should be filed by April 30 of the calendar year following the year in which the income was earned.

5.3 Taxation of income from the redemption of Notes or Certificates or cancellation of Warrants

Income earned by a Polish Resident Individuals on the redemption of Notes or Certificates or the cancellation of Warrants, as applicable, should not be combined with income from other sources and thus will be subject to the 19 per cent. flat PIT rate. The income is calculated as the difference between the revenue earned on the redemption of Notes or Certificates, as applicable (the "**Redemption Amount**") or on the cancellation of the Warrants (the "**Cancellation Amount**") and the related costs (in principle, the Issue Price). The tax is settled on an annual basis. An annual tax return should be filed by April 30 of the calendar year following the year in which the income was earned.

5.4 Taxation of interest under Securities

The amount of interest under Securities earned by a Polish Resident Individual should not be combined with income from other sources and will be subject to the 19 per cent. flat PIT rate. Unless a tax remitter withholds the tax, the tax is settled by Polish Resident Individual. An annual tax return should be filed by April 30 of the calendar year following the year in which the income was earned.

B. Taxation in Poland of Polish resident entities

5.5 Polish resident entities

Entities having their seat or place of management in Poland ("**Polish Resident Entities**") are subject to Polish Corporate Income Tax ("**CIT**") on their worldwide incomes irrespective of the country from which the incomes were derived.

5.6 Taxation of income from the disposal of Securities

Income earned by Polish Resident Entities on the disposal of Securities is subject to the 19 per cent. CIT rate. The income is calculated as the difference between the revenue earned on the disposal of Securities (in principle, the selling price) and the related costs (in principle, the Issue Price). Tax advances are generally paid on a monthly basis (however, some categories of CIT taxpayers may pay tax advances on a quarterly basis). The final tax reconciliation is made in the annual CIT return filed within three months of the end of the tax year.

5.7 Taxation of income from the redemption of Notes or Certificates or cancellation of Warrants

Income earned by a Polish Resident Entities on the redemption of Notes or Certificates or the cancellation of Warrants, as applicable, is subject to the 19 per cent. CIT rate. The income is calculated as the difference between the Redemption Amount (in the case of Notes and Certificates) or the Cancellation Amount (in the case of Warrants) and the related costs (in principle, the Issue Price). Tax advances are generally paid on a monthly basis (however, some categories of CIT taxpayers may pay tax advances on a quarterly basis). The final tax reconciliation is made in the annual CIT return filed within three months of the end of the tax year.

5.8 Taxation of interest under Securities

The amount of interest earned by a Polish Resident Entity under Securities is subject to the 19 per cent. CIT rate. Tax advances are generally paid on a monthly basis (however, some categories of CIT taxpayers may pay tax advances on a quarterly basis). The final tax reconciliation is made in the annual CIT return filed within 3 months of the end of the tax year.

C. Taxation in Poland of non-resident individuals and entities

Individuals and entities that are Polish non-residents will not generally be subject to Polish taxes on income resulting from the disposal of Securities or redemption of Notes or Certificates, as applicable, or cancellation of Warrants unless such income is attributable to an enterprise which is either managed in Poland or carried on through a permanent establishment in Poland. However, some double tax treaties concluded by Poland may provide for a different tax treatment (for example, in case of the disposal of Securities in a real estate company). In addition, in the case of individuals resident in a country which does not have a binding double tax treaty with Poland, there may be a risk of taxation of the types of income referred to in this paragraph, in the case of the disposal/redemption/cancellation of Securities/Notes/Certificates/Warrants issued by a public company quoted on the Polish Stock Exchange.

D. EU Directive on Taxation of Savings Income

In accordance with EC Council Directive 2003/48/EC on the taxation of savings income, Poland will provide to the tax authorities of another EU Member State (and certain non-EU countries and associated territories specified in that directive) details of payments of interest or other similar income paid by a person within Poland to, or collected by such a person for, an individual resident in such other state.

6. GERMAN TAXATION

The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts

or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

As each series of Securities may be subject to a different tax treatment due to the specific terms of such Series as set out in the respective Final Terms, the following section only provides some very general information on the possible tax treatment of a generic Security.

Prospective Holders of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any state, local or church taxes, under the tax laws of Germany and each country of which they are residents.

Tax Residents

Payments of interest on the Securities to persons or entities who are tax residents in Germany (i.e. persons or entities whose residence, habitual abode, statutory seat or place of effective management and control is located in Germany) are subject to German personal or corporate income tax (*Einkommen- oder Körperschaftsteuer*) (plus solidarity surcharge (*Solidaritätszuschlag*) at a rate of 5.5 per cent. thereon). In addition church tax may apply as a surcharge on the personal income tax. Such interest payments may also be subject to German trade tax (*Gewerbesteuer*) if the Securities form part of the property of a German trade or business.

Upon the disposal of a Security carrying interest the Holder of the Security will also have to include in his taxable income any consideration invoiced separately for such portion of the interest of the current interest payment period which is attributable to the period up to the disposal of the Security ("**Accrued Interest**"). Accrued Interest paid upon the acquisition of a Security may give rise to negative income if the Security is held as a non-business asset.

Capital gains from the sale, transfer, redemption or cancellation of a Security are subject to German personal income tax (plus solidarity surcharge thereon) for tax resident individuals. If the Securities form part of the assets of a German trade or business the capital gains may also be subject to German trade tax. Capital gains derived by tax resident corporate Holders of Securities will be subject to German corporate income tax (plus solidarity surcharge thereon) and German trade tax. Losses incurred upon the sale, transfer, redemption or cancellation of a Security may give rise to negative income.

Where Securities form part of the assets of a German trade or business, each year the part of the difference between the issue or purchase price of the Securities and their redemption amount (if such amount is fixed at the time of the acquisition) attributable to such year as well as interest accrued must be taken into account as interest income and may also be subject to trade tax.

If the Securities are held in a custodial account which the holder maintains with a German bank or financial services institution, with a German branch of a non-German bank or financial services institution, with a German securities trading business (*Wertpapierhandelsunternehmen*) or with a German securities trading bank (*Wertpapierhandelsbank*) (a "**German Paying Agent**") a 25 per cent. withholding tax (plus solidarity surcharge thereon) will be levied on interest payments and capital gains, resulting in a total tax charge of 26.38 per cent. In the case of interest and accrued interest withholding tax will be levied on the interest / accrued interest amount. In the case of capital gains from the sale, transfer, redemption or cancellation of Securities, withholding tax will be levied on an amount equal to the difference between the issue or purchase price of the Securities and the redemption amount or sales proceeds less any directly related expenses provided that the holder of the Security has kept it in a custodial account since the time of issuance or acquisition respectively or has proven the acquisition facts. Otherwise, withholding tax is generally applied to 30 per cent. of the amounts paid in partial or final redemption or cancellation of the Securities or the proceeds from the sale or transfer of the Securities.

In computing the tax to be withheld the German Paying Agent may deduct from the basis of the withholding tax any Accrued Interest previously paid by the Holder of Securities to the German Paying

Agent during the same calendar year. If, in case of physical delivery, no cash payment is made upon redemption, the German Paying Agent will request that the Holder of Securities pays the withholding tax to it. If the Holder of Securities does not pay the amount to be withheld to the German Paying Agent the latter must notify the tax authorities of such failure which will then collect the tax from the Holder of Securities.

In general, no withholding tax will be levied for a tax resident individual holding the Securities as private assets who has filed a withholding exemption certificate (*Freistellungsauftrag*) with the German Paying Agent but only to the extent the interest income derived from the Security together with other investment income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no withholding tax will be levied if such holder of the Security has submitted to the German Paying Agent a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the relevant local tax office.

If the Holder of the Security is a German resident corporation then generally no withholding tax will be levied on capital gains from the sale, transfer, redemption or cancellation of a Security provided that in the case of corporations of certain legal forms the status of corporation has been evidenced by certificate of the competent tax office. The same is true if the Securities are held as assets of a German trade or business and the Holder of the Security declares this by way of an official form vis-à-vis the German Paying Agent.

For tax resident individuals holding the Securities as private assets the withholding tax (plus solidarity surcharge and, on application, church tax, if any, thereon) is, in principle, a final tax (*Abgeltungsteuer*) and shall replace the investor's personal income taxation by way of assessment. Any expenses related to such income (*Werbungskosten*) such as financing or administration costs actually incurred are not tax deductible. Only a lump sum of €801 (€1,602 for spouses) can be deducted. Upon formal application by the taxpayer, the lower personal income tax rate, if any, will be applied (*Günstigerprüfung*). A taxpayer can also formally apply for a tax assessment to make specific allowances. If no tax is withheld, tax resident individuals holding the Securities as private assets are still obliged to file tax returns.

Where Securities form part of a trade or business the withholding tax will not settle the personal or corporate income tax liability. The German Holder of Securities will have to report income and related expenses on his tax return and the balance will be taxed at the German Holder of Securities' applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax of the German Holder of Securities. Amounts overwithheld will entitle the Holder of Securities to a refund, based on an assessment to tax.

German tax consequences different from those discussed above would arise if the respective Securities were regarded as (foreign) investment fund units (which, in particular, might be relevant for Physical Delivery Securities). In such case, withholding tax requirements for the German Paying Agent as well as the taxation of the Holder of Securities would depend on whether the disclosure and reporting requirements of the German Investment Tax Act were fulfilled. If this was not the case, the Holder of Securities may be subject to tax on unrealised or fictitious income. A foreign investment fund is defined as a pool of assets invested pursuant to the principle of risk diversification in one or more of certain asset classes listed in the German Investment Act and which is subject to foreign law. Generally, a foreign investment fund unit exists if the investor in a foreign investment fund has the right to request a redemption of its units against cash equivalent to its pro rata portion of the net asset value of the foreign investment fund or, in the absence of such right of redemption, the foreign investment fund is subject to regulatory supervision of collective investments in its state of residence.

Non-resident Holders of Securities

Interest, including accrued interest and capital gains are not subject to German taxation, unless (i) the Securities form part of the assets of a permanent establishment, including a permanent representative or a fixed base maintained in Germany by the holder of a Security or (ii) the interest income otherwise constitutes German source income, such as income from certain capital investments directly or indirectly secured by real estate located in Germany. If the non-resident of Germany is subject to German taxation with income from the Securities, a tax regime similar to that explained above under "Tax Residents"

applies; capital gains from the sale, transfer, redemption or cancellation of Securities are, however, only taxable in the case of (i).

Non-residents of Germany are, in general, exempt from German withholding tax (plus solidarity surcharge thereon) on interest and capital gains. However, where the interest or the capital gains are subject to German taxation as set forth in the preceding paragraph and the Securities are held in a custodial account with a German Paying Agent withholding tax is levied as explained above at "Tax Residents". For non-residents of Germany such withholding tax is in general a final taxation. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Securities will arise under the laws of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Securities are not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Securities. Currently, net assets tax is not levied in Germany.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise, as Belgium did with effect from 1 January 2010) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland) with effect from the same date.

By legislative regulations dated 26 January 2004 the Federal Government enacted provisions implementing the Directive into German law. These provisions apply from 1 July 2005.

7. ITALIAN TAXATION

The following is a general discussion of certain Italian tax consequences of the acquisition, holding and disposing of Securities. However, each series of Securities may be subject to a different tax treatment due to the specific terms of such Series as set out in the respective Final Terms. The following summary, therefore, does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not consider any specific facts or circumstances that may apply to a particular investor.

This summary regarding taxation is based on the laws of Italy currently in force and as applied on the date of this Base Prospectus, which are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. Prospective Holders of Securities are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Securities.

TAXATION OF NOTES

- (1) Payments of interest and other proceeds on the Notes are subject to different tax treatments based on whether the Notes, based on their specific characteristics as set out in the Final Terms, qualify as:

- (a) bonds or securities similar to bonds; or
- (b) atypical securities.

A.1 Notes qualifying as bonds or securities similar to bonds

Legislative Decree No. 239 of 1 April 1996, as amended (the "**Decree 239**"), regulates the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, hereinafter collectively referred to as "**Interest**") from notes issued, inter alia, by non-Italian resident entities, falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*).

For this purpose, securities similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow any direct or indirect participation to the management of the issuer.

Resident Noteholders

Where an Italian resident Noteholder who is the beneficial owner of the Notes is (i) an individual not engaged in a business activity to which the Notes are effectively connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 20 per cent. (either when the interest is paid by the Issuer, or when payment thereof is obtained by the Noteholder on a sale of the relevant Notes). The *imposta sostitutiva* may not be recovered by the Noteholder as a deduction from the income tax due.

In case the Notes are held by a Noteholder engaged in a business activity and are effectively connected with same business activity, the interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* ("**SIMs**"), fiduciary companies, *società di gestione del risparmio* ("**SGRs**") stock exchange agents and other entities identified by the relevant Decrees of the Ministry of Finance (the "**Intermediaries**").

An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of Interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying Interest to a Noteholder.

The *imposta sostitutiva* does not apply, inter alia, to the following subjects, to the extent that the Notes and the relevant Coupons are deposited in a timely manner, directly or indirectly, with an Intermediary:

- (a) Corporate Noteholders – Where an Italian resident Noteholder is a corporation or a similar commercial entity (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), interest accrued on the Notes must be included in: (i) the relevant Noteholder's yearly taxable income for corporate income tax purposes ("**IRES**"), applying at a rate equal to 27.5 per cent.; and (ii) in certain

circumstances, depending on the "status" of the Noteholder, also in its net value of production for the purposes of regional tax on productive activities ("**IRAP**"). Such interest is therefore subject to general Italian corporate taxation according to the ordinary rules;

- (b) Investment funds – Italian investment funds (which includes *Fondo Comune d'Investimento*, or SICAV, the "**Funds**") from 1 July 2011, are no longer taxed on the increase in value of the managed assets accrued at the end of each year as they were in the past. However, the investors of such Funds shall be subject to a withholding tax in the amount of 20%, levied by the managing company. Such withholding shall be levied on a distribution basis and no longer on an accrual basis and it is applicable both on the proceeds distributed during the life of the fund, and on the amount due in case of closure or redemption of the funds (including in both cases the Interest on the Notes);
- (c) Pension funds – Pension funds (subject to the tax regime set forth by article 17 of the Legislative Decree No. 252 of 5 December 2005, the "**Pension Funds**") are subject to an 11 per cent. substitutive tax on their annual net accrued result. Interest on the Notes is included in the calculation of said annual net accrued result; and
- (d) Real estate investment funds (a "**REIT**") – Under the current regime provided by Law Decree No. 351 of 25 September 2001, converted into law with amendments by Law No. 410 of 23 November 2001, and pursuant to the new rules introduced by Decree Law No. 70 of 13 May 2011, REITs are not subject to any *imposta sostitutiva* at the fund level and any Interest accrued on Notes held by a REIT is not taxable in the hands of the same REIT. However a 20% withholding tax may be applied on distributions made by the REIT, directly on the investors depending on the nature of the relevant investor.

Non-Resident Noteholders

Interest payments relating to Notes received by non-resident beneficial owners (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally not subject to tax in Italy, provided that: (i) the beneficial owners are resident, for tax purposes, in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information, and (ii) all the requirements and procedures set forth in Decree 239 and in the relevant application rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in a timely manner.

Decree 239 also provides for additional exemptions from the *imposta sostitutiva* for payments of Interest in respect of the Notes made to (i) international organisations established in accordance with international agreements ratified in Italy, (ii) institutional investors which are fiscally resident in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information and (iii) Central Banks or entities managing also official state reserves.

B. Notes qualifying as atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) are subject to a withholding tax, levied at the rate of 20 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value. The mentioned withholding tax applies to an Italian resident Noteholder which is: (i) an individual not engaged in a business activity to which the Notes are effectively connected; (ii) a non-commercial partnership; (iii) a non-commercial private or public institution; (iv) an investor exempt from Italian corporate income tax; (v) a Pension Fund; and (vi) a Fund.

Interest payments on Notes made to *Italian resident Noteholders* which are (i) companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), and (ii) commercial partnerships, are not subject to the aforementioned 20 per cent. withholding tax, but the Interest shall also be included in their aggregate income subject to IRES. The 20 per cent. withholding tax may be recovered as a deduction from the income tax due. In certain cases, such Interest may also be included in the taxable net value of production for IRAP purpose.

Interest payments relating to Notes received by *non-Italian resident Noteholders* (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally subject to a withholding tax at 20 per cent. Such withholding may be reduced according to any relevant double tax treaties, if applicable.

- (2) Capital gains arising from the sale or transfer of the Notes are subject to different tax regimes based on the residence status of their Holders.

Resident Noteholders

Pursuant to Legislative Decree No. 461 of 21 November 1997, as amended, a 20 per cent. capital gains tax (the "CGT") is applicable to capital gains realised on any sale or transfer of the Notes for consideration or on redemption thereof by Italian resident individuals (not engaged in a business activity to which the Notes are effectively connected), regardless of whether the Notes are held outside of Italy.

For the purposes of determining the taxable capital gain, any interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

Should the Notes qualify as atypical securities, the relevant capital gain realized upon sale or transfer of the same should in principle be subject to a 20 per cent CGT, however, based on a very restrictive interpretation, the aforesaid capital gains could be subject to a 20 per cent. final withholding tax.

Taxpayers can opt for certain alternative regimes in order to pay the CGT.

In addition, please note the following:

- (a) Corporate investors (including banks and insurance companies): capital gains realised on the Notes by Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) form part of their aggregate income subject to IRES. In certain cases, capital gains may also be included in the taxable net value of production of such entities for IRAP purposes. The capital gains are calculated as the difference between the sale price and the relevant tax basis of the Notes. Upon fulfilment of certain conditions, the gains may be taxed in equal instalments over up to five fiscal years for IRES purposes.

- (b) Funds – Capital gains realised by the Funds on the Notes are subject to a 20 per cent. withholding tax levied by the managing company. Such withholding shall be levied on a distribution basis and no longer on an accrual basis and it is applicable both on the proceeds distributed during the life of the fund, and on the amount due in case of closure or redemption of the funds (including in both cases, any capital gains on the Notes).
- (c) Pension Funds – Capital gains realised by Pension Funds on the Notes contribute to determining the annual net accrued result of the same Pension Funds, which is subject to an 11 per cent. substitutive tax.
- (d) Real Estate Investment Funds – Capital gains realised by Italian Real Estate Investment Funds on the Notes are generally not taxable at the level of the same Real Estate Investment Funds. However, a 20 per cent. withholding tax may be applied on distributions made by the REIT, directly on the investors, depending on the nature of the relevant investor.

Non-Resident Noteholders

Capital gains realised by non-resident Noteholders (not having permanent establishment in Italy to which the Notes are effectively connected) on the Notes are not subject to tax in Italy, provided that the Notes (i) are traded on regulated markets, or (ii) if not traded on regulated markets, are held outside Italy.

TAXATION OF WARRANTS AND CERTIFICATES

A. Securitised derivatives

Warrants, Certificates and other securitised derivatives are subject to Article 67 of Presidential Decree No. 917 of 22 December 1986 and Legislative Decree No. 461 of 21 November 1997, as subsequently amended, where the Italian resident Warrantholder or Certificateholder is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains realised upon sale or exercise of the Securities are subject to a 20 per cent. substitute tax (*imposta sostitutiva*). The recipient may opt for three different taxation criteria:

- (a) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual holding the Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding the Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Carried forward capital losses in excess of capital gains realised prior to 1 January 2012 may be used against capital gains realised in any of the four succeeding tax years limited to 62.5 per cent. of their amount.
- (b) As an alternative to the tax declaration regime, Italian resident individuals holding the Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the "*risparmio amministrato*" regime). Such separate taxation of capital gains is allowed subject to: (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant Warrantholder or Certificateholder. The depository is responsible for accounting for

imposta sostitutiva in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Warrantholder or Certificateholder or using funds provided by the Warrantholder or Certificateholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Capital losses realised prior to 1 January 2012 may be carried forward against capital gains realised after such date within the same securities management, according to the same conditions above described, limited to 62.5 per cent. of their amount. Under the *risparmio amministrato* regime, the Warrantholder or Certificateholder is not required to declare the capital gains in the annual tax return.

- (c) Any capital gains realised by Italian resident individuals holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 20 per cent. substitute tax, to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any decrease in value of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Any decrease in value of the managed assets accrued until 31 December 2011 may be carried forward against increase in value of the managed assets accrued after such date limited to 62.5 per cent. of their amount. Under the *risparmio gestito* regime, the Warrantholder is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident Warrantholder or Certificateholder is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, income arising from the Warrants or Certificates will not be subject to *imposta sostitutiva*, but must be included in the relevant Warrantholder's or Certificateholder's income tax return and are therefore subject to Italian corporate tax.

Income realised by non-Italian resident Warrantholders or Certificateholders is not subject to Italian taxation, provided that the Warrants or Certificates are held outside of Italy.

B. Atypical securities

Securities that cannot be qualified as securitised derivatives under Article 67 of *Testo Unico Imposte sui Redditi* (Presidential Decree No. 917 of 22 December 1986) and, under a different interpretation of current tax law, Certificates could be considered as 'atypical' securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as implemented by Law No. 649 of 25 November 1983. In this event, payments relating to Certificates may be subject to an Italian withholding tax, levied at the rate of 20 per cent.

The withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of the Certificates and to an Italian resident holder of the Certificates which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution.

The withholding is levied by the Italian intermediary appointed by the Issuer, intervening in the collection of the relevant income or in the negotiation or repurchasing of the Certificates.

PAYMENTS MADE BY BNL AS GUARANTOR

There is no express position of the Italian tax authorities on the tax treatment applicable on payments performed by a guarantor in lieu of the Issuer.

In principle, whilst payments made by the Italian Guarantor to the Holders of Securities in order to refund the amount invested in the Securities should not give rise to any tax liability since they do not qualify as payments of income, payments made by the Italian Guarantor to the Holders of Securities in relation to interest and other proceeds due on the Securities by the Issuer, may give rise to Italian tax liability.

According to a certain interpretation of Italian tax law, payments of interest performed by the Guarantor would have the same legal nature of that originally payable by the Issuer and thus could be treated, in certain circumstances, as a payment made by the Issuer and thus be subject to the tax regime described in the previous paragraphs. Conversely, according to a different interpretation of the law the payments performed by the Guarantor change the nature of the amounts due since the Guarantor pays the relevant amount in relation to a different and new legal cause and thus the relevant tax treatment of the payments shall be examined based on such new legal cause and on the nature and residence of the recipient."

PAYMENTS MADE BY A NON RESIDENT GUARANTOR (IF APPLICABLE)

With respect to payments made to Italian resident Securityholders by a non-Italian resident Guarantor (if applicable), in accordance with one interpretation of Italian tax law, any such payment made by the non-Italian resident Guarantor could be treated, in certain circumstances, as a payment made by the Issuer and would thus be subject to the tax regime described in the previous paragraphs.

STAMP DUTY

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the Securities deposited therewith. The stamp duty applies at a rate of 0.1 per cent. for year 2012 and at 0.15 per cent. for subsequent years (possible amendments to the applicable rates may be set forth by the 2014 Budget Law, that to-date has not been approved yet); this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held. The stamp duty can be no lower than EUR 34.20 and it cannot exceed EUR 4,500 for non-individual holders of securities only.

Based on the interpretation of the law, it may be understood that the stamp duty applies both to Italian resident and non-Italian resident Holders of Securities, to the extent that the Securities are held with an Italian based financial intermediary.

WEALTH TAX ON SECURITIES DEPOSITED ABROAD

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Securities outside Italian territory are required to pay an additional tax at a rate of 0.15 per cent. from fiscal year 2013.

This tax is calculated on the market value of the Securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the state where the financial assets are held (up to an amount equal to the Italian wealth tax due).

TAX MONITORING

Pursuant to Law Decree No. 167 of 28 June 1990, converted by Law No. 227 of 4 August 1990, as recently amended by Law No. 97 of 6 August 2013, in force since 4 September 2013, individuals resident in Italy who, at the end of the fiscal year, are the effective beneficial owners of foreign (i.e. non-Italian) investments or financial activities must, in certain circumstances, disclose the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return).

TRANSFER TAXES

Article 37 of Law Decree No 248 of 31 December 2007, converted into Law No. 31 of 28 February 2008, published on the Italian Official Gazette No. 51 of 29 February 2008, has abolished the Italian transfer tax, provided for by Royal Decree No. 3278 of 30 December 1923, as amended and supplemented by the Legislative Decree No. 435 of 21 November 1997.

Following the repeal of the Italian transfer tax, as from 31 December 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of EUR 168; (ii) private deeds are subject to registration tax only if a case of use occurs or in case of voluntary registration.

FINANCIAL TRANSACTION TAX

Pursuant to Article 1, para. 491 and followings of Law No. 228 of 24 December 2012, the Italian Parliament introduced a financial transaction tax ("**FTT**") which applies to (a) the transfer of ownership of shares and other participating securities issued by Italian resident companies or of financial instruments representing the just mentioned shares and/or participating securities (irrespective of whether issued by Italian resident issuers or not) (the "**Relevant Securities**"), (b) transactions on financial derivatives (i) the main underlying assets of which are the Relevant Securities, or (ii) whose value depends mainly on one or more Relevant Securities, as well as to (c) any transactions on the securities (as set forth by article 1, paragraph 1-bis, letters c) and d), of the Legislative Decree No. 58 of 24 February 1998) (iii) which allow to mainly purchase or sell one or more Relevant Securities or (iv) implying a cash payment determined with main reference to one or more Relevant Securities.

Warrants and certificates are expressly included in the scope of application of the FTT if they meet the requirements set out above.

With specific reference to the transactions on securitised derivatives on the Relevant Securities (such as the warrants) the FTT is due, as of 1 July 2013, regardless of the tax residence of the parties and/or where the transaction is executed.

The FTT is levied at a fixed amount that varies depending on the nature of the relevant instrument and the notional value of the transaction, and ranges between EUR 0.01875 and EUR 200 per transaction. The amount of FTT payable is reduced to 1/5 of the standard rate in case the transaction is performed on regulated markets or multilateral trading facilities of an EU Member States and of the SEE, included in the so-called white list to be set out by a to-be-issued Ministerial Decree pursuant to Article 168-bis of Presidential Decree No. 917 of 22 December 1986 (for the time being reference shall be made to countries not qualifying as black list countries for Italian tax purposes).

In the case of physical settlement, the FTT is also due upon transfer of ownership rights of the underlying Relevant Securities.

The FTT on derivatives is due by each of the parties to the transactions. The FTT is not applied where one of the parties to the transaction is the European Union, the BCE, central banks of the EU Member States, foreign Central Banks or entities which manage the official reserves of a foreign State, or international bodies or entities set up in accordance with international agreements which have entered into force in Italy. Further specific exemptions exist, inter alia, for (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) intragroup transfers of the Relevant Securities.

The FTT shall be levied, and subsequently paid, to the Italian Revenue by the subject (generally a financial intermediary) that is involved, in any way, in the performance of the transaction. If more than one subject is involved in the execution of the transaction, the FTT is payable by the subject who receives the order of execution by the ultimate purchaser or counterparty. Intermediaries that are not resident in Italy but are liable to collect the FTT from the taxpayers and to pay it to the Italian Revenue can appoint an Italian tax

representative for the purposes of the FTT. If no intermediary is involved in the performance of the transaction, the FTT must be paid directly by the taxpayers.

The Italian Ministry of Economy and Finance Decree dated 21 February 2013 set out the main implementation rules of the FTT, but further regulations and implementing provisions, which may also have an impact on some of the above mentioned provisions, are expected to be issued in the coming months by the Chairman of the Tax Authorities. Therefore prospective Holders of Warrants and Certificates are advised to consult their own tax advisers also on such aspects.

INHERITANCE AND GIFT TAXES

Pursuant to Law Decree No. 262 of 3 October 2006, ("**Decree No. 262**"), converted into Law No. 286 of 24 November, 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding EUR1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding EUR100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April, 2005. Under such Decree, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

8. BELGIAN TAXATION

Prospective Holders of securities are advised to consult their own advisers as to the tax consequences of the purchase, ownership and disposal of securities, including the effect of any taxes under Belgian law. The present overview is only general information, which is not intended to deal with specific aspects of an investment in Notes, Warrants and/or Certificates. Potential investors are recommended to consult their tax adviser on basis of their own particular situation.

Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise, as Belgium already did with effect from 1 January 2010) to operate a

withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland adopted similar measures (a withholding system in the case of Switzerland) with effect from the same date.

If Luxembourg applies a withholding tax under the EC Council Directive 2003/48/EC with respect to an interest payment in favour of a Belgian resident individual, the latter can obtain a tax credit in Belgium, provided that he reports the withheld tax in his personal income tax return (see in this respect: Circular letter of 8 July 2005). If the withholding tax exceeds the Belgian taxpayer's tax liability, it is reimbursable.

Belgian income taxes

A. Notes

The following summary describes the principal Belgian tax considerations with respect to the holding of Notes acquired by an investor in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

Belgian resident individual private investors

The following tax treatment applies to individual Belgian residents, subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*). Other rules can however apply in special situations: when Notes are linked to the private investor's professional activity or when the taxpayer's transactions with respect to the Notes fall outside the scope of the normal management of their private estate.

Generally speaking, any amount paid by the Issuer in excess of the issuance price of the Notes at the maturity date or at early redemption, is taxable as interest.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 25% withholding tax in Belgium. However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any foreign withholding tax) has to be declared in the personal income tax return and will be taxed at the rate of 25%.

In the viewpoint of the Belgian tax administration, structured notes always qualify as "fixed income securities" (Circular letter of 25 January 2013, n° 7). However, please be aware that depending on the characteristics, arguments are available to challenge this viewpoint of the Belgian tax administration; e.g. where the noteholder does not have any guarantee that the principal will be recovered and is not entitled to a guaranteed return either (this may e.g. be the case with fund linked notes if both the amount of principal and interest payable are dependent on the price or changes in the price of units or shares in a fund), it is arguable that such notes do not qualify as fixed income securities.

If the Notes qualify as fixed income securities in the meaning of article 2, § 4 Belgian Income Tax Code, the interest income of the Notes is taxable in the hands of each successive noteholder based upon the duration that they have been holding the Notes. This implies that the Noteholders cannot avoid taxation by selling the Note before maturity or before redemption by the Issuer. According to the tax administration, the relevant taxable event occurs at the moment of sale if the Noteholder transfers the Note to someone other than the Issuer. At this moment in time, no withholding tax is due, but the investor will have the duty to report his portion in the accrued interest in his personal income tax return (Circular letter of 25 January 2013, n° 12, 14). However, the viewpoint of the tax administration is criticized by the majority of the commentators and it has already been overruled in a decision of the Court of Antwerp (decision of 12

March 2002). According to the majority of the authors and the Court of Antwerp, the taxable event can only occur when the note is reimbursed to the final noteholder by the issuer. Before that moment in time, there is no certainty whether there actually is a taxable movable income.

Capital gains realised on the sale of the Notes, except for the share of such amount which represents accrued interest in the case of fixed income Securities, are in principle tax exempt. Capital gains will however incur taxation at 33 per cent. if they are realised in a way which exceeds "the normal management of one's private estate". Taxation of capital gains will also occur if the Notes are held by the investor as assets of his professional activity (taxation at the marginal rate). If the Notes are repurchased (whether or not on the maturity date) by the Issuer, the capital gain is taxable as interest at a rate of 21 per cent. and may also be subject to the additional tax of 4 per cent. as described above.

Tax treatment in the hands of Belgian corporations

Corporate Noteholders who are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*) and who do not qualify for a special corporate tax regime (e.g. Sicavs, pension funds etc.) are subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian corporate investors on the Notes and capital gains on the Notes will be subject to Belgian corporate income tax of 33.99 per cent. Realised capital losses are in principle deductible. Moreover, the tax deductibility of unrealized capital losses can be argued provided that the Noteholder (i) does not have any guarantee that the invested amount will be recovered and (ii) does not have any guaranteed return either (eg, this situation may occur with Underlying Reference Linked Notes if both the amount of principal and interest payable are dependent on the price or changes in the price of units or shares in a fund, shares or an index etc).

Interest payments to a Belgian company made through a paying agent in Belgium may qualify for exemption from withholding tax provided the Note qualifies as similar to a bond loan and provided a certificate is delivered (articles 108 and 117, § 12 R.D./I.T.C.). When Belgian withholding tax was levied, such withholding tax is creditable against the corporate income tax due and reimbursable provided the legal requirements for a credit being made are met.

Other legal entities

Legal entities who are Belgian residents for tax purposes and who are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*) are subject to the following tax treatment with respect to the Notes.

Any amount paid by the Issuer in excess of the issue price of the Notes at the maturity date or subsequent to early redemption is taxable as interest.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest. If the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the application of Belgian withholding tax, the legal entity itself is responsible for the payment of 25 per cent. withholding tax.

If the Notes qualify as fixed income securities in the meaning of article 2, § 4 I.T.C., Belgian legal entities are taxable on the proportion of accrued interest which corresponds to the interest which has accrued during the period in which the Notes are held in case of a realisation of the Notes between two interest payment dates or before maturity / repayment by the Issuer.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the Notes are repurchased by the Issuer (in which case the capital gain is taxable as interest) and except for the proportion of accrued

interest which has accrued during the period in which the Notes are held in the case of fixed income securities, which is subject to Belgian withholding tax (25%), whereby the latter is due by the legal entity itself on basis of article 262, 5° I.T.C.

Special tax regimes

Under Belgian tax law, a number of entities such as qualifying pension funds and qualifying investment companies enjoy a special tax regime, whereby income out of investments (such as interest income and capital gains) is not taken into account for determining the taxable basis.

Non-resident investors

The interest income on the Notes paid through a Belgian intermediary will in principle be subject to a 25 per cent. withholding tax subject to such relief as may be available under applicable domestic and tax treaty provisions. However, an exemption is available under Belgian domestic provisions in case of payment of interest on the Notes through a (financial) intermediary established in Belgium, provided that such (financial) intermediary qualifies as a recognized credit institution, exchange company or clearing or settlement institution and pays the interest to non-resident beneficial owners directly, on the condition that such non-resident beneficial owner certifies that he or she (i) is a non-resident for Belgian income tax purposes, (ii) has not held the Notes as part of a taxable business activity in Belgium, and (iii) is the legal owner, or holds the usufruct of the Notes (art 230, 2°, b) ITC/92).

Moreover, the following exemptions apply in particular circumstances:

- i) An exemption is available under Belgian domestic provisions in case of payment of interest on the Notes through a (financial) intermediary established in Belgium, provided that such (financial) intermediary qualifies as a recognized credit institution, stock exchange company or clearing or settlement institution and pays the interest to certain qualifying credit institutions, financial intermediaries, clearing and settlement institutions or portfolio management companies established outside of Belgium, referred to in Article 261, par. 4 ITC/92).
- ii) A second exemption is available under Belgian domestic provisions in case of payment of interest on the Notes through a (financial) intermediary established in Belgium, provided that such (financial) intermediary qualifies as a recognized credit institution, stock exchange company or clearing or settlement institution and pays the interest to non-qualifying intermediaries, on the condition that such non-qualifying intermediary certifies that the beneficial owners (i) are non-residents for Belgian income tax purposes, (ii) have not held the Notes as part of a taxable business activity in Belgium, and (iii) are the legal owners, or hold the usufruct of the Notes (art 264bis ITC/92).
- iii) Depending on facts and circumstances, specific exemptions may apply on basis of the Royal Decree implementing the Income Tax Code.

Non-resident companies or professionals who use the debt instruments to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident companies or Belgian professionals.

B. Warrants

The following summary describes the principal Belgian withholding tax considerations with respect to the holding of Warrants obtained by an investor following this offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the

Warrants. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly with retroactive effect, and the interpretation of the tax rules may change.

Belgian resident individual investor

The following tax treatment applies to individual Belgian residents, subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*). Other rules can however apply in special situations, e.g. when Warrants are linked to a private investor's professional activity.

There are no income taxes due on the gains received by a Warrantholder through the sale of Warrants or the exercise of Warrants, provided that (a) the Warrants or assets qualify as portfolio income, and (b) the gains were made within the normal management of the investor's estate (as set forth in article 90, 1° Belgian Income Tax Code).

If one or both of the aforementioned conditions are not met, the situation is the following (a) gains on a sale of warrants are taxable at the rate of 33 per cent. (to be increased with communal surcharges) and (b) gains on the exercise of a Warrant may be taxable (e.g. in the case of a Put Warrant) at the rate of 33 per cent (to be increased with communal surcharges).

The tax implications of the holding or sale of assets acquired through the exercise of Warrants depend on the nature of those assets.

Tax treatment in the hands of Belgian corporations

The gains received by Warrantholders through the sale of the Warrants are subject to corporate income tax. The losses on the Warrants are in principle tax deductible.

The premium paid by a Warrantholder in respect of a Call Warrant is recorded on the balance sheet of the corporate investor. If the investor acquires shares subsequent to the exercise of a Warrant, the Warrant premium is added to the Strike Price for determining the value of the acquired shares.

The tax implications of (a) gains obtained by Warrantholders subsequent to the sale of assets which were acquired through the exercise of a Call Warrant and (b) gains subsequent to the exercise of a Put Warrant, depend on the nature of the asset.

Other legal entities

Legal entities who are Belgian residents for tax purposes and who are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*) are not taxed on gains obtained through the sale of Warrants or the exercise of Warrants.

The tax implications of holding or sale of assets acquired through the exercise of Warrants depend on the nature of those assets.

Important note

Depending on facts and circumstances (e.g. in situations where a Warrant is cash settled), a Warrant may trigger taxable interest should the Warrant itself be (re-)characterised as some kind of a receivable. In such case, the Warrantholder may be taxed on any income derived from the Warrant according to the rules applicable to Notes.

Such (re-)characterization has in particular important fiscal consequences in the hands of a Belgian resident individual shareholder and in the hands of "other legal entities", as it may imply that any income derived from the Warrant is taxable at interest at the rate of 25 per cent.

C. Certificates

The following summary describes the principal Belgian tax considerations with respect to the holding of Certificates obtained by an investor following this offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Certificates. Moreover, the Belgian tax regime described below only applies if the Certificates can be regarded to qualify as claim rights for Belgian tax purposes. Depending on the specific characteristics of the Certificate, different rules may apply. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

This summary does not describe the tax consequences for a holder of Certificates that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Certificates and/or any tax consequences after the moment of exercise, settlement or redemption. Each prospective holder of Certificates should consult a professional adviser with respect to the tax consequences of an investment in the Certificates, taking into account the influence of any applicable rules.

Belgian resident individual investor

Individuals who are Certificate holders and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*personenbelasting*"; "*impôt des personnes physiques*"), are subject to the following tax treatment with respect to the Certificates in Belgium.

Other rules may be applicable in special situations, in particular when individuals resident in Belgium acquire the Certificates for professional purposes or when their transactions with respect to the Certificates fall outside the scope of the normal management of their own private estate, or should the Certificates not qualify as "portfolio values".

Payments of interest on the Certificates made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). For Belgian tax purposes, interest includes any amount paid by the Issuer in excess of the issuance price of the Certificates (e.g. at the redemption date or at early redemption). When withholding tax was applied, the Belgian resident investor no longer has the duty to report the interest in his personal income tax return.

Capital gains realised on the sale of the Certificates to a Party other than the Issuer, except in respect of that part of the sale price attributable to the pro rata interest component, are in principle tax exempt, provided that (i) the Certificates qualify as "portfolio values", and (ii) the capital gain results from a normal management of one's private estate. Capital losses on the Certificates are generally not tax deductible.

Tax treatment in the hands of Belgian corporations

Corporations or legal entities subject to Belgian corporate tax and who qualify as Belgian residents for tax purposes are subject to the following tax treatment with respect to the Certificates in Belgium.

Interest received by Belgian corporate investors on the Certificates and capital gains realised on the Certificates will be subject to Belgian corporate income tax of 33.99 per cent. Realised capital losses are in principle deductible. Interest payments on the Certificates made through a paying agent in Belgium may under certain circumstances qualify for exemption from withholding tax. The withholding tax that has been levied is creditable in accordance with the legal provisions.

Other legal entities

Non-corporate legal entities who are Belgian residents for tax purposes and who are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*") are subject to the following tax treatment with respect to the Certificates in Belgium.

Payments of interest on the Certificates made through a paying agent in Belgium will in principle be subject to a 25 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of the 25 per cent. withholding tax.

Capital gains realised on the sale of the Certificates to a party other than the Issuer, except in respect of that part of the sale price attributable to the pro rata interest component, are in principle tax exempt.

Capital losses on the Certificates are generally not tax deductible.

Tax on Stock Exchange Transactions

The sale and purchase of Notes on the secondary market through a professional Belgian intermediary are subject to 0.09 per cent. tax on stock exchange transactions in Belgium. This tax applies to both the acquisition and the sale of the Notes. It is capped at €650 per transaction and per party.

However, with respect to notes for which it is questionable that they can be regarded as "bonds" for the application of Belgian tax law, e.g. if the Noteholder does not have any guarantee that the principal will be recovered (this may e.g. be the case with fund etc. linked notes), such notes may not qualify for the 0.09% rate and may fall under the scope of the 0.25% rate.

The sale and purchase on the secondary market of Warrants through a professional Belgian intermediary is subject to a 0.25 per cent. tax on stock exchange transactions on the price, capped at €740 per transaction and per party.

The sale and purchase on the secondary market of Certificates through a professional Belgian intermediary will be either subject to tax on stock exchange transactions at the rate of 0.25 per cent. (capped at €740) or 0.09 per cent. (capped at €650) depending on the characteristics of the Certificate.

The acquisition of Securities pursuant to their issuance is not subject to the tax.

Transactions carried out by a number of investors for their own account are exempt:

- intermediaries as mentioned in article 2, 9° and 10° of the Law of 2 August 2002 on the supervision of the financial sector and financial services;
- insurance companies as mentioned in article 2, §1 of the Law of 9 July 1975 on the supervision of insurance companies;
- pension funds (*instellingen voor bedrijfspensioenvoorziening / institutions de retraite professionnelle*) as mentioned in article 2, 1° of the Act of 27 October 2006 on the supervision of pension funds;
- UCITS; and
- non-residents (subject to an affidavit of non-residency).

Financial Transaction Tax

On 14 February 2013, the European Commission has adopted a Proposal for a Council Directive implementing enhanced cooperation in the area of financial transaction tax. Contrary to Luxembourg, Belgium participates in this initiative.

This Proposal Directive is still to be formally adopted by the European institutions. Moreover, once adopted, the Directive will still have to be implemented into the internal legislation of the Member-States.

Based on the information available at present, the sale and purchase of securities on the secondary market will generally speaking trigger financial transaction tax, provided that at least one party to the transaction is located in (a participating Member State such as) Belgium, and that a financial institution established in the territory of a participating Member State is party to the transaction, acting either for its own account, or for the account of another person, or is acting in the name of a party to the transaction. As far as the latter condition is concerned, the proposal for a Council Directive provides specific rules. It is expected that if the financial transaction tax will in the end be adopted, it should replace the actual Belgian Stock Exchange Tax, which may e.g. imply that one will abandon the current regime whereby the level of the tax is capped at e.g. €650 or €740 per transaction. Moreover, it is expected that an important number of exemptions that currently apply with respect to the Belgian Tax on Stock Exchange Transactions, will no longer apply once the Financial Transaction Tax will have been implemented.

Tax on the physical delivery of bearer securities

Since Belgian legislation provides a ban on the physical delivery of bearer securities since January 1st 2008 (article 4 of the Act of 14 December 2005), the tax of 0.60 per cent. on the physical delivery of bearer securities in Belgium will not be applicable.

Gift tax and inheritance tax

Belgian tax legislation provides both gift tax and inheritance tax.

The rates vary depending on the Region in which the donator or the deceased has/had his residence (Brussels Region, Flemish Region, Walloon Region).

SUBSCRIPTION, SALE AND TRANSFER RESTRICTIONS

The Dealers have, in a dealer agreement (the "**Dealer Agreement**", which expression includes the same as it may be updated or supplemented from time to time) dated 6 February 2009 as most recently amended and restated on 27 November 2013, agreed with the Issuer a basis upon which they (or any one of them) may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under "Form of the Notes", in the Terms and Conditions of the Notes, in the Terms and Conditions of the Warrants and in the Terms and Conditions of the Certificates above. In the Dealer Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Securities under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

The following selling restrictions may be modified by the Issuer and the relevant Dealer(s) following a change in the relevant law, regulation or directive and in certain other circumstances as may be agreed between the Issuer and the relevant Dealer(s). Any such modification will be set out in a Supplement to this Base Prospectus and (if applicable) the syndication agreement in respect of the Series (and/or Tranche, as the case may be) to which it is related.

Selling Restrictions: Jurisdictions outside the European Economic Area

United States

Selling Restrictions

Neither the Securities, the Guarantee nor any Entitlement to be delivered upon the exercise of Physical Delivery Warrants have been or will be registered under the Securities Act or under any state securities laws, and may not be offered, sold, delivered or exercised within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act. Trading in the Securities has not been approved by the Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver such Securities (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer of all Securities of the Series (and/or Tranche, as the case may be) of which such Securities are a part only in accordance with Rule 903 of Regulation S under the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Securities during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Securities within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulations S under the Securities Act.

In this regard, with respect to Notes represented by temporary global Notes and permanent global Notes, each Dealer and each other Dealer or purchaser (as the case may be) has represented and agreed, and each additional Dealer appointed under the Programme will be required to represent and agree, that in addition to the relevant U.S. securities selling restrictions set forth herein:

- (a) except to the extent permitted under U.S. Treas. Reg. §1.163 5(c)(2)(i)(D) or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code (the "**TEFRA D Rules**"), (x) it has not offered or sold, and during the restricted period it will not offer

or sell, Notes in bearer form to a person who is within the United States or its possessions or to a United States person and (y) such Dealer has not delivered and agrees that it will not deliver within the United States or its possessions definitive Notes in bearer form that will be sold during the restricted period;

- (b) it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that Notes in bearer form may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person (except to the extent permitted under the TEFRA D Rules);
- (c) if it is a United States person, it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance, and if it retains Notes in bearer form for its own account, it will do so in accordance with the requirements of the TEFRA D Rules;
- (d) with respect to each affiliate or distributor that acquires Notes in bearer form from the Dealer for the purpose of offering or selling such Notes during the restricted period, the Dealer either repeats and confirms the representations and agreements contained in subclauses (a), (b), and (c) above on such affiliate's or distributor's behalf or agrees that it will obtain from such affiliate or distributor for the benefit of Issuer the representations and agreements contained in such subclauses; and
- (e) it has not and agrees that it will not enter into any written contract (other than confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Dealer) has offered or sold, or during the restricted period will offer or sell, any Notes in bearer form except where pursuant to the contract the Dealer has obtained or will obtain from that party, for the benefit of Issuer and the Dealer, the representations contained in, and that party's agreement to comply with, the provisions of subclauses (a), (b), (c) and (d).

Terms used in this section shall have the meanings given to them by the Internal Revenue Code and the regulations thereunder, including the TEFRA D Rules.

On March 18, 2010, the Hiring Incentives to Restore Employment Act (the "**HIRE Act**") was signed into law by President Barack Obama, which, among things, repeals certain provisions of the TEFRA D Rules that may be relied upon with respect to bearer debt instruments that are originally issued after March 18, 2012. Bearer notes that are originally issued on or before March 18, 2012, however, are not subject to this change in law. Notes which are represented by temporary global Notes and permanent global Notes issued after 18 March 2012 are expected to be issued in compliance with requirements existing at the time of such issue which are generally expected to be identical to those contained in the TEFRA D Rules with the intention that such Notes will constitute "foreign targeted obligations" and will thus be exempt from Section 4701 of the Internal Revenue Code of the United States under the HIRE Act.

Until 40 days after the commencement of the offering of any Series of Securities, an offer or sale of such Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issuance of Securities, whether linked to an Underlying Reference, Physical Delivery Notes or Physical Delivery Warrants or otherwise, as the case may be, shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Securities, which additional selling restrictions shall be set out in the applicable Final Terms.

Transfer Restrictions

Each purchaser of Notes, Warrants and Certificates will be deemed to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Regulation S are used herein as defined therein):

- (a) that it is outside the United States and is not a U.S. person;

- (b) in the case of Warrants and Exercisable Certificates, that the Warrants may not be exercised in the United States or by or on behalf of a U.S. person. In addition, a person exercising a Warrant, may be required by the Issuer to deliver additional documents for compliance with Regulation S and the securities laws of the United States, which documents may include, the delivery by such person of either (i) a certificate to the effect that the person exercising the Warrant is not a U.S. person and the Warrant is not being exercised on behalf of a U.S. person or (ii) a written opinion of counsel to the effect that the Warrant and the securities delivered upon exercise thereof have been registered under the Securities Act or are exempt from registration thereunder;
- (c) that the Securities are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Securities have not been and will not be registered under the Securities Act or any other applicable U.S. state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;
- (d) that Securities offered outside the United States in reliance on Regulation S will be represented by one or more, in the case of Notes, Registered Global Notes or, in the case of Warrants, Registered Global Warrants or, in the case of Certificates, Registered Global Certificates;
- (e) that if it should resell or otherwise transfer the Securities prior to the expiration of the distribution compliance period (defined as 40 days after the completion of the distribution of the Securities, as determined and certified by the relevant Dealer), it will do so only (a) outside the United States in compliance with Rule 903 or 904 under the Securities Act or (b) in accordance with all applicable U.S. State and Federal securities laws; and it acknowledges that the global Notes, Global Warrants and Global Certificates will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THE [NOTES REPRESENTED BY THIS SECURITY]/[WARRANTS REPRESENTED BY THIS SECURITY AND SECURITIES TO BE ISSUED UPON ITS EXERCISE]/[CERTIFICATES REPRESENTED BY THIS SECURITY] HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE US SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE US STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE [OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, US PERSONS]/ [OFFERED, SOLD OR EXERCISED WITHIN THE UNITED STATES OR TO, BY, OR FOR THE ACCOUNT OR BENEFIT OF, US PERSONS] EXCEPT PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. THIS LEGEND SHALL CEASE TO APPLY UPON THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER THE COMPLETION OF THE DISTRIBUTION OF ALL THE [NOTES OF THE TRANCHE OF WHICH THIS NOTE FORMS PART]/[WARRANTS OF THE TRANCHE OF WHICH THIS WARRANT FORMS PART BUT SHALL CONTINUE TO APPLY IN RESPECT OF THE EXERCISE OF SUCH WARRANT]/[CERTIFICATES OR THE TRANCHE OF WHICH THIS CERTIFICATE FORMS PART]."; and

- (f) that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Securities as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

Selling Restrictions: Jurisdictions within the European Economic Area

Public Offer Selling Restrictions under the Prospectus Directive

Please note that, in relation to EEA States, additional selling restrictions may apply in respect of any specific EEA State, including those set out below in relation to the United Kingdom, France, Belgium, Spain, Germany, The Grand Duchy of Luxembourg, The Netherlands, Czech Republic and the Republic of Italy.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other Dealer will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to article 3 of the Prospectus Directive or supplement a prospectus pursuant to article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Securities to the public**" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

United Kingdom

In relation to each Tranche of Securities, each Dealer subscribing for or purchasing such Securities has represented to, warranted and agreed with, and each further Dealer appointed under the Programme and each other Dealer will be required to represent to, warrant and agree with, the Issuer and the Guarantor (if applicable), that:

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA does not or, in the case of the Guarantor (if applicable), would not, if it was not an authorised person, apply to the Issuer or the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom.

Republic of Italy

The offering of the Securities has not been registered and will not be registered with the Italian Financial Regulator (*Commissione Nazionale per le Società e la Borsa* or "**CONSOB**") pursuant to Italian securities legislation and, accordingly, the Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other Dealer will be required to represent and agree, that no Securities may be offered, sold, promoted, advertised or delivered, directly or indirectly, to the public in the Republic of Italy, nor may copies of this Base Prospectus, any Final Terms or any other document relating to the Securities be distributed, made available or advertised in the Republic of Italy, except:

- (1) if it is specified within the relevant Final Terms that a non-exempt offer may be made in the Republic of Italy, that each Dealer may offer, sell or deliver Securities or distribute copies of any prospectus relating to such Securities, provided that such prospectus has been (i) approved in another Relevant Member State and notified to CONSOB, and (ii) completed by final terms (if applicable) expressly contemplating such non-exempt offer, in an offer of financial products to the public in the period commencing on the date of approval of such prospectus, in accordance with the Prospectus Directive, as implemented in the Republic of Italy under the Italian Legislative Decree No. 58 of 24th February, 1998 as amended from time to time (the "**Italian Consolidated Financial Act**") and CONSOB Regulation No. 11971 as amended from time to time ("**CONSOB Regulation No. 11971**"), until 12 months after the date of approval of such prospectus; or
- (2) to "**Qualified Investors**" (*Investitori Qualificati*) as defined pursuant to article 100, paragraph 1(a) of Italian Consolidated Financial Act, and in article 34-*ter*, paragraph 1(b) of CONSOB Regulation No. 11971; or
- (3) in any other circumstances where an express applicable exemption from compliance with the restrictions on the "**offer of financial products to the public**" applies, as provided under the Italian Consolidated Financial Act and/or CONSOB Regulation No. 11971 and any other applicable laws and regulations.

Any such offer, sale or delivery of the Securities or distribution of copies of this Base Prospectus, any Final Terms or any other document relating to the Securities in the Republic of Italy under (1), (2) or (3) above must be:

- (a) made by an investment firm, bank or financial intermediary - an "**authorised entity**" (*soggetto abilitato*) - permitted to conduct such activities in the Republic of Italy in accordance with the Italian Consolidated Financial Act, the Italian Legislative Decree No. 358 of 1st September, 1993 as amended from time to time (the "**Italian Consolidated Banking Act**") and CONSOB Regulation No. 16190 of 29th October, 2007 (as amended from time to time); and
- (b) in compliance with any other applicable laws and regulations or requirement or limitation which may be imposed from time to time by CONSOB or the Bank of Italy or any other Italian competent authority.

Provisions relating to the secondary market in Republic of Italy

Investors should also note that, in accordance with article 100-bis of the Italian Consolidated Financial Act:

- (a) if any of the Securities have been initially placed pursuant to an exemption to publish a prospectus, the subsequent distribution of such Securities on the secondary market in Italy which is not carried out under an exemption pursuant to (2) or (3) must be made in compliance with the rules on offer of securities to the public provided under the Italian Consolidated Financial Act and CONSOB Regulation No. 11971;
- (b) if any of the Securities which have been initially placed with Qualified Investors in Italy or abroad and such Securities are then systematically resold to non-Qualified Investors at any time in the 12 months following such placing, such resale would qualify as an offer of securities to the public if

no exemption under (3) above applies. Where this occurs, if a prospectus compliant with the Prospectus Directive has not been published, purchasers of such Securities (who are acting outside of the course of their business or profession) may be entitled to obtain that the resale is declared null and void and the authorised entities ("*soggetti abilitati*" as defined in the Italian Consolidated Financial Act) transferring the Securities may be held liable for any damages suffered by the purchasers; and

- (c) any intermediary subsequently reselling the Securities is entitled to rely upon the prospectus published by the issuer or the person responsible for drawing up a prospectus as long as this is valid, duly supplemented in accordance with the Italian Consolidated Financial Act and CONSOB Regulation No. 11971 and provided that the issuer or the person responsible for drawing up a prospectus gives its written consent to its use.

Spain

Neither the Securities nor this Base Prospectus have been approved or registered in the administrative registries of the Spanish Securities Markets Commission (*Comisión Nacional del Mercado de Valores*). Accordingly, the Securities may not be offered, sold or re-sold in Spain except in circumstances which do not constitute a public offering of securities in Spain (or which otherwise qualify as a permitted exception) within the meaning of Article 30-bis of the Spanish Securities Market Law of July 28, 1988 (*Ley 24/1988, de 28 de julio, del Mercado de Valores*) as amended and restated (the "**Spanish Securities Market Law**") and Royal Decree 1310/2005 of 4 November (*Real Decreto 1310/2005 de 4 de noviembre*), and supplemental rules enacted thereunder or in substitution thereof from time to time, but the Securities may be offered or sold in Spain in compliance with the requirements of the Spanish Securities Market Law as amended and restated and any regulations developing it or in substitution thereof which may be in force from time to time.

Germany

The Securities are subject to restrictions provided in the German Securities Prospectus Act (*Wertpapierprospektgesetz*) and any other laws of Germany governing the issue, offering and sale of securities. The Netherlands

A. Applicable to all Securities

Each Dealer represents and agrees that the Securities (or any interest therein) may not, directly or indirectly, be offered, sold, pledged, delivered or transferred in The Netherlands, on their issue date or at any time thereafter and neither the Base Prospectus nor any other document in relation to any offering of the Securities (or any interest therein) may be distributed or circulated in The Netherlands:

- (a) other than to qualified investors ("**QIs**") (*gekwalificeerde beleggers*) within the meaning of the Dutch Financial Supervision Act (*Wet op het financieel toezicht*) and provided that these parties acquire the relevant Securities for their own account or that of another QI; or
- (b) unless relating to Securities with a minimum denomination of at least €100,000; or
- (c) unless the Securities can only be acquired in units comprising several Securities against a purchase price of at least €100,000 (or the equivalent in other currency) per unit.

B. Specific to Zero Coupon Notes

Notes which qualify as savings certificates as defined in the Savings Certificates Act (*Wet inzake spaarbewijzen*) ("**SCA**") may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due compliance with the SCA and its implementing regulations, provided that no mediation is required in respect of:

- (a) the initial issue of those Notes to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Notes, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

Accordingly, each Dealer has represented and agreed that it (i) has mentioned and shall mention the relevant selling restriction on all offers, offer advertisements, publications and other documents or advertisements in which such an offer of the Notes is made or such a forthcoming offer is announced (whether electronically or otherwise) and (ii) shall not offer, sell or transfer or cause the Notes in definitive form and other Notes in definitive form on which interest does not become due and payable during their term but only at maturity, to be offered, sold or transferred directly or indirectly, within, from or into The Netherlands, except in conformity with the requirements of the SCA.

- (b) at any time, to legal entities which are qualified investors as defined in the Prospectus Act 2005;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Act 2005) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer, or

- (e) if it is an offer of securities with a nominal value or price per unit amounting to at least an amount corresponding to a limit in EUR determined by the Decree; or

- (f) if it is an offer of securities with a total consideration lower than EUR 1,000,000; such consideration shall be calculated for securities offered during a period of 12 months in all EU Member States;

Each Dealer has further represented, warranted and undertaken, and each further Dealer appointed under the Programme and each other Dealer will be required to further represent, warrant and undertake, that it has not taken and will not take any action: (i) for the due and lawful exercise of which the approval of, permit by or consent of, and/or an application to, registration with or notification to, the CNB or any other Czech or EU Member State authority in respect of the Securities would be required pursuant to applicable Czech laws, or which would lead to requirement of approval of, permit by, consent of, application to, registration with and/or notification to the CNB or any other Czech or EU Member State authority in respect of the Securities pursuant to applicable Czech laws; except for action(s) consisting in the offer of the Securities in the Czech Republic under the conditions listed in paragraphs (a), (b), (c), (d), (e) or (f) above and in the immediately preceding paragraph, or except for action explicitly requested or in advance approved by the Issuer, (ii) which would lead to the issue of the Securities by the Issuer being qualified (considered) as "receiving deposits from the public" under Act No. 21/1992 Coll., on Banks, as amended (the "**Czech Bank Act**"), and/or (iii) which would or could lead to the Issuer being considered to be supporting/publicising activities prohibited by Act No. 240/2013 Coll., on Investment Companies and Investment Funds, as amended (the "**Czech ICIF Act**").

Each Dealer has further represented, warranted and undertaken, and each further Dealer appointed under the Programme and each other Dealer will be required further to represent, warrant and undertake, that in relation to the Securities it has complied with and will comply with any and all applicable Czech laws, and, in particular, with the Czech Capital Market Act (including, among others, the regulation applicable to the provision of investment services in the Czech Republic), the Czech ICIF Act, the Czech Bank Act and the practice of the CNB or any other competent authority.

Any other person (i.e. other than the Issuer and Dealer) that offers or intends to offer the Securities in the Czech Republic may only do so provided that (i) no obligation will arise for the Issuer and/or any Dealer to prepare and/or publish any prospectus (and, if applicable, final terms) and/or a supplement prospectus to obtain any approval of, permit by or consent of, and/or to proceed with an application to, registration with or notification to, the CNB or any other Czech or EU Member State authority in respect of the Securities pursuant to applicable Czech laws; (ii) such activity would not lead to the issue of the Securities by the Issuer being considered as "receiving deposits from the public" under Czech Bank Act; (iii) such activity would not lead to the Issuer being considered to be supporting/publicising activities prohibited by Czech ICIF Act; and (iv) any such person has complied with and will comply with any and all applicable Czech laws, and, in particular, with the Czech Capital Market Act (including, among others, regulations applicable to the provision of investment services in the Czech Republic), the Czech ICIF Act, the Czech Bank Act and the practice of the CNB or any other competent authority. In case of an offer for which a publication of a prospectus (and, if applicable, final terms) and/or a supplement prospectus is needed, such other person would need to prepare its own prospectus and/or supplement to a prospectus.

For the purposes of these provisions on Czech selling restrictions, the expression an "**offer of Securities to the public**" in relation to any Securities is any communication to a wider group of persons containing information about offered Securities and conditions for their acquisition, which information is sufficient so as to enable an investor to make a decision to purchase or subscribe for these Securities, and the expression

"**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Czech Republic), and includes any relevant implementing measure in the Czech Republic and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

Sezione D - Rischi

Elemento	Titolo	
D.2	Principali rischi relativi all'Emittente	<p>Vi sono certi fattori che possono influenzare la capacità dell'Emittente di far fronte ai propri obblighi ai sensi de[le][i] [Notes][Warrants][Certificates]. Tra tali fattori vi è la circostanza che la sola attività dell'Emittente è quella di stipulare, eseguire ed agire in qualità di veicolo in relazione a qualsiasi operazione permessa ai sensi del <i>Securitisation Act</i> 2004. Non è previsto che l'Emittente abbia alcun bene disponibile per i Portatori de[le][i] [Notes][Warrants][Certificates] ad eccezione dei <i>Charged Assets</i> e [fatti salvi i casi di rivalsa nei confronti del Garante ai sensi della Garanzia] i Portatori de[le][i] [Notes][Warrants][Certificates] non vanteranno alcuna pretesa su qualsiasi ulteriore bene in relazione agli obblighi spettanti all'Emittente ai sensi de[le][i] [Notes][Warrants][Certificates]. La capacità dell'Emittente di adempiere ai propri obblighi ai sensi de[le][i] [Notes][Warrants][Certificates] dipenderà dal ricevimento dei pagamenti ai sensi del Contratto di Swap e dei pagamenti del [Contratto di Deposito][Titoli di Riferimento][Contratto di Riacquisto]. Di conseguenza, l'Emittente è esposto alla capacità di [BNP Paribas][BNP Paribas Fortis SA/NV] in relazione al Contratto di Swap e [[specificare] in relazione al Contratto di Deposito][specificare] in relazione ai Titoli di Riferimento] [specificare dipendenza da eventuali Contratti Collegati, ove applicabile] di far fronte agli obblighi alla stessa spettanti in virtù degli stessi nonché al merito di credito in generale. [BNP Paribas][BNP Paribas Fortis SA/NV] non fornirà alcun sostegno relativamente al credito per i suoi obblighi ai sensi del Contratto di Swap. L'Emittente sarà la sola parte responsabile ai sensi de[le][i] [Notes][Warrants][Certificates]. Nel caso di procedure concorsuali in relazione all'Emittente, i Portatori de[le][i] [Notes][Warrants][Certificates] si assumeranno il rischio di ritardi nella liquidazione delle proprie pretese nei confronti dell'Emittente ai sensi de[le][i] [Notes][Warrants][Certificates], nonché il rischio di ricevere, in relazione alle proprie pretese, l'importo residuo nella liquidazione dei beni dell'Emittente dopo che i creditori privilegiati siano stati soddisfatti.</p> <p>Oltre a quanto sopra, l'Emittente ha individuato nel Prospetto di Base una serie di ulteriori fattori che possono influenzare negativamente la sua attività e la sua capacità di far fronte ai pagamenti dovuti ai sensi de[le][i] [Notes][Warrants][Certificates]. Questi fattori includono i rischi relativi alla rivalsa limitata dei portatori de[le][i] [Notes][Warrants][Certificates] sul patrimonio dell'Emittente in relazione al Comparto [specificare]; insolvenza dell'Emittente e le relative conseguenze; e il <i>The Dodd-Frank Wall Street Reform and Consumer Protection Act [H.R. 4173]</i> del 2010.</p>
D.3	Rischi principali riguardanti i Titoli	<p>Esistono alcuni elementi che sono rilevanti ai fini della valutazione dei rischi di mercato associati a[le][i] [Notes][Warrants][Certificates], tra cui il fatto che [le][i] [Notes][Warrants][Certificates] che includono l'effetto leva comportano un livello di rischio più alto e qualora vi siano perdite su tali [Notes][Warrants][Certificates] le stesse potrebbero essere più elevate di quelle di un titolo simile che non è oggetto di leverage,] [il [prezzo di negoziazione] [valore] de[le][i] [Notes][Warrants][Certificates] è influenzato da vari fattori, tra cui, a mero titolo esemplificativo, il [prezzo][livello] del[i] [specificare il/i] relativo[i] Sottostante[i] di Riferimento] il tempo residuo [alla scadenza o] al rimborso e la volatilità, e tali fattori implicano che il [prezzo di</p>
