1. Submissions (with cover letters) should be sent to the editor in triplicate, typed double-space, with an abstract of not more than 100 words.

It is a fundamental condition that no manuscript submitted has been or will be published in any form or language elsewhere. Accordingly, no manuscript should be submitted simultaneously to any other publication. Accepted material will be copyrighted in the name of the publisher.

2. Diskettes (clearly marked with the program format and version) are welcome, together with the typed text (Macintosh texts should be sent in ASCII). Alternatively, the file can be sent as e-mail attachment.

3. References should follow the author-date format (e.g. Smith 1991, 1992a, 1992b); journal and book titles should be in italics (or underlined). As style samples, please use the articles published in this issue.

4. Corrected proofs must be returned within five days of receipt. Changes other than corrections of typographical errors will be charged to the authors.

First-mentioned author will receive 50 free offprints, and may order additional copies when returning the corrected proofs.
